General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

Eligible taxpayers use Form 8900 to claim the credit with respect to qualified railroad track maintenance expenditures paid or incurred during tax years beginning after 2004 and before 2008.

Definitions

Eligible Taxpayer

Eligible taxpayers include:

1. Any Class II or Class III railroad, as these terms are defined by the Surface Transportation Board (STB).
2. Any person (including a Class I railroad (see below)) who transports property using the rail facilities of a Class II or Class III railroad.
3. Any person (including a Class I railroad (see below)) who furnishes railroad-related services or property to a Class II or Class III railroad.

For purposes of 2 or 3 above, the taxpayer is only eligible to claim the credit with respect to miles of railroad track assigned to it by a Class II or Class III railroad for purposes of the credit. See the instructions for line 3c.

Class I railroads include only the following seven entities:

- BNSF,
- CSX,
- Grand Trunk Corporation (a holding company for all of Canadian National's U.S. railroad operations),
- Kansas City Southern,
- Norfolk Southern,
- Soo Line (owned by Canadian Pacific), and
- Union Pacific.

Qualified Railroad Track Maintenance Expenditures

Qualified railroad track maintenance expenditures means expenditures (whether or not otherwise chargeable to a capital account) for maintaining railroad track (including roadbed, bridges, and related track structures) owned or leased as of January 1, 2005, by a Class II or Class III railroad.

Basis Reduction

You must reduce the basis of any railroad track by the amount of the credit on line 5 related to that railroad track.

No Credit Carryback

You may not carry this credit back to a tax year that begins before 2005.

Specific Instructions

Part I—Current Year Credit

Figure the current year credit from your trade or business on lines 1 through 5. Skip lines 1 through 5 if you are only claiming a credit that was allocated to you from an S corporation or partnership.

Line 1

Qualified railroad track maintenance expenditures must be paid or incurred by an eligible taxpayer during the tax year.

Line 3a (This line only applies to you if you are a Class II or Class III railroad.)

You (a) must own or lease each mile of railroad track by the close of your tax year that corresponds to the credit computation and (b) that mile must have been owned or leased by a Class II or Class III railroad as of January 1, 2005.

Line 3b (This line only applies to you if you are a Class II or Class III railroad.)

You must reduce on line 3b the number of miles of railroad track entered on line 3a that you assigned to another eligible taxpayer for purposes of the credit computation. You can only assign each mile of railroad track once during your tax year. Each mile of railroad track that you assign is treated as being assigned on the last day of your tax year.

Line 3c

The eligible taxpayer (a) must be assigned each mile of railroad track for purposes of the credit (i) by the close of the tax year that corresponds to the credit computation and (ii) by the Class II or Class III railroad that owns or leases that railroad track and (b) that mile must have been owned or leased by a Class II or Class III railroad as of January 1, 2005.

Line 7

S corporations and partnerships. Allocate the line 7 credit among the shareholders or partners. Show the credit for each shareholder or partner on Schedule K-1. Electing large partnerships include this credit in "general credits."

Member of controlled groups or business under common control. For purposes of figuring the credit, all members of a controlled group of corporations (as defined in section 41(f)(5) and Regulations section 1.41-6T), and all members of a group of businesses under common control, are treated as a single taxpayer. The credit allowed each member is based on its proportionate share of qualified railroad track maintenance expenditures giving rise to the group's railroad track maintenance credit. Use Part I to figure the credit for the entire group, but enter only this member's share of the credit on line 7. Attach a statement showing how this member's share of the credit was figured, and write "See Attached" next to the entry space for line 7.

Part II—Allowable Credit

The credit allowed for the current year may be limited based on your tax liability. Use Part II to figure the allowable credit unless you must file Form 3800, General Business Credit.

Who must file Form 3800. You must file Form 3800 if you have:

- A qualified railroad track maintenance credit from a passive activity,
- More than one credit included in the general business credit (other than a credit from Form 8844, Form 6478, or Section B of Form 8835), or
- A carryback or carryforward of any of those credits.

See the instructions for Form 3800 for a list of credits included in the general business credit.

Line 11e

Include on line 11e any amounts claimed on:

- Form 8834, Qualified Electric Vehicle Credit, line 20,
- Form 8910, Alternative Motor Vehicle Credit, line 18, and
- Form 8911, Alternative Fuel Vehicle Refueling Property Credit, line 19.

Line 14

See section 38(c)(5) for special rules that apply to married couples filing separate returns, controlled corporate groups, estates, and trusts.

Line 15

Although you may not owe alternative minimum tax (AMT), you generally must still compute the tentative minimum tax (TMT) to figure your credit. For a small corporation exempt from the AMT under section 55(e), enter zero. Otherwise, complete and attach the applicable AMT form or schedule.

Line 18

If you cannot use all of your credit because of the tax liability limit (line 17 is smaller than line 7), you cannot carry the unused credit back; you must carry the unused credit forward up to 20 years. See the instructions for Form 3800.
