

Instructions for Form 944

Employer's ANNUAL Federal Tax Return

Section references are to the Internal Revenue Code unless otherwise noted.

What's New

Changes to filing addresses. We have changed some of the filing addresses to add Department of the Treasury. See *Where Should You File?* on page 4.

Social security wage base for 2007. Do not withhold social security tax after an employee reaches \$97,500 in social security wages. There is no limit on the amount of wages subject to Medicare tax.

Social security wage base for 2008. The wage base for 2008 is \$102,000.

Reminders

Form 944—annual employment tax filing for small employers. To reduce burden on small employers, the Internal Revenue Service (IRS) has simplified the rules for filing employment tax returns to report social security, Medicare, and withheld federal income taxes. Certain employers must file Form 944, Employer's ANNUAL Federal Tax Return, instead of Form 941, Employer's QUARTERLY Federal Tax Return.

Correcting Form 944 or Form 941. If you discover an error on a previously filed Form 944 or Form 941 and you are required to file Form 944, make the correction using Form 944 for the year in which you discovered the error and attach Form 941c, Supporting Statement to Correct Information. For example, in May 2007, you discovered that you underreported \$100 in social security and Medicare wages on your 2006 Form 944. Correct the error by showing \$15.30 (15.3% × \$100) on line 6c of your 2007 Form 944 and attaching a completed Form 941c. See *Prior Period Adjustments* in section 13 of Pub. 15 (Circular E), Employer's Tax Guide, for more information.

Electronic filing and payment. Now, more than ever before, businesses can enjoy the benefits of filing and paying their federal taxes electronically. Whether you rely on a tax professional or handle your own taxes, IRS offers you convenient programs to make filing and paying easier. Spend less time and worry on taxes and more time running your business. Use e-file and Electronic Federal Tax Payment System (EFTPS) to your benefit.

- For e-file, visit www.irs.gov.
- For EFTPS, visit www.eftps.gov or call EFTPS Customer Service at 1-800-555-4477, 1-800-733-4829 (TDD), or 1-800-244-4829 (Spanish).

If you were a semiweekly schedule depositor at any time during 2007, you must file a paper Form 944 and Form 945-A, Annual Record of Federal Tax Liability.

Electronic funds withdrawal (EFW). If you file Form 944 electronically, you can e-file and e-pay (electronic funds withdrawal) the balance due in a single step using tax preparation software or through a tax professional. However, **do not** use EFW to make federal tax deposits.

For more information on paying your taxes using EFW, visit the IRS website at www.irs.gov and click on the *electronic IRS* link. A fee may be charged to file electronically.

Credit card payments. Employers can pay the balance due shown on Form 944 by credit card. However, **do not** use a credit card to make federal tax deposits. For more information on paying your taxes with a credit card, visit the IRS website at www.irs.gov and click on the *electronic IRS* link. A convenience fee will be charged for this service.

Where can you get telephone help? You can call the IRS Business & Specialty Tax Line toll free at 1-800-829-4933 to order tax deposit coupons (Form 8109) and for answers to your questions about completing Form 944, tax deposit rules, or obtaining an employer identification number (EIN).

Photographs of missing children. The IRS is a proud partner with the National Center for Missing and Exploited Children. Photographs of missing children selected by the Center may appear in instructions on pages that would otherwise be blank. You can help bring these children home by looking at the photographs and calling 1-800-THE-LOST (1-800-843-5678) if you recognize a child.

General Instructions: Understanding Form 944

Federal law requires you, as an employer, to withhold taxes from your employees' paychecks. Each time you pay wages, you must withhold — or take out of your employees' paychecks — certain amounts for federal income tax, social security tax, and Medicare tax. Under the withholding system, taxes withheld from your employees are credited to your employees in payment of their tax liabilities.

Federal law also requires employers to pay any liability for the employer's portion of social security and Medicare taxes. This portion of social security and Medicare taxes is not withheld from employees.

What Is the Purpose of Form 944?

Form 944 is designed so the smallest employers (those whose annual liability for social security, Medicare, and withheld federal income taxes is \$1,000 or less) will file and pay these taxes only once a year instead of every quarter. These instructions give you some background information about Form 944. They tell you who must file Form 944, how to complete it line by line, and when and where to file it.

For more information about annual employment tax filing and tax deposit rules, see Treasury Decision 9239. You can find T.D. 9239 on page 401 of Internal Revenue Bulletin 2006-6 at www.irs.gov/pub/irs-irbs/irb06-06.pdf.

If you want more in-depth information about payroll tax topics, see Pub. 15 (Circular E), or visit the IRS website at www.irs.gov/businesses and click on the *Employment Taxes* link.

Who Must File Form 944?

In general, if the IRS has notified you to file Form 944, then you must file Form 944 instead of Form 941 to report all the following amounts.

- Wages you have paid.
- Tips your employees have received.
- Federal income tax you withheld.
- Both the employer's and the employee's share of social security and Medicare taxes.
- Current year's adjustments to social security and Medicare taxes for fractions of cents, sick pay, tips, and group-term life insurance.
- Prior years' adjustments to payroll taxes (attach Form 941c).
- Advance earned income tax credit (EIC) payments.

You must file Form 944 for each year even if you have no taxes to report (or you have taxes in excess of \$1,000 to report) unless the IRS notifies you that your filing requirement has been changed to Form 941 (or you filed a final return — See *If your business has closed...* below). Also see *What if you do not want to file Form 944 for 2008?* below.

In February 2007, the IRS mailed newly eligible employers a notice to file Form 944 if their annual liability for social security, Medicare, and withheld federal income taxes was expected to be \$1,000 or less. If you did not respond to that notice by April 1, 2007, indicating your interest to not participate in the Form 944 program, then you must file Form 944 for 2007.

If you did not receive a notice but you contacted the IRS and the IRS notified you in writing that your filing requirement was changed, you must file Form 944 for 2007.

New employers are also eligible to file Form 944 if they will meet the eligibility requirements. New employers filing Form SS-4, Application for Employer Identification Number, must complete line 13 of Form SS-4 indicating the highest number of employees expected in the next 12 months and must check the "Yes" box or the "No" box on line 14 to indicate whether they expect to have \$1,000 or less in employment tax liability for the calendar year. Generally, if you pay \$4,000 or less in wages subject to social security and Medicare taxes and federal income tax withholding, you are likely to pay \$1,000 or less in employment taxes. New employers are advised of their employment tax filing requirement when they are issued their EIN.

TIP *If the IRS notified you to file Form 944 for 2007, file Form 944 (and not Forms 941) even if your tax liability for 2007 exceeds \$1,000.*

What if you do not want to file Form 944 for 2008?

You must file Form 944 if you have been notified to do so, unless you meet certain exceptions. If the IRS has notified you to file Form 944 and an exception listed below applies to you, you must contact the IRS by telephone at 1-800-829-4933 about what form to file. To determine if you can file Form 941 quarterly to report your social security, Medicare, and withheld federal income taxes for the 2008 calendar year, you must contact the IRS by April 1, 2008, unless you are a new employer. See *New employers* above. You may be eligible to file Form 941 quarterly, instead of Form 944 annually, if **either** of the following applies.

- You agree to file your quarterly Forms 941 electronically.
- You expect your 2008 liability for social security, Medicare, and withheld federal income taxes to be more than \$1,000.

If you contact the IRS and the IRS determines you can file Forms 941 instead of Form 944, the IRS will send you a written notice that your filing requirement has been changed.

Who cannot file Form 944?

The following employers **cannot** file Form 944.

- **Employers who are not notified.** If the IRS does not notify you to file Form 944, do not file Form 944. You can call the IRS at 1-800-829-4933 by April 1, 2008, to determine if you can file Form 944 for calendar year 2008.
- **Household employers.** If you employ only household employees, do not file Form 944. For more information, see Pub. 926, Household Employer's Tax Guide, and Schedule H (Form 1040), Household Employment Taxes.
- **Agricultural employers.** If you employ only agricultural employees, do not file Form 944. For more information, see Pub. 51 (Circular A), Agricultural Employer's Tax Guide, and Form 943, Employer's Annual Federal Tax Return for Agricultural Employees.

What if you reorganize or close your business?

If you sell or transfer your business...

If you sell or transfer your business, you and the new owner must each file a Form 944 or Forms 941, whichever applies, for the year in which the transfer occurred. Report only the wages you paid.

When two businesses merge, the continuing firm must file a return for the year in which the change took place and the other firm should file a **final return**.

Changing from one form of business to another—such as from a sole proprietorship to a partnership or corporation—is considered a transfer. If a transfer occurs, you may need a new employer identification number (EIN). See section 1 of Pub. 15 (Circular E). Attach a statement to your return with all the following information.

- The new owner's name (or the new name of the business).
- Whether the business is now a sole proprietorship, partnership, or corporation.
- The kind of change that occurred (a sale or transfer).
- The date of the change.
- The name of the person keeping the payroll records and the address where those records will be kept.

If your business has closed...

If you go out of business or stop paying wages to your employees, you must file a **final return**. To tell the IRS that the form for a particular year is your final return, check the box in Part 3 on page 2 of Form 944 and enter the final date you paid wages. Also attach a statement to your return showing the name of the person keeping the payroll records and the address where those records will be kept.

If you participated in a statutory merger or consolidation, or qualify for predecessor-successor status due to an acquisition, you should generally file Schedule D (Form 941), Report of Discrepancies Caused by Acquisitions, Statutory Mergers, or Consolidations. See the Instructions for Schedule D (Form 941) to determine whether you should file Schedule D (Form 941) and when you should file it. Also see Rev. Proc. 2004-53 for more information. You can find Rev. Proc. 2004-53 on page 320 of Internal Revenue Bulletin 2004-34 at www.irs.gov/pub/irs-irbs/irb04-34.pdf.

When Must You File?

File Form 944 by January 31, 2008, after the end of the 2007 calendar year. If you made deposits in full payment of your taxes for the year by January 31, 2008, you have 10 more calendar days after that date to file your Form 944.

File Form 944 only once for each calendar year. If you filed Form 944 electronically, do not file a paper Form 944. For more information about filing Form 944 electronically, see *Electronic filing and payment* on page 1.

If we receive Form 944 after the due date, we will treat Form 944 as filed on time if the envelope containing Form 944 is properly addressed, contains sufficient postage, and is postmarked by the U.S. Postal Service on or before the due date, or sent by an IRS-designated private delivery service on or before the due date. If you do not follow these guidelines, we will consider Form 944 filed when it is actually received. See Pub. 15 (Circular E) for more information on IRS-designated private delivery services.

If any due date for filing falls on a Saturday, Sunday, or legal holiday, you may file your return on the next business day.

How Should You Complete Form 944?

Review Your Business Information at the Top of the Form

If you are using a copy of Form 944 that has your business name and address preprinted at the top of the form, check to make sure the information is correct. Carefully review your EIN to make sure that it exactly matches the EIN assigned to your business by the IRS. If any information is incorrect, cross it out and enter the correct information. See also *If you change your name or address...* below.

If you use a tax preparer to fill out Form 944, make sure the preparer uses your business name and EIN **exactly** as they appear on the preprinted form.

If you are not using a preprinted Form 944, enter your EIN, name, and address in the spaces provided. Also enter your name and EIN at the top of page 2. Do not use your social security number (SSN) or individual taxpayer identification number (ITIN). Generally, enter the business (legal) name that you used when you applied for your EIN on Form SS-4. For example, if you are a sole proprietor, enter "Tyler Smith" on the "Name" line and "Tyler's Cycles" on the "Trade name" line. Leave the "Trade name" line blank if it is the same as your "Name."

Employer identification number (EIN). To make sure that businesses comply with federal tax laws, the IRS monitors tax filings and payments by using a numerical system to identify taxpayers. A unique 9-digit employer identification number (EIN) is assigned to all corporations, partnerships, and some sole proprietors. Businesses needing an EIN must apply for a number and use it throughout the life of the business on all tax returns, payments, and reports.

Your business should have only one EIN. If you have more than one and are not sure which one to use, write to the IRS office where you file your returns (using the "Without a payment" address on page 4) or call the IRS at 1-800-829-4933. TTY/TDD users can call 1-800-829-4059.

If you do not have an EIN, you may apply for one online. Go to the IRS website at www.irs.gov and click on the *Online EIN Application* link. You may also apply for an EIN by calling 1-800-829-4933, or you can fax or mail Form SS-4 to the IRS. If you have applied for an EIN but do not have your EIN by the time a return is due, write "Applied For" and the date you applied in the space shown for the number.

Always be sure the EIN on the form you file exactly matches the EIN that IRS assigned to your business. Do not use your social security number on forms that ask for an EIN. Filing a Form 944 with an incorrect EIN or using another business's EIN may result in penalties and delays in processing your return.

If you change your name or address... Notify the IRS **immediately** if you change your business name or address.

- **Name change.** Write to the IRS office where you filed your return without payment to notify the IRS of any name change. Get Pub. 1635, *Understanding Your EIN*, to see if you need to also apply for a new EIN.
- **Address change.** Complete and mail Form 8822, *Change of Address*, for any address change.

Completing and Filing Form 944

Make entries on Form 944 as follows to enable accurate processing.

- Use 12-point Courier font (if possible) for all entries if you are using a typewriter or computer to complete Form 944.
- Do not enter dollar signs and decimal points. Commas are optional. Report dollars to the left of the preprinted decimal point and cents to the right of it.
- Leave blank any data field with a value of zero (except lines 1 and 9).
- Enter negative amounts using a minus sign (if possible). Otherwise, use parentheses.
- Enter your name and EIN on **all** pages and attachments. Filers using the IRS-preaddressed Form 944 are not required to enter their name and EIN on page 2.

Other Forms You Must Use

Give each eligible employee Notice 797, *Possible Federal Tax Refund Due to the Earned Income Credit (EIC)*. Each eligible employee who wishes to receive any advance earned income credit (EIC) payments must give you a completed Form W-5, *Earned Income Credit Advance Payment Certificate*. For more information, see section 10 of Pub. 15 (Circular E) and Pub. 596, *Earned Income Credit*.

Reconciling Form 944 and Form W-3

The IRS matches amounts reported on your Form 944 with Form W-2 amounts totaled on your Form W-3, *Transmittal of Wage and Tax Statements*. If the amounts do not agree, the IRS may contact you. The following amounts are reconciled.

- Federal income tax withholding.
- Social security wages.
- Social security tips.
- Medicare wages and tips.
- Advance earned income credit (EIC) payments.

For more information, see section 12 of Pub. 15 (Circular E) and the Instructions for Schedule D (Form 941).

Must You Deposit Your Taxes?

If your liability for social security, Medicare, and withheld federal income taxes is less than \$2,500 for the year, you can pay the taxes with your return. To avoid a penalty, you should pay in full and file on time. You do not have to deposit the taxes. However, you may choose to make deposits of these taxes even if your liability is less than \$2,500. If your liability for these taxes is \$2,500 or more, you are generally required to deposit the taxes instead of paying them when you file Form 944. See the *Federal Tax Deposit Requirements for Form 944 Filers* chart below. If you do not deposit the taxes when required, you may be subject to penalties and interest.

The \$2,500 threshold at which federal tax deposits must be made is different from the amount of annual tax liability (\$1,000 or less) that makes an employer eligible to participate in the Employers' Annual Federal Tax Program and file Form 944. Designated Form 944 filers whose businesses grow during the year may be required to make federal tax deposits (see chart below), but they will still file Form 944 for the year.

Federal Tax Deposit Requirements for Form 944 Filers	
If Your Tax Liability is:	Your Deposit Requirement is:
Less than \$2,500 for the year	No deposit required. You may pay the tax with your return. If you are unsure that your tax liability for the year will be less than \$2,500, deposit under the rules below.
\$2,500 or more for the year, but less than \$2,500 for the quarter	You can deposit by the last day of the month after the end of a quarter. However, if your fourth quarter tax liability is less than \$2,500, you may pay the fourth quarter's tax liability with Form 944.
\$2,500 or more for the quarter	You must deposit monthly, or semiweekly, depending on your deposit schedule. But, if you accumulate \$100,000 or more of taxes on any day, you must deposit the tax by the next banking day. See section 11 of Pub. 15.

Note. When you make deposits depends on your deposit schedule, which is either monthly or semiweekly, depending on the amount of your tax liability during the lookback period. The lookback period for Form 944 filers is different than the lookback period for Form 941 filers, so your deposit schedule may have changed. For more information, see section 11 of Pub. 15 (Circular E).

What About Penalties and Interest?

Avoiding penalties and interest

You can avoid paying penalties and interest if you do all the following.

- Deposit or pay your taxes when they are due, using EFTPS if required.
- File your fully completed Form 944 on time.
- Report your tax liability accurately on Part 2 of Form 944.
- Submit valid checks for tax payments.

- Give accurate Forms W-2 to employees.
- File Form W-3 and Copies A of Form W-2 with the Social Security Administration (SSA) on time and accurately.

Penalties and interest are charged on taxes paid late and returns filed late at a rate set by law. See sections 11 and 12 of Pub. 15 (Circular E) for details.

Use Form 843, Claim for Refund and Request for Abatement, to request abatement of assessed penalties or interest. Do not request abatement of assessed penalties or interest on Form 944 or Form 941c.

A trust fund recovery penalty may apply if federal income, social security, and Medicare taxes that must be withheld are not withheld or paid. The penalty is the full amount of the unpaid trust fund tax. This penalty may apply when these unpaid taxes cannot be collected from the employer. The trust fund recovery penalty may be imposed on all people the IRS determines to be responsible for collecting, accounting for, and paying these taxes, and who acted willfully in not doing so. For details, see section 11 of Pub. 15 (Circular E).

Specific Instructions:

Part 1: Answer these questions for 2007

1. Wages, tips, and other compensation

Enter amounts on line 1 that would also be included in box 1 of your employees' Forms W-2. See the Instructions for Forms W-2 and W-3 for details.

2. Total income tax withheld from wages, tips, and other compensation

Enter the federal income tax that you withheld (or were required to withhold) from your employees on this year's wages, tips, taxable fringe benefits, and supplemental unemployment compensation benefits.

3. If no wages, tips, and compensation are subject to social security or Medicare tax

If no wages, tips, and compensation are subject to social security or Medicare taxes, check the box on line 3 and go to line 5. If this question does not apply to you, leave the box blank. For more information about exempt wages, see section 15 of Pub. 15 (Circular E). For religious exemptions, see section 4 of Pub. 15-A.

4. Taxable social security and Medicare wages and tips

4a. Taxable social security wages. Report the total wages, sick pay, and fringe benefits subject to social security taxes that you paid to your employees during the year.

Enter the amount before deductions. **Do not** include tips on this line. For information on types of wages subject to social security taxes, see section 5 of Pub. 15 (Circular E).

The rate of social security tax on taxable wages is 6.2% (.062) each for the employer and employee or 12.4% (.124) for both. Stop paying social security tax on and reporting an employee's wages on line 4a when the employee's taxable wages (including tips) reach \$97,500 during 2007. However, continue to withhold income and Medicare taxes for the whole year on wages and tips even when the social security wage base of \$97,500 has been reached.

$$\begin{array}{r} \text{line 4a (column 1)} \\ \times .124 \\ \hline \text{line 4a (column 2)} \end{array}$$

4b. Taxable social security tips. Enter all tips your employees reported to you during the year until the total of the tips and wages for an employee reach \$97,500 in 2007. Do this even if you were unable to withhold the 6.2% employee's share of social security tax.

An employee must report cash tips to you, including tips you paid the employee for charge customers, totaling \$20 or more in a month by the 10th of the next month. Employees may use Form 4070, Employee's Report of Tips to Employer, or submit a written statement or electronic tip record.

$$\begin{array}{r} \text{line 4b (column 1)} \\ \times .124 \\ \hline \text{line 4b (column 2)} \end{array}$$

4c. Taxable Medicare wages and tips. Report all wages, tips, sick pay, and taxable fringe benefits that are

subject to Medicare tax. Unlike social security wages, there is no limit on the amount of wages subject to Medicare tax.

Include all tips your employees reported during the year, even if you were unable to withhold the employee tax of 1.45%.

$$\begin{array}{r} \text{line 4c (column 1)} \\ \times .029 \\ \hline \text{line 4c (column 2)} \end{array}$$

For more information on tips, see section 6 of Pub. 15 (Circular E).

4d. Total social security and Medicare taxes. Add social security tax, social security tips tax, and Medicare tax.

$$\begin{array}{r} \text{line 4a (column 2)} \\ \text{line 4b (column 2)} \\ + \text{line 4c (column 2)} \\ \hline \text{line 4d} \end{array}$$

5. Total taxes before adjustments

Add the total federal income tax withheld from wages, tips, and other compensation and total social security and Medicare taxes before adjustments.

$$\begin{array}{r} \text{line 2} \\ + \text{line 4d} \\ \hline \text{line 5} \end{array}$$

6. TAX ADJUSTMENTS

Enter **tax amounts** on lines 6a through 6e that result from current or prior period adjustments. Use a minus sign (if possible) to show an adjustment that decreases the total taxes shown on line 5. Otherwise, use parentheses. **Do not** enter an amount on line 6d or line 6e unless the IRS has sent you a notice instructing you to do so.

6a. Current year's adjustments. In certain cases, you must adjust the amounts you reported as social security and Medicare taxes in column 2 of lines 4a, 4b, and 4c to figure your correct tax liability for this year's Form 944. See section 13 of Pub. 15 (Circular E). **Do not** attach Form 941c or an equivalent statement for current year adjustments.

Fractions of cents. Enter adjustments for fractions of cents (due to rounding) relating to the employee share of social security and Medicare taxes withheld. The employee share (one-half) of amounts shown in column 2 of lines 4a, 4b, and 4c may differ slightly from amounts actually withheld from employees' paychecks due to rounding social security and Medicare taxes based on statutory rates.

Sick pay. Enter the adjustment for the employee share of social security and Medicare taxes that were withheld by your third-party sick pay payer.

Adjustments for tips and group-term life insurance. Enter adjustments for both the following items.

- Any uncollected employee share of social security and Medicare taxes on tips.
- The uncollected employee share of social security and Medicare taxes on group-term life insurance premiums paid for former employees.

6b. Prior years' income tax withholding adjustments. Generally, you cannot adjust amounts reported as federal income tax withheld in a prior calendar year unless it is to correct an administrative error. An administrative error happened if the amount you entered on a prior year Form 944 or Form 941 was not the same amount you actually withheld. For example, when the total amount of federal income tax actually withheld was not reported correctly on Form 944 because of a mathematical or transposition error, the difference is an administrative error. The administrative error adjustment corrects the amounts

reported on a prior return to agree with the amount actually withheld from the employee. Remember to attach Form 941c to explain the adjustment.

6c. Prior years' social security and Medicare tax adjustments. Use line 6c to adjust amounts reported on previous returns. If you need to report both an increase and a decrease for the same line, show only the difference.

Adjustments you report here change your tax liability and your tax deposits. You will have to take these adjustments into account on lines 13a through 13l. Enter your tax liability amounts for each month. You must explain any adjustments that you make on Form 941c or in an equivalent statement.

Form 941c is **not** an amended return but is a statement providing the necessary information and certifications for adjustments shown on lines 6c through 6e. **Do not** file Form 941c separately from Form 944. See also section 13 of Pub. 15 (Circular E).

If you are adjusting an employee's social security wages, social security tips, or Medicare wages and tips for a prior year, you must also file Form W-2c, Corrected Wage and Tax Statement, and Form W-3c, Transmittal of Corrected Wage and Tax Statements.

6d. Special additions to federal income tax. Use this line **only** if the IRS has sent you a notice instructing you to do so. You **must** attach Form 941c explaining the tax increase.

6e. Special additions to social security and Medicare taxes. Use this line **only** if the IRS has sent you a notice instructing you to do so. You **must** attach Form 941c explaining the tax increase.

6f. TOTAL ADJUSTMENTS. Combine all adjustments shown on lines 6a through 6e and enter the result on line 6f.

7. Total taxes after adjustments

Combine the amounts shown on lines 5 and 6f and enter the result on line 7.

8. Advance earned income credit (EIC) payments made to employees

Enter the amount of the advance earned income credit (EIC) payments that you made to your employees. Eligible employees may choose to receive part of the EIC as an advance payment. Those who expect to have a qualifying child must give you a completed Form W-5 stating they expect to qualify for the EIC. Once the employee gives you a signed and completed Form W-5, you must make the advance EIC payments starting with the employee's next wage payment. Advance EIC payments are generally made from withheld federal income tax and employee and employer social security and Medicare taxes. See section 10 of Pub. 15 (Circular E) and Pub. 596.

If line 8 is more than line 7, you may claim a refund of the overpayment or elect to have the credit applied to your return for the next year. Attach a statement to Form 944 identifying the amount of excess payment and the pay periods in which you paid it.

9. Total taxes after adjustment for advance EIC

Calculate your total taxes as shown below.

$$\begin{array}{r} \text{line 7} \\ - \text{line 8} \\ \hline \text{line 9} \end{array}$$

- If line 9 is less than \$2,500, you may pay the amount with Form 944 because you were not required to deposit. See section 11 of Pub. 15 (Circular E) for information about federal tax deposits.

- If line 9 is \$2,500 or more, you generally must deposit your tax liabilities using EFTPS or at an authorized financial institution with Form 8109. However, if you deposited all taxes accumulated in the first three quarters of the year and your fourth quarter liability is less than \$2,500, you may pay taxes accumulated during the fourth quarter on Form 944. The amount shown on line 9 **must** equal line 13m, *Total liability for year*.

10. Total deposits for this year, including overpayments applied from a prior year

Enter your deposits for this year, including any deposits that you were required to make to cover prior period liabilities resulting from adjustments shown on lines 6a–6e. Also include in the amount shown any overpayment from a previous period that you applied to this return.

11. Balance due

If line 9 is more than line 10, write the difference on line 11. Otherwise, see *Overpayment* below.

You do not have to pay if line 11 is less than \$1. Generally, you should have a balance due only if your total taxes after adjustment for advance EIC (line 9) are less than \$2,500. See *If line 9 is \$2,500 or more* above for an exception.

If line 11 is:

- Less than \$1, you do not have to pay it.
- Between \$1 and \$2,500, you can pay the amount owed with your return. Make your check or money order payable to the *United States Treasury* and write your EIN, *Form 944*, and *2007* on the check or money order. Complete Form 944-V, Payment Voucher, and enclose it with your return.
- \$2,500 or more, you must deposit your tax. See *Must You Deposit Your Taxes?* on page 4.

You may pay the amount shown on line 11 using EFTPS, a credit card, or electronic funds withdrawal (EFW). **Do not** use a credit card or EFW to pay taxes that were required to be deposited. For more information on paying your taxes with a credit card or EFW, visit the IRS website at www.irs.gov and click on the *electronic IRS* link.

If you pay by EFTPS or credit card, file your return using the "Without a payment" address on page 4 under *Where Should You File?* and **do not** file Form 944-V.

If you are required to make deposits and, instead, pay the taxes with Form 944, you may be subject to a penalty.

12. Overpayment

If line 10 is more than line 9, enter the amount on line 12. **Never** make an entry on both lines 11 and 12.

If you deposited more than the correct amount for a year, you can choose to have the overpayment refunded to you or applied to your next return. Check the appropriate box in line 12. If you do not check either box, we will automatically refund the overpayment. We may apply your overpayment to any past due tax account that is shown in our records under your EIN.

If line 12 is less than \$1, we will send a refund or apply it to your next return only if you ask us in writing to do so.

Complete both pages.

You must complete both pages of Form 944 and sign on page 2. Failure to do so may delay processing of your return.

Part 2: Tell us about your tax liability for 2007

13. Check one

If line 9 is less than \$2,500, check the first box in line 13 and go to Part 3, line 15.

If line 9 is \$2,500 or more, check the second box on line 13. If you are a monthly schedule depositor, fill out your tax liability for each month and figure the total liability for the year. If you do not enter your tax liability for each month, the IRS will not know when you should have made deposits and may assess an "averaged" failure-to-deposit penalty. See section 11 of Pub. 15 (Circular E). If your tax liability for any month is negative (for example, if you are adjusting an overreported liability in a prior month), do not enter a negative amount for the month. Instead, enter zero for the month and subtract that negative amount from your tax liability for the next month.

Note. Your total tax liability for the year (line 13m) must equal your total taxes on line 9.

If you are a semiweekly schedule depositor or if you accumulate \$100,000 or more in tax liability on any day in a deposit period, you must complete Form 945-A and file it with Form 944. See the *Next Day Deposit Rule* in section 11 of Pub. 15 (Circular E). Do not complete lines 13a–13m if you file Form 945-A.

14. State abbreviation

If you made deposits of taxes reported on Form 944, write the two-letter United States Postal Service abbreviation for the state where you deposit your taxes using Form 8109 or initiate EFTPS transfers. IRS uses the state shown to determine banking days for purposes of deposit due dates. Official state holidays for the state shown are not counted as banking days. If you deposit in multiple states, enter "MU" in the spaces provided.

When you deposit in multiple states, IRS cannot determine what portion of your liability was affected by a state holiday and may propose a deposit penalty for one or more of the states where you made deposits. If you receive a notice and your deposit due date was extended because of a state bank holiday, respond to the notice citing the state holiday and applicable deposit amount.

Part 3: Tell us about your business

In Part 3, answer question 15 only if it applies to your business. If it does not apply, leave it blank and go to Part 4.

15. If your business has closed or you stopped paying wages...

If you go out of business or stop paying wages, you must file a **final return**. To notify the IRS that a particular Form 944 is your final return, check the box on line 15 and enter the date you last paid wages in the space provided.

Part 4: May we speak with your third-party designee?

If you want to allow an employee, a paid tax preparer, or another person to discuss your Form 944 with the IRS, check the "Yes" box in Part 4. Enter the name and the 5-digit personal identification number (PIN) of the specific person to contact—not the name of the firm who prepared

your tax return. The designee may choose any numbers as his or her PIN.

By checking "Yes," you authorize the IRS to talk to the person you named (your designee) about any questions we may have while we process your return. You also authorize your designee to do all the following.

- Give us any information that is missing from your return.
- Call us for information about processing your return.
- Respond to certain IRS notices that you have shared with your designee about math errors and return preparation. The IRS will not send notices to your designee.

You are not authorizing your designee to bind you to anything (including additional tax liability) or to otherwise represent you before the IRS. If you want to expand your designee's authorization, see Pub. 947, Practice Before the IRS and Power of Attorney.

The authorization will automatically expire 1 year after the due date (without regard to extensions) for filing Form 944. If you or your designee want to terminate the authorization, write to the IRS office for your locality using the "Without a payment" address under *Where Should You File?* on page 4.

Part 5: Sign here

Complete all information in Part 5 and sign Form 944 as follows.

- **Sole proprietorship**— The individual who owns the business.
- **Corporation (including an LLC treated as a corporation)**— The president, vice president, or other principal officer.
- **Partnership (including an LLC treated as a partnership) or unincorporated organization**— A responsible and duly authorized member or officer having knowledge of its affairs.
- **Single member limited liability company (LLC) treated as a disregarded entity**— The owner of the limited liability company (LLC).
- **Trust or estate**— The fiduciary.

If you have filed a valid power of attorney, your duly authorized agent may also sign Form 944.

Alternative signature method. Corporate officers or duly authorized agents (but not paid preparer's) may sign Form 944 by rubber stamp, mechanical device, or computer software program. For details and required documentation, see Rev. Proc. 2005-39. You can find Rev. Proc. 2005-39 on page 82 of Internal Revenue Bulletin 2005-28 at www.irs.gov/pub/irs-irbs/irb05-28.pdf.

Part 6: For paid preparers only (optional)

You may complete Part 6 if you were paid to prepare Form 944 and are not an employee of the business that is filing this return.

Sign in the space provided. Give the employer the return to file with the IRS and include a copy of the return for the employer's records.

If you are a paid preparer, write your SSN or your Preparer Tax Identification Number (PTIN) in the space provided. Include your complete address. If you work for a firm, write the firm's name and the EIN of the firm. You can apply for a PTIN using Form W-7P, Application for Preparer

Tax Identification Number. You cannot use your PTIN in place of the EIN of the tax preparation firm.

Do not fill out Part 6 if you are filing the return as a reporting agent and have a valid Form 8655, Reporting Agent Authorization, on file with the IRS.
