## HOUSING

University policy requires all first-year students who are not living with a parent or legal guardian within a 50-mile radius of UT to live in a University residence hall and participate in the meal plan program. There are 12 on-campus residence halls. The Horton International House is home to domestic and international men and women. Located in the center of UT's campus, this seven-level, air-conditioned structure features a cafeteria, glass-enclosed lounge areas, a computer lab, laundry facilities, a multi-purpose room and several areas for cultural displays. A ritual wash room is also provided for students with specific religious practices.

Residents of the east wing are not required to participate in the campus meal plan. Instead, they can create their own meals in a kitchen located on their floor. Each kitchen has an adjacent dining room. Students in the east wing also have the option of a 12-month rental contract or may choose the traditional 9-month contract during the academic year.

To apply for housing, you must complete your housing application online at the housing section of the myUT portal by logging in at [myut.utoledo.edu](http://myut.utoledo.edu). You must use your UTAD account to sign in, and you receive your UTAD account information once you are admitted. You will need to submit a \$40, nonrefundable housing application fee and a \$200 housing prepayment. The \$240 housing application and prepayment fees are due within five business days of application submission. If payment is not received, your housing application will be cancelled. New students will select their own housing assignment online beginning in May. Look for an e-mail sent to your UT e-mail address with your scheduled selection time in late April. Selection times are based on your date of application. For more information on applying and cancellation refunds, visit the Office of Residence Life Web site at [residencelife.utoledo.edu](http://residencelife.utoledo.edu) or call 419.530.2941.

The Office of International Student and Scholar Services will assist eligible students interested in living off campus in finding housing upon arrival. However, they cannot make any arrangements prior to students' arrival. At present, apartment rents range from \$300 to over \$600 per month; utilities (gas and electric) are generally not included.

The University operates a free shuttle bus service to the major apartment complexes for use by students. Although there is public bus transportation in Toledo, both the number of bus routes and the hours of service are limited. Although some students buy used automobiles, this is an expensive option. Bicycles are a more common mode of transport for international students.

### **International Student Scholarship**

The International Student Scholarship is offered to new undergraduate international students who are entering the university as an adult, transfer or directly from high school who have a minimum grade point average of 3.0 on a 4.0 scale. The scholarship covers the out of state surcharge, valued at \$9,120 U.S.D. for the 11-12 academic year. Students whose native language is not English must have a minimum international TOEFL score of 500 paper based, 173 computer based, or 61 internet based test or a minimum IELTS score of 6.0 and be academically admissible to receive this award. This scholarship is limited to full-time, non-immigrant F1 visa holders. The scholarship is renewable and requires the student to maintain a 3.0 GPA and the successful completion of 30 credit hours during fall and spring semesters. Students are eligible for this award until they earn an undergraduate degree, but must do so within 15 semesters over a maximum of five consecutive years. A completed international undergraduate application for admission, all required transcripts, \$40 application fee, and official passing TOEFL or IELTS report must be postmarked by the application priority deadline for the term of application. Students who apply directly to the American Language Institute (ALI) at The University of Toledo and students who meet the academic requirement but are referred to the ALI will be eligible for this award upon the successful completion of the ALI program. This scholarship will not be applied to the out of state fees associated with the ALI. This scholarship can not be combined with other awards offered from the Office of Undergraduate Admission.

### **AMERICAN LANGUAGE INSTITUTE**

The American Language Institute (ALI), a unit of the Office of International Student and Scholar Services, offers intensive language training for students in English as a second language. The curriculum consists of 20 hours of instruction each week, plus 2-3 hours of supervised laboratory instruction. All full-time instructors hold advanced degrees in teaching English as a second language or related fields. Classes average 10 students per section.

## **PREPARATION FOR TRAVEL**

**Passports and Visas** – All international students should obtain a passport from their government. Students accepted by UT usually enter the United States on a Student Visa (F-1) or Exchange Visitor Visa (J-1). Information regarding the U.S. Visa application process is located at [travel.state.gov/visa](http://travel.state.gov/visa).

UT sends most students a Certificate of Eligibility, Form I-20, to be used in obtaining the F-1 Student Visa. At the request of a student, the University can also issue the Form DS-2019 to be used in obtaining the J-1 Exchange Visitor Visa. You should take the Form I-20 or the Form DS-2019 to the nearest U.S. Embassy or Consulate to apply for a student visa. The U.S. Embassy or Consulate will require that you document financial support.

We recommend requesting your I-20 be sent by express mail. If admitted, we will send you an I-20 by courier. Cost for this service is \$60 U.S.D. (subject to change). If you choose this option, please fill out Section 6 on the application and submit a separate check or money order for \$60 U.S.D. made payable to The University of Toledo. This is in addition to the \$40 U.S.D. application fee.

If we are unable to issue you an I-20, we will correspond through regular mail and hold your payment until we are able to send your I-20, or return your payment to you if an I-20 cannot be issued.

**Immunizations** – Most countries require travelers to have immunizations. You should ask an officer at the U.S. Embassy or Consulate which immunizations are required. Remember that some immunizations take several weeks to complete.

**SEVIS Fee** – All international students who apply for an F-1 or J-1 visa must pay the SEVIS (Student & Exchange Visitor Information System) fee prior to the visa application process. Information regarding the payment process will be sent to students at the time their I-20 or DS-2019 is issued.

**Academic Year Expenses** – Some government agencies or banks may require a statement concerning the cost of a student's education in the U.S. You may present your I-20 to any authority needing such information.
