**\*Revenue budgeted amounts are based on the October 2011 forecast.**

**\*\* Expenditure budgeted amounts are based on the October 2011 forecast, including SFSF/ED JOBS expenditures.**

REVENUE:

- Real Estate Taxes: The District began requesting real estate tax advances in early January. The final settlement will be received in March. Variance due to amount of advance, which varies annually due to timing of collections.
- Personal Property Taxes: FY12 revenue in this line will be mostly made up of Public Utility Tangible Collections.
- Unrestricted Grants (State Foundation): Based on the passage of the state budget, cuts to our state funding are not as significant as originally projected by the legislature. The new Bridge Formula guarantees that each school district will receive state funding that is at least equal to the PASS funding received in FY11 minus the amount of SFSF funding received.
- Restricted Grants (State Foundation): Under the Bridge Formula, Career Technical funding is now deducted from the Unrestricted total.
- Restricted Grants (Ed Jobs): This line includes federal Ed Jobs funding accounted for in fund 504, which is used to offset teacher salary expenses.
- Property Tax Allocation: This line includes Homestead and Rollback reimbursement received through the County Auditor, as well as reimbursement from the State for the phase out of TPP Taxes. The passage of the state budget accelerated the phaseout of TPP reimbursement and will be completely eliminated after FY13. This caused a loss of approximately \$2.5 million for FY12.  
Homestead and Rollback collections are mainly split between October/November and May/June with smaller portions received in August and December. A decrease in valuation causes a decrease in Homestead and Rollback reimbursement, as the reimbursement is based on real estate tax revenue.
- All Other Operating Revenue: This line includes TIF payments, CRA payments in lieu of, income tax sharing, interest income and other misc revenue. Collection of these funds are dependent on RE collections, investment earnings, timing of CRA payment agreements and income tax sharing agreements. There is no set expected amount in any given period.

EXPENDITURES:

- Personal Services: The District is continually working to find ways to bring expenditures more in line with revenue, which the State budget significantly reduced compared to earlier projected levels. As Personal Service and Retirement/Benefit costs make up the majority of the District's budget, administration continues to look for efficiencies in these areas to bring costs down while still delivering the same level of service to our students and the community. While opening two new buildings this year and adding close to 1,000 students, through reorganization, the District currently has 9 fewer administrators than at the beginning of FY11. This line is trending below budget most significantly in the area of certified salaries. This is due to an unusually high number of retirements this year, a decreased level of hiring, and the corresponding salary levels of replacements.

- Retirement/Benefits: The District experienced a 9.8% increase in Medical insurance for FY12. Enrollment is a major driver of this expense. The open enrollment period is in August, but enrollment changes can also be made throughout the year based on certain qualifying events such as child birth or loss of spousal employment. The open enrollment period this year resulted in a less significant increase compared to last year. The items mentioned in Personal Services also impact Retirement/Benefits, as well as the insurance selected by new employees. Monthly STRS payments beginning in January will be significantly under budget due to certified salaries coming in under budget. STRS sets the monthly bill on a calendar year basis based on an estimated total certified salary figure. This should result in savings of approx \$1 million for the remainder of the fiscal year.
- Purchased Services: About half of Purchased Services are related to utility services including telephone, gas, electric and water/sewer. The District will see an increase in this line due to the opening of Berkshire Middle School and Heritage Elem. Additionally, increase due to loss of SFSF funding that was used to cover a portion of FY11 electric bills. This line accounts for several deductions of state funding by ODE, the most significant of which is for community school students.
- Materials/Supplies: The majority of expenses in this line are for teaching aides, textbooks, office supplies, maintenance supplies for the buildings, and fuel for the transportation department. These expenditures are mainly driven by building/dept purchase orders, the timing of which vary based on need.
- Capital Outlay: The majority of these expenditures are for care and upkeep of buildings, as well as some equipment and technology purchases.
- Other Expenditures: The majority of the expenditures that make up this line are county auditor/treasurer fees the District is required to pay for collection of taxes as well as ESC services for special education needs. There is a significant increase in this line for FY12, as the federal ARRA funding used in FY11 to help cover special education services is no longer available.

Stock Unit 71 Passenger Conventional  
Maxxforce DT “Wet sleeved” engine

\$ 75,611 – MEC pricing 2011/2012

- Maxxforce DT “Wet sleeved” Engine 230 hp / 620 ft lb torque
- 78 inch headroom
- Tilt steering wheel
- 200 Amp Bosch Alternator
- Allison 2500 PTS series transmission with synthetic fluid and 5 year warranty
- 10,000 lb. front axle and springs
- 11R 22.5 tires
- Full length perforated headliner
- “No Student Left Behind” feature
- Exterior light check feature
- Koroseal “Pebble Tread” step treads
- 16 gauge side sheet metal
- Reflective School Bus signs and 2 inch reflective tape on the sides of the bus
- Noise Kill switch
- Front tow hooks
- Oil lubricated front wheel bearings
- AD-IP Air dryer
- Haldex slack adjusters
- 2-950 cca batteries (1850 cca total)
- On/off engine fan drive
- 21,000 rear air suspension
- 65 gallon fuel tank
- Constant torque hose clamps
- Gauges – Trans temp/air restriction gauge in dash/ammeter
- Lower rub rail
- Air entrance door
- Padded interior shoulder rails
- 84,500 rear heater
- Heater booster pump
- Seat belt ready seat frames
- Air ride driver’s seat

- Strobe light on roof
- Air operated LED strobing stop arm
- 12 volt power supply
- AM/FM/PA stereo / six speakers / outside PA speaker
- 10x30 interior rear view mirror
- Motorized exterior rear view mirrors
- Stainless steel mirror brackets
- Warning light visors
- Rubber rear wheel fender extensions
- Air operated crossing gate with magnet
- Koroseal 1 piece flooring (no isle trim pieces)

Option

10 yr engine warranty covering engine lubricated parts, engine ecm, electronics, sensors and engine wiring harness, water pump, turbo, injectors, egr cooler etc.

10 yr 150,000 miles \$ 2,600

~~10 yr 175,000 miles \$ 2,700~~

~~10 yr 200,000 miles \$ 2,800~~

February 17, 2012

Russ Johnson  
Olentangy Local Schools  
814 Shanahan Road  
Suite 100  
Lewis Center, OH 43035

Dear Russ,

Enclosed please find the requested pricing for NetApp expansion. We've begun with two configurations for a FAS2240 and additional software for your FAS270. Configuration and pricing options may be found on Page 7.

When specifying storage hardware, we often look at multiple iterations, allowing us to hone in on the exact capacity and features required for an organization. I look forward to reviewing the current configurations with you to see if we are on track, and/or what refinements may be required.

If you would like to proceed with a purchase as quoted, please complete and return the acceptance agreement included in this document, along with purchase order or other payment information via fax to 404.377.9915.

Sincerely,  
Aptiris, Inc.

Gary Falcon  
President

## About Aptiris

Aptiris provides training, services and products for online communication and collaboration. Founded in 1998, Aptiris specializes in FirstClass systems integration, training, support, and customization, providing real-world expertise based on more than a decade of experience in enterprise systems administration, corporate training, end-user support, K-12 and higher education teaching, and applications development.

**FIRSTCLASS**<sup>®</sup> Channel Partner **Platinum** Aptiris is proud to have been honored with the Open Text *Solutions Partner of the Year* award, in recognition of our ongoing commitment to the FirstClass platform and our customers. Having achieved the highest level of FirstClass certification, Aptiris is a Platinum-level FirstClass partner and accredited Training and Implementation partner. With our background and expertise, Aptiris is uniquely qualified to provide a full range of services for FirstClass customers nationwide. Aptiris has worked with corporations, education institutions, and non-profit organizations across the country, ranging in size from ten to 80,000 users.

As a Gold-level NetApp partner, Aptiris has the experience and knowledge to help with the design, implementation, and training for your storage needs. Whether looking for improved ways to manage large FirstClass data stores, or considering server virtualization, disaster recover planning, data consolidation, or other projects for your enterprise, NetApp provides powerful solutions.

In addition to training, implementation, and administration services for FirstClass and NetApp, Aptiris also provides consultation for our customers, acting as a resource not only for technical issues, but also feedback and strategies for implementing new ideas, addressing configuration issues, and helping your organization to communicate, access, and manage information as effectively as possible. We have significant experience working with organizations of all types, and can assist you in implementing best practices ideally suited to the unique needs of your organization.

## NetApp FAS Series Hardware

FAS-Series appliances from NetApp provide data storage products and services tailored to the needs of any organization. Using technology that has been proven in enterprise environments, NetApp FAS products and solutions are designed to take the complexity out of storage management, allowing you to focus on your core business.

The NetApp FAS Series unit is an all-in-one storage appliance that is capable of NAS, SAN and DAS right out of the box. Capacities start at 1TB and can scale to multiple Petabytes if required. The simple web-based management interface allows easy management of your data.

With support for NAS and SAN in one box, ease of use and simple management, the FAS series delivers unprecedented levels of flexibility, reliability, and affordability. Maybe this is your first foray into networked storage; maybe you have direct attached storage that never seems to have capacity where you need it; maybe your shrinking backup window is threatening further growth; in any case, the FAS family is ready to adapt to your needs as your organization grows.

Features include:

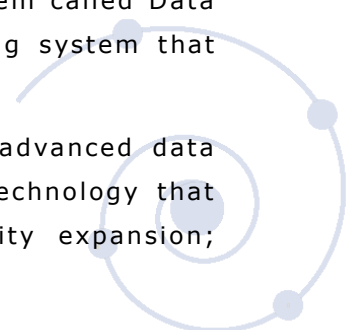

- Scales to hundreds or thousands of TB but can start at 1TB – grow only as you need it
- Consolidates file and block-level storage for better storage utilization
- Simple on-the-fly provisioning from a central pool to applications, groups or users
- Protects against concurrent disk drive failures without paying for massive redundancy
- Dual hot-swap redundant power and cooling
- Eliminates backup windows
- Supports NAS and Fibre-channel SAN configurations, including iSCSI, CIFS, and NFS protocols

### Core Features

#### Data ONTAP

At the heart of all NetApp products is a robust operating system called Data ONTAP®, the highly reliable and data-center proven operating system that powers NetApp enterprise storage solutions.

Data ONTAP provides key NetApp technologies that provide advanced data and system protection. These capabilities include Snapshot technology that enables instant backup and restore; easy on-the-fly capacity expansion;

RAID-DP which provides protection from concurrent disk drive failures, the WAFL® (Write Anywhere File Layout) file system that provides availability, flexibility and high performance, integrated NVRAM or Non-Volatile memory for data protection; and seamless integration into existing Windows and/or UNIX installations.

#### Snapshot Technology: Enabling Instant Backup

From time to time, we all need to be able to go back and recover our files. Typically, this involves going back through the backup tapes and rebuilding or recovering files and volumes, a process that can take hours, even days.

NetApp Snapshot technology provides point-in-time images of the entire file system that can be recorded instantly with no disruption of applications or performance. These images enable instantaneous recovery of individual files, directories or even the entire file system.

Snapshots may be taken on demand or taken on a pre-defined schedule, effectively eliminating the need for incremental backups. Up to 255 snapshot images per volume may be kept before overwriting. Snapshot technology also removes the dreaded "backup-window" allowing you to perform full backups at any time you chose without the need to shut down applications or disrupt users.

Snapshot technology is simple to use and provides a significant additional layer of data protection. All of the security attributes are maintained with the snapshot image so that end users can be authorized to recover their own lost or corrupted files when used to provide shared file services.

#### Data Deduplication

A core function of the Data ONTAP software, NetApp offers leading-class data deduplication capabilities, known as Advanced Single Instance Storage (A-SIS). Now you can apply deduplication savings to all your data, not just your backup and archival data. This translates into disk savings of more than 30% in your production environments and as much as 90% in backup scenarios.

### **Optional Licensing**

#### Protocol Licenses

NetApp supports a number of protocols, including iSCSI, CIFS, and NFS. For FirstClass, use of CIFS (Windows) or NFS (OS X, Linux) is recommended.

### SnapRestore™: Fast and Simple Data Recovery

Today there are many threats to critical organization data; files can be overwritten, deleted or become corrupted. With traditional data recovery methods, recovery can take hours or even days. Snapshot technology is included on all NetApp hardware, and provides for simple and easy restoration of individual files and folders.

But when the chips are down, SnapRestore provides a volume-level restore. Instantaneously recover a multi-terabyte file system including complete LUNs, all exports or all shares at the touch of a button. In contrast, alternative storage solutions copy all data and require much more time and disk storage for the backup-and-restore operations. Take the sting out of virus infections and ensure your data stores can be completely rolled back to multiple points in time with this powerful and unique software utility.

### SnapMirror: Data Replication for Business Continuity

Sites requiring immediate return to operation in the event of a disaster may license the SnapMirror software option. With a pair of NetApp devices and SnapMirror, data is moved to a secondary device or location quickly and efficiently, minimizing downtime and associated costs in case of a failure of your primary site.

You may also use SnapMirror to centralize backup of data to tape from multiple data centers, reducing investment in tape infrastructure as well as offloading your production system from tape backups.

### FlexClone: Instant Access for Data Restoration and Testing

NetApp Snapshot technology provides efficient data protection by enabling the creation of read-only snapshots that take only an instant to create or restore. FlexClone supercharges this capability, allowing snapshots to become read/write. A read/write snapshot may be used to test upgrades of software or changes to permissions and database structures, or for recovery of content out of servers without first requiring a full copy of the data set to a secondary device.

## **Service & Support**

NetApp FAS-Series hardware includes 3 years, 7x24, next business day support by default, with an option for 4-hour replacement in many locations.

NetApp Support and Services Offerings include:

- Comprehensive Hardware Warranty Services programs
- Proactive monitoring of all FAS hardware components
- Proactive replacement of failed or failing hardware components
- Direct access to global product support centers via telephone, email and web

#### Software Support

NetApp products are supported by global Product Support Centers which operate 24x7x365. Customers can contact a Product Support Center via the web, e-mail, or a toll-free telephone number and the call will be automatically routed to the Support Engineer best qualified to assist with a specific question or issue.

#### Software Maintenance

Software Maintenance programs include download access to latest software technology, maintenance, and fixes available for our products.

#### On-line Self-Help System

The Online Self-help System provides customers with the fastest responses to questions, assists with issue resolution and ensure timely and efficient communications. The Online Self-Help System (OSS) is available 24x7x365.

## **Services**

#### NetApp FAS Implementation for FirstClass Server

Implementation services for NetApp FAS-series hardware may be completed remotely, or on-site if desired. Implementation services include:

- Configuration of NetApp settings and networking between NetApp and FirstClass Host server
- Optimization of FirstClass host server operating system
- Migration of production FirstClass data to NetApp
- Configuration for automatic startup of FirstClass on OS launch
- Automated daily snapshot backups and rotation
- Automated periodic replication to off-site storage or removable media

## Configuration & Pricing Options

### Config 1: FAS 2240 Single-Controller (12 x 600GB)

A single controller configuration with 600GB drives will yield approximately 3.7TB usable space. Software options include FlexClone for read/write access to backup data, and SnapMirror, enabling replication to a secondary NetApp for disaster recovery purposes.

FAS2240	Cost
FAS SERIES <ul style="list-style-type: none"> <li>FAS2240 – 12 x 600GB SAS, 15,000 RPM</li> <li>FlexClone</li> <li>Data ONTAP Essentials: Local SyncMirror</li> <li>SnapMirror, SnapRestore, CIFS, FCP, NFS, and iSCSI</li> </ul>	\$ 31,900.00

Shipping (estimated) <ul style="list-style-type: none"> <li>Standard Shipping</li> </ul>	\$ 300.00
<b>Subtotal:</b>	<b>\$ 39,517.59</b>

Selected

### Mirror destination 2: FAS 2240 Single-Controller (12 x 1TB)

Due to the high cost of SnapMirror for legacy systems and deep discounts for licensing associated with new 2xxx series hardware, the following may be considered as an alternate mirror destination. As configured, the system would provide approximately 6.3TB usable space.

FAS2240	Cost
FAS SERIES <ul style="list-style-type: none"> <li>FAS2240 – 12 x 1TB SATA, 7,200 RPM</li> <li>Data ONTAP Essentials: Local SyncMirror</li> <li>SnapMirror, SnapRestore, CIFS, FCP, NFS, and iSCSI</li> </ul>	\$ 23,390.00

Total for Selected Options:

AUTHORIZING PARTICIPATION IN THE METROPOLITAN EDUCATIONAL COUNCIL'S ("MEC") NATURAL GAS PROGRAM FOR A FIVE YEAR PERIOD UNDER THE TERMS AND CONDITIONS OF THE NATURAL GAS SALES AND SERVICE AGREEMENT WITH CONSTELLATION NEWENERGY – GAS DIVISION, LLC NEGOTIATED BY THE OHIO SCHOOL CONSORTIUM AND AUTHORIZING RATIFICATION OF THE AGREEMENT TO TERMINATE THE FULL REQUIREMENTS NATURAL GAS SALES & SERVICE AGREEMENT WITH ENERGYUSA-TPC CORP.

WHEREAS, the School District is a member of the Metropolitan Educational Council ("MEC"), a body authorized by state statute to aggregate purchasing needs of schools and related nonprofit educational entities so as to take advantage of economies of scale when purchasing essential products and services; and

WHEREAS, MEC has joined with other school councils of governments and major school districts (collectively known as the "Ohio School Consortium") to obtain more favorable terms for natural gas service by negotiating for gas service on behalf of 150 school districts and public libraries; and

WHEREAS, the School District now purchases its natural gas service pursuant to the existing *Full Requirements Natural Gas Sales & Service Agreement* with EnergyUSA-TPC Corp. negotiated by the Ohio School Consortium, and that agreement is to be terminated with outstanding gas hedges to be liquidated and replaced by a new, more favorable natural gas sales and service agreement with Constellation NewEnergy – Gas Division, LLC ("Constellation NewEnergy"); and

WHEREAS, this School District by its membership in MEC may continue to participate via the natural gas sales and service program arranged by the Ohio School Consortium with Constellation NewEnergy under the terms and conditions of the new *Natural Gas Sales & Service Agreement*, attached hereto, if the School District ratifies both the new agreement and the *Agreement to Terminate the Full Requirements Natural Gas Sales & Service Agreements with a Mutual Release of Claims*, a copy of which is attached hereto; and

WHEREAS, the Board finds that it is in the School District's best interest to terminate the existing gas supply arrangement with EnergyUSA-TPC Corp. and enter into the proposed natural gas supply arrangement with Constellation NewEnergy;

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF EDUCATION OF THE OLENTANGY LOCAL SCHOOL DISTRICT, COUNTY OF DELAWARE, STATE OF OHIO, as follows:

Section 1. The Board of Education of this School District does hereby elect to terminate the existing *Full Requirements Natural Gas Sales & Service Agreement* with EnergyUSA-TPC Corp. in accordance with the terms and conditions of the *Agreement to Terminate the Full Requirements Natural Gas Sales & Service Agreements with a Mutual Release of Claims*.

Section 2. The Board of Education of this School District does hereby elect to continue to participate in MEC's natural gas program in accordance with the term and conditions of the *Natural Gas Sales & Service Agreement* with Constellation NewEnergy – Gas Division, LLC.

Section 3. This Board of Education hereby authorizes the Superintendent or his designated alternate to execute the attached ratification on behalf of the Board of Education for this School District.
