Chapter 3 Requisitioning, Issuing, Controlling, and Accounting for Meal Cards

3-1. General

An effective meal card issue and control system must be supported by enforcing headcount controls and cash collection procedures in the dining facility and at field sites, in accordance with procedures in AR 30-1, chapter 6 and appendix E.

3-2. Purpose and use of DD Form 714, Meal Card

a. The meal card identifies permanently assigned or attached soldiers, and enlisted personnel from other Services authorized to subsist without reimbursing the Government. Enlisted soldiers authorized BAS, officers and civilians who are not required to pay surcharge, may be issued a meal card under conditions specified in paragraph 3-7.

b. Unless exempted by this regulation, meal cards will be issued to all permanently assigned enlisted soldiers who are not receiving BAS or another monetary allowance in lieu of SIK. Meal cards are not required to be issued to BCT or AIT students during their training periods. When soldiers are issued a meal card, they will be informed of the following:

- (1) Purpose and use of the meal card.
 - (2) Their responsibility for safeguarding the card.
 - (3) Circumstances under which they must return the card to the issuing authority, either on a temporary or permanent basis.
 - (4) Cards will not be loaned or given to anyone.
- c.* Soldiers, who remain in an SIK status will normally be issued only one meal card during their assignment to a given unit. When required, installation commanders may recall all meal cards and issue new ones. This would normally occur only when mismanagement or misuse of meal cards is suspected or revealed through audit, review, or other disclosures. A change in MCCO, MCC or commander does not necessarily constitute justification to recall and reissue meal cards.
- d.* Table 3-1 depicts the various categories of soldiers to whom meal cards are issued.
- e.* Conditions under which meal cards are issued, turned in, or withdrawn are described in table 3-2.

3-3. Requisitioning and receipt of Meal Card Control Book(s)

The book(s) will be issued from the BCO and MCCO by DA Form 3161 or DA Form 410 (Receipt of Accountability Form) and the completion of the transfer control and receipt form located in the front of the book. The DA Form 410 will be used in lieu of the DA Form 3161 when the book(s) is issued other than directly to the requesting individual (mailed). One copy of the DA Form 3161 (DA Form 410 if applicable) and transfer and control receipt will be retained and filed by the BCO. The original of the DA Form 3161 (and DA Form 410 if applicable) will be retained by the requisitioning unit until the completed book(s) is returned to the BCO.

d. The procedures for meal card accountability (para 3-8) will be

(g) A copy of DA Form 2496 will be furnished to the BCO, one copy will be retained by the MCCO and filed in the active meal card control binder and one copy will be forwarded to the installation publications officer.

(f) Distribution of the DF will be IAW (4) below.

(3) Whenever there is a change of MCCO, the officer vacating the position will prepare a DA Form 2496 in four copies, with the following information:

(a) The number of Meal Card Control Book(s) and serial numbers of each book being transferred as compared to the DA Form 3161 or DA Form 410.

(b) A statement identifying the meal card serial numbers which have not been issued and remain attached in the Meal Card Control Book(s).

(c) A statement identifying the meal card serial numbers accounted for on DA Forms 4809-R.

(d) The signature of the vacating officer and date.

(e) The signature of the incoming officer and date.

(f) The following explanation: "Note: The incoming MCCO should personally verify that all unissued cards are on hand, issued cards are properly signed for on DA Form 4809-R, or properly recorded as lost, stolen or destroyed by entries on the meal card control sheets in front of the book."

(g) The next unused transfer control and receipt form located in the front of the book will also be completed and retained by the outgoing MCCO.

(4) To confirm the transfer of the accountable form(s), the distribution of the DA Form 2496 will be as follows: One copy will be forwarded to the outgoing officer; one copy will be retained by the incoming officer (to be filed in the active meal card control binder for the MCCO or meal card control book log for the BCO with a copy of the appointing orders); one copy will be forwarded to the appointing HQ; and one copy will be forwarded to the BCO or installation publications officer as applicable. (See figure 3-2 for a sample transfer.)

3-5. Meal card control register, DA Form 4809-R

a. Each unit or activity with responsibility to issue meal cards will maintain a Meal Card Control Register. This form is a record of the disposition of all meal cards not attached to the Meal Card Control Book. For example, the form shows that a card is in the possession of the soldier to whom issued, was withdrawn and is on hand or was destroyed, or was reported lost or stolen. DA Form 4809-R will be locally reproduced on 8 1/2 by 11-inch paper. A copy of the form for local reproduction is located at the back of this publication.

b. Meal Card Control Registers serve as a cross-check for audit purposes. They may be used for comparison with the Shreddout Report (RCS CSCFA 284 or JACS Report 26, provided by the FAO) to ensure that soldiers are not receiving both BAS and SIK or obtaining meals from the government without proper reimbursement.

c. Completed DA Forms 4809-R will be maintained in Meal Card Control Binders as per paragraph 3-6, this regulation.

d. When meal cards are issued for use in the field, a separate DA Form 4809-R will be prepared as per paragraph 3-7, this regulation.

3-6. Meal card control binder procedures (active and inactive)

The MCCO is responsible for maintaining all active and inactive meal card control binders.

a. The active Meal Control Binders will—

(1) Consist of one or more three ring binder(s).

(2) Contain the current and the last MCCO appointment orders (1st binder only).

(3) Contain current and previous MCC appointment orders (1st binder only).

(4) Contain DA Form 410, DA Form 2496, and DA Form 3161 if applicable, on which all Meal Card Control Books were drawn and transferred (1st binder only).

(5) Contain separate sections for each Meal Card Control Book. Each section will contain the DA Form 4809-R which should account for all active meal cards detached from a Meal Card Control Book to include field meal cards.

b. The DA Form 4809-R will be maintained as follows:

(1) Alphabetically, by the soldiers last name for meal cards issued on a permanent basis.

(2) Numerically, by meal card sequence for meal cards issued on a temporary basis.

c. The inactive Meal Card Control binder will—

(1) Be maintained separately for each Meal Card Control Book.

(2) Contain all closed out DA Form 4809-R in meal card number sequence.

(3) Be turned in along with the Meal Card Control Book(s) to the BCO when all meal cards for the book are inactive.

3-7. Meal card issue procedures

a. Meal Cards or temporary documents (orders) that need to be

annotated, will be annotated in black ink at least 3/8-inch high block letters. The various components, services, other program categories, and abbreviations used in annotating meal cards are listed in table 3-1. This will ensure proper reporting of data for either common service or reimbursement purposes.

b. Soldiers permanently assigned and authorized SIK will be issued permanent meal card. The card will be signed by the MCCO after all required entries are completed on initial issue or replacement meal cards. Blank cards, as needed, may be signed by the MCCO for issue by the MCC during the absence of the MCCO. The MCC responsible for meal card issue will make the required entries on a DA Form 4809-R and the meal card control sheet. (See figures 3-3 thru 3-6 for sample entries.) The recipient will sign the proper blocks on DD Form 714 and DA Form 4809-R when the meal card is received. The meal card will be laminated after the recipient signs the card.

(1) Enlisted soldiers accompanied by family members or unaccompanied soldiers in grades E-7 through E-9 when reporting to a new installation are authorized BAS by AR 210-10-1. Therefore, they will not be issued a meal card for garrison use except as authorized by paragraph e below.

(2) Enlisted soldiers in grades E-1 through E-6, not accompanied by family members when reporting to a new installation are normally not authorized BAS, except as authorized IAW AR 210-10-1, chapter 7. If authorized SIK, they will be issued a permanent meal card.

c. The following procedures will be used for issue and control of all temporary Meal Cards or other temporary meal authorization documents. Temporary meal cards will be prepared on an as-needed basis.

(1) Permanently assigned personnel, reporting during non-duty hours, will be issued a temporary meal card. (See fig 3-4.) These cards will be annotated "TEMP" according to figure 3-4. The inclusive dates of temporary SIK authority will not exceed four days. Temporary meal card(s) and DA Form(s) 4809-R will be provided to the commander's designated representative for issue to SIK enlisted soldiers arriving during nonduty hours. Completed DA Form(s) 4809-R, reflecting the issue of temporary meal card(s) and any unissued temporary meal cards will be returned to the MCCO and MCC upon their return to duty. When a permanent meal card is issued, the temporary meal card will be withdrawn and the DA Form 4809-R will be completed per figure 3-4. The DA Form(s) 4809-R used to record issues of temporary meal card(s) will be retained in the active binder until the card is no longer issuable.

(2) Permanently assigned SIK members scheduled to depart (PCS) during nonduty hours will be permitted early turn-in of the meal card. A copy of the individuals orders, will be annotated to designate SIK authority until scheduled departure. The inclusive dates will be indicated on the soldier's orders. The temporary authorization will be signed by the MCCO or MCC. In a PCS status, the permanent meal card will be withdrawn and all necessary documents completed. The DA Form 4809-R will be closed out and placed in the inactive meal card control binder, and the meal card destroyed.

(3) Soldiers attached for 90 days or less, AGR/RC personnel, replacement personnel, members in personnel control facilities, and students at service schools (except BCT or AIT) who are authorized SIK will be issued a temporary meal card from specific blocks of meal cards. (See fig 3-5.) The same meal card will be used by that soldier as long as he/she is assigned to the issuing unit or until authorized BAS. When members in this category are not from the issuing Service, meal cards and DA Form 4809-R will be annotated with the proper abbreviation. (See table 3-1.) Meal cards will be laminated after they have been signed by the MCCO. All DA Forms 4809-R used to account for the Meal Card will be maintained in the active binder until the card is no longer issuable.

(4) A temporary meal card will be issued from a specific block of meal cards to personnel participating in field duty conducted away from home station. Cards will be annotated "FLD", signed by the MCCO and be laminated. (See figure 3-6.) These cards will be withdrawn and retained for future use after each exercise. All DA

Forms 4809-R used to account for the Meal Card will be maintained in the active binder until the card is no longer issuable.

d. Soldiers in a TDY status receiving the per diem subsistence portion of the per diem allowance will not be issued a meal card, nor have their orders annotated. They will pay the food and surcharge costs. This applies to all soldiers on TDY unless an exception has been granted by the Secretary of the Army from the requirements to pay the subsistence portion of the per diem to enlisted soldiers while on TDY to the specific school or activity.

e. Commanders may find it appropriate to issue meal cards to assigned members who are exempt from surcharge payment. Meal cards, annotated SE (surcharge exempt), will only be issued to officers, civilians, and enlisted members who are exempted under one of the criteria cited in AR 30-1, paragraph 6-16. Annotated meal cards entitle the bearer to purchase a meal by paying food cost only. When this procedure is used, officers, civilians and enlisted members not in possession of an annotated meal card would then be required to pay food cost and surcharge rates.

3-8. Meal card accountability procedures

a. The installation commander will appoint an individual to conduct an external audit of at least one MCCO activity per year. At an installation where only one MCCO is appointed this audit will be limited to at least one unit which the MCCO serves. Audits will be conducted per procedures of paragraph 3-10, this regulation.

b. The BCO will establish the following accountability methods:

(1) Use DA Form 5672-R (Meal Card Control Book Log). DA Form 5672-R will be locally reproduced on 8½ by 11-inch paper. A copy is provided at the back of this regulation. This will be maintained in a permanent file.

(2) Maintain the log in accordance with figure 3-1.

(3) Maintain a copy of the BCO and all MCCO appointing orders.

(4) Maintain a separate permanent file for all DA Forms 410, DA Forms 3161 and transfer control slips for all Meal Card Control Books issued.

(5) Maintain a separate file for all DA Forms 2496 showing the transfer of Meal Card Control Book(s) from one MCCO to another.

(6) Accept completed books turned in by the MCCO. Prior to destruction, the BCO will review all documents forwarded with the book to ensure that all 200 cards have been annotated as lost, stolen or destroyed.

c. The MCCO will establish the following accountability methods:

(1) Ensure compliance with instructions (1 thru 3) contained on the inside front cover of the meal card control book. (Instruction number 4 applies to the BCO retention of completed books.)

(2) Ensure the meal card control sheets attached to the Meal Card Control Book are properly annotated.

(3) Ensure that all meal cards signed for by the MCCO are either on hand or accounted for on DA Form 4809-R, per paragraph 3-6.

(4) Personally supervise the destruction of all meal cards which cannot be reissued and make appropriate entries on the DA Form 4809-R and the meal card control sheet. Examples are: mutilated cards, cards on which errors were made during preparation, and cards that were issued to soldiers who have left the unit permanently or have been authorized BAS.

(5) Perform a 100 percent audit of all meal card control books, as of 31 December each year, to ensure all meal cards have been accounted for properly. Upon completion of the audit, the MCCO will prepare a report on the status of meal cards on hand, issued, destroyed, and reported lost or stolen. The report will be forwarded to the BCO.

(6) Supervise performance of administrative actions assigned by the MCCO to the MCC.

3-9. Issue of meal cards to Reserve Components Soldiers

a. The State AG/MUSARC commander will determine if meal cards are required and the level at which meal cards/meal card

control books will be maintained. The State AG/MUSARC commander will ensure that only the essential number of meal cards required to meet their needs are drawn. Authorized cards/books will be drawn in accordance with the procedures cited in this regulation.

b. When RC are required to issue meal cards under one of the conditions prescribed in paragraph e below, the unit/organization will requisition, control, issue, and review records pertaining to meal cards in the same manner as prescribed for active Army units.

c. A meal card will not normally be issued to enlisted RC service members. They will use their red ID Card, DD Form 2A (Res), for IDT/AT periods.

d. The RC commander concerned will ensure that RC members who do not possess a valid ID card, but who are entitled to subsist without reimbursement, are properly identified to the headcount prior to allowing them to consume a meal in the RC dining facility.

e. Meal cards will only be issued to RC members under the following circumstances—

(1) When RC members are eating in an Active Army dining facility during IDT or AT and required by the supporting Active Army commander. Temporary meal cards will then be issued by the host Active Army unit per paragraph 3-7. Cards issued under these procedures will be annotated USAR or ARNG as appropriate. Upon completion of training, cards will be withdrawn and maintained by the issuing MCCO. Temporary meal cards will be prepared on an as-needed basis.

(2) Temporary meal cards will be issued to RC members subsisting in other than an Active Army or Reserve Component (e.g., USAF, USCG, USN) dining facility during IDT or AT when the use of the meal card is required by the host component. The temporary meal card will be issued by the RC parent unit. Cards must be annotated USAR or ARNG, as appropriate.

(3) ARNG/USAR enlisted soldiers, who are authorized to subsist without reimbursement at Professional Development Center (PDC) operated by the ARNG or USAR, will be issued temporary meal cards by the respective center. Cards will be annotated ARNG or USAR, as appropriate.

(4) Department of Defense (DOD), civilian employees who are students or guest instructors at a PDC and are furnished Government meals at no cost to the individual (per JFTR part 2) in lieu of per diem, will be issued a temporary meal card annotated in accordance with table 3-1. Temporary meal cards will be issued by the respective center.

(5) Permanent meal cards will be issued to all RC personnel who are assigned as Cadre at the PCD and are authorized SIK.

(6) Enlisted full time manning (FTM) soldiers, who are required to accompany their RC unit of assignment or attachment to AT, and who are not authorized the subsistence portion of the per diem allowance will have BAS recoupment action (chapter 4, this regulation) initiated by their parent unit. These soldiers are entitled to SIK, per the JFTR, and will be identified by annotating a copy of their orders (per procedures in para 3-7) in lieu of issuing of a meal card.

3-10. Procedures for audit of meal cards

a. The following procedures will be followed when conducting an audit:

(1) Check DA Forms 4809-R in the active and inactive binders for each meal card DD Form 714 (to include those laminated) that is associated with the Meal Card Control Book, DD Form 714.

(2) As each meal card is determined to be properly accounted for on a DA Form 4809-R make a mark on the Meal Card Control Sheet to indicate that the card is accounted for properly. When finished with both the active and inactive binders there should be a mark beside each line on the Meal Card Control Sheet or the meal card should be physically on hand.

(3) In the event a card or cards are not properly accounted for on a DA Form 4809-R or physically on-hand, research will be done to determine what happened to the card(s). Research should include checking to determine if the card(s) has (have) recently been used.

(a) Unaccounted for card(s), which have been issued, will require a Report of Survey in accordance with AR 735-11.

(b) The results of the audit will be included in a letter report. A

copy of the report will be filed in the MCCO records (for incoming and outgoing) and a copy provided to the unit commander, or to appointing commander for annual audits. Noted deficiencies will be corrected by the MCCO within 30 days and the appropriate commander advised in writing of corrective actions taken.

Chapter 4

Identification and Reimbursement for Meals Available in the Field

4-1. General

a. The procedures in this chapter apply when meals are available during field duty as defined in the glossary. Commanders will initiate action to effect all required reimbursements beginning when meals are available during field duty, to include preparation for deployment and travel to and from home station (if applicable). Reimbursement for all meals available, beginning with the first meal and ending with the last meal available will be by FAO action (BAS recoupement/ suspension for enlisted soldiers (para 4-3 this regulation) or payroll deduction for officers (para 4-4 this regulation)).

b. When performing field duty commanders/exercise directors must ensure enlisted soldiers and officers are provided government meals to preclude unnecessary cost. Commanders may provide government meals through the use of operational rations, box lunches or when duty location requires, the garrison dining facility meals.

c. Observers and visitors, etc.(military and civilian), who are not participants in field duty (no reimbursement through FAO action) will be required to pay cash for the meal at time of consumption. The exercise commander will develop the policy and procedure to be used for this collection procedures i.e. during in-processing at the exercise reception station or by designating specific field dining facilities that will be staffed to collect cash. If receiving the subsistence portion of per diem they will pay both food cost and surcharge.

d. Short notification of impending field duty (operational alert or emergency situation) may prevent timely implementation of required administrative procedures. When this occurs, unit commanders must ensure that reimbursement procedures thru FAO as prescribed herein (not later than 3 working days following return), for BAS enlisted soldiers and officers, are implemented.

e. When a soldier (enlisted or officer) is from a different command and cannot provide documentation of FAO action and is reporting to participate in field duty the following procedure may be used to effect reimbursement prior to field duty. Reimbursement for all meals available (current food cost rate as prescribed by HQDA) will be by personal check, money order or cashiers check made payable to servicing FAO. Upon completion of reimbursement, the soldier will be provided with proper identification as prescribed in this chapter.

4-2. Reserve Components (RC)

a. Reserve component officers while performing annual training (AT) away from home station with either the parent unit or other than with the parent unit will utilize the deferred method of payment identified below. The reimbursement will be for all meals to be available during AT to include travel (if applicable) to and from home station.

b. Regardless of the method of reimbursement, payment for meals available to officers will be at the current food cost rate as prescribed annually by HQDA.

c. Procedures for officer reimbursement during AT are as follows:

(1) Deferred Payment is the preferred method of payment. This method must be used when a person is participating as an individual, or member of a unit, and is participating with or subsisting with the Active Army or is performing annual training away from home station. Deferred payment will be effected through FAO action in accordance with the following. The commander must initiate FAO

action to have the total cost, of all meals to be available during AT, deducted from the individual's payment for AT performance. This procedure is accomplished through completion of DA Form 4187, IAW paragraph 4-8, or other authorized (FAO) document. The FAO document must be submitted with the unit payroll. Duty orders must contain a statement indicating that payroll deduction has been or will be accomplished beginning with (date and meal) and ending with (date and meal). When consuming meals during AT the officer will sign DA Form 3032 annotated PD.

(2) The alternate payment method of reimbursement may be used when: (1) AT is performed at home station or (2) for Individual Mobilization Augmentee (IMA) or Individual Ready Reserve Officers (IRR) whose annual training orders do not reflect FAO action has taken place. Officers will reimburse, for all meals available, prior to the start of AT. Reimbursement for these meals may be made by personal check, money order or cashiers check made payable to servicing FAO. When this method is used for home station annual training, payment will be made to the unit administrator who will forward all funds collected, through normal channels, to the servicing FAO. Duty orders must contain a statement indicating that cash reimbursement has been accomplished beginning with (date and meal) and ending with (date and meal). When consuming meals during AT the officer will sign DA Form 3032, annotated AP.

d. Procedures for RC enlisted soldiers performing AT are as follows.

(1) Soldiers, other than full time manning (FTM) personnel, are authorized SIK when training with their unit, another RC unit, or with the Active Army during field duty (AT or IDT). The meal entitlement of these soldiers is verified by presentation of their red ID card.

(2) Enlisted FTM soldiers, who are required to accompany their RC unit of assignment to AT, and are not authorized the subsistence portion of per diem, will (per the DOD PM) have their BAS entitlement recouped (per para 4-3,a). These soldiers will be subsisted as in an SIK status. FTM soldiers having their BAS recouped will sign (when required) DA Form 3032 annotated FAO action. These soldiers will be identified by using the last four numbers of their SSN, as their meal card number, as taken from their DD Form 2A. These soldiers orders must contain a statement that BAS recoupment has been accomplished beginning with (date and meal) and ending with (date and meal).

4-3. Active Army enlisted soldiers

Soldiers authorized SIK will continue to use their garrison meal cards for identification purposes in the field. Unit commanders or servicing personnel administration centers will effect reimbursement through FAO action from enlisted soldiers receiving BAS while participating in field duty. For field duty periods (to include duty as an umpire, evaluator or a participant in AT with reserve components) reimbursement from the first meal available through 14 days will be effected through BAS recoupment. For field duty in excess of 14 days the soldiers' BAS entitlement will be suspended. Procedures to effect each type of reimbursement are as follows:

a. In the field from one day through 14 days. Commanders will initiate written action to effect BAS recoupment. The DA Form 4187 (Personnel Action) will be used by the unit or PAC clerk to effect BAS recoupment for individuals. It will be prepared within three workdays after completion of the field duty and forwarded to the FAO for action. The DA Form 4187 will indicate the time and date of departure to, and return from, field duty. (See figure 4-1.) To facilitate processing of the DA Form 4187, roster procedures (for groups of ten or more) described below may be used.

(NOTE: Roster procedures, forward 2 copies of the DA Form 4187 and 2 copies of the roster (a listing of all soldiers affected by this action) to the FAO.)

b. Field duty in excess of 14 days. For field duty which is scheduled to be longer than 14 days, commanders will initiate written action to suspend BAS. Suspension of BAS will be by submission of a DA Form 4187 per paragraph 9-4, DA PAM 600-8, Management and Administration Procedures. It will be prepared and submitted within three workdays from the effective date of the

action (prior to and after completion of the field duty) and forwarded to the FAO for action. (See figure 4-1.) A copy of DA Form 4187, sent to the FAO to suspend BAS, will be placed in a suspense file by the unit or PAC clerk to ensure that reinstatement of BAS is accomplished upon return from the field. To facilitate processing, DA Form 4187 may be submitted using a roster of participating soldiers who share the same time and date of suspension and upon return, reinstatement. When this procedure is used, enter "See attached roster of personnel" in the "NAME" block of the DA Form 4187. Two copies of the DA Form 4187 and two copies of the roster (for each action (suspension/reinstatement)) must be forwarded to the servicing FAO.

4-4. Active Army officers

a. When officers participate in field duty (to include duty as an umpire, evaluator or a participant in AT with reserve components); reimbursement will be through FAO action (payroll deduction) regardless of the field duty duration. The procedures to effect payroll deduction (PD) will be as follows:

(1) Commanders will initiate written action to effect PD for all officers participating in field duty. The DA Form 4187 will be used to initiate PD action. It will be prepared and submitted within three workdays after completion of the exercise. The DA Form 4187 will indicate the time and date of departure to, and return from, field duty and the number of each breakfast, lunch and dinner meals available during field duty. The DA Form 4187 will be prepared in accordance with figure 4-2.

(2) Reimbursement will be effected for all meals available during the field duty period (whether consumed or not). Meal rates for payroll deduction will be the current food cost rates as prescribed annually by HQDA.

b. To facilitate processing, roster procedures described in paragraph 4-3 may be used.

4-5. Missed meals (officers and enlisted soldiers)

a. Claims for missed meals are only authorized for meals missed due to mission requirements and that are supported by individual signature headcount records (DA Form 3032). Submission of the DD Form 1475 (Basic Allowance for Subsistence - Certification) for missed meals is not authorized for meals that were not consumed due to personal preference; that are accounted for by the one line entry method on DA Form 3032 (Signature Headcount Sheet), or present for duty certification as used under the Combat Field Feeding System (CFFS).

b. Meals missed by officers as a direct result of duty requirements, while performing field duty in a travel status or non-travel status will be processed as noted above and IAW AR 37-106. Officers (Active Army or RC) who have effected reimbursement action and were subsequently required to purchase a meal or meals will also submit the DD Form 1475 to gain reimbursement. Commanders and exercise directors who have officers participating in field exercises must ensure officers have access to Government meals to preclude unnecessary costs.

c. For meals where the signature system was used to account for meals, enlisted soldiers may submit a claim for meals missed as a direct result of a duty requirement per the guidance below.

(1) Enlisted soldiers performing field duty in a non-travel status will file for missed meals in accordance with paragraph 30114, AR 37-104-3.

(2) Enlisted soldiers performing field duty in a travel status will be paid for missed meals IAW AR 37-106.

d. Within 3 working days following an exercise, unit commanders will ensure DD Form 1475 is prepared. (See fig 4-3.) It will reflect the names and meals missed by enlisted and officer members because of duty. After all data has been entered and verified, the military supervisor of those personnel who are listed on the form will enter this statement: "The data above is true and correct to the best of my knowledge," on the next open line on the DD Form 1475

and will sign and date this statement. The certificate will be approved by the commander who will then forward it to the appropriate section (PAC, USPFO, MUSARC) for transmittal to the FAO.

e. Upon receipt, the FAO will verify receipt (DD Forms 1475) and return a copy of the transmittal letter to the unit or PAC. If the FAO verified copy has not been received within 30 calendar days, the unit commander or PAC will initiate follow-up action.

4-6. Joint service exercises

When participating in joint service exercises where food service support is provided by another service, identification and reimbursement procedures will be as prescribed by the supporting service. When food service support is provided by the Army, members of the other services will provide documentation that the Service member is authorized SIK and has a meal card (or other agreed upon method of identification) issued by their respective service; or that FAO action (BAS recoupment/suspension(enlisted) or payroll deduction (officers)) has taken place. In the event that members of other services cannot provide documentation, the procedures in paragraph 4-1d of this regulation for all meals available during the exercise will be applied. The cancelled check (from FAO) will be the individuals receipt for claiming reimbursement at home station.

4-7. Meal card issue for use in the field

a. For the Active Army when field duty is conducted away from home station, laminated meal cards annotated "FLD" must be issued. These meal cards will be issued to enlisted members having their BAS recouped/suspended and to officers who are using payroll deduction action. (See fig 3-3.) The issue date and return date of the meal card will substantiate the start and stop date for enlisted soldiers who are having their BAS recouped/suspended and meals available for officers using payroll deduction.

b. Enlisted Reserve Component soldiers with a red ID card (DD Form 2A (Res)) will use this card for meal authorization. The issue of a meal card (DD Form 714) is not required unless deemed essential by the supporting Active Army unit. When issue of a meal card is required, the Active Army unit establishing the requirement will be responsible for effecting the issue and withdrawal.

c. During field duty at home station, the issue of meal cards annotated "FLD" is not required. Enlisted soldiers and officers(not in an SIK status) will use their DD Form 2A to gain admittance to the dining facility. The last four numbers of the soldier or officer SSN will be used in the meal card number column of DA Form 3032.

Chapter 5 Meal Card Verification and Reporting

5-1. Meal card and entitlement verification policy

a. The MCVO will conduct a meal card verification check in the dining facility according to the procedures shown below. Commanders may increase, but not decrease the survey size or frequency when necessary.

(1) Verify the entitlement of 30 soldiers during a meal.

(2) Complete the DA Form 4550-R (Meal Card Verification Form). (See fig 5-1.) DA Form 4550-R will be locally reproduced on 8 1/2 by 11-inch paper. A copy for local reproduction is located at the back of this publication.

(3) Complete a written narrative report of the meal card verification check.

(4) Forward the completed DA Form 4550-R and narrative report to the appointing commander for review and appropriate action, and to each MOCO, who issued cards to personnel using the dining facility, for subsequent forwarding to the BCO.

b. The frequency of meal card verification and entitlement checks in garrison will be as follows:

(1) Small remote sites and units with an average (based on 10 duty days) per meal headcount of 50 or less will not be required to conduct meal card verification checks.

(2) One check each quarter in units with an average (based on 10 duty days) per meal headcount between 51 and 200.

(3) Monthly checks in units with an average (based on 10 duty days) per meal headcount of 201 or more.

(4) When more than one meal card issuing activity is supported in the same dining facility, only one activity is required to perform the check as prescribed above. The verification check may be rotated among the issuing activities supported within one dining facility.

5-2. Meal card and entitlement verification procedures

a. The MCVO should choose an area near the dining facility exit. Verification should be done in such a manner as to minimize delay of soldiers exiting the facility. Verifications should be conducted on random dates and meals and without advance notice to preclude compromise. Verification will be conducted at the dining facility by physically comparing the soldier's meal card and their Armed Forces Identification Card (DD Form 2A) or recording the soldier's name and unit when they state they paid cash for the meal.

b. The MCVO will complete the meal card verification DA Form 4550-R as follows:

(1) Record the headcounter's name and organization in the remarks section.

(2) Check and record the data on a minimum of 30 soldiers. When the ID card is correct but the meal card does not match, confiscate meal card, record name and organization of the service member and report information to his or her organization commander through command channels.

(3) Compare the names of soldiers who stated they paid cash with the DD Form 1544 (Cash Meal Payment Sheet) to ensure all soldiers who indicated they paid for the meal did in fact pay. The report will reflect the names of soldiers whose signature could not be found on the DD Form 1544.

c. If the MCVO has a problem in identifying the issuing activity for completion of the DA Form 4500-R, the BCO can provide a list of book numbers issued to each organization.

d. Preparation instructions and a completed DA Form 4550-R are at figure 5-1.
