## Instructions

### Who should use Form 433-F?

Form 433-F is used to obtain current financial information necessary for determining how a wage earner or self-employed individual can satisfy an outstanding tax liability.

**Note:** You may be able to establish an Online Payment Agreement on the IRS web site. To apply online, go to <http://www.irs.gov>, click on "I need to pay my taxes," and select "Installment Agreement" under the heading "What if I can't pay now?"

If you are requesting an Installment Agreement, you should submit Form 9465, Installment Agreement Request, along with Form 433-F. (A large down payment may streamline the installment agreement process, pay your balance faster and reduce the amount of penalties and interest charged.)

After we review your completed form, we may contact you for additional information. For example, we may ask you to send supporting documentation of your current income or substantiation of your stated expenditures.

If any section on this form is too small for the information you need to supply, please use a separate sheet.

### Section A – Accounts / Lines of Credit

List all accounts, even if they currently have no balance. However, do not enter bank loans in this section. Include business accounts, if applicable. If you are entering information for a stock or bond, etc. and a question does not apply, enter N/A.

### Section B – Real Estate

List all real estate you own or are purchasing including your home. Include insurance and taxes if they are included in your monthly payment. The county/description is needed if different than the address and county you listed above. To determine equity, subtract the amount owed for each piece of real estate from its current market value.

### Section C – Other Assets

List all cars, boats and recreational vehicles with their make, model and year. If a vehicle is leased, write "lease" in the "year purchased" column. List whole life insurance policies with the name of the insurance company. List other assets with a description such as "paintings", "coin collection", or "antiques". If applicable, include business assets, such as tools, equipment, inventory, and intangible assets such as domain names, patents, copyrights, etc. To determine equity, subtract the amount owed from its current market value. If you are entering information for an asset and a question does not apply, enter N/A.

### Section D – Credit Cards

List all credit cards and lines of credit, even if there is no balance owed.

### Section E – Business Information

### Section H – Monthly Necessary Living Expenses

Enter monthly amounts for expenses. For any expenses not paid monthly, convert as follows:

If a bill is paid ...	Calculate the monthly amount by ...
Quarterly	Dividing by 3
Weekly	Multiplying by 4.3
Biweekly (every two weeks)	Multiplying by 2.17
Semimonthly (twice each month)	Multiplying by 2

For expenses claimed in boxes 1 and 4, you should provide the IRS allowable standards, or the actual amount you pay if the amount exceeds the IRS allowable standards. IRS allowable standards can be found by accessing <http://www.irs.gov> and entering “Collection Financial Standards” in the search field.

Substantiation may be required for any expenses over the standard once the financial analysis is completed.

The amount claimed for Miscellaneous cannot exceed the standard amount for the number of people in your family. The miscellaneous allowance is for expenses incurred that are not included in any other allowable living expense items. Examples are credit card payments, bank fees and charges, reading material and school supplies.

If you do not have access to the IRS web site, itemize your actual expenses and we will ask you for additional proof, if required. Documentation may include pay statements, bank and investment statements, loan statements and bills for recurring expenses, etc.
