

FACT SHEET

STATE DISABILITY INSURANCE (SDI) ONLINE

The Employment Development Department (EDD) Disability Insurance Branch has implemented a new Internet claim filing system, SDI Online. SDI Online is a secure electronic communications and information processing system developed to promote efficiency and reduce costs while following the Health Insurance Portability and Accountability Act (HIPAA) security requirements. This system provides an option to create an online account to submit Disability Insurance (DI) and Paid Family Leave (PFL) claims and forms electronically.

Benefits to using SDI Online

- Improved access to services, claim status, and payment history.
- Reduction in claim processing time.
- Immediate confirmation of claim filed.
- Secure transmission of personal information.
- Reduction in paperwork and overhead.

Who can use SDI Online?

Claimants, employers, physicians/practitioners, physician/practitioner representatives, and voluntary plan administrators can use SDI Online to file claims and related forms.

Claimants filing a claim using SDI Online

To file a claim after you have registered, please visit www.edd.ca.gov/Disability and select the link to “SDI Online Login.” Enter your username and password. Select “File a New Claim” on the Main Menu. On the next screen, select the appropriate benefit claim to complete. Follow the instructions and complete the screens as indicated. Mandatory fields are marked with a red asterisk. You will need:

- Your current employer’s information as stated on your W-2 or paystub.
- Date the disability began.
- Last day worked.
- Your regular work hours.
- Wage information.
- Classification and description of your job.
- Workers’ Compensation information, if applicable.

You are responsible for obtaining a physician/practitioner certification within 30 days.

If you file using the red-colored Optical Character Recognition (OCR) paper form, the receipt number may be obtained by calling the Customer Service Center at 800-480-3287. You may provide the receipt number to your physician/practitioner so the physician/practitioner can file the medical portion of the claim online.

Benefit Payments

New claims have a seven-day, non-payable waiting period for both Disability Insurance (DI) and Paid Family Leave (PFL); benefits start on the eighth day. Most claims are processed within 14 days of receipt of properly completed claim forms. When a claim is qualified for SDI benefit, the benefit payment will be deposited to your EDD Debit CardSM account and an EDD Debit CardSM in your name will be mailed to you.

Communication

Upon your registration, you can choose a preferred method of communication from the EDD about your claim. Items can either be sent electronically to your SDI Online account or via paper mail to your mailing address. If electronic was the chosen method of communication, some communications may still be sent through the U.S. Postal Service if a required form is not available online.

Can I still file a paper form?

Claims may be filed on paper by using the new red-colored OCR form. This new paper form contains additional information that is different from the previous form. It is designed to be scanned so the claimant’s information is loaded into SDI Online for more efficient processing. To order a paper form, visit our website at www.edd.ca.gov/Forms/.

Security Protection

The EDD takes the security of information very seriously; therefore, all data submitted to the EDD using SDI Online is encrypted during transmission and while it is stored.

System Availability

Initial claimant registration is available from 4 a.m. through 12 midnight, 7 days a week.

Initial employer and physician/practitioner registration is available 24 hours a day, 7 days a week.

Once an account is set up, you can access SDI Online 24 hours a day, 7 days a week for most services.
