Changes in the Monthly Report

Aside from several minor changes in the report for 2009-2010 the biggest change is how service project information is collected. In previous years the report asked for all of the individual projects with a small area for the project title. This year the project totals will be entered and there will be room to enter three detailed descriptions for service projects or fundraisers. This detailed information will allow district leadership and Kiwanis International to get more details on the activities of your club as well as integrate the data from the monthly reports with other Kiwanis sites.

Where does the club secretary begin?

We highly recommend that new and returning secretaries read the following:

- KiwanisOne Online Reporting System Registration (page 1)
- Get Started – Online Monthly Reports (page 1)
- Tips: KiwanisOne Online Reporting System 2009-2010 (page 2)

The above information will get new secretaries off to a good start and provide updated information to returning secretaries as well as being a great refresher!

Review of Part 1 – Monthly Report

Because these reports are used internationally you will need to select the currency used in your club. You will find the currency setup dropdown list at the very top of October's report just below the page title. This will only appear on the October report.

Review of Part 2 – Monthly Report

Part 2 of the Monthly Report is a bit shorter in length compared to Part 1. Begin by indicating the **Donations/Contributions** your club has made for the month. Note that if your club's contributions do not fit in to scholarships or the Children's Hospital/Children's Miracle Network category in the **Money Donated** box, place them in the box for **Other Contributions**.
