### When to Make Payment

The tax liability must be paid by the 15th day of the 4th month following the close of the taxable year.

When the due date falls on a weekend or holiday, the deadline to file and pay without penalty is extended to the next business day.

### Penalties and Interest

An extension of time to file a tax return is not an extension of time to pay the tax. If the entity fails to pay its annual tax by the original due date, the entity will incur a late payment penalty plus interest. To avoid late payment penalties and interest, the annual tax must be paid by the 15th day of the 4th month, following the close of the taxable year.
