

Environmental Forms

Forms for Environmental Reports can be found here on the internet:

<https://formsadmin.sc.egov.usda.gov/eFormsAdmin/welcomeAction.do?Home>

Click on the above link and if you are not already on line, it will request your eAuthentication Login before allowing you to proceed to the USDA Service Center eForms. Once you login, the page will open to the **Home Page** where all the eForms can be browsed by number.

1. Request for Environmental Information – Form RD 1940-20

https://formsadmin.sc.egov.usda.gov/efcommon/eFileServices/eFormsAdmin/RD1940-0020_060400V01.pdf

Click on the above link and if you are not already on line, it will request your eAuthentication Login before allowing you to proceed to the USDA Service Center eForms. Once you login, the page will open directly to the **Specific Form** only.

2. Environmental Checklist for Categorical Exclusions – Form RD 1940-22

<https://formsadmin.sc.egov.usda.gov/efcommon/eFileServices/eFormsAdmin/RD1940-0022.pdf>

Click on the above link and if you are not already on line, it will request your eAuthentication Login before allowing you to proceed to the USDA Service Center eForms. Once you login, the page will open directly to the **Specific Form** only.

3. Environmental Assessment for Class I Action – Form RD 1940-21

<https://formsadmin.sc.egov.usda.gov/efcommon/eFileServices/eFormsAdmin/RD1940-0021.pdf>

Click on the above link and if you are not already on line, it will request your eAuthentication Login before allowing you to proceed to the USDA Service Center eForms. Once you login, the page will open directly to the **Specific Form** only.

4. Environmental Assessment for Class II Actions – RD Instruction 1940-G, Exhibit H

<http://www.rurdev.usda.gov/SupportDocuments/1940g.pdf>

Click on the above link and print out pages 103 through 115 on the document counter for a PDF document of instructions.

The easiest approach is to use a previous environmental Class II Word Document and edit it for the specific project. Review the final document and add extra lines within the document to eliminate odd breaks from page to page. Sometime the format of the signature page is awkward due to the length of the body of the text. The signature line and title line fall on different pages. Adjust as required.
