To these ends they agree to implement as far as possible the best management practices recommended by the Soil Conservation Service and to cooperate with that agency's soil and water conservation programs.

Section 6. Default, Possession, Lessor's Lien, Right of Entry, Mineral Rights, Extent of Agreement, Liability

The Lessor and Lessee agree to the following provisions. (Strike out any not desired.)

A. Termination upon default. If either party fails to carry out substantially the terms of this lease in due and proper time, the lease may be terminated by the other party by serving a written notice citing the instance(s) of default and specifying a termination date of ____days from the date of such notice. Settlement shall then be made in accordance with the provisions of Clause C of this section, the reimbursement agreements of Section 5, and any amendments to this lease.

B. Yielding possession. The Lessee agrees at the expiration or termination of this lease to yield possession of the premises to the Lessor without further demand or notice, in as good order and condition as when they were entered upon by the Lessee, loss by fire, flood, or tornado, and ordinary wear excepted. If the Lessee fails to yield possession, the Lessee shall pay to the Lessor a penalty of \$_____per day or the statutory double rent, whichever is less, for each day he or she remains in possession thereafter, in addition to any damages caused by the Lessee to the Lessor's land or improvements, and said payments shall not entitle the Lessee to any interest of any kind or character in or on the premises.

C. Lessor's lien. The Lessor's lien provided by law on crops grown or growing shall be the security for the rent herein specified and for the faithful performance of the terms of the lease. The Lessee shall provide the Lessor with the names of persons to whom the Lessee intends to sell crops grown on these demised premises at least 30 days prior to the sale of such crops. A lesser period may be allowed by mutual written agreement. If the Lessee fails to pay the rent due or fails to keep any of the agreements of this lease, all costs and attorney fees of the Lessor in enforcing collection or performance shall be added to and become a part of the obligations payable by the Lessee.

D. Lessor's right of entry. The Lessor reserves the right personally or by agents, employees, or assigns to enter upon the premises at any reasonable

time to view them, to work or make repairs or improvements thereon, to care for and dispose of the Lessor's share of crops, to develop mineral resources as provided in Clause E below, or, after constructive notice has been given that the lease may not be extended, and following severance of crops, to plow and prepare a seed bed, make seedings, glean corn, apply fertilizers, and any other operation necessary to good farming by the succeeding operator, these operations not to interfere with the Lessee in carrying out the regular farming operations.

E. Mineral rights. Nothing in this lease shall confer upon the Lessee any right to minerals underlying the land. Such mineral rights are hereby reserved by the Lessor together with the full right to enter upon the premises and to bore, search, excavate, work, and remove the minerals, to deposit excavated rubbish, to pass over the premises with vehicles, and to lay down and work any railroad track or tracks, tanks, pipelines, powerlines, and structures as may be necessary or convenient for the above purpose. The Lessor agrees to reimburse the Lessee for any actual damage the Lessee may suffer for crops destroyed by these activities and to release the Lessee from obligation to continue farming this property when development of mineral resources interferes materially with the Lessee's opportunity to make a satisfactory return.

F. Extent of agreement. The terms of this lease shall be binding on the heirs, executors, administrators, and assigns of both Lessor and Lessee in like manner as upon the original parties.

G. Lessor liability. The Lessee takes possession of the leased premises subject to the hazards of operating a farm, and assumes all risk of accidents personally as well as for family, employees, or agents in pursuance of farming operations, or in performing repairs on buildings, fences, tile, and other improvements.

Amendments to the Lease

A. Improvements made by the Lessee at the Lessee's own expense. When the Lessor and Lessee agree that the Lessee may make all or part of an improvement (such as buildings, additions to buildings, major repairs, fences, bathrooms, water systems, etc.) to the farm at the Lessee's own expense and that the Lessee is to be reimbursed for any costs remaining at the end of the lease (less any government payment received by the Lessee for the improvement), the necessary information shall be recorded in one of the following blanks and, after being duly signed by both parties, it shall become a part of the lease above and obligate the Lessor and his or her heirs and assigns to make such reimbursement. Such improvements become the Lessor's property upon completion of the form below. The Lessor thereby assumes the responsibility for property taxes, insurance coverage, and risk of loss.
