## CPA RFQ samples continued

Company Name:  
Contact First Name: Louis  
Contact Last Name:

Contact E-Mail:  
Optional Contact Phone Number:  
State:

Brief Description of Project: The product is a paper sign, 11" x 16", made of 50lb paper, printed on one side. The product will be sold packaged in clear polypropylene, sealed and individually wrapped.

Type of Product: As above.

Packaging Services Needed: The signs will be delivered from the printer. The first step needed is to apply two strips of d-tape (pressure sensitive, reversibly adhesive tape) to the non-printed side along both the 11" sides. The product then needs to be folded in half along the 16" side to create a 8" x 11" product for packaging. The product then needs to be individually packaged in 1.25 mm clear polypropylene and sealed. The polypropylene packaging will have the name of the product printed on the packaging, either through direct printing on the polypropylene or application of a sticker.

Approximate Size of Order: 200,000 initial, 100,000 monthly

Please describe any restrictions (timing/geographic location/regulations): No restrictions. Printed polypropylene bags for packaging can be obtained from a third party vendor if they are not available directly from the packager/finisher.

State:

Brief Description of Project: We are looking for a company to produce single serve snack bags (rear seal, like potato chips) of our products. We have two products, one expected to sell more than the other. 1. Chicharrón (pork rinds) - 3.5 oz (99g), filled bag about 5" x 8". Bulk pack into our cartons. About 50,000 every month. Product would be manufactured and delivered in 20 pound boxes but this can be changed if you need it another way. 2. Churritos (like Cheetos but with sugar on them) - 1.0 oz (28.3g), filled bag about 4" x 6". Bulk pack into our cartons. About 500,000 every month. Product would be manufactured and delivered in 20 pound boxes but this can be changed if you need it another way. We would prefer a packager in the San Diego, Los Angeles, Dallas or Chicago areas because we have contacted manufacturers in those areas. Maggicita's will supply film, food product and cartons. If we could get some preliminary pricing by the end of the week it would be super. Thank you.

Type of Product: Food

Packaging Services Needed: Bagging

Approximate Size of Order: See description

Please describe any restrictions (timing/geographic location/regulations): See description

Brief Description of Project: Production of refrigerator filter bags using form, fill and seal machines with light product assembly.

Type of Product: We are looking to outsource the production of Polar Fresh®, a 100% natural mineral refrigerator filter. It is a similar concept to Baking Soda but does much more. We are a 20 year old company and are planning for a large distribution rollout into several large retail and supermarket chain stores. For a picture of product check out our website: [http://www.polarfresh.com/P\\_AirO2\\_Polar.htm](http://www.polarfresh.com/P_AirO2_Polar.htm)

Packaging Services Needed: 1. Form, fill and seal 10 oz. bag which is made of Tyvek material and filled with the mineral blend. 2. Assemble Polar Fresh® box. 3. Insert the 10 oz. bag and close box ( tuck top with glue to ensure it remains closed) 4. Shrink wrap Polar Fresh® box. 5. Pack Polar Fresh® into master shipper boxes. 6. Palletize & wrap master shipper boxes for transportation.

Approximate Size of Order: Starting at 50,000 going to 1,000,000 units per MONTH

Please describe any restrictions (timing/geographic location/regulations): Our complete request for proposal with more details is available upon request.

Brief Description of Project: We are an organic manufacturer of fertilizer, household cleaning product and pond clarifiers. We are getting ready to launch a new starter fertilzier for the lawn and garden industry. We will be selling to box stores, lawn & garden stores and commerical applicators.

Type of Product: We are looking for a biodegradable or recyclable bag to place the fertilzier into. It would need to be torn at the top of the bag and poured into a watering can or into the hole.

Packaging Services Needed: It will be a colored bag with all the product information on the bag. It should be pegged or it could be able to stand up by itself. The bag should be able to hold 2oz to 4oz of product, maybe larger depending on the print size. If you have a filling and packaging facility that would be a plus.

Approximate Size of Order: Thousands & Thousands

Please describe any restrictions (timing/geographic location/regulations): The bag will hold natural soil bacteria so it needs to be sealed and will not allow moisture to get inside.

Brief Description of Project: We have approximately 50,000 litres of liquid to packaged in to 250 ml to 2 litre containers. This drink is available for bottling mid Mar of this year. Other wise it will be frozen until a co-packer is found. We are located in the Guelph On Can region.

Type of Product: This drink has the consistency of apple juice. The pH is neutral and the sugar level is 3%. There are no additives or preservatives. This is for the Health Drink market and is currently sold in Health food stores.

Packaging Services Needed: We would use glass hot fill but the shelf life would force to have smaller runs spaced throughout the year. Aseptic packaging would be best 1 to 2 litres. We would bottle once a year.

Approximate Size of Order: 50,000 litres

Please describe any restrictions (timing/geographic location/regulations): The liquid is harvested once per year processed or frozen until processed. We are in the Guelph Ontario Canada area.

Company Name:  
Contact First and Last Name: Nick

Contact Title/Function: Project Leader

Brief Description of Project: Contract packaging of a home fragrance product shaped like a pen that requires a complete vapor barrier for each unit (i.e., "pen") and single-serve capabilities for each unit (i.e. "pen") in a 4-up and 6-up package format. We believe a cold foil blister pack, similar to a pharmaceutical package in which one pill is dispensed at a time but 4, 6 or 8 pills are included in a 4"x8" (or so) package, would be ideal. High quality printing capabilities on both sides of the foil (on the front for POS and on the back for usage instructions and UPC) are important; alternatively, a wrap (similar to a gum package) may be acceptable.

Type of Product:

Packaging Services Needed: Complete contract packaging services, but not fulfillment services.

Approximate Size of Order: Significant

Please describe any restrictions (timing/geographic location/regulations): Southeastern US location is preferred. Sense of urgency is high, so quick replies are appreciated.

Company Name:

Contact Title/Function: PURCHASING-BUYER

Contact First and Last Name: TAMI

Brief Description of Project: BAG PARTS FOR OUR CATALOG SALES

Type of Product: STANDARD AND CUSTOM ELECTRICAL AND ASSEMBLY HARDWARE

Packaging Services Needed: INDIVIDUAL BAGS WITH THERMAL LABELING AND/OR PAPER LABELING  
VARIOUS PIECE COUNTS FROM 1 TO 500

Approximate Size of Order: VARIES

Please describe any restrictions (timing/geographic location/regulations): We are a California company which relocated to Idaho. Please visit our website and you will get a clear picture of the variety of parts we manufacture. We currently have our own in house packaging dept. The scope of business has grown to the point we are looking to outsource our packaging. Thank you
