RE: ***Updated CMS 1500 Claim Form version 02/12 accepted effective April 1, 2014***

Dear Provider:

In 2013, the National Uniform Claim Committee (NUCC) announced the approval of an updated CMS 1500 Claim Form (version 02/12) that will accommodate reporting needs for ICD-10 and align with current requirements in the Accredited Standards Committee X12 (ASC X12) Health Care Claim: Professional (837P) Version 5010 Technical Report Type 3.

Effective April 1, 2014, INTotal Health will begin accepting only the updated 1500 Claim Form version 02/12 for claims received on or after April 1, 2014. Please follow the guidelines outlined by the NUCC for completing the new claim form so that your claim will process without rejecting. After April 1, 2014, we will no longer be able to accept or process any claims submitted on the former 08/05 version of the 1500 form due to the claims processing system changes required to accommodate the updated form. We will continue to accept and process all claims on the 08/05 form for claims received prior to April 1st. For more information about the revised 1500 Claim Form, please visit the National Uniform Claim Committee website at www.nucc.org and click on the 1500 Claim Form tab for useful resources including a list of changes between the 08/05 and 02/12 claim versions, Frequently Asked Questions (FAQ) and the 1500 Instruction Manual.

We appreciate your cooperation with this required claim form transition. Please call Provider Services at 1-855-323-5588 with any questions you may have.

Thank You,

INTotal Health

Every Time. Every Touch.
