

SDX V Check Valve

The new SDX V Check Valve has been designed for ease of use, reliable operation and increased profitability

The Delavan SDX V Check Valve transforms the SDX V into an efficient drip free assembly minimizing clean up from continuous flow after the nozzles have been shut off. The SDX V Check Valve is a spring loaded soft seat assembly that opens at 100 psi, 6.9 bar g.

Features and Benefits

- Simplified check valve "non-drip" design, minimising the use of internal o rings for reduced maintenance.
- Hand tighten - no special tools required for assembly
- Uses standard SDX V wear parts
- Overall length has been kept to a minimum
- All the benefits of a non drip check valve with minimal increase in component parts

SDX V Check Valve Description and Part Numbers

Description	Part Number		Material
SDX V Check Valve Body	W21039		Stainless Steel
SDX V Check Valve Cone Faced Body	70°	W20887 - 1	Stainless Steel
	80°	W20887 - 2	Stainless Steel
	90°	W20887 - 3	Stainless Steel
Check Valve Adaptor			
	1/4"	W21040 - 1 W21040 - 5	Stainless Steel
	3/8"	W21040 - 2 W21040 - 6	Stainless Steel
	1/2"	W21040 - 3 W21040 - 7	Stainless Steel
	3/4"	W21040 - 4 W21040 - 8	Stainless Steel
SDX V Check Valve Butt Weld Adaptor	W20998		Stainless Steel
SDX V Check Valve Seat	W20889		Stainless Steel
SDX V Check Valve Spring	W15902		Stainless Steel
SDX V Orifice Disc	W19581 - XXX		Tungsten Carbide
SDX V Swirl Chamber	See Chart		Tungsten Carbide
	W155100164		Silicone
	A313520163		Viton
Body O Ring	W155100222		Silicone
	A313520221		Viton

SDX V Swirl Chamber Part Numbers

Description	Part Number	Material
Swirl Chamber SA	W194720014	Tungsten Carbide
Swirl Chamber SB	W194720022	Tungsten Carbide
Swirl Chamber SC	W194720030	Tungsten Carbide
Swirl Chamber SD	W194720048	Tungsten Carbide
Swirl Chamber SE	W194720055	Tungsten Carbide
Swirl Chamber SF	W194720063	Tungsten Carbide
Swirl Chamber SG	W194720071	Tungsten Carbide
Swirl Chamber SH	W194720089	Tungsten Carbide
Swirl Chamber SI	W194720097	Tungsten Carbide
Swirl Chamber SJ	W194720105	Tungsten Carbide
