BACKFLOW PREVENTION COURSE OBJECTIVE

The Backflow Prevention courses were developed to provide training for the administrators, operators and backflow prevention program employees of public water supply systems. It can also assist water purveyor in meeting the Ohio Administrative Code # 3745-95 backflow prevention requirements.

CONTACT HOURS OFFERED:
OEPA-B463-OM 36.00 hrs.

BACKFLOW REFRESHER COURSE OBJECTIVE

The intent of the Backflow Refresher course is to reiterate the primary concepts, methods and practices that were presented in the initial Backflow Prevention course, along with updates on new information that has developed since you completed the initial course.

CONTACT HOURS OFFERED:
OEPA-B464-OM 8.00 hrs.

INTRO TO BACKFLOW COURSE OBJECTIVE

The principles of backflow, the risks associated with backflow, the public water system’s responsibility under State law, the methods employed to prevent backflow, and be given an opportunity to disassemble a backflow prevention assembly.

CONTACT HOURS OFFERED:
OEPA-B294605-OM 6.00 hrs.

BACKFLOW FOR MANAGERS COURSE OBJECTIVE

The Backflow for Managers course is designed to familiarize Water Department Managers, Backflow Prevention Program Managers, Council, and Board Members with the principles, causes and theory of backflow prevention.

CONTACT HOURS OFFERED:
OEPA-B300461-X 3.25 hrs.

CONTACT HOURS

Contact Hours from this event will be included in the OTCO Student Transcript located at <http://www.ohiowater.org/otco>

OTCO Student ID and PIN Number is needed to access this information. Transcript from OTCO’s website can be used to renew your certification EVEN when audited by the Ohio EPA.

You will receive an “OTCO Certificate of Competency” and Student Identification Card upon successful completion of the course. Keep these as the documentation for your Ohio EPA contact hours. You may also print a copy of your accumulated OTCO contact hours from the OTCO website at ohiowater.org. You will need to enter your OTCO student number and pin number to obtain a copy of your contact hours.

OHIO DOC CERTIFICATION

If you pass this course, you may be eligible to sit for the Ohio Department of Commerce “Certified Backflow Technician” exam. The intent is to create an equal standing between the plumbing industry and the water supplier who must administer the local backflow prevention program.

For this reason the Ohio DOC certification will be unrestricted, but a water supplier must not openly compete with the plumbing industry by testing private isolation principle backflow prevention devices. The water supplier can test only the isolation devices that are located within their city-owned buildings.

Upon successful completion of the Backflow Prevention or Backflow Refresher course, your Instructor will give you an application to submit to the Operator Training Committee of Ohio, Inc., with the applicable fees, if you wish to take the Ohio DOC “Certified Backflow Technician” exam.

If you have any questions pertaining to the technical content of the course, please contact:
