Dolores Slater came forward and held up one of the completed land record books and Town Meeting books from the 1800's. She explained that the company, who must be approved by the State, encapsulates all of the pages, and deacidifies them. They also try to remove any dirt and mend what they can of the pages. They try to restore the documents as much as they possibly can. She noted that she applies for this grant every year; she is trying to get as many documents preserved as possible. A brief question and answer period followed.

Chairman Valletta called for a vote on the above motion, which *carried* unanimously by voice vote.

### **3. Discussion & Possible Action on Authorization for the Mayor to Enter into a Multi-Year Service Agreement with Motorola for Maintenance of the Town's Communication System**

A **MOTION** was offered, by Donald Charette, seconded by Rachel Wisler, to **authorize** the Mayor to Enter into a Multi-Year Service Agreement with Motorola for Maintenance of the Town's Communication System in the amount of \$83,435.49 (**see attached**).

Mrs. Bruce referenced the letter that she submitted in the Council packets and advised that they have put this out for public bid two years in a row and Motorola is the only one who responded (**see attached**). The cost savings is approximately \$6,000 for a three year contract versus going with a one year contract. She stated that it is her recommendation that they enter into a three year contract instead of just one.

Chairman Valletta called for a vote on the above motion, which *carried* unanimously by voice vote.

### **4. Discussion & Possible Action on Bid Waiver Request for Castings for the Road Reconstruction Project**

A **MOTION** was offered, by Rachel Wisler, seconded by Roger Picard, to **approve** the bid waiver request for Castings for the Road Reconstruction Project.

Mrs. Bruce referenced the letter that she submitted in the Council packets regarding the above, and noted that Campbell Foundry were the manufacturers that were specified by the Sewer & Water Department for the drainage system (**see attached**). She noted that they can purchase certain parts from Superior or Target Enterprises, but she finds that they are saving 20% to 25% by purchasing directly from the manufacturer, Campbell Foundry, located in Harrison, NJ. A brief question and answer period followed.

Chairman Valletta called for a vote on the above motion which *carried* unanimously by voice vote.

### **5. Discussion & Possible Action on Authorization for the Board of Education to Enter into a Multi-Year Technology Hardware Lease/Finance Agreement**

Todd Bendtsen came forward and stated that this is their yearly lease for PC's for the schools. He noted that they started this process about five years ago. They got the computers from a State bid in the amount of \$208,575.20, and now they have to finance it. They bid the financing out which came in at 2.43% on a four year lease. He added that Attorney Brian Tynan reviewed the lease and he believes everything looks fine.

A **MOTION** was offered, by James Pape, seconded by Gale Mastrofrancesco, to **adopt** the following resolution: A resolution approving the form of the Lease/Purchase Agreement with Zions First National Bank, Salt Lake City, Utah and authorizing the execution and delivery thereof; Whereas the Town Council of Town of Wolcott and the Wolcott Board of Education acting herein as Lessee has determined that the leasing of the property described in the Lease/Purchase Agreement presented at this meeting is for a valid public purpose and is essential to the operations of the Lessee (the reading of the remainder of the resolution was waived) **{see attached}**.

Attorney Tynan referenced the letter that he submitted in the Council packet and advised that he spoke with Mr. Bendtsen at length regarding this matter, and noted that the Board of Education has budgeted the initial payment (**see attached**). He stated that he would recommend that the Council approve the lease.

Mrs. Wisler inquired if it would be a good idea if a Council Member attended a Board of Education meeting in April and made a recommendation to send items like this out to bid before the budget is approved. Mr. Bendtsen stated that they are always hesitant to put a bid out before their budget has been passed, but in the future, that may be a good idea.

Chairman Valletta called for a vote on the above motion for Resolution #354 which authorizes the Board of Education to Enter into a Multi-Year Technology Hardware Lease/Finance Agreement. The motion *carried* unanimously by voice vote.

RE: Request for Three Year Contract - Motorola Service Agreement

I am requesting that the Town Council approve the purchase of a three year Motorola Service Agreement, valued at \$83,435.49, for the maintenance of the Town's Communication System. The Agreement will be in place through June 30, 2015. In accordance with SEC. 306. (h) of the Wolcott Town Charter, expenditures under the jurisdiction of the Mayor to be made in subsequent Fiscal Years, shall require Town Council approval.

The Finance Office has listed for public bid the specifications for a service contract for the Town's communication system with the results being Motorola the only respondent. They have offered a three year (3) proposal that would result in a cost savings of approximately \$5,914.21 over the life of the contract versus signing a one year agreement for each Fiscal Year. The Town's Communication System consists of Motorola equipment, was constructed under Motorola supervision and will be maintained by trained Motorola authorized personnel.

The cost of the Service Agreement has been apportioned and included in the budgets of the following Departments: Police, Fire, Ambulance and Public Works.

RE: Request for Bid Waiver

Please find enclosed my memo to Mayor Dunn regarding a bid waiver for the purchase of castings which includes frames, covers and risers for Wolcott's drainage system throughout Town. As noted in the memo to Mayor Dunn, when the Town's original drainage system was constructed many years ago, Campbell Foundry castings were specified. The continued use of Campbell Foundry products for our road reconstruction project ensures that the replacement castings are compatible with the drainage system that is in place.

It is my opinion it would be in the best interests of the Town of Wolcott to **not** post a bid for this product. While Campbell Foundry products may be available through retail suppliers, it would be at an additional cost as those suppliers would purchase the products from Campbell Foundry.

RE: Purchase of Castings for Road Reconstruction Project

In accordance with the Wolcott Town Charter, Section 707, paragraph , [c] and [v], it is my opinion that to proceed with the public bidding procedure for the referenced material for the road reconstruction project would not be in the best interests of the Town of Wolcott.

The justification for this recommendation is based on the following:

- When the Town's original drainage system was constructed Campbell Foundry castings were specified per records at the Sewer and Water Department
- The Town Wide road reconstruction project requires replacement of frames, covers and risers for the Town's drainage system (replacement of catch basins, etc.). Purchasing Campbell Foundry castings ensures the product is compatible with our current system.
- Campbell Foundry products may be available from retail suppliers but at an additional cost. Purchasing directly from the manufacturer eliminates the retail markup.

The Road Reconstruction Building Committee has approved Campbell Foundry as the supplier for the above mentioned product.

**RE: Request for Bid Waiver Castings for Road Reconstruction Project**

Chairman David Valletta and Members of the Wolcott Town Council:

I understand that Linda Bruce as the Municipal Finance Officer is requesting a Bid Waiver for the replacement of frames, covers and risers for the Wolcott Drainage System which is currently being repaired or replaced in conjunction with the road re-paving projects in Town. I have discussed the matter at length with Mrs. Bruce and I would concur that it would be in the best interest of the Town of Wolcott to waive the necessity of having formal bids on this particular project. Campbell Foundry Castings was the original company used in accordance with the road specifications of the Sewer and Water Department. To maintain uniformity of the catch basins, etc. it would make the most sense to stay with the same company and have uniform catch basins throughout the Town.

The Town Council is allowed under the Town Charter to waive formal bids. Section 707(c) states that the Council, the Mayor, and all Boards, Commissions and Agencies of the Town shall be required to put out to public bid, all expenditures for any one (1) item or service in excess of \$10,000.00. However, that Section goes on to say notwithstanding the foregoing, certain expenditures shall be exempt from the provisions of the above public bidding procedure with the approval of the Town Council. Section 707 (c) (v) allows for bid waivers, for expenditures for those contracts where in the opinion of .... Municipal Finance Officer.... it would not be practical or in the best interest of the Town to proceed in a manner required by the above public bidding procedures and provided that the Town Council affirmatively determines the adherence of the public bidding procedure would not be practical or in the best interest of the Town of Wolcott.

Mrs. Bruce had submitted a request for Bid Waiver and letter to the Mayor indicating that in her opinion a formal bid procedure would not be in the best interest of the Town of Wolcott as it would make the most sense to award the bid to Campbell Foundry Castings.

I would concur with the Municipal Finance Officer and request that the Town Council waive the public bidding procedures after affirmatively determining that it would not be in the best interest of the Town of Wolcott to go out to a formal bid.

Re: Lease Financing for Technology Hardware

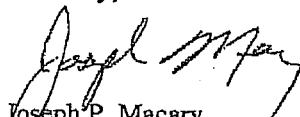

Dear Mr. Valletta,

On June 11, 2012 the Wolcott Board of Education awarded the \$208,575.20 Lease Finance of Technology Hardware Proposal to Municipal Leasing Credit Corporation at an annual rate of 2.43% for a four year lease. I am requesting permission from the Wolcott Town Council to purchase, the Wolcott Public Schools technology hardware on July 2, 2012 consisting of 280 desktops.

I realize this is prior to Town Council approval but is necessary to get the computers up and running by August 29<sup>th</sup>, the first day of school. Due to the Town Council's approval date of the Board of Education's yearly budget and the Town Charter's advertising time-line for bids/proposals, it is nearly impossible to present a lease contract to the Town Attorney for his opinion for the June Town Council meeting. By placing the order after the mid July Town Council meeting, the receipt and installment of the equipment would be delayed causing a disruption to student learning. This process is almost impossible to implement effectively due to the constraints and time-lines.

In advance, thank you for yours and the Town Council's consideration. If you have any questions or need more information, please contact me. Thank You.

Sincerely,

  
Joseph P. Macary  
Superintendent of Schools

**RE: Lease Financing of Technology Hardware**

Dear Chairman Valletta and Members of the Wolcott Town Council:

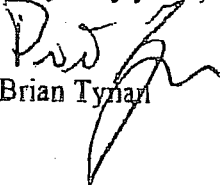

I have reviewed the proposed Contract for the leasing of 295 Dell PC's for the Wolcott School System. I had a number of questions which I asked of Todd Benson, the Board of Education Business Manager. He answered all of my questions to my satisfaction.

In accordance with the Town Charter, the Town Council has to approve Contracts spanning more than one fiscal year even if they deal with purchases of the Board of Education.

This proposed Contract is very similar to the previous Contracts that the past Town Councils have approved. I would recommend that the Wolcott Town Council approve this Contract. I have amended the Resolution that the vendor had supplied to the Board of Education to make it more appropriate for the Wolcott Town Council to approve. That Resolution is attached to this letter.

Thank you very much for your attention to this matter.

Very truly yours,
