

Teacher resume template

A few notes:

- Don't use either the content or the format of this template as an exact model for your resume – you don't want your resume to look like everyone else's from BC, do you?
- There are no rules of resume writing! Nothing in your resume has to match this one – your category headings; how you lay out each job or activity; your format and font; your descriptions – NONE of these has to match this resume.
- Limit your resume to one to two pages (two pages is generally fine for education resumes).
- For more sample resumes, and for ideas on alternative formatting, go to <http://www.bc.edu/offices/careers/skills/resumes/samples.html>
