LAND TRUSTS MADE SIMPLE TRAINING EVENT

LEARN FROM THE MASTER OF LAND TRUST KNOWLEDGE!

(See reverse side for more details)

I am shocked when I meet real estate investors who own property in their own name. All anyone needs is access to the internet and your assets can be discovered easily. This is like taping a copy of your financial statement to your back for the entire world to see. Does this seem smart to you? Of course not! Attend this class and learn how to solve this problem.

Some say "I have insurance to cover my liability exposure." But liability insurance (which I recommend that you carry) does NOT cover all "ADVANCED" liabilities, such as...environmental, fair housing, IRS audits and disputes with tenants, vendors, contractors, buyers, sellers...anyone! Moreover, liabilities may exceed insurance limits. And insurance companies rely on fine print to NOT pay claims.

This Land Trust class will be the most comprehensive trust education you will ever be exposed to. I have 40 years of experience in the real estate business and 30+ years of Land Trust experience. This is NOT a lot of dry legalese, but easy to understand instruction on how to set up and administer your own land trusts AND TAKE THEM TO THE "ADVANCED" LEVEL! You will draft your own ADVANCED Land Trust Agreement in the class as well as learn how to build in those SPECIAL PROTECTIVE FEATURES designed specifically to meet your real estate needs.
