Instructions for Schedule CA (540)

These instructions are based on the Internal Revenue Code (IRC) as of **January 1, 1997** and the California Revenue and Taxation Code (R&TC).

General Information

Differences Between California and Federal Law

Due to California legislation enacted in 1997, California tax law conforms to the Internal Revenue Code (IRC) as of January 1, 1997, and to selected provisions of the federal Taxpayer Relief Act of 1997 (Public Law 105-34). For example, California law and federal law are the same regarding:

- Exclusion of gain on the sale of personal residence;
- New federal Individual Retirement Account (IRA) provisions; and
- Self-employed health insurance deduction.

Specific differences include:

IRC Section 179 expense deduction. The California maximum deduction is \$13,000; the federal maximum deduction is \$18,000. In many cases, this difference also affects the California basis and depreciation deduction for qualifying assets.

IRC Section 197 property. Property qualifying as Section 197 property for federal purposes is also Section 197 property for California purposes. However, for qualifying property acquired before January 1, 1994, the California adjusted basis as of January 1, 1994, must be amortized over the remaining federal amortization period.

Material participation in rental real estate activities. Beginning in 1994, and for federal purposes only, rental real estate activities conducted by persons in a real property business are not automatically treated as passive activities. California did not conform to this provision. See form FTB 3801, Passive Activity Loss Limitations, for more information.

Exclusion for compensation from exercising a California Qualified Stock Option (CQSO). The exclusion is available beginning January 1, 1997, for qualified stock issued on or after January 1, 1997. See instructions for line 7 for more information.

Purpose

Use this schedule to make adjustments to your federal adjusted gross income and to your itemized deductions using California law.

Specific Line Instructions for Part I Income Adjustment Schedule

Column A — Federal Amounts

Line 7 through Line 21 —

Enter on line 7 through line 21 the same amounts you entered on your federal Form 1040, line 7 through line 21 (or on your federal Form 1040A, line 7 through line 13b; or on your federal Form 1040EZ line 1, line 2 and line 3). Also enter the following if applicable:

Line 22 — Total

Combine the amounts on line 7 through line 21.

Line 23 through Line 30a —

Enter the same amounts you entered on your federal Form 1040, line 23 through line 30a (or your Form 1040A, line 15).

Line 31 — Add line 23 through line 30a. However, if you made any of the adjustments described in the instructions for federal Form 1040, line 31 or if you claimed the foreign housing deduction from federal

Form 2555, enter the amount from Form 1040, line 31 on this line.

Line 32 — Total

Subtract line 31 from line 22.

Column B and Column C — Subtractions and Additions

Use these columns to enter subtractions and additions to federal amounts in column A that are necessary because of the differences between California and federal law. Enter all amounts as positive numbers unless instructed otherwise.

You may need one of the following FTB publications to complete column B and column C:

- 1001, Supplemental Guidelines to California Adjustments;
- 1005, Pension and Annuity Guidelines; or
- 1032, Tax Information for Military Personnel.

To order a publication or form, see the back cover of your tax booklet.

Line 7 — Wages, Salaries, Tips, etc.

Generally, you will not make any adjustments on this line. If you did not receive any of the kinds of income listed below, make no entry on this line in either column B or column C.

Active duty military pay. Special rules apply to active duty military taxpayers. Get FTB Pub. 1032 for more information.

Ride-sharing benefits or sick pay received under the Federal Insurance Contributions Act and Railroad Retirement Act. California excludes these items from income. Enter in column B the amount of these benefits included in the amount in column A.

Income exempted by U.S. tax treaties (unless specifically exempt for state purposes also). If you excluded this income from your federal return, enter the excluded amount in column C. If you claimed foreign earned income or housing cost exclusion under IRC Section 911, see the instructions for line 21. Get FTB Pub. 1001 for more information.

Exclusion for compensation from exercising a California Qualified Stock Option (CQSO). To be eligible for this exclusion: your earned income must be \$40,000 or less; the market value of the options granted to you must be \$100,000 or less; and the total number of shares must be 1,000 or less. If you included in federal income an amount qualifying for this exclusion, enter that amount in column B.

Line 8 — Taxable Interest Income

If you did not receive any of the kinds of income listed below, make no entry on this line in either column B or column C. Otherwise, follow the instructions below.

Enter in column B the interest you received from:

- United States saving bonds;
- United States treasury bills; or
- Any other bonds or obligations of the United States and its territories;

Get FTB Pub. 1001 if you received interest income from sources listed below.

- A. Loans made in an enterprise zone (EZ), program area or the Los Angeles Revitalization Zone (LARZ); or
- B. Items listed above passed through to you from S corporations, trusts, partnerships and limited liability companies (LLC's).

Do not make entries in either column B or column C for interest you earned on Federal National Mortgage Association (Fannie Mae) Bonds, Government National Mortgage Association (Ginnie Mae) Bonds, and Federal Home Loan Mortgage Corporations (FHLMC) securities.

Enter in column C the interest you identified as tax-exempt interest on your federal Form 1040 (or Form 1040A), line 8b and which you received from:

- Non-California state bonds;

- Non-California municipal bonds issued by a county, city, town or other local government unit;
- Obligations of the District of Columbia issued after December 27, 1973; and
- Non-California bonds if the interest was passed through to you from S corporations, trusts, partnerships or limited liability companies.

Line 9 — Dividend Income

Generally, you will not make an adjustment on this line. However, certain mutual funds are qualified to pay "exempt-interest dividends" if at least 50% of their assets consist of tax-exempt government obligations. The portion of the dividend income that is tax-exempt will be shown on your annual statement from the mutual fund. If the California exempt-interest dividend amount is more than the federal exempt-interest dividend amount, enter the difference in column B.

Get FTB Pub. 1001 if you received dividend income from:

- Noncash patronage dividends from farmers' cooperatives or mutual associations;
- A federal S corporation that is a California C corporation;
- A controlled foreign corporation;
- Distributions of pre-1987 earnings from S corporations;
- Undistributed capital gains for regulated investment company (RIC) shareholders; or
- Distributed capital gain dividends.

Line 10 — State Tax Refund

California does not tax the state income tax refund you received in 1997. Enter in column B the amount of state tax refund you entered in column A.

Line 11 — Alimony Received

If you are a nonresident alien and received alimony that was not included in your federal income, enter the alimony on this line in column C. Otherwise, make no entry on this line.

Line 12 — Business Income or (Loss)

Adjustments to federal business income or loss you reported in column A generally are necessary because of the difference between California and federal law relating to depreciation methods, special credits and accelerated write offs. As a result, the recovery period or the basis you should use to figure California depreciation may be different from the amount used for federal purposes, and you may need to make an adjustment to your business income or loss. Adjustments are figured on form FTB 3885A and are most commonly necessary because:

Before January 1, 1987, California did not allow depreciation under the federal accelerated cost recovery system, and you must continue to figure California depreciation for those assets in the same manner as prior years.

On or after January 1, 1987, California provides special credits and accelerated write offs that affect the California basis of qualifying assets. Refer to the bulleted list below. Also, California does not conform to certain federal provisions. See the items listed under "General Information."

Note: If any of your business activities is a passive activity that produces a loss, complete form FTB 3801, Passive Activity Loss Limitations (PALS), to figure the passive activity loss allowable under California law.

If you are engaged in more than one business activity, use a separate form FTB 3885A to report the adjustments for each activity.

Line 14 – Other Gains or (Losses)

Generally, you will not make any adjustments on this line. Therefore, you may have to adjust the amount of other gains or losses. Get Schedule D-1, Sales of Business Property, to figure the adjustment.

Line 15 – IRA Distribution

Generally, you will not make any adjustments on this line. However, there may be significant differences in the taxable amount, depending on when you made your contributions to the IRA. Differences may also occur if you changed your residency status after you first began making contributions to your IRA or if your California IRA deductions were different from your federal deductions because of differences between California and federal self-employment income.

If the taxable amount using California law is:

- Less than the amount taxable under federal law, enter the difference in column B; or
- More than the amount taxable under federal law, enter the difference in column C.

Get FTB Pub. 1005 for more information.

Line 16 – Pensions and Annuities

Generally, you will not make any adjustments on this line. However, if you received tier 2 railroad retirement benefits or partially taxable distributions from a pension plan, you may need to make the adjustments described below.

If you received a federal Form RRB 1099-R for railroad retirement benefits and included all or part of these benefits in taxable income in column A, enter the taxable benefit amount in column B.

If you began receiving a retirement annuity between the dates 7/1/86 and 1/1/87 and elected to use the three-year rule for California purposes and the annuity rules for federal purposes, enter in column C the amount of the annuity payments you excluded for federal purposes.

Adjustments to federal income or loss you reported in column A generally are necessary because of the difference between California and federal law relating to depreciation methods, special credits and accelerated write offs. As a result, the recovery period or the basis you should use to figure California depreciation may be different from the recovery period or amount used for federal purposes, and you may need to make an adjustment to your income or loss. For more information about the types of income and deductions that often require adjustments, see the instructions for Schedule CA (540), line 12.

Instructions for Form FTB 3885A

Depreciation And Amortization Adjustments

General Information

Due to California legislation enacted in 1997, California tax law conforms to the Internal Revenue Code as of January 1, 1997, and to selected provisions of the federal Taxpayer Relief Act of 1997 (P.L. 105-34). Get FTB Pub. 1001, Supplemental Guidelines to California Adjustments, for more information on differences between California and federal law for the following items:

Expense treatment for small business (IRC Section 179): The maximum allowed under California law is \$13,000; the maximum allowed under federal law is \$18,000. **Amortization of certain intangibles (IRC Section 197):** Property classified as Section 197 property under federal law is also Section 197 property for California purposes. There is no separate California election required or allowed. However, for Section 197 property acquired before January 1, 1994, the California adjusted basis as of January 1, 1994, must be amortized over the remaining federal amortization period. **Income forecast method of depreciation:** California has not adopted the federal expanded definition of "income" used in the depreciation computation or the recent federal provision that limits the use of this method of depreciation for property placed in service after 8/5/97. **Luxury automobile depreciation limitations for clean fuel and electric vehicles:** California has not adopted the federal modified depreciation limitations for such vehicles placed in service after 8/5/97. **Qualified Indian reservation property:** California has not conformed to the accelerated recovery periods available under the Alternative Depreciation System (ADS) for such property. **Grapevines subject to Phylloxera or Pierce's disease:** For California purposes replacement grapevines may be depreciated using a recovery period of 5 years instead of 10 years.

Purpose

Use form FTB 3885A to figure the adjustment for the difference between the amount of depreciation and amortization allowed as a deduction using California law and the amount allowed as a deduction using federal law. California law and federal law have not always allowed the same depreciation methods, special credits or accelerated write offs. As a result, the recovery periods or the basis on which the depreciation is figured for California may be different from the amounts used for federal purposes. You will probably have reportable differences if all or part of your assets were placed in service:

- **Before 1/1/87.** California did not allow depreciation under the federal accelerated cost recovery system (ACRS), and you must continue to figure California depreciation for those assets in the same manner as in prior years.
- **On or after 1/1/87.** California provides special credits and accelerated write offs that affect the California basis of qualifying assets. California did not conform to all changes to federal law enacted in 1993, and this causes the California basis or recovery periods to be different for some assets.

Differences may also occur for other less common reasons, and the instructions for Schedule CA (540 or 540NR) list them on the line for the type of income likely to be affected. For example, the instructions for Schedule CA (540 or 540NR), line 12, Business Income, list other adjustments you may need to report on form FTB 3885A if you are a sole proprietor. You may also get FTB Pub. 1001 for more information about figuring and reporting these adjustments.

If you are reporting differences for assets related to a passive activity, get form FTB 3801, Passive Activity Loss Limitations for more information about passive activities.

Do not use form FTB 3885A to report depreciation expense from federal Form 2106, Employee Business Expenses. See the instructions for Schedule CA (540 or 540NR), line 37.

Specific Line Instructions

Note: Prepare and file a separate form FTB 3885A for each business or activity on your return that has a difference between California and federal depreciation or amortization. Enter the name of the business or activity in the space provided at the top of the form. If you need more space, attach additional sheets. However, complete Part II, Election to Expense Certain Tangible Property (IRC Section 179) only once.

Part I Identify the Activity as Passive or Nonpassive

Line 1 – Check the box to identify the activity as passive or nonpassive. A passive activity is any activity involving the conduct of any trade or business in which you did not materially participate. Get form FTB 3801 for more information.

If the activity is passive, use this form as a worksheet to figure the depreciation adjustment to carry to form FTB 3801. **Caution:** Beginning in 1994, and for federal purposes only, rental real estate activities of persons in real property business are not automatically treated as passive activities. California did not conform to this provision.

Part II Election To Expense Certain Tangible Property

You may elect to expense part of the cost of depreciable personal property used in your trade or business and certain other property described in federal

Pub. 946, How to Depreciate Property. To do so, you must have purchased property, as defined in the IRC Section 179(d)(2), and placed it in service during 1997, or have a carryover of unused cost from 1996. If you elect this deduction, you must reduce your California depreciable basis by the IRC Section 179 expense. The maximum Section 179 expense allowed under California law is \$13,000.

Complete the worksheet below to figure the Section 179 expense for California. Include all assets qualifying for the deduction because the limit applies to all qualifying assets as a group rather than to each asset individually. **Refer to federal Form 4562 for information.**

1	Maximum dollar limitation for California	1	\$13,000
2	Enter total cost of Section 179 property placed in service during the tax year	2	
3	Threshold cost of Section 179 property before reduction in limitation	3	\$200,000
4	Reduction in limitation. Subtract line 3 from line 2. If zero or less, enter -0-	4	
5	Dollar limitation for tax year. Subtract line 4 from line 1. If zero or less enter -0-	5	
(a) Description of property		(b) Cost	(c) Elected cost
6			
7	Total elected cost of Section 179 property. Add column (c), line 6	7	
8	Tentative deduction. Enter the smaller of line 5 or line 7	8	
9	Carryover of disallowed deduction from 1996	9	
10	Enter the smaller of business income (not less than -0-) or line 5	10	
11	Section 179 expense deduction for California. Add line 8 and line 9, but do not enter more than line 10. Also enter the result on FTB 3885A, line 2	11	
12	Carryover of disallowed deduction to 1998. Add line 8 and line 9. Subtract line 11 from the result.	12	

Part III Depreciation

Line 3 – Complete column (a) through column (f) for each tangible asset or group of assets placed in service during the tax year. Be sure to use the California basis for assets on which you elected to take the Section 179 deduction. It will be the difference between line 6, column (b) and line 6, column (c) of the worksheet in Part II. Be sure to use the California recovery period of 31.5 years if you are depreciating nonresidential real property placed in service on or after 5/13/93, and before 1/1/97.

Line 8a – If line 6 is more than line 7, enter the difference on line 8a.

Nonpassive Activities: Enter this amount on Schedule CA (540 or 540NR) in column B on line 12 for federal Schedule C activities; on line 17 for federal Schedule E activities; or on line 18 for federal Schedule F activities.

Passive Activities: Enter this amount on form FTB 3801, Side 2, California Worksheet, column (e).

If line 6 is less than line 7, enter the difference on line 8b.

Nonpassive Activities: Enter this amount on Schedule CA (540 or 540NR) in column C on line 12 for federal Schedule C activities; on line 17 for federal Schedule E activities; or on line 18 for federal Schedule F activities.

Passive Activities: Enter this amount on form FTB 3801, Side 2, California Worksheet, column (e).

Part IV Amortization

Line 9 – Complete column (a) through column (f) for intangible assets placed in service during the tax year. Be sure to use the California basis and the California recovery period.

Line 14a – If line 12 is more than line 13, enter the difference on line 14a.

Nonpassive Activities: Enter this amount on Schedule CA (540 or 540NR) in column B on line 12 for federal Schedule C activities; on line 17 for federal Schedule E activities; or on line 18 for federal Schedule F activities.

Passive Activities: Enter this amount on form FTB 3801, Side 2, California Worksheet, column (e).

If line 12 is less than line 13, enter the difference on line 14b.

Nonpassive Activities: Enter this amount on Schedule CA (540 or 540NR) in column C on line 12 for federal Schedule C activities; on line 17 for federal Schedule E activities; or on line 18 for federal Schedule F activities.

Passive Activities: Enter this amount on form FTB 3801, Side 2, California Worksheet, column (e).

Instructions for California Schedule D

California Capital Gain Or Loss Adjustment

General Information

Due to California legislation enacted in 1997, California tax law conforms to the Internal Revenue Code (IRC) as of January 1, 1997, and to selected provisions of the federal Taxpayer Relief Act of 1997 (Public Law 105-34). For example, California law and federal law are the same regarding the exclusion of gain on the sale of a personal residence. However, California did not conform to the federal provision that provides that rental real estate activities of persons in real property business are automatically treated as passive activities beginning in 1994. Get form FTB 3801, Passive Activity Loss Limitations, for more information. Also, California does not conform to the federal reduced capital gains tax rates. California taxes capital gains at the same tax rate as other types of income.

Purpose

Use California Schedule D **only** if there is a difference between your federal capital gains and losses and your California capital gains and losses associated with the following:

- Disposition of property that was expensed or depreciated at some time during the period you owned it; California and federal depreciation and property expensing methods were different before 1987 and after 1/1/93 and caused a difference between the California and federal basis;
- Gain or loss on stock and bond transactions;
- Installment sale gain reported on form FTB 3805E, Installment Sale Income;
- Gain on the sale of personal residence where depreciation was allowable;
- Flow-through gain or loss from partnerships, fiduciaries, S corporations or LLC's;
- Distributed and undistributed capital gain dividends;
- Gain from involuntary conversion of capital assets not held for business profit; and
- Capital loss carryover from your 1996 California Schedule D.

For more information about the following, get FTB Pub. 1001, Supplemental Guidelines to California Adjustments:

- Disposition of property inherited before 1987;
- Disposition of S corporation stock acquired before 1987;
- Gain on the sale or disposition of a qualified assisted housing development to low-income residents or to specific entities maintaining housing for low-income residents; or
- Capital loss carryback.

Installment Sales

If you sold property at a gain (other than publicly traded stocks or securities) and you will receive a payment in a tax year after the year of sale, you must report the sale on the installment method unless you elect not to do so. Get form FTB 3805E, Installment Sale Income. Also use that form if you received a payment in 1997 for an installment sale made in an earlier year.

Note: You may elect not to use the installment sale method for California by reporting the entire gain on Schedule D (or Schedule D-1 for business assets) in the year of the sale and filing your return on or before the due date.

At-Risk Rules and Passive Activity Limitations

If you dispose of (1) an asset used in an activity to which the at-risk rules apply, or (2) any part of your interest in an activity to which the at-risk rules apply, and you have amounts in the activity for which you are not at risk, get and complete federal Form 6198, At-Risk Limitations, using California amounts to figure your California deductible loss under the at-risk rules. Once a loss becomes allowable under the at-risk rules, it becomes subject to the passive activity rules. Get form FTB 3801, Passive Activity Loss

Limitations, to see how to report capital gains and losses from a passive activity.

Specific Line Instructions

Line 1 – List each capital asset transaction.

Column (a) – Description of Property

Describe the asset you sold or exchanged.

Capital Gain Distributions. If you receive federal Form 2439, Notice to Shareholder of Undistributed Long-Term Capital Gains, from a mutual fund, do not include the **undistributed** capital gain dividends on Schedule D. However, if you receive federal Form 1099-DIV, Dividends and Distributions, enter the name of the distributing corporation or mutual fund in column (a) and the amount of **distributed** capital gain dividends in column (e). Do not complete columns (b), (c) and (d) for these dividends. Follow the instructions for the remainder of Schedule D.

Column (b) – Sales Price

Enter in this column either the gross sales price or the net sales price from the sale. If you received a Form 1099-B, 1099-S or similar statement showing the gross sales price, enter that amount in column (b). However, if box 2 of Form 1099-B indicates that gross proceeds less commissions and option premiums were reported to IRS, enter that net amount in column (b). If you entered the net amount in column (b), do not include the commissions and option premiums in column (c).

Column (c) – Cost or Other Basis

In general, the cost or other basis is the cost of the property plus purchase commissions and improvements minus depreciation, amortization and depletion. Enter the cost or adjusted basis of the asset for California purposes. Use your records and California tax returns for years before 1987 to determine the California amount to enter in column (c).

If you used an amount other than cost as the original basis, your federal basis may be different from your California basis. Other reasons for differences are:

Depreciation Methods and Property Expensing

- Did not allow the use of ACRS before 1987;
- Did not allow the use of an asset depreciation – range 20% above or below the standard rate;
- Limits expensing of property under IRC Section 179 to \$13,000;
- Permitted rapid write off of property such as solar energy systems, pollution control devices and property used in an EZ, program area, the Los Angeles Revitalization Zone (LARZ) or Local Agency Military Base Recovery Area (LAMBRA).

Inherited Property – The California basis of property inherited from a decedent is generally fair market value (FMV) at the time of death. If you acquired community property as a surviving spouse, get FTB Pub. 1039, Basis of Property – Decedent/Surviving Spouse, for more information.

S Corporation Stock – Prior to 1987, California law did not recognize S corporations. As a result, your California basis in S corporation stock may differ from your federal basis. In general, your California basis will be cost-adjusted for income, loss and distributions received after 1986, while your stock was California S corporation stock. Your federal basis will be cost-adjusted for income, loss and distributions received during the time your stock qualified for federal S corporation treatment.

Special Credits – California law authorizes special tax credits not allowed under federal law or computed differently under federal law. In many instances if you claimed special credits related to capital assets, you must reduce your basis in the assets by the amount of credit.

Other adjustments may apply differently to the federal and California basis of your capital assets.

Figure the original basis of your asset using the California law in effect when the asset was acquired, and adjust it according to provisions of California law in effect during the period of your ownership.

Line 5 – 1996 California Capital Loss Carryover

Enter the amount of your 1996 California net capital loss that was more than the loss limitation.

Line 7 – Net Gain or Loss

If the amount on line 3 is more than the amount on line 6, subtract line 6 from line 3. Enter the difference as a gain on line 7.

If the amount on line 6 is more than the amount on line 3, subtract line 3 from line 6 and enter the difference as a loss on line 7.

Use the worksheet on this page to figure your capital loss carryover to 1998.

Line 8 – If line 7 is a net capital loss, enter the smaller of the loss on line 7 or \$3,000 (\$1,500 if you are married filing a separate return).

Line 11a – Enter the difference on line 11a and on Schedule CA (540 or 540NR), line 13, column B.

EXAMPLES:

Gain on line 9 is more than gain on line 10.

Federal gain on line 9 is	\$10,000
California gain on line 10 is	\$ 6,000
Subtract line 10 from line 9	\$ 4,000

Loss on line 9 is less than loss on line 10.

Federal loss on line 9 is	\$1,000
California loss on line 10 is	\$2,000
Subtract line 9 from line 10	\$1,000

Gain on line 9 and loss on line 10.

Federal gain on line 9 is	\$3,000
California loss on line 10 is	\$3,000
Add line 9 and line 10	\$6,000

Line 11b – Enter the difference on line 11b and on Schedule CA (540 or 540NR), line 13, column C.

EXAMPLES:

Gain on line 9 is less than gain on line 10.

Federal gain on line 9 is	\$ 6,000
California gain on line 10 is	\$11,000
Subtract line 9 from line 10	\$ 5,000

Loss on line 9 is more than loss on line 10.

Federal loss on line 9 is	\$2,000
California loss on line 10 is	\$1,000
Subtract line 10 from line 9	\$1,000

Loss on line 9 and gain on line 10.

Federal loss on line 9 is	\$2,000
California gain on line 10 is	\$5,000
Add line 9 and line 10	\$7,000
