Core Return Shipping Instructions

1. **DO NOT INCLUDE WARRANTY UNITS.**
2. Indicate quantity of cores shipped in columns marked "Good" or Damaged." Final determination of core condition will be made by Haldex.
3. Interchange and upgrade information must be noted on the packing list with core group sold and core group returned to receive proper credit.
4. Freight Policy
 - a. Core return shipments exceeding 500 lbs. can be shipped freight collect via Haldex's approved carriers (UPS Freight 1-800-333-7400 or Fedex National LTL 1-866-393-4585). Core return shipments under 500 lbs. must be shipped freight prepaid. Refer to L20220W Core Return Section [www.haldex.com - Policies] for complete details.
 - b. All material must be packed in suitable containers and shipped to the appropriate location (See #7).
 - c. The bill of lading, covering return freight, must be marked "Used Truck Parts NMFC 106610.
5. Cores that are acceptable for core credit are shown in the Core Acceptance List in L00036 [www.haldex.com - Policies].
6. Due to processing time requirements, cores received in the Haldex facility five (5) days prior to Haldex's month-end date will be reflected on the next month's report.
7. Core Return Locations:

U.S. Customers Haldex Brake Products Corporation 5334 Highway 221 South Marion, NC 28752 USA Phone: (828) 652-9308	Canadian Customers Haldex Limited 500 Pinebush Road, Unit #1 Cambridge, ON N1T 0A5 CANADA Phone: (519) 621-6722
--	---
8. Damaged Core Abbreviation Codes. Each code represents a percentage reduction from dollar amount of core return. Refer to L00036 Distributor "Sight-Check" Guidelines for complete details [www.haldex.com - Policies].
