

Destination Wedding Timeline & Checklist

Destination Weddings are weddings that take place away from where the bride and groom live. They happen in some of the most exotic and wonderful places in the world. These types of non-traditional weddings provide the bride and groom with dreamy settings, while doubling as an opportunity for guests to experience a place they have never been before. But, because destination weddings mean traveling far away from home, the bridal couple and their guests may need additional time for all planning components. They must also apply a little more due diligence on research side than they would do for a traditional wedding.

Following is a destination wedding timeline which can be modified to suit your individual destination wedding vision.
