**Mr Saleh Abbas**

**MD, FRACS**

Geelong Private Hospital is pleased to profile and welcome one of its Visiting Medical Specialists.

Mr Abbas is a consultant general surgeon with a subspecialty in hepato-biliary and pancreatic surgery. He completed his training at the University of Baghdad and then further consolidated this training in Auckland, New Zealand with the completion of his doctoral degree. Mr Abbas has lectured in Baghdad, Auckland and Otago and is currently the senior lecturer at Deakin University Geelong.

Mr Abbas is highly passionate about his work, in particular, working towards discovering cures for pancreatic and liver cancers.

Mr Abbas offers a broad spectrum of services including;

- General surgery
- Endoscopic surgery
- Hepato-biliary & pancreatic surgery
- Laparoscopic surgery
- Upper GI surgery
- Sentinel node biopsy
