

Join us for our Heart Truth speaking tour

Heart disease is the number one killer of women. You may be at risk. That's why Vidant Health, East Carolina Heart Institute and our physician partners are working together to offer risk assessments, screenings, education and advanced treatment options. Our goal is to improve the heart health of women in eastern North Carolina – women like you.

Learn more and celebrate American Heart Month at one of our Heart Truth speaking tour events during the week of February 24-28.

Keynote speaker Tracey Conway

Register for your local stop on the Heart Truth speaking tour

About our keynote speaker

Dying onstage is the last thing you'd expect from an Emmy Award winning actress and comedienne. But only minutes after filming her comedy television show, Tracey Conway literally dropped dead from sudden cardiac arrest. Her chances of survival were barely one in 20, but after six defibrillator shocks, paramedics brought her back to life. Her lively and poignant story will touch and inspire you.

Enjoy heart-healthy foods and get a free "Red Dress Kit" at every event.
