

Salahaddin F1

- Indeterminate
- Tall, vigorous plant of vegetative type with medium-sized dark green, horizontal or slightly raised leaves
- Simple, compact cluster with 6-8 fruits
- Fruits: flat-round (index 0,8-0,9), bright red, very firm, smooth or slightly ribbed, with 4-6 cavities, with indistinct green shoulders
- High fruit setting in any growing conditions
- Suitable for long-term storage and transportation

! High uniformity and perfect shape of fruits
! Good for cluster harvesting

Variety	Culture type	Fruit shape	Fruit weight (g)	Maturity (days from seedling to harvest)	Resistance
<u>Salahaddin F1</u>	Glass/plastic film greenhouses (inc. small volume hydroponics)	Flat-round	140-160	Mid-early (105-110)	ToMV, Ff 1-5, Fol 1-2, Va, Vd, Ma, Mi, Mj; fruit cracking
