USICH Mission

*Coordinate the federal response to homelessness and create a national partnership at every level of government and with the private sector to **reduce and end homelessness** in the nation while **maximizing the effectiveness** of the federal government in contributing to the end of homelessness.*

HEARTH Act of 2009

Opening Doors

- Nation's first-ever comprehensive strategic plan to prevent and end homelessness.
- Four goals:
 - 1) Finish the job of ending **chronic** homelessness by 2015.
 - 2) Prevent and end homelessness among **Veterans** by 2015.
 - 3) Prevent and end homelessness among **families, youth, and children** by 2020.
 - 4) Set a path to ending **all** types of homelessness.

The Plan

1. Increase leadership, collaboration, and civic engagement.
2. Increasing the supply of and access to housing
3. Increase economic security
4. Improve health and stability
5. Retool the homeless crisis response system

Housing, Housing, Housing

- *Opening Doors* calls for an a shift in emphasis to mainstream resources.
- PHAs control significant amount of housing resources in the community.
- PHAs have expertise and knowledge of local housing market.
- PHAs are *critical partners* in the effort to prevent and end homelessness.

The Role for PHAs

- Be at the planning table
- Build community's supportive housing stock through conversion of Section 8 vouchers.
- Adopt and sustain commitment to deep targeting.

The Role for PHAs

Review and streamline administrative policies and procedures.

- ✓ How many trips to the PHA are required?
- ✓ What type of documentation do you require; is all of it necessary?
- ✓ How is the waiting list managed?
- ✓ How do you communicate with applicants (particularly those that do not have a permanent mailing address)?
- ✓ Can steps be done concurrently instead of sequentially?
- ✓ Is there a way to share information across public agencies more efficiently?
- ✓ Can VASH processes/procedures be coordinated with other PHAs in the area?

The Role for PHAs

Review and mitigate eligibility barriers

- ✓ Criminal history
- ✓ Credit check
- ✓ Income/security deposit requirements
- ✓ Back payments owed to PHA

- Improve community perception of PHA by targeting special needs populations (i.e. veterans)
- Offer services to support housing stability
 - All PHAs already have hard to serve populations among existing tenants

PHA Opportunities

- Section 8 and Public Housing rent subsidies can serve extremely low income households
- Incremental new vouchers all target special populations, many homeless
 - VASH, FUP, and Non-elderly disabled vouchers
- Existing relationships with private landlords

PHA Concerns

- Negative community perception
- Landlord acceptance of Section 8 program
- Lack of adequate services for hard to serve populations
- Cuts to administrative fees

Final Thoughts

- Talk to your Housing Authorities
- Opportunities do present themselves
- Bring resources
- Appreciate Landlord risk issues
