

EMPLOYEE MONTHLY TIMESHEET FOR PAY PERIOD ENDING: MM/DD/YYYY ETV7ALP, ETV7RDC

REPORT PURPOSE

The reports display the reported time and attendance for the pay period for employees who use e-Time or On-line Daily Time (ODT).

OSPA maintains electronic time and attendance records for three months. The U.S. Fair Labor Standards Act (FLSA) requires a retention period of three years for timesheets for FLSA non-exempt employees. OAR 166-300-0035(3) Employee Time Records sets a retention period of four years for employee time records.

This report or a datamart query (see Datamart Associations below) may meet those retention requirements.

REPORT FREQUENCY

OSPA produces the reports after each final run 2.

For agencies using ODT, after each final payroll run 2, OSPA produces two additional reports:

- ETV8N List of Daily Timesheets without a Supervisor Lock

For employees on ODT, managers approve their time by locking it on the P006 Payroll Time Capture – Supervisor Entry Menu screen. If the supervisor has not locked the employee’s time, agency payroll may choose to print the ETV7ALP or ETV7RDC report for that employee and ask the employee and manager to sign it.
