

CACI – Bladder Cancer Worksheet (Updated 08/26/2015)

The Examiner must review a current status report by the treating physician and any supporting documents to determine the applicant's eligibility for certification. If the applicant **meets ALL the acceptable certification criteria** listed below, the Examiner can issue. Applicants for first- or second-class must provide this information annually; applicants for third-class must provide the information with each required exam.

AME MUST REVIEW	ACCEPTABLE CERTIFICATION CRITERIA
A current status report from the treating physician. If it reveals: <ul style="list-style-type: none"> • Condition is stable; • If recurrence, there has been NO spread outside the bladder; • There is no current or historic evidence of any metastatic disease or muscle invasion; • Active treatment is completed (chemotherapy/radiation, etc.) and no new treatment is recommended at this time; and/or • If surgery has been performed, the airman is off pain medication(s), has made a full recovery, and has been released by the surgeon. 	<input type="checkbox"/> Yes
Symptoms	<input type="checkbox"/> None
Current treatment Notes: If it has been 5 or more years since the airman has had any treatment for this condition, with no history of metastatic disease and no reoccurrence, CACI is not required. Note this in Block 60. (See disposition table.) If the airman is currently on chemotherapy or radiation treatment, defer the exam. (See disposition table.)	<input type="checkbox"/> None or maintenance intravesical BCG or mitomycin. (If these medications are used, the airman should not fly until 24 hours post treatment and asymptomatic.)

AME MUST NOTE in Block 60 one of the following:

CACI qualified Bladder cancer.

Not CACI qualified Bladder cancer. Issued per valid SI/AASI. (Submit supporting documents.)

NOT CACI qualified Bladder cancer. I have deferred. (Submit supporting documents.)
