**EFFECTIVE DATE:** July 30, 2007

## I. GENERAL INFORMATION

**A. Background:** Before conversion to the Healthcare Integrated General Ledger Accounting System (HIGLAS), Medicare contractors were required to file the Centers for Medicare & Medicaid Services (CMS) Form CMS 1521, Contractor Draws on Letter of Credit, and the Form CMS 1522, Monthly Contractor Financial Report each month via the Contractor Accounting and Financial Management System (CAFM). After conversion to HIGLAS, transactions are integrated into the general ledger and those reports are no longer needed. These instructions and reports are designed to provide a reconciliation of Medicare program cash benefit payments between CMS, the contractors on HIGLAS, and the banks of contractors on HIGLAS.

## **520 - Instructions for Completion of the Contractor's Monthly Bank Reconciliation Worksheet**

**(Rev. 125; Issued: 06-29-07; Effective/Implementation Dates: 07-30-07)**

### **BACKGROUND**

*Before conversion to the Healthcare Integrated General Ledger Accounting System (HIGLAS), Medicare Contractors (MC) were required to file the Centers for Medicare & Medicaid Services (CMS) Form CMS 1521, Contractor Draws on Letter of Credit, and the Form CMS 1522, Monthly Contractor Financial Report each month via the Contractor Accounting and Financial Management System (CAFM). These reports are designed to provide a reconciliation of Medicare program cash benefit payments between CMS, the contractors, and the contractors' bank. After conversion to HIGLAS, transactions are integrated into the general ledger and those reports are no longer needed.*

*For non-HIGLAS MCs, the Form CMS 1521 reports the amount of "payment vouchers drawn during the month," which is an aggregate total of funds drawn down from the Federal Reserve by the contractor's bank each day during the month. The draw downs are used to fund Medicare benefit payments and are based on current benefit payment and overpayment activity. In HIGLAS, the draws are recorded directly into the general ledger in account 119504, OTR Mon Aset-Contr LOC Dep.*

*For non-HIGLAS MCs, the Form CMS 1522 reports all monthly paid claim (i.e. benefit payments) and non-claim transactions (i.e. periodic interim payments (PIP), accelerated payments, settlement payments, interest income, and expenses) which, when netted, account for "total funds expended" for the month. At the contractor level, "total funds expended" is the sum of all checks drawn and electronic fund transfer payments issued during the calendar month less voided checks, overpayment recoveries, and other adjustments as necessary. CMS uses certain information from this report to prepare its financial statements.*

*The Contractor's Monthly Bank Reconciliation Worksheet (Worksheet) is designed to provide a monthly reconciliation of the Medicare Contractor's benefit and time account activity to the CMS Monthly Balance Sheet and Summary 2 Trial Balance.*

*In HIGLAS, The Medicare Contractor bank reconciliation process is comprised of reconciling the bank cleared check payments, the bank settled EFT payments, Zero Dollar payments (Checks and EFTs) and creating and reconciling miscellaneous transactions. The claim payments are adjudicated in the shared system (FISS and MCS) and interfaced into HIGLAS. Payments are processed in HIGLAS and the relevant payment and remittance information is sent to the shared systems. The bank cleared check payments, bank settled EFT payments, Zero Dollar payments, and miscellaneous transactions are maintained for each bank account in a separate bank statement for each day.*

### **DUE DATE**

*Contractor shall provide a copy of the Worksheet electronically to the appropriate CMS regional office Associate Regional Administrator (ARA) for the Division of Medicare Financial Management by the 15<sup>th</sup> day of the following month and shall be submitted electronically to Hlglasbankrecon@cms.hhs.gov. All bank statements and other internal reports used to complete the Worksheet shall be maintained for three years and made available upon request for audit and review by CMS financial personnel and other external auditors. Internal reports may be saved as text files.*

#### **Section D. Disbursements in Transit**

Disbursements in Transit is the HIGLAS term for what is commonly referred to as outstanding checks and EFTs. This section is a verification of general ledger account 212001-A/P Disbursement in Transit and the line item in the balance sheet liability section- Disbursements in Transit. The Disbursements in Transit Reconciliation is a proof of the balance of the Disbursements in Transit amount as of the end of the current month, starting from the month's beginning balance of the CMS Cash in Transit Report and computing the ending balance using HIGLAS summary reports and bank statement information. The total of the computed CMS Cash in Transit Report as of the end of the month is then compared to the ending balance of the Actual CMS Cash in Transit Report, the ending balance of the Disbursements in Transit in the trial balance and the month end balance of Disbursements in Transit line in the balance sheet. The contractor shall enter all amounts in Lines 1a through 1f as positive numbers. The contractor shall enter a positive number in Line 1g if the amount is intended to be added to the total in Line 1h and shall enter a negative number in Line 1g if the amount is intended to be subtracted from the total in Line 1h.

#### **Line 1. HIGLAS Cash in Transit Report Reconciliation – (Title)**

**Line 1a. HIGLAS Cash in Transit Report – End of prior month** – Contractor shall enter the grand total from the prior month end CMS Cash in Transit Report. This is the beginning balance for the reconciliation.

Less: Checks and EFTs voided in HIGLAS (excluding false confirms)** – Contractor shall enter the total checks and EFTs voided during the current month per the total of the CMS AP Daily Voids Report for the current month less the amount of false confirms. This net amount of checks voided during the month is a subtraction to the disbursements in transit.

**Line 1f. Less: Checks and EFTs honored by the bank** – This is an amount computed by the template. It is the sum of the checks and EFTs entered on lines 1f and 1g of Section A. The checks and EFTs honored by the bank are subtractions to the disbursements in transit. Contractor shall make no entry on this line.

**Line 1g. Add/(Less): Bank payment adjustments (Briefly explain in Section E. Remarks in the section labeled Section D, Line 1g)** – This is an amount of checks and EFTs that have not been reconciled in HIGLAS because the bank charged a different amount or bank adjustments that the contractor has not had time to enter in HIGLAS before the month close. This can be a positive or negative amount. The contractor shall enter zero if there are no bank payment adjustments in this status.

**Line 1h. Calculated HIGLAS Cash in Transit – End of current month** – This is an amount computed by the template. It is the net result of the additions and subtractions to the beginning balance of the HIGLAS Cash in Transit Report. This amount should reconcile to the balance of account 212001 A/P Disbursement in Transit (Section D, Line 2a, Column D), the balance sheet line item amount, Disbursement in Transit (Section D, Line 4a, Column D) and should equal the actual HIGLAS Cash in Transit Report as of the end of the current month. Contractor shall make no entry on this line.

**Line 1i. Actual HIGLAS Cash in Transit – End of current Month** – Contractor shall enter the total checks and EFT's outstanding at the end of the current month per the total of the CMS Cash in Transit Report run in HIGLAS as of the last day of the current month after all transactions affecting the report for the month have been entered.

Disbursements in Transit*** – *The template adds the balance of the Disbursements in Transit line in the balance sheet for the three funds, General, SMI and HI to obtain the total Disbursements in Transit for the current month per the balance sheet. Contractor shall enter the balance of the Disbursement in Transit line of the balance sheet for each fund for the current month. Fund 050720, General Fund, is entered in Line 3a, Column A; Fund 050960, SMI Trust Fund, is entered in Line 3a, Column B; Fund 050961, HI Trust Fund is entered in Line 3a, Column C. The formula for the sum of Line 3a, Columns A, B and C has been entered in Line 3a, Column D. Contractor shall not make an entry in Line 3a, Column D.*

***Line 4. Differences – (Title)***

***Line 4a. Difference – Trial Balance and Actual HIGLAS Cash in Transit Report total*** – *The template computes the difference between Section D Line 2a Column D and Section D Line 1i.
