Bring to Your Health Care Provider Appointment

- This Form
- Yellow immunization card
- Other proof of immunization

Hint: From your local public health unit in the area that you lived when you received high school and elementary school immunizations.

Important - Please make sure this form is completed in all of the following sections:

<u>Section "A":</u> Mandatory Medical Requirements: Take this form to your primary health care provider (physician or nurse practitioner). Must be completed by your health care provider (physician or nurse practitioner).

Ask your health care provider to:

- Complete all of Section "A",
- Complete all shaded areas,
- Provide you with proof of immunization and/or lab blood results for identified sections,
- Sign and date at the end of the section.

Section "B": Other - Mandatory Medical Requirements: Must be completed by you, the student.

Section "C": Non - Medical Requirements: Must be completed by you, the student.

Section "D": Student Agreement: Must be completed by you, the student.

Section "E": Completed by Requisite Program Nurse.

Complete the Checklist on the Last Page to Make Sure You Have Everything Before You Make Your Appointment With the Requisite Nurse

Section "A" Medical Requirements

Section A: Medical Requirements – Mandatory

Instructions for Physician/Nurse Practitioner: Please read carefully

Thank you for your cooperation with the immunization process for our student registered in this program. For the protection of students, patients and external clients, students must provide documented proof of immunization. Immunization requirements listed before each section follow the standards outlined in the Canadian Immunization Guide, 6th Edition, the Canadian Tuberculosis Standards and the OHA/OMA Ontario Hospitals Surveillance Protocols. The required information with exact dates (yy/mm/dd) and signature for each requirement must be recorded directly on this Clinical Pre-placement Health Form in the shaded areas provided. Please also provide an attesting signature at the end of the form. Failure to complete in its entirety and submit this form by the required deadline, will exclude student from their clinical/field placement.

Please ensure you have reviewed, completed and signed the required shaded areas in Section A.

Measles Mumps and Rubella (MMR)

Instructions

A lab blood test must be obtained for evidence of immunity. Copies of lab results must be provided for all three of the mandatory lab results. A MMR vaccine is required if there is a negative, non-reactive, or indeterminate MMR titre lab results. The Student must provide documented proof that they have received the MMR vaccine. If an MMR vaccine is given, repeat lab work in 6 - 8 weeks and **provide a copy of the lab results** (numerical values).

Mandatory Lab Report/Results (Attach laboratory blood report for each)

Tuberculosis Screening

Instructions

1)

All students must have documented proof of a Two-Step TB Mantoux skin test. If proof is not available for the Two-Step Mantoux skin test or if it has not been completed previously, then the student must receive an initial Two-Step TB Mantoux skin test.

- 2) Mantoux testing must be completed prior to the administration of any live vaccines (i.e. MMR, IPV) **OR** defer skin testing for 4 to 6 weeks after the vaccine is given.
- 3) If a student was **positive** from a previous Mantoux Two-Step skin test and/or has received TB treatment, the health care provider must complete an assessment and document below if student is free from signs and symptoms of active tuberculosis.
- 4) Any student who has proof of a previous negative Two-Step, must complete a One-Step.
- 5) For any student who tests positive for the first time:
 - **a.** Include results from the positive Mantoux screening (mm of induration),
 - **c.** Indicate any treatments that have been started,

- **b.** A chest x-ray is required and the report must be enclosed in this package,
- **d.** Complete assessment and document on form if the student is clear of signs and symptoms of active TB,
- e. The responsibility for follow up lies with the health care provider as per the OHA/OMA Communicable Disease Surveillance Protocols.

Results

Initial Two-Step TB Test Mantoux – Mandatory	Date Given	Date Read (48-72 hours from testing)	Result: Induration in mm	Must provide proof of One-Step and Two-Step TB skin test results	
One-Step				and two step 12 skin test results	
Two-Step (7-21 days after One-Step)					
Annual One-Step (If the initial Two-step TB skin test has been completed with negative results, complete one-step only)				For Requisite Nurse Use Only	
Does this student have signs and symptoms of active	TB on physical exan	n?	Yes No	Cleared

Section "D" – Student Agreement

Section D - The Student Agreement

I confirm that I have read this form and understand its purpose and the nature of its content. In particular, I understand that in order to comply with the Public Hospitals' Act and Ontario Hospital Association protocol, I need to demonstrate that certain health standards have been met in order for me to be granted student placement.

I understand that I must have all sections of this form fully completed and reviewed by the ParaMed Requisite Program by the identified due date. Failing to do so, may jeopardize my consideration for any student placement. All costs incurred for completion of this form are my sole responsibility.

Should it be requested, it is my responsibility to share relevant information from this form with a hospital, nursing home, or other clinical placement agency

relating to my program.
