BILL EXPLANATION

MONTHLY SERVICE is the total amount charged for your monthly service plan and other monthly charges such as custom calling features.

USAGE CHARGES are the amounts charged for cellular airtime and local or long distance toll. The airtime per minute is charged according to the rates of your monthly service plan.

OTHER CHARGES AND CREDITS are typically one - time amounts applied to your bill for items such as equipment purchases, labor related charges, and/or account maintenance charges. Network Surcharge (a fee associated with placing and receiving calls) as well as Premium Content (such as messaging, games, and Tone Room Deluxe) are also included in this section.

ROAMING CHARGES are the amounts charged for cellular service when traveling outside of the local service area. These charges include daily surcharges as well as airtime and long distance toll. Additional processing may result in a one to two months billing delay of these charges.

APPLICATION CHARGES include the fees for purchase of individual applications (one time unlimited, monthly subscription, pay-for-use, etc.).

DATA NETWORK USAGE CHARGES are the amounts charged for transferring of data (i.e., downloading applications, accessing the Internet, etc.). These charges will be based on kilobyte and/or megabyte usage.
