March 26, 2010

To the Citizens of the Village of Palmetto Bay, Florida And Other Interested Parties:

State law requires that all general-purpose local governments publish within one year of the close of each fiscal year, a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States (GAAP) and audited in accordance with generally accepted auditing standards and government auditing standards by a firm of licensed certified public accountants. Additionally, the Village's charter requires an annual independent audit of the books of accounts, financial records and transactions of all departments of the Village by independent certified public accountants. Pursuant to these requirements, we hereby issue the Comprehensive Annual Financial Report (CAFR) of the Village of Palmetto Bay for the fiscal year ended September 30, 2009.

This report consists of management's representations concerning the finances of the Village of Palmetto Bay. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the Village has established a comprehensive internal control framework that is designed both to protect the Village's assets from loss, theft or misuse, and to compile sufficient reliable information for the preparation of the Village of Palmetto Bay's financial statements in conformity with GAAP. Since the cost of internal controls should not outweigh their benefits, the Village's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Village's financial statements have been audited by MarcumRachlin, a division of Marcum LLP, a licensed certified public accounting firm. The goal of the independent audit was to provide reasonable assurance that the Village's financial statements for the fiscal year ended September 30, 2009, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon their audit, that there was a reasonable basis for rendering an unqualified opinion that the Village of Palmetto Bay's financial statements for the fiscal year ended September 30, 2009, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Village of Palmetto Bay's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

The Village of Palmetto Bay is the 33rd incorporated municipality in Miami-Dade County. Its borders are SW 136th street to the north, US 1 to the west, Biscayne Bay to the east, and SW 184th street to the south. The Village is approximately eight square miles, comprised primarily of residential properties, and its business district concentrated along the US 1 corridor.

The Village of Palmetto Bay was incorporated in 2002 and operates under the Council/Manager form of government. The Village Council is comprised of the Mayor, Vice-Mayor, and three Council Members elected village-wide. The Mayor and Council Members term is for four years with a maximum of eight consecutive years. The Village Council is responsible for enacting laws (resolutions, ordinances and regulations) governing the Village, as well as appointing the members of various advisory committees, and hiring the Village Manager, Village Clerk and Village Attorney. The Village Manager is responsible for enforcement of all laws, provisions of the Charter and directives of the Council, appointment of department heads, and oversight of the operations of the Village.

The Village operates with a small, highly qualified core staff, and outsources several major functions including police protection, public works construction, and building inspections. The Village maintains a close working relationship with Miami-Dade County for such services as refuse collection, debris cleanup, fire protection, and libraries. The Village also works closely with all public and private schools serving village residents.

The Mayor and Council Members are also the Board of Directors for the Palmetto Bay Foundation, Inc. The purpose of the Foundation is to raise the educational and quality of life concerns of the residents of the Village of Palmetto Bay, and to foster and promote community wide interest and concern for the history and preservation of the Village of Palmetto Bay. The Foundation is presented as a blended component unit in the financial statements.

The annual budget serves as the foundation for the Village of Palmetto Bay's financial planning and control. All departments of the Village are required to submit proposed budgets to the Village Manager, who then makes any necessary revisions. The Village Manager then presents to the Village Council for their review, a budget estimate of the revenues and expenditures of all the Village's departments. Two public hearings are conducted to inform the taxpayers of the proposed budget and to receive their comments. A majority affirmative vote of the quorum is needed to adopt the budget, which is legally enacted prior to October 1 by the passage of an ordinance. The Village's budget is approved at the department level. The Village Manager may amend the adopted budget for adjustments within a department administratively, but the Village Council must approve all budget adjustments between departments. Supplemental appropriations of revenues in excess of the adopted budget may be appropriated by the Council by way of an ordinance. Budget-to-actual comparisons are provided in this report for the general fund for which an appropriated annual budget has been adopted.

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the Village of Palmetto Bay operates.

Local Economy

The Village of Palmetto Bay is a medium-sized municipality serving approximately 25,000 citizens. The majority of the Village's ad-valorem taxes are derived from its residential properties with an average home value of \$469,537, which was a 5% decline from prior year. The foundation of Palmetto Bay is its low-density residential development that serves as housing for employment centers north of the Village. Commercial and office uses are primarily oriented towards the U.S. 1 corridor and consists of ten major auto dealerships, several large-box retailers, retail shopping plazas, and multiple office buildings. Two other concentrations of commercial uses are located in the eastern portion of the Village and include retail service uses and a class A office park development.

Long-Term Financial Planning and Major Initiatives

The Village has approved a new zoning district encompassing 330 acres known as the Franjo Triangle and U.S. 1 Island area. The new mixed-use district includes commercial, office and residential users. The County has a water and sewer infrastructure expansion project slated for completion in 2011, which will assist in attracting developers to the area. In the middle of the redevelopment area is Palmetto Bay Park, which is a newly expanded 25-acre park. It has six softball fields which are Amateur Softball Association (ASA) and United States Specialty Sport Association (USSSA) approved tournament fields, multi-purpose courts, a skate park, and one of the largest boundless playgrounds in the nation. The Palmetto Bay Branch Public Library and Palmetto Bay Community Room at Ludovici Park project was also completed this year. The project represents the first actual building constructed by the Village, housing a 5,000 squarefoot neighborhood library and a two-story 2,100 square-foot community room adjacent to the passive Ludovici Park. Other projects currently underway include the redevelopment of the historically-significant Thalatta Park from a private property to a public park to provide a venue for outdoor functions, the construction of a new concession building at Coral Reef Park and the construction of a new Village Hall in the middle of the above mentioned redevelopment area. The Village Hall will be 25,000 square feet platinum LEED certified. We have been getting inquiries from universities to use this as a study project, and financial assistance has been requested from the Federal and State Departments of Energy. Eventually the building will not require any external sources of energy, and will be one of the first governmental buildings to have accomplished this. Economically this will be the stimulus for the redevelopment for the area. The second phase of the Village Hall complex is a parking garage and mixed used project.

Since incorporating in 2002 the Village has had to pay the County a mitigation payment for separating from the County. The payment for FY2009 was approximately \$1.7 million and grows each year by the areas CPI. Since 2007 after the Florida Legislator made incorporation mitigation payments illegal, the Village had been in litigation with the County until 2009 when a settlement was reached, ending the payments. This reduction in required annual mitigation expense of \$1.7 million has allowed the Village an extra level of financial cushion through these economically challenging times.

Cash Management Policies and Practices

The Village invests operating funds in an effort to earn a reasonable yield on its portfolio. This is consistent with the Village's primary objective of safeguarding public assets by minimizing the level of credit and market risks assumed. The investment priority is safety of capital, liquidity of funds and investment income, in that order. The Village's investment policy is consistent with local government investment policies delineated in Chapter 218 F.S. The Village currently keeps a \$2.59 million cash reserve for cash flow and emergencies. Using the Florida Investment Pool as a bench mark the Village has been able to obtain on average of 93 basis points more than their average rate of .58%. The Villages investment income of \$287,227 is down 50% from FY08.

Pension Benefits

The Village of Palmetto Bay maintains a defined contribution pension plan with the International City Managers' Association, Retirement Corporation (ICMA RC) for its full-time employees, created in accordance with Internal Revenue Code Section 401 (a). The Village automatically contributes 6% for all full-time employees. In addition, each employee is allowed to contribute up to 6% of their income with an equal match from the Village. The Village also sponsors a 457 deferred compensation plan, of which participation is voluntary.

Awards and Acknowledgments

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Village of Palmetto Bay for its comprehensive annual financial report for the fiscal year ended September 30, 2008. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of the CAFR on a timely basis was made possible by the dedicated service of the entire staff of the Finance Department. Each member of the department has our sincere appreciation for the contributions made in preparation of this report. We also wish to recognize the assistance provided by the firm of MarcumRachlin, a division of Marcum LLP.

In closing, the Mayor, Vice-Mayor and the Village Council, must also be credited for their leadership, and for maintaining the highest standards of professionalism in the management of the Village's finances.

Sincerely,

Ron E. Williams

Certificate of Achievement for Excellence in Financial Reporting

Presented to

Village of Palmetto Bay Florida

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
September 30, 2008

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

WITE STATES AND STATES

President

Executive Director

INDEPENDENT AUDITORS' REPORT

Honorable Mayor, Village Council and Village Manager Village of Palmetto Bay, Florida

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Village of Palmetto Bay, Florida (the Village), as of and for the year ended September 30, 2009, which collectively comprise the Village's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Village's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Village of Palmetto Bay, Florida, as of September 30, 2009, and the respective changes in financial position, thereof for the year ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated March 24, 2010, on our consideration of the Village's internal control over financial reporting and on our tests of compliance with certain provisions of laws, regulations, contracts, and grant agreements

Honorable Mayor, Village Council and Village Manager Village of Palmetto Bay, Florida
Page Two

and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's discussion and analysis on pages 3 through 9 and the required supplementary information on pages 33 and 34 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village's basic financial statements. The introductory section, combining fund financial statements and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. Similarly, the accompanying schedule of state financial assistance is presented for purposes of additional analysis as required by the Florida Single Audit Act and Chapter 10.550, Rules of the Auditor General, and is not a required part of the basic financial statements. The combining fund financial statements and schedule of state financial assistance have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects, in relation to the basic financial statements taken as a whole. The information included in the introductory and statistical sections has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Management's Discussion and Analysis

As management of the Village of Palmetto Bay (the Village), we offer readers of the Village's financial statements this narrative overview and analysis of the financial activities of the Village of Palmetto Bay for the fiscal year ended September 30, 2009.

Financial Highlights

- The assets of the Village of Palmetto Bay exceeded its liabilities at the close of the most recent fiscal year by \$45,257,634 (net assets). Of this amount, \$12,504,418 (*unrestricted net assets*) may be used to meet the Village's ongoing obligations to citizens and creditors. The balance, \$32,753,216 is comprised of capital assets net of related debt \$31,957,486 and restricted assets \$795,730.
- The Village's total net assets decreased by \$250,078. This decrease is attributable to the payout of \$4,631,723 as part of the Village's mitigation litigation settlement.
- As of the close of the current fiscal year, the Village's governmental funds reported combined ending fund balances of \$13,385,136, a decrease of \$5,457,420 in comparison with the prior year. Approximately 96% of ending fund balance or \$12,788,426 is available for spending at the Village's discretion (*unreserved fund balance*).
- At the end of the reporting period, unreserved fund balance for the General Fund was \$7,693,549, or 62% of total General Fund expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Village of Palmetto Bay's basic financial statements. The Village of Palmetto Bay's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the Village of Palmetto Bay's finances, in a manner similar to a private sector business.

The *statement of net assets* presents information on all of the Village of Palmetto Bay's assets and liabilities, with the difference between the two reported as *net assets*. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Village of Palmetto Bay is improving or deteriorating.

The *statement of activities* presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the Village of Palmetto Bay that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the Village of Palmetto Bay include general government, public safety, public works, parks & recreation, and building, planning & zoning. The Village has no business-type activities.

The government-wide financial statements include only the Village itself (known as the *primary government*) and can be found on pages 10 and 11 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Village of Palmetto Bay, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Village of Palmetto Bay has one fund category: governmental funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statement focus on near-term inflows and outflows of spendable resources as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The Village of Palmetto Bay maintains four major governmental funds: a General Fund, Grant Fund, Transportation Fund and a Capital Projects Fund. Information is presented separately in the governmental fund balance sheet and in the governmental statement of revenues, expenditures, and changes in fund balance.

The Village adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided to demonstrate compliance with this budget on page 33.

The basic governmental fund financial statements can be found on pages 12 to 14 of this report.

The Village has four non-major funds, the Palmetto Bay Foundation, Law Enforcement Forfeiture Fund, False Alarm and Stormwater Management. A description of the Foundation is found in the notes to the financial statements on page 15, and the combining statements can be found on pages 35 and 36.

Notes to the basic financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 15 to 32 of this report.

Government-Wide Financial Analysis

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the Village's case, assets exceeded liabilities by \$45,257,634 at the close of the most recent fiscal year.

The largest portion of the Village's net assets, \$31,957,486 or 71%, reflects its investment in capital assets (e.g., land, buildings, furniture and equipment), less any related debt used to acquire those assets that is still outstanding. The Village of Palmetto Bay uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the Village of Palmetto Bay reports its investment in capital assets net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The remaining balance of unrestricted net assets \$12,504,418 may be used to meet the government's ongoing obligations to citizen's and creditors.

Village of Palmetto Bay's Net Assets

	Fiscal Year				
	<u>2009</u>	<u>2008</u>			
Current assets	\$ 14,174,471	\$ 20,223,382			
Capital assets	43,601,941	36,191,715			
Total assets	57,776,412	56,415,097			
Long-term liabilities outstanding	11,743,757	9,623,116			
Other liabilities	775,021	1,284,269			
Total liabilities	12,518,778	10,907,385			
Net assets:					
Investment in capital assets, net of related debt	31,957,486	26,660,555			
Restricted for:					
Law enforcement	6,461	6,461			
Transportation	789,269	910,218			
Unrestricted	12,504,418	17,930,478			
Total net assets	\$ 45,257,634	\$ 45,507,712			

At the end of the current fiscal year, the Village of Palmetto Bay is able to report positive balances in all categories of net assets. The same situation held true for the prior fiscal year.

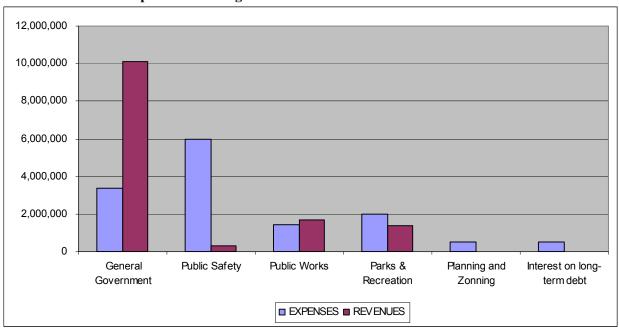

Governmental activities. The Village's net assets decreased by \$250,078 during the current fiscal year. This decrease is attributable to the payout of \$4,631,723 as part of the Village's mitigation litigation settlement.

Village of Palmetto Bay's Net Changes in Net Assets

	Fiscal Year				
	<u>2009</u>	2008			
Revenues:					
Program revenues:					
Charges for services	\$ 2,142,039	\$ 2,174,798			
Operating grants and contributions	15,321	1,364			
Capital grants and contributions	2,159,722	3,156,510			
General revenues:					
Property taxes	6,574,981	6,692,181			
Utility taxes	1,903,636	1,904,671			
Communications service tax	1,250,495	1,255,103			
Franchise fees	1,308,472	1,371,130			
Intergovernmental	2,438,119	2,698,468			
Investment income and miscellaneous	336,973	648,314			
Total revenues	18,129,758	19,902,539			
Expenses:					
General government	3,367,301	2,884,327			
Public safety	5,987,514	5,563,958			
Public works	1,417,707	1,291,657			
Parks and recreation	1,998,470	1,787,333			
Planning and zoning	490,377	1,322,591			
Interest on long-term debt	486,744	427,126			
Total expenses	13,748,113	13,276,992			
Special item	4,631,723				
Change in net assets	<u>\$ (250,078)</u>	\$ 6,625,547			

- Taxes of \$9,729,112 comprised 54% of total revenues in the current fiscal year. Most of this category is Property Taxes \$6,574,981. The Village increased the millage rate to 2.4476 per \$1,000 of assessed taxable value for fiscal year 2009, which was equal to the roll back rate of 2.4476.
- Operating Grants, Capital Grants and Contributions accounted for \$2,175,043 (12%) of total revenues

Revenues by Source – Governmental Activities

Financial Analysis of the Government's Funds

As noted earlier, the Village of Palmetto Bay uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the Village of Palmetto Bay's governmental funds is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the Village's financing requirements. In particular, *unreserved fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Village of Palmetto Bay's governmental funds reported combined ending fund balances of \$13,385,136, a decrease of \$5,457,420 in comparison with the prior year. Approximately 96% of this amount or \$12,788,426 constitutes *unreserved fund* balance, which is available for spending at the Village's discretion.

The General Fund is the chief operating fund of the Village of Palmetto Bay. At the end of the current fiscal year fund balance of the general fund was \$7,865,771, \$7,693,549 of which was unreserved. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 62% percent of total general fund expenditures, while total fund balance represents 64% percent of that same amount. The fund balance of the Village's general fund decreased \$2,792,950 during the current fiscal year. This decrease is attributable to the payout of \$4,631,723 as part of the Village's mitigation litigation settlement.

The Grant Fund is used to account for and track the expenditures of the approximately 25 grants and impact fees. The decrease in fund balance of \$121,627 is mainly due to the completion of the Village Community Center and library which had partial funding from a donation, which is almostly depleted. The ending fund balance of \$424,488 is for balances from impact fees and the Village's Art In Public Places fees.

The Transportation Fund is used to account for the various fuel and transportation taxes that are restricted to the maintenance and improvement of the Village's roadways. The decrease in the ending fund balance of \$215,268 to \$694,950 is a result of the Village's continued aggressive traffic calming and drainage improvements.

The Capital Projects Fund is used to account for financial resources (usually when financed through borrowings or contributions) to be used for the acquisition or construction of major capital facilities. The ending fund balance of \$3,847,446 represents the unused financing the Village borrowed to renovate the Village's three main parks, build a Village library and install Village street signs. The decrease of \$2,653,044 is due to the completion of the Village Community Center and library and the purchase of a Village Hall site.

General Fund Budgetary Highlights

Total surpluses from revenues of \$575,561 partially offset overages in expenditures and other financing uses of \$3,368,511 for a reduction in Fund Balance of \$2,792,950.

The most significant variances are:

REVENUES:

Communication Taxes – had a surprising surplus of \$236,528, possibly as a result of the audits the State has been conducting on the providers.

Franchise Fees – had a surplus of \$321,982, mainly to the estimating process which uses actual amounts from FY2007.

Licenses & Permits – had a shortfall of \$152,433 due to the economy.

Charges For Services – had a shortfall of \$211,235 due to the economy.

EXPENDITURES:

Manager/Clerk – Savings of \$122,825 were realized from hiring delays, finding cheaper advertising for legal advertisements and election expenditures that were not needed.

Other General Government – showed an overage of \$1,085,080 because of a \$4,631,723 payment to settle mitigation.

Public Safety – \$417,705, savings from several personnel vacancies that took some time to fill and the County eliminating charges for Specialized Police.

Public Works – \$123,226, savings were realized in personnel costs from the vacancy on one employee and reduced vehicle operation costs.

Building & Permitting – the Building department was reorganized from contractors to employees that resulted in a surplus of \$225,482.

Capital Outlay – delays in Capital expenditures resulted in surpluses of \$1,460,420, but will be expended in the next fiscal year.

Capital Assets and Debt Administration

Capital Assets. The Village of Palmetto Bay's investment in capital assets as of September 30, 2009, amounted to \$43,601,941 (net of accumulated depreciation). This investment in capital assets includes land, buildings, street and sidewalk improvements, machinery, furniture and equipment. The Village's investment in capital assets increased by \$7,410,226 in the current fiscal year.

Major capital asset events during the current fiscal year included the following:

- Purchase of Village Hall site (\$4,086,185).
- Library and Community Room (\$1,966,497)

VILLAGE OF PALMETTO BAY

Additional information on the Village's capital assets can be found in Note 6 on pages 25-26 of this report.

Long-term Debt. At the end of the current fiscal year, the Village of Palmetto Bay had total debt outstanding of \$11,644,455. The total debt is backed by the full faith and credit of the Village for which the Village is liable in the unlikely event of default.

Village of Palmetto Bay's Outstanding Debt Promissory Notes and Revenue Bonds

	<u>2009</u>	<u>2008</u>
Promissory Note	\$ 10,235,864	\$ 8,113,705
Revenue Bond Total	1,408,591 \$ 11,644,455	1,435,000 \$ 9,548,705
Total	\$ 11,044,433	\$ 9,340,703

There were four debt issues outstanding at the end of the fiscal year; Florida Municipal Loan Council Revenue Bond Series 2005D (Village Library) \$1,495,000, Promissory Note Series 2006 (Park Renovation) \$6,000,000, Promissory Note Series 2007 (Street Signs) \$2,500,000 and Promissory Note Series 2009 (Village Hall site purchase). Additional information on the Village of Palmetto Bay's long-term debt can be found in Note 7 pages 26.

Economic Factors and Next Year's Budgets and Rates

- The unemployment rate for Miami-Dade County in September 2009 was 11.3% percent, which represents a significant increase from a rate of 5.8% percent the previous year. This is comparable to the state's average unemployment rate of 11.2% percent and unfavorable to the national average rate of 9.8% percent in September 2009. The unemployment rate of the Village of Palmetto Bay is generally lower than the County. (Source: Florida Research and Economic Database Labor Market Statistics.)
- Inflationary trends in the County at -1.8% are approximately equal to the national average at -1.5% as of August 2009.
- In the second year of foreclosures and property value declines, the Village of Palmetto Bay saw about the same decrease in property values as the County average of 9.5%.

All of these factors were considered in preparing the Village's budget for the 2010 fiscal year. During the current fiscal year, unreserved fund balance in the general fund decreased to \$7,865,771. The Village of Palmetto Bay has appropriated \$797,781 of this amount for capital projects in the 2010 fiscal year budget. The Village of Palmetto Bay used a millage rate of 2.447 for fiscal year 2010, which is 8.89% less than the roll back rate of 2.6857.

Requests for Information

This financial report is designed to provide a general overview of the Village of Palmetto Bay's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Department, 8950 S.W. 152nd Street, Palmetto Bay, Florida 33157.

RECONCILIATION OF STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

FISCAL YEAR ENDED SEPTEMBER 30, 2009

Amounts reported for governmental activities in the statement of activities (Page 11) are different because:		
Net change in fund balances - total government funds (Page 13)		\$ (5,457,420)
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is depreciated over their estimated useful lives. This is the amount by which capital outlay exceeds depreciation in the current period:		
Details of the difference are as follows: Cost of assets Depreciation expense The net effect of various miscellaneous transactions involving capital assets (i.e., sales and dispositions)	\$ 8,470,689 (1,052,221) (5,858)	7,412,610
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.		
Details of the difference are as follows: Debt proceeds Principal payments on debt Principal payments on capital leases	(2,500,000) 407,840 7,926	(2,084,234)
Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the funds (CST adjustment)		(86,033)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:		
Details of the difference are as follows: Change in accrued interest on debt Change in compensated absences Amortization of bond issue costs Amortization of bond premium	(1,242) (32,816) (1,081) 138	(35,001)
Change in net assets of governmental activities (Page 11)	138	(35,001) \$ (250,078)

NOTES TO BASIC FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2009

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Village of Palmetto Bay, Florida (the Village) was incorporated on September 10, 2002. The Village operates under a Council-Manager form of government. In addition to the general government function, the Village provides its residents with public safety (police), public works, parks and recreation, planning and zoning and building and permitting. The Village does not provide educational or water and sewer, solid waste or hospital facilities; those services are provided by the Miami-Dade County School Board and Miami-Dade County, respectively.

The financial statements of the Village have been prepared in conformity with accounting principles generally accepted in the United States (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Village's accounting policies are described below:

A. FINANCIAL REPORTING ENTITY

The financial statements were prepared in accordance with Government Accounting Standards, which establishes standards for defining and reporting on the financial reporting entity. The definition of the financial reporting entity is based upon the concept that elected officials are accountable to their constituents for their actions. One of the objectives of financial reporting is to provide users of financial statements with a basis for assessing the accountability of the elected officials. The financial reporting entity consists of the Village, organizations for which the Village is financially accountable, and other organizations for which the nature and significance of their relationship with the Village are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. The Village is financially accountable for a component unit if it appoints a voting majority of the organization's governing board and it is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the Village.

Component units are included in the reporting entity either as blended or as discretely presented. Blended component units, although legally separate entities, are, in substance, part of the Village's operations. Accordingly, data from these component units are combined with data of the primary government.

Based upon the application of the criteria described above, the financial activity of the blended component unit listed below has been included in the Village's financial reporting entity. The Board of Directors of the Foundation are the same individuals as the Village of Palmetto Bay Council.

NOTES TO BASIC FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2009

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. FINANCIAL REPORTING ENTITY (CONTINUED)

The Palmetto Bay Foundation, Inc. (the Foundation) was created on December 6, 2004 for the purpose of enhancing and preserving the history of Palmetto Bay. The Foundation is a not-for-profit (501(c)(3)) corporation using a calendar year end. Revenues consist primarily of donations and investment income. The Foundation articles restrict the use of the funds to charitable, educational or scientific purposes.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the activities of the Village. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. The Village does not have any business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds. The major individual governmental funds are reported as separate columns in the fund financial statements. All remaining nonmajor governmental funds are aggregated and reported as other governmental funds.

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the *economic resources* measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

NOTES TO BASIC FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2009

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (CONTINUED)

Governmental fund financial statements are reported using the *current financial* resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Village considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures as well as expenditures related to compensated absences are recorded only when payment is due.

Property taxes, franchise fees and other taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Revenue for expenditure driven grants are recognized when the qualifying expenditures are incurred. All other revenue items are considered to be measurable and available only when cash is received by the Village.

The Village reports the following major governmental funds:

The *General Fund* is the Village's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Grants Fund* accounts for all grant monies and the related program income from federal, state and local agency grants.

The *Transportation Fund* accounts for the revenues received from the transportation surtax and new local option gas tax and expenditures for related transportation costs.

The Capital Projects Fund accounts for the acquisition and construction of major capital facilities.

The Village also reports the following nonmajor governmental fund:

Special Revenue Funds account for monies received which are to be used in accordance with the funds stated purposes. These are included under the heading of other governmental funds.

NOTES TO BASIC FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2009

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING, AND FINANCIAL STATEMENT PRESENTATION (CONTINUED)

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the Village's policy to use restricted resources first, then unrestricted resources as they are needed.

D. ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY

1. DEPOSITS AND INVESTMENTS

The Village's cash and cash equivalents include cash on hand, pooled cash, demand deposits, investments in money market funds.

All investments, except the Florida PRIME (formerly known as the Local Government Surplus Funds Trust Fund (LGIP) and Fund B, are reported at fair value. The Florida PRIME is recorded at the value of the pool shares (2a-7 like pool), which is fair value. Fund B is a fluctuating NAV pool and is reported based on the fair value factor.

The nature of investments is governed by the provisions of Florida Statutes Section 218. Under this statute, authorized investments are limited, unless otherwise authorized by law or ordinance, to the local government surplus funds trust fund, money market funds, direct or unconditionally guaranteed obligations of the United States Government, obligations of certain governmental agencies, interest bearing time deposits or savings accounts. Income from investments is recorded as earned.

Cash and cash equivalents include cash and investments which are defined as short-term, highly liquid investments with original maturities of three months or less.

2. Interfund Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as due to/from other funds.

NOTES TO BASIC FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2009

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY (CONTINUED)

3. RECEIVABLES

Receivables include amounts due from other governments and others for services provided by the Village. Receivables are recorded and revenues are recognized as earned or as specific program expenditures/expenses are incurred. Allowances for uncollectible receivables are based upon historical trends and the periodic aging of receivables.

4. PREPAIDS

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

5. CAPITAL ASSETS

Capital assets, which include land, buildings, furniture and equipment and infrastructure assets (e.g., roads, sidewalks, and similar items), are reported in the governmental column in the government-wide financial statements. Capital assets are defined by the Village as assets with an initial, individual cost of more than \$1,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets are depreciated using the straight line method over the following estimated useful lives:

Estimated Useful Lives (Years)

Furniture and equipment	5-20
Buildings	30
Leasehold improvements	10
Infrastructure	30

NOTES TO BASIC FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2009

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY (CONTINUED)

6. COMPENSATED ABSENCES

The Village's policy is to permit employees to accumulate earned but unused sick and vacation pay benefits, limited to certain maximums, based on length of service. For certain employees, the Village also grants compensation time. All vacation, sick and compensated pay is accrued when incurred in the government-wide fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignations and retirements. For the governmental funds, compensated absences are liquidated from the general fund.

7. Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities. Bond premiums and discounts, as well as issuance costs are deferred and amortized over the life of the bonds using the straight-line amortization method. The results of using this method do not differ significantly from the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. Long-term liabilities of governmental funds are generally liquidated through the general fund.

8. FUND EQUITY

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance, where noted, represent tentative management plans that are subject to change. Undesignated fund balance indicates the portion of fund balance which is available for future use.

NOTES TO BASIC FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2009

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. ASSETS, LIABILITIES, AND NET ASSETS OR EQUITY (CONTINUED)

9. NET ASSETS

Net assets of the government-wide statement of net assets are categorized as invested in capital assets, net of related debt; restricted or unrestricted. Invested in capital assets, net of related debt, is that portion of net assets that relates to the Village's capital assets reduced by accumulated depreciation and by any outstanding debt incurred to acquire, construct or improve those assets, excluding unexpended proceeds.

Restricted net assets is that portion of net assets that has been restricted for general use by external parties (creditors, grantors, contributors, or laws or regulations of other governments) or imposed by law through constitutional provisions or enabling legislation. Unrestricted net assets consist of all net assets that do not meet the definition of either of the other two components.

10. USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts of assets, liabilities, disclosures of contingent liabilities, revenues and expenditures/expenses reported in the financial statements and accompanying notes. These estimates include assessing the collectability of receivables and the useful lives of capital assets. Although these estimates as well as all estimates are based on management's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

NOTE 2 – PROPERTY TAXES

Property values are assessed on a county-wide basis by the Miami-Dade County Property Appraiser as of January 1, the lien date, of each year and are due the following November 1. Taxable value of property within the Village is certified by the Property Appraiser and the Village levies a tax millage rate upon the taxable value, which will provide revenue required for the fiscal year beginning October 1. The millage rate assessed by the Village for the year ended September 30, 2009 was 2.4476 mills.

NOTES TO BASIC FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2009

NOTE 2 – PROPERTY TAXES (CONTINUED)

Property taxes levied each November 1, by the Village and all other taxing authorities within the County, are centrally billed and collected by Miami-Dade County, with remittances to the Village of their proportionate share of collected taxes. Taxes for the fiscal year beginning October 1 are billed in the month of November, subject to a 1% per month discount for the period November through February, and are due no later than March 31. On April 1, unpaid amounts become delinquent with interest and penalties added thereafter. Beginning June 1, tax certificates representing delinquent taxes with interest and penalties are sold by Miami-Dade County, with remittance to the Village for its share of those receipts. At September 30, 2009, there were no material delinquent taxes.

NOTE 3 – DEPOSITS AND INVESTMENTS

DEPOSITS

In addition to insurance provided by the Federal Depository Insurance Corporation, all deposits are held in banking institutions approved by the State Treasurer of the State of Florida to hold public funds. Under Florida Statutes Chapter 280, *Florida Security for Public Deposits Act*, the State Treasurer requires all Florida qualified public depositories to deposit with the Treasurer or another banking institution eligible collateral. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses. Accordingly, all amounts reported as deposits are insured or collateralized with securities held by the entity or its agent in the entity's name.

INVESTMENTS

The Village is authorized to invest in obligations of the U.S. Treasury, its agencies, instrumentalities and the Local Government Surplus Funds Trust Fund administered by the State Board of Administration. The investments follow the investment rules defined in Florida Statutes Chapter 215. The investment policy defined in the statutes attempts to promote, through state assistance, the maximization of net interest earnings on invested surplus funds of local units of governments while limiting the risk to which the funds are exposed.

The State Board of Administration (SBA) administers the Florida PRIME (formerly known as the Local Government Surplus Funds Trust Fund (LGIP)), and the Fund B Surplus Funds

NOTES TO BASIC FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2009

NOTE 3 – DEPOSITS AND INVESTMENTS (CONTINUED)

INVESTMENTS (CONTINUED)

Trust Fund (Fund B), both of which are governed by Chapter 19-7 of the Florida Administrative Code and Chapters 215 and 218 of the Florida Statutes. These rules provide guidance and establish the policies and general operating procedures for the administration of the PRIME and Fund B. The Florida PRIME is not a registrant with the Securities and Exchange Commission (SEC); however, the Board has adopted operating procedures consistent with the requirements for a 2a-7 fund, which permits money market funds to use amortized cost to maintain a constant net asset value (NAV) of \$1 per share. The fair value of the position in the Florida PRIME is equal to the value of the pool shares. The Fund B is accounted for as a fluctuating NAV pool. As of September 30, 2009, the fair value factor for Fund B was \$.54915 per share. The Fund B is not subject to participant withdrawal Distributions from Fund B, as determined by the SBA, are effected by transferring eligible cash or securities to the Florida PRIME, consistent with the pro rata allocation of pool shareholders of record at the creation of Fund B. One hundred percent of such distributions from Fund B are available as liquid balance within the Florida PRIME. The investments in the Florida PRIME and Fund B are not insured by FDIC or any other governmental agency.

As of September 30, 2009, the Village had the following investments:

		Weighted
	Fair	Average
Investment	<u>Value</u>	Maturity
Florida PRIME	\$ 45,495	33 days
Fund B	125,551	6.69 years
	\$ 171,046	

INTEREST RATE RISK

The Village does not have a formal investment policy that limits investment maturities as a means of managing its exposure to market value losses arising from increasing interest rates. To mitigate risk, the Village primarily invests in investments with maturities of 12 months or less.

NOTES TO BASIC FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2009

NOTE 3 – DEPOSITS AND INVESTMENTS (CONTINUED)

CREDIT RISK

The Village does not have a formal investment policy that limits investments to the highest ratings by a nationally recognized statistical rating organization (NRSRO) (Standard and Poor's and Moody's investment services). In order to mitigate credit risk, the Village does limit investments to the highest ratings by a NRSRO. The Florida PRIME is rated AAAm by Standard and Poor's. The Fund B is not rated by an NRSO.

CONCENTRATION OF CREDIT RISK

The Village diversifies its portfolio in such a way to control the risk of loss resulting from concentration of assets to a specific maturity, instrument, issue, dealer, or bank through which these securities are bought and sold. As of September 30, 2009, the value of each position held in the Village's portfolio is less than 5% in any one issuer.

NOTE 4 - RECEIVABLES

Receivables for the Village's funds including the applicable allowances for uncollectible accounts as of September 30, 2009 are as follows:

	Other					
	<u>General</u>	<u>Funds</u>	<u>Total</u>			
Receivables						
Customers billed	\$	\$ 101,889	\$ 101,889			
Property taxes	156,965		156,965			
Utility taxes	190,902		190,902			
Intergovernmental	721,972		721,972			
Other	56,910		56,910			
Gross Receivables	1,126,749	101,889	1,228,638			
Less Allowance for Uncollectibles						
Net Total Receivables	\$ 1,126,749	\$ 101,889	\$ 1,228,638			

NOTES TO BASIC FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2009

NOTE 5 – INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

INTERFUND RECEIVABLES AND PAYABLES

Interfund receivable and payable balances at September 30, 2009 are as follows:

Receivable Fund		Payable Fund						
					Capital	N	Ionmajor	
		Grants	Tra	nsportation	Projects	Gov	vernmental	
	<u>General</u>	<u>Fund</u>		<u>Fund</u>	<u>Fund</u>		<u>Funds</u>	<u>Total</u>
General Fund	\$	\$ 112,947	\$	79,976	\$ 1,607,822	\$	22,013	\$ 1,822,758
Capital Project	95,405	874,185	Ψ	25,064		Ψ	5,636	1,000,290
Transportation	165,234							165,234
Grants Fund	11,502							11,502
	\$ 272,141	\$ 987,132	\$	105,040	\$ 1,607,822	\$	27,649	\$ 2,999,784

Outstanding balances between funds result mainly from the time lag between the dates (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

TRANSFERS

There were transfers totaling \$1,193,404 from the general fund to other funds. This is made up of transfers to the transportation fund in the amount of \$76,694 and capital projects fund in the amount of \$1,116,710 which were used to transfer unrestricted general fund revenues to finance various projects in accordance with budgetary authorizations.

NOTE 6 - CAPITAL ASSETS

Capital asset activity for the year ended September 30, 2009 was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Governmental Activities			· · · · · · · · · · · · · · · · · · ·	
Capital assets not being depreciated:

CAPITAL LEASES

The Village has entered into lease agreements for the financing of equipment. These lease agreements qualify as capital leases for accounting purposes.

The assets acquired through capital leases are as follows:

Assets

Machinery and equipment	\$ 198,298
Less accumulated depreciation	(152,936)
	\$ 45,362

These capital leases were paid off during the fiscal year ended September 30, 2009.

FLORIDA MUNICIPAL LOAN COUNCIL REVENUE BONDS SERIES 2005D

During fiscal year 2005, the Village issued Florida Municipal Loan Council Revenue Bonds, Series 2005D in the principal amount of \$1,495,000. The bonds carry a premium of \$4,143. The proceeds were used for the purpose of constructing a library building and funding the interest on the bonds until April 1, 2006. The bonds are collateralized by a pledge of the Village's library rent revenue. The total principal and interest remaining on the bonds is \$2,444,619. Total pledged rent revenue over the life of the bonds is expected to be approximately \$3,000,000. For the current year, debt service and pledged revenues were \$92,683 and \$-0-, respectively. The library was completed in the current year and will generate revenues next year. The bonds are payable over 30 years with principal amounts ranging from \$30,000 to \$90,000 and interest payments ranging from 3% to 5% and the final maturity date is October 1, 2035.

NOTES TO BASIC FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2009

NOTE 7 – LONG-TERM DEBT (CONTINUED)

FLORIDA MUNICIPAL LOAN COUNCIL REVENUE BONDS SERIES 2005D (CONTINUED)

PROMISSORY NOTE, SERIES 2006

During fiscal year 2006, the Village issued a Promissory Note, Series 2006 in the principal amount of \$6,000,000. The proceeds were used for land purchases and park improvements. The note is due in 15 years with a 30 year amortization. The Village has an option to refinance the note for another fifteen years. Payments of principal and interest of \$91,150 are due quarterly through June 2021 at which time a balloon payment of approximately \$3,900,000 is due. Payments include interest at 4.48%.

Debt service requirements to maturity are as follows:

	<u>F</u>	Principal		<u>Interest</u>		<u>Total</u>

NOTES TO BASIC FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2009

PROMISSORY NOTE, SERIES 2007

During fiscal year 2007, the Village issued a Promissory Note for the principal amount of \$2,500,000. The proceeds will be used for the manufacture and installation of street signs throughout the Village. The note is collateralized by a pledge of the Village's portion of the County's half cent transportation surtax. The total principal and interest remaining on the bonds is \$2,618,669. Total pledged revenue over the life of the note is expected to be approximately \$5,000,000. For the current year, debt service and pledged revenues were \$261,868 and \$558,202, respectively. The note is due in 12 years and requires quarterly principal and interest payments of \$66,467 through August 2019 at which time it will be paid in full. Payments include interest of 3.90%.

Debt service requirements to maturity are as follows:

<u>P</u>	rincipal	<u>Interest</u>		<u>Total</u>
\$	180,249	\$ 81,617	\$	261,866

NOTE 8 – DEFINED CONTRIBUTION PLAN

NOTES TO BASIC FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2009

The Village provides retirement benefits for full time employees through a money purchase plan (a defined contribution plan). The Plan is a tax qualified plan under Section 401(a) of the Internal Revenue Code and all contributions by or on behalf of the employees are tax deferred until the time of withdrawal. The Plan is administered by ICMA Retirement Corporation. Amendments to the Plan are authorized by the Village Council. The plan was established pursuant to Resolution 03-82 adopted on October 7, 2003 by the Village Council.

Plan benefits depend solely on amounts contributed to the Plan, plus investment earnings, less administrative expenses. The Village's contribution for participating employees is 6% of the employees' gross salary. Plan members may contribute up to 6% of the Plan member's gross salary and receive matching from the Village for a total Village contribution of up to 12% of the member's salary. Employees are fully vested after 5 years of service. Employees contributed \$95,120 and the Village contributed \$199,239 to the Plan for the year ended September 30, 2009.

NOTE 9 – EXCESS OF EXPENDITURES OVER APPROPRIATIONS

For the fiscal year ended September 30, 2009, expenditures exceeded appropriations in the General Fund in other general government and debt service functions by \$1,085,080 and \$155,069, respectively. These overexpenditures were funded by greater than anticipated revenues and by available fund balance.

NOTE 10 – COMMITMENTS AND CONTINGENCIES

MUNICIPAL SERVICE TRUST FUND

The Village is required to contribute municipal property tax revenues into a municipal service Trust Fund (MSTF) of the County. The MSTF will be utilized by the County to (1) maintain police services in the unincorporated areas proximate to the Village; and (2) to provide a municipal assistance retainer enabling the Village to obtain certain advice, expertise, training, financial planning and technological services, and other assistance from the County. The contribution ("Mitigation Payment") will vary yearly and is based on the Consumer Price Index and other calculations. During fiscal year 2008-2009, the Village and Miami Dade County came to a settlement for the litigation involving the legality of the mitigation payment. According to the settlement, the mitigation payment totaling \$4,631,723 for fiscal year 2006-2007, fiscal year 2007-2008 and fiscal year 2008-2009 was paid to an escrow account which was held by the County Attorney and was released to the County on June 25, 2009.

NOTE 10 – COMMITMENTS AND CONTINGENCIES (CONTINUED)

NOTES TO BASIC FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2009

QUALITY NEIGHBORHOOD IMPROVEMENT PROGRAM (QNIP)

The Village is required to pay the County its pro rata share for the Public Service Tax Revenue Bonds, Series 1999 issued prior to the Village's incorporation. The payment for the period ended September 30, 2009 was approximately \$190,000. The balance of the remaining payments is estimated to be relatively the same per year until the debt is liquidated in fiscal year 2023-2024.

GRANTS

Grant monies received and disbursed by the Village are for specific purposes and may be subject to audit by the grantor agencies. Such audits may result in requests for reimbursements due to disallowed expenditures or other actions by grantor agencies. Based upon prior experience, the Village does not believe that such disallowances or other actions taken by the grantor agencies, if any, would have a material effect on the financial position of the Village.

LITIGATION

The Village is involved in several lawsuits incidental to its operations, the outcome of which, in the opinion of management and legal counsel, should not have a material adverse effect on the financial position of the Village.

RISK MANAGEMENT

The Village is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets, errors and omissions and natural disasters for which the Village carries commercial insurance. There was no reduction in insurance coverage from coverage in the prior year and there were no settlements that exceeded insurance coverage for each of the past three years.

AGREEMENT WITH MIAMI-DADE COUNTY FOR LOCAL POLICE PATROL SERVICES

On May 5, 2003, the Village executed an agreement with Miami-Dade County for local police patrol services. The Village makes regular monthly installments to the County. Payments are adjusted to accrue labor costs incurred and deducted from the gross revenues due the Village from Miami-Dade County. Payments for the services provided by the County are based on the level of staffing services requested by the Village utilizing the

NOTE 10 – COMMITMENTS AND CONTINGENCIES (CONTINUED)

NOTES TO BASIC FINANCIAL STATEMENTS

YEAR ENDED SEPTEMBER 30, 2009

(CONTINUED)

actual personnel costs of officers and equipment. The initial term of the agreement expired on June 30, 2006 and a new agreement for three years was entered into on March 6, 2007 effective June 30, 2006. Payments for patrol services totaled approximately \$5,864,000 during fiscal year ended September 30, 2009.

OPERATING LEASE

On March 14, 2003, the Village executed a lease agreement for office space from May 1, 2003 for a period of ten years. An addendum to this agreement was executed on August 29, 2003 to provide for additional office space starting November 1, 2003. The Village is paying a base rent of \$12,161 per month; the current monthly payment is \$14,714. The lease is subject to a 10% rental increase on each three year anniversary. Utilities are not included in the rent.

The future minimum lease payments for this lease are as follows:

Fiscal Year Ending September 30:

2010	\$ 176,573
2011	176,573
2012	183,930
2013	194,230
2014	213,653
	\$ 944,959

Total rental expense for the fiscal year ended September 30, 2009 was approximately \$167,000.

CONSTRUCTION COMMITMENTS

The Village had construction commitments outstanding at September 30, 2009 in the amount of approximately \$609,000 for park renovations and \$53,000 for monument signs.

NOTES TO BUDGETARY COMPARISON SCHEDULE

YEAR ENDED SEPTEMBER 30, 2009

NOTE 1 - BUDGETS AND BUDGETARY ACCOUNTING

The General Fund annual budget is adopted on a basis consistent with accounting principles generally accepted in the United States of America. Special Revenue Funds do not have adopted budgets.

The Village follows these procedures in establishing the budgetary data reflected in the financial statements:

- (1) Prior to fiscal year end, the Village Manager submits to the Village Council a proposed operating budget for the fiscal year commencing the following October 1st. The operating budget is restricted to proposed expenditures and the means of financing them by means of appropriated revenues, other financing sources and appropriations of fund balances. Budgetary control over expenditures, including capital outlay and operating transfers in the General Fund is legally maintained at the departmental level.
- (2) Two public hearings are conducted to obtain taxpayer comments as required by Truth in Millage (TRIM) legislation.
- (3) Prior to October 1st (unless preempted by TRIM) as stated in the Village's Charter, the budget is legally enacted through passage of an ordinance.
- (4) The Village Manager may at any time transfer any unencumbered appropriated balance or portion thereof between general classifications of expenditures within an office, department or agency. At the request of the Village Manager and within the last three months of the budget year, the Council may by ordinance transfer any unencumbered appropriated balance or portion thereof, from one office, department or agency to another.
- (5) Unencumbered appropriations lapse at year-end.
- (6) Budgeted amounts are as originally adopted or as amended. There was \$2,315,374 of supplemental appropriations in the general fund during the year ended September 30, 2009.

NOTE 2 – EXCESS OF EXPENDITURES OVER APPROPRIATIONS

For the fiscal year ended September 30, 2009, expenditures exceeded appropriations in the General Fund in other general government and debt service functions by \$1,085,080 and \$155,069, respectively. These overexpenditures were funded by greater than anticipated revenues and by available fund balance.

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Honorable Mayor, Village Council and Village Manager Village of Palmetto Bay, Florida

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Village of Palmetto Bay, Florida (the Village) as of and for the year ended September 30, 2009, which collectively comprise the Village's basic financial statements, and have issued our report thereon dated March 24, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States of America.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the Village's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Village's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Village's ability to initiate, authorize, record, process or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Village's financial statements that is more than inconsequential will not be prevented or detected by the Village's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Village's internal control.

Honorable Mayor, Village Council and Village Manager Village of Palmetto Bay, Florida

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Village's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Mayor, Village Council, management and regulatory agencies, and is not intended to be and should not be used by anyone other than these specified parties.

Management Letter in Accordance with the Rules of the Auditor General of the State of Florida

Honorable Mayor, Village Council and Village Manager Village of Palmetto Bay, Florida

We have audited the financial statements of the Village of Palmetto Bay, Florida (the Village) as of and for the fiscal year ended September 30, 2009, and have issued our report thereon dated March 24, 2010.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*, Independent Auditors' Report on Compliance and on Internal Control Over Compliance Applicable to Each Major State Financial Assistance Project, and Schedule of Findings and Questioned Costs. Disclosures in those reports and schedule, which are dated March 24, 2010, should be considered in conjunction with this management letter.

Additionally, our audit was conducted in accordance with the provisions of Chapter 10.550, Rules of the Auditor General, which govern the conduct of local governmental entity audits performed in the State of Florida. This letter includes the following information, which is not included in the aforementioned auditors' reports or schedule.

- Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address significant findings and recommendations made in the preceding annual financial audit report. There were no significant findings and recommendations made in the preceding annual financial audit report.
- Section 10.554(1)(i)2., Rules of the Auditor General, requires our audit to include a review of the provisions of Section 218.415, Florida Statutes, regarding the investment of public funds. In connection with our audit, we determined that the Village complied with Section 218.415, Florida Statutes.

Honorable Mayor, Village Council and Village Manager Village of Palmetto Bay, Florida Page Two

- ➤ Section 10.554(1)(i)3., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.
- ➤ Section 10.554(1(i)4., Rules of the Auditor General, requires that we address violations of laws, regulations, contracts or grant agreements, or abuse that have occurred, or are likely to have occurred, that have an effect on the determination of financial statement amounts that is less than material but more than inconsequential. In connection with our audit, we did not have any such findings.
- ➤ Section 10.554(1)(i)5., Rules of the Auditor General, provides that the auditor may, based on professional judgment, report the following matters that have an inconsequential effect on financial statements, considering both quantitative and qualitative factors: (1) violations of provisions of contracts or grant agreements, fraud, illegal acts, or abuse, and (2) control deficiencies that are not significant deficiencies. In connection with out audit, there were no such findings.
- Section 10.554(1)(i)6., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Village of Palmetto Bay was incorporated on September 10, 2002. The Village of Palmetto Bay includes the following component unit. The Palmetto Bay Foundation, the Village's blended component unit, was created on December 6, 2004 by the Village of Palmetto Bay.
- Section 10.554(1)(i)7.a., Rules of the Auditor General, requires a statement be included as to whether or not the local governmental entity has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition(s) met. In connection with our audit, we determined that the Village did not meet any of the conditions described in Section 218.503(1), Florida Statutes.
- ➤ Section 10.554(1)(i)7.b., Rules of the Auditor General, requires that we determine whether the annual financial report for the Village for the fiscal year ended September 30, 2009, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2009. In connection with our audit, we determined that these two reports were in agreement.

Honorable Mayor, Village Council and Village Manager Village of Palmetto Bay, Florida
Page Three

➤ Section 10.554(1)(i)7.c. and 10.556(7), Rules of the Auditor General, require that we apply financial condition assessment procedures. It is management's responsibility to monitor the Village's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same. The assessment was done as of the fiscal year end. There were no findings that identified deteriorating financial conditions.

Pursuant to Chapter 119, Florida Statutes, this management letter is a public record and its distribution is not limited. Auditing standards generally accepted in the United States of America require us to indicate that this letter is intended solely for the information of the Mayor, Village Council, management, and the Florida Auditor General, and is not intended to be and should not be used by anyone other than these specified parties.

Independent Auditors' Report on Compliance and on Internal Control over Compliance Applicable to Each Major State Financial Assistance Project

Honorable Mayor, Village Council and Village Manager Village of Palmetto Bay, Florida

Compliance

We have audited the compliance of Village of Palmetto Bay (the Village) with the types of compliance requirements described in the Executive Office of the Governor's State Projects Compliance Supplement, that are applicable to each of its major state financial assistance projects for the fiscal year ended September 30, 2009. The Village's major state financial assistance projects are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major state financial assistance projects is the responsibility of the Village's management. Our responsibility is to express an opinion on the Village's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General. Those standards and Chapter 10.550, Rules of the Auditor General, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state financial assistance project occurred. An audit includes examining, on a test basis, evidence about the Village's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Village's compliance with those requirements.

In our opinion, the Village complied, in all material respects, with the requirements referred to above that are applicable to each of its major state financial assistance projects for the fiscal year ended September 30, 2009.

Honorable Mayor, Village Council and Village Manager Village of Palmetto Bay, Florida
Page Two

Internal Control over Compliance

The management of the Village is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its state financial assistance projects. In planning and performing our audit, we considered the Village's internal control over compliance with requirements that could have a direct and material effect on major state financial assistance projects in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Village's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a state financial assistance project on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a state financial assistance project such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a state financial assistance project that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a state financial assistance project will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the Mayor, Village Council, management and regulatory agencies, and is not intended to be and should not be used by anyone other than these specified parties.
