Cooling Safety Vest

Zippy Paws Cooling Safety Vest is a high-visibility reflective vest designed for the active dog. The bright orange color and reflective stripes help keep dogs visible during hunting season, night-time walks, and in low-light conditions. Long-lasting cooling polymer crystals, which are sewn directly into the vest, absorb water and slowly evaporate to help keep dogs cool for hours. To activate cooling features, simply soak vest in water for 3-5 minutes before use. Squeeze out excess water. For maximum cooling, soak in ice water before use.

Size Chart COOLING SAFETY VEST

Measure girth, the widest part of your dog's ribcage.

- S 16-24 inches
- M 23-32 inches
- L 30-40 inches

(INCHES)	A	B	C	D	E	F
