Before You Decide

Not all healthcare providers accept
all Plans. Make sure your doctor,
dentist, hospital, and pharmacy
participate in a plan before
deciding on one.

Some other questions to consider
before choosing a health plan:

- “Are all my medications covered?”
- “Are there any co-pays?”
- “Does the plan have any special services that I or someone in my family might need?”
- “Is there someone at the plan who can speak my language?”
