Genuine Hoover spares and accessories are manufactured to the most rigorous, high standards set by our own Engineering department. To increase the performance, functionality and most importantly the life-span of your Hoover vacuum cleaner, Hoover recommends Hoover Genuine consumable parts and accessories. These guarantee quality and reliability and maintain the performance of your vacuum cleaner at outstanding levels.

Please note: Failure to use Hoover Genuine consumable parts and accessories may reduce the performance and longevity of your Hoover vacuum cleaner. The risk of damage may be increased as a result and may invalidate your warranty.

Hoover offers a wide choice of consumable parts and accessories for every model in the Hoover vacuum cleaner range. From bags to filters, belts to accessories, Hoover supplies a consumable and accessory for all needs.

This brochure is designed to help you identify your consumable part and accessory for your Hoover vacuum cleaner and at the back of the brochure there is a 'Bag Fast Finder Guide' for all Hoover Genuine bags.

Shopping Memo

Shopping for your Genuine Hoover bags has never been easier with rip off tags with the name and type of vacuum cleaners on all new boxed packaging, allowing you to purchase your bag in a quick and easy fashion.

Purepower – an upright cleaner with the hygiene of a disposable 3 layer paper bag. Purepower cleans carpets deep down and leaves the pile well groomed. The Sealed Suction System maximises airflow and suction.

Octopus is available in bagged and bagless, cyclonic versions. The vacuum cleaner is equipped with a 45cm 'ZoomTube' which gives a total working radius of 17 metres. The infrared remote control enables the user to vary the suction power or put the cleaner on stand-by whilst away from the main body of the cleaner.

Sensory, our most powerful bagged cleaners ever, are equipped with a hygienic Purefilt or HEPA bag. The HEPA bag boasts the most recent H10 filtration technology with retention of up to 30 times more than the standard triple layer bag. The latest Dust Manager range incorporate the new cyclonic 'Quick 'n' Easy' dust disposal system. The containers are easy to access, empty and refit.

Telios, lightweight yet powerful, incorporating a triple layer Purefilt bag which retains up to 96% of dust particles down to 0.3 microns.
