**PREAMBLE**

WHEREAS, the parties hereto have maintained a mutually satisfactory bargaining relationship in the work area covered by collective agreements between them which have been in effect over a substantial period of years; and

WHEREAS, the International Brotherhood of Boilermakers, Iron Ship Builders, Blacksmiths, Forgers, and Helpers and/or subordinate subdivisions thereof embrace within their membership large numbers of qualified journeymen who have constituted in the past, and continue to do so, a majority of the employees employed by the Employer herein:

1 NOW, THEREFORE, the undersigned  
2 Employer and Union, in consideration of  
3 the mutual promises and covenants con-  
4 tained herein, agree as follows:

5  
6 **ARTICLE 1**  
7 **SCOPE AND PURPOSE OF AGREEMENT**  
8

9 **ART. 1(a)** This Agreement shall apply  
10 exclusively to field construction, mainte-  
11 nance and repair work within the territory  
12 herein referred to as the Great Lakes Area  
13 now under the jurisdiction of:

- 14  
15 Lodge 107, Milwaukee, Wisconsin;  
16 Lodge 374, Hammond, Indiana;  
17 Lodge 647, Minneapolis, Minnesota; and,  
18 Lodge 744, Cleveland, Ohio.  
19

20 **ART. 1(b)** The parties to this Agreement  
21 recognize that stability in wages and work-  
22 ing conditions and competency of work-  
23 men are essential to the best interests of the  
24 industry and the public, and they agree to  
25 strive to eliminate all factors which tend  
26 toward destabilizing these conditions.  
27

28 **ART. 1(c)** It is hereby agreed by all parties  
29 that, in keeping with the intent of increasing  
30 productivity and placing both parties on a  
31 better competitive basis, that the NCA-BTD  
32 Work Rules dated June 1, 1973 shall be  
33 incorporated as an integral part of this  
34 Agreement as expressed in Appendix "A".

1 **ART. 1(d)** The use of the masculine or  
2 feminine gender or titles in this  
3 Agreement shall be construed as including  
4 both genders and not as sex limitations  
5 unless the Agreement clearly requires a  
6 different construction.  
7

8 **ARTICLE 2**  
9 **RECOGNITION**  
10

11 The Employer recognizes the Union as  
12 the sole and exclusive bargaining represen-  
13 tative for all Boilermaker and Blacksmith  
14 journeymen, apprentices, and construction  
15 Boilermaker helpers in the employ of the  
16 Employer with respect to wages, hours, and  
17 other terms and conditions of employment  
18 herein expressed in the performance of all  
19 work coming within the terms of this  
20 Agreement subject to the provisions of  
21 existing laws. The Employer agrees that,  
22 upon the Union's presentation of appropri-  
23 ate evidence of majority status among its  
24 employees in the bargaining unit of the  
25 Employer covered by this collective bar-  
26 gaining agreement, the Union shall be vol-  
27 untarily recognized as the exclusive collec-  
28 tive bargaining agent under Section 9(a) of  
29 the NLRA for all employees within the bar-  
30 gaining unit of the Employer on all job sites  
31 within the jurisdiction of this Agreement. In  
32 the event of such a showing, the Employer  
33 expressly waives any right to condition vol-  
34 untary recognition on the Union's certifica-

1 tion by the NLRB following an NLRB elec-  
2 tion, unless a representation petition has  
3 been filed by a Petitioner other than the  
4 Employer prior to the Employer's volun-  
5 tary 9(a) recognition. The Employer  
6 expressly waives the right to seek an NLRB  
7 election during the term of this contract, or  
8 any right to abrogate or repudiate this con-  
9 tract during its effective term.

10  
11 **ARTICLE 3**  
12 **UNION SECURITY**

18 employees hired after the effective date of  
19 this Agreement shall be or become and  
20 remain members of the Union thirty (30)  
21 days after their date of employment in  
22 accordance with the provisions of the  
23 National Labor Relations Act. (This clause  
24 shall be effective only in those states permit-  
25 ting Union Security.)

26  
27 **ARTICLE 4**  
28 **TRADE JURISDICTION AND WORK**

30  
31 **ART. 4(a)** This Agreement, except as oth-  
32 erwise provided for herein, covers the  
33 working rules and conditions of employ-  
34 ment for all journeymen Boilermakers and

1 Blacksmiths, apprentices, and construction  
2 Boilermaker helpers employed in the boiler-  
3 making, blacksmithing, welding, acetylene  
4 burning, riveting, chipping, caulking, rig-  
5 ging, fitting-up, grinding, reaming, impact  
6 machine operating, unloading and hand-  
7 ling of Boilermaker material and equip-

9 under the trade jurisdiction of the  
10 Boilermakers and Blacksmiths.

11  
12 **ART. 4(b)** Journeymen Boilermakers and  
13 Blacksmiths may be required to perform  
14 any work coming within the scope of this  
15 Agreement.

16  
17 **ART. 4(c)** In recognition of the work juris-  
18 dictional claims, it is understood that the  
19 assignment of work and the settlement of  
20 jurisdictional disputes with other Building  
21 Trades organizations shall be handled in  
22 accordance with the procedures estab-  
23 lished by the Impartial Jurisdictional  
24 Disputes Board and Appeals Board or any  
25 successor agency.

26  
27 **ART. 4(d)** When an Employer's major  
28 craft on a job is Boilermakers and the  
29 Employer determines a tool room man is  
30 necessary, then the tool room man shall be a  
31 Boilermaker.

32  
33 **ART. 4(e)** When an Employer determines  
34 it is necessary that work be performed that

1 comes under the jurisdiction of Boilermaker  
2 during the testing or starting up of  
3 Boilermaker equipment, there shall be a  
4 minimum of two (2) men employed, one (1)  
5 shall be the foreman and the other shall be a

10 manual assistance is required for stress  
11 relieving, Gamma Ray, X ray, or other non-  
12 destructive testing by technicians in the  
13 examination of Boilermaker work,  
14 Boilermakers will be assigned to perform

25 instances, specifically the International  
26 President of the Union must approve any  
27 enforcement action taken. It is understood  
28 however, an Employer will not be consid-  
29 ered as in noncompliance in the event  
30 another trade or trades claims jurisdiction  
31 over work, in which case it shall be consid-  
32 ered a bona fide jurisdictional dispute.  
33  
34

1 **ARTICLE 5**  
2 **JOB SITE CONTRACTING**  
3

4 **ART. 5(a)** No Employer shall subcontract  
5 or assign any of the field construction work  
6 described herein which is to be performed  
7 at a job site to any contractor, subcontractor,  
8 or other person or party who does not com-

10 or a field construction agreement in effect in  
11 the area where the work is erected, which  
12 has been approved by the International  
13 Brotherhood and does not stipulate, in writ-  
14 ing, compliance to the applicable fringe  
15 benefits funds and the Trust Agreement or  
16 agreements covering same.  
17

18 **ART. 5(b)** It has been agreed that the  
19 International Brotherhood will not enter  
20 into any written or oral agreement with any  
21 Contractor on terms and conditions more  
22 advantageous than those contained in this  
23 Agreement. Should the International  
24 Brotherhood, for any reason, enter into an  
25 agreement with any other Contractor on  
26 terms and conditions more advantageous to  
27 such Contractor than those contained in this  
28 Agreement, then such advantageous terms  
29 and conditions shall be made available to  
30 all contractors signatory hereto. Special  
31 local, area, or national agreements negotiat-  
32 ed to cover specific projects or classes of  
33 work shall not be considered as "the local or  
34 area agreement" as referred to elsewhere in

1 this Agreement, and the overtime provi-  
2 sions will apply.

3  
4 **ARTICLE 6**  
5 **REFERRAL OF MEN**

6  
7 **ART. 6(a)** The referral system shall comply  
8 with the National Uniform Referral  
9 Standards and any revisions thereto.

10  
11 **ART. 6(b)** The Employer shall, under the  
12 terms of this Agreement, request the Union  
13 to furnish all competent, drug screened, and  
14 qualified Field Construction Boilermakers,  
15 Boilermaker apprentices and other applica-  
16 ble classifications in the area agreement.  
17 The Employer, in requesting the Union to  
18 furnish such applicants, shall notify the  
19 Union either in writing or by telephone,  
20 stating the location, starting time, approxi-  
21 mate duration of the job, the type of work to  
22 be performed and the number of workmen  
23 required. The Employer shall have the right  
24 to reject any job applicant referred by the  
25 Union who has not satisfactorily completed  
26 a MOST ten (10) hour safety training class  
27 or equivalent, provided the Employer stipu-  
28 lates this as a condition of employment.  
29 This stipulation should be reduced to writ-  
30 ing as soon as practical by the Employer  
31 and provided to the Union for their records.

32  
33 **ART. 6(c)** In the event the Union knows it  
34 is unable to fill a requisition for applicants

1 within two business days prior to the  
2 employees' required start date, the  
3 Employer may employ applicants from  
4 any other available source. Any Employer  
5 who brings in applicants under the forty-  
6 eight (48) hour rule must notify the local  
7 union within forty-eight (48) hours the  
8 applicants' name, address, and Social  
9 Security number.

10  
11 **ART. 6(d) Selectivity.** The first two employ-  
12 ees on a job shall be the foreman, selected by  
13 the Employer, and the steward, selected by  
14 the business manager, regardless of their  
15 positions on the out-of-work list. For a job  
16 under the terms of this Agreement, the  
17 Employer may select a maximum of seven (7)  
18 additional Boilermaker employees by name  
19 from among the top fifty percent of regis-  
20 trants on the appropriate out-of-work list of  
21 the local lodge having jurisdiction. These  
22 seven (7) additional Boilermaker employees  
23 may be selected from any one or combination  
24 of Boilermaker classifications under the terms  
25 of this Agreement (i.e., journeyman, appren-  
26 tice, and other applicable classifications),  
27 except that the choice may not exceed one  
28 apprentice and one other classification or two  
29 apprentices. Additional employees required  
30 for the job will be obtained in accordance  
31 with the Referral Rules.

32  
33 **ART. 6(e)(1) Transfer of Employees.** The  
34 Employer may transfer Boilermaker

1 employees on his payroll working under  
2 the terms of this Agreement from one job to  
3 another job being worked under the terms  
4 of this Agreement within the jurisdiction of  
5 the same local lodge, provided that the  
6 number transferred shall not exceed a total  
7 of eight (8), consisting of a foreman and  
8 seven (7) additional Boilermaker employees  
9 from any one classification or combination  
10 of classifications under the terms of this  
11 Agreement (i.e., journeyman, apprentice, or  
12 other applicable classifications), and provid-  
13 ed that the number transferred shall include  
14 not more than one apprentice and one other  
15 classification, or two apprentices. The  
16 Employer desiring to utilize this transfer  
17 provision shall promptly notify the business  
18 manager of the local lodge having jurisdic-  
19 tion giving the name, classification, and  
20 Social Security number of each employee to  
21 be transferred. The steward shall be selected  
22 by the business manager from the lodge's  
23 out-of-work list, or he may elect to transfer  
24 the steward from a job which the same  
25 Employer is working under the terms of  
26 this Agreement. After the foreman and the  
27 steward have been selected, the Employer  
28 may transfer the remaining employees not  
29 to exceed seven (7). Additional employees  
30 for the job will be obtained in accordance  
31 with the Referral Rules.

32  
33 **ART. 6(e)(2)** The Employer may utilize the  
34 provisions for selectivity and/or transfer-

1 ability, but he shall not be allowed to exceed  
2 the eight (8) employee limit for any one job.

3  
4 **ART. 6(e)(3)** A transferred employee will  
5 be allowed to be transferred back to the job  
6 he was transferred from, provided the job  
7 he was transferred to has been completed.

8  
9 **ART. 6(e)(4)** Modification as to the selec-  
10 tivity and transfer of men beyond the limi-  
11 tations set forth in this Article may be made  
12 by mutual consent of the parties.

13  
14 **ART. 6(e)(5)** The Employer shall deter-  
15 mine the competency of all employees. The  
16 Employer shall determine the number of  
17 men required on a project and shall select  
18 any employee or employees working under  
19 the terms of this Agreement to be laid off  
20 regardless of membership or non-member-  
21 ship in the Union.

22  
23 **ARTICLE 7**  
24 **HOURS OF WORK**

25  
26 **ART. 7(a)** Eight (8) consecutive hours per  
27 day (exclusive of lunch period) shall consti-  
28 tute a day's work between the hours of 7:00  
29 a.m. and 5:00 p.m. Forty (40) hours per  
30 week, Monday through Friday inclusive,  
31 shall constitute a week's work.

32  
33 **ART. 7(b)(1)** The Employer has the  
34 option of establishing a four (4) ten-hour

1 shift exclusive of the thirty-minute unpaid  
2 lunch period at the straight time wage rate.  
3 The starting time shall be between 7:00  
4 a.m. and 8:00 a.m. Forty hours per week  
5 shall constitute a week's work, Monday  
6 through Thursday. In the event a job is  
7 down due to weather conditions, holiday,  
8 or other conditions beyond the control of  
9 the Employer, then Friday may, at the  
10 option of the Employer, be worked as a  
11 make-up day at the straight time wage  
12 rate. If Friday is scheduled as a make-up  
13 day, a minimum of eight hours will be  
14 scheduled and worked, weather permit-  
15 ting. Straight time is not to exceed ten  
16 hours a day or forty hours per week. The  
17 Employer will designate starting time; the  
18 Union will be advised of the starting time.  
19

20 This provision requires mutual agreement  
21 between the Union and Employer represen-  
22 tatives for jobs lasting two (2) weeks or less.  
23

24 **ART. 7(b)(2)** An Employer may establish  
25 two four-day, ten-hour shifts at the straight  
26 time wage rate, Monday through Thursday.  
27 These shifts are exclusive of the thirty-  
28 minute lunch period. The day shift shall  
29 work four days at ten hours for ten hours  
30 pay per day. The second shift shall work  
31 four days at nine-and-one-half hours for ten  
32 hours pay per day. In the event the job is  
33 down due to weather conditions, or a holi-  
34 day, or other conditions beyond the control

1 of the Employer, then Friday may, at the  
2 option of the Employer, be worked as a  
3 make-up day at the straight time wage rate.  
4 Straight time is not to exceed ten hours a  
5 day or forty hours per week.  
6

7 This provision requires mutual agreement  
8 between the Union and Employer represen-  
9 tatives for jobs lasting two (2) weeks or less.  
10

11 **ART. 7(b)(3)** Employees, who inform their  
12 Employer on Thursday that they do not  
13 wish to work a Friday make-up day, will  
14 not be penalized.  
15

16 **ART. 7(b)(4)** An employee who receives  
17 less than forty (40) hours of work (from the  
18 date of hire to date of termination), through  
19 no fault of his own, shall receive overtime  
20 pay for all hours worked in excess of eight  
21 (8) hours per day.  
22

23 **ART. 7(c)** If any other craft employed by  
24 the same Employer or its subcontractor is  
25 receiving double-time wages in lieu of time  
26 and one-half wage rate as set forth in this  
27 Agreement, the Boilermaker employees  
28 will automatically be entitled to the double-  
29 time rate of pay during the period that the  
30 aforementioned crafts are employed. The  
31 Chairmen of the Agreement, in accordance  
32 with Article 30(c) determined on March 16,  
33 2004, that ... during the period that the  
34 aforementioned crafts are employed...

1 very specific in that, Boilermaker employ-  
2 ees would only be entitled to double-time  
3 during the period of time that other craft or  
4 crafts were receiving double-time. An  
5 example of this would be, if another craft  
6 received double-time on the day shift of a  
7 two (2) day job for one (1) day of eight (8)  
8 hours, then the Boilermakers would be  
9 entitled to double-time for one (1) day of  
10 eight (8) hours for that shift only. The  
11 Chairmen of the Agreement drew the  
12 essence of their determination from the  
13 National Maintenance Agreement, Article  
14 XV-6 interpretation.

15  
16 **ART. 7(d) Emergency Service**  
17 **Maintenance Agreement within Locals 107**  
18 **& 647.** A mutually-signed letter of assent  
19 regarding emergency services may supple-  
20 ment this Agreement.

21  
22 **ARTICLE 8**  
23 **OVERTIME**

24  
25 **ART. 8(a)** Time-and-one-half (one-and-  
26 one-half hours for one) shall be paid for  
27 time worked before or after regular estab-  
28 lished shift hours in any twenty-four (24)  
29 hour period, Monday to Friday inclusive,  
30 and all time worked on Saturdays. All time  
31 worked on Sundays and holidays set forth  
32 in Article 9 shall be paid at double time  
33 (two hours for one). Any employee called  
34 for work on Labor Day and/or Christmas

1 shall receive a minimum of eight (8) hours  
2 at the overtime rate.

3  
4 **ART. 8(b)** Overtime is not to be demand-  
5 ed of any Employer by any employee or  
6 applicant for employment as a condition for  
7 employment.

8  
9 **ARTICLE 9**  
10 **HOLIDAYS**

15 Thanksgiving, the day after Thanksgiving,  
16 and Christmas. No work shall be per-  
17 formed on Labor Day and Christmas except  
18 for the preservation of life and property.  
19 When a holiday falls on Sunday, the day  
20 observed by the Nation shall be observed.

21  
22 **ART. 9(b)** The contractor shall notify the  
23 union at the pre-job whether a holiday will  
24 be worked excluding emergencies.

30 day shift shall be between 7:00 a.m. and 8:00  
31 a.m.; the starting times of the second shift  
32 and third shift shall be adjusted accordingly.  
33 The foregoing starting times may be  
34 changed when mutually agreed to between

1 the Employer and the Business Manager of  
2 the lodge having jurisdiction of the job.

3  
4 **ART. 10(b)** When two (2) or three (3) shifts  
5 are worked, the first or day shift shall be  
6 established on an eight-hour (8) basis; the  
7 second shift shall be established on a seven-  
8 and-one-half (7 1/2) hour basis; and the  
9 third shift shall be established on a seven-  
10 hour (7) basis. The pay for the second  
11 and/or third shift for full time shall be the  
12 equivalent of eight (8) times the employee's  
13 regular hourly rate. The shift rate differen-  
14 tial for the second shift will be twenty-five

2                   **NCA WORK RULES**

3  
4       **APDX. A(a)** The selection of craft fore-  
5 men and general foremen shall be entirely  
6 the responsibility of the Employer, it being  
7 understood that in the selection of such  
8 foremen the Employer will give primary  
9 consideration to the qualified men avail-  
10 able in the local area. After giving such  
11 consideration the Employer may select  
12 such men from other areas. Foremen and  
13 general foremen shall take orders from  
14 individuals designated by the Employer.

15  
16       **APDX. A(b)** There shall be no limit on pro-  
17 duction by workmen nor restrictions on the  
18 full use of tools or equipment. Craftsmen  
19 using tools shall perform any of the work of  
20 the trade and shall work under the supervi-  
21 sion of the craft foremen. There shall be no  
22 restrictions on efficient use of manpower  
23 other than as may be required by safety reg-  
24 ulations, provided, however, legitimate  
25 manning practices that are a part of national  
26 or local agreements shall be followed.

27  
28       **APDX. A(c)** Security procedures for con-  
29 trol of tools, equipment, and materials are  
30 solely the responsibility of the Employer.

31  
32       **APDX. A(d)** Workmen shall be at their  
33 place of work at the starting time and shall  
34 remain at their place of work performing

1 their assigned functions under the supervi-  
2 sion of the Employer until the quitting time.  
3 The parties reaffirm their policy of a fair  
4 day's work for a fair day's wage.

5  
6       **APDX. A(e)** Practices not a part of terms  
7 and conditions of collective bargaining  
8 agreements will not be recognized.

9  
10       **APDX. A(f)** Slowdowns, standby crews,  
11 and featherbedding practices will not be tol-  
12 erated.

13  
14       **APDX. A(g)** A steward shall be a qualified  
15 workman performing work of his craft and  
16 shall exercise no supervisory functions.  
17 There shall be no nonworking stewards.

18  
19       **APDX. A(h)** There shall be no illegal  
20 strikes, work stoppages, or lockouts.

21  
22       **APDX. A(i)** When a local union does not  
23 furnish qualified workmen within forty-  
24 eight (48) hours (Saturdays, Sundays, and  
25 holidays excluded), the contractor shall be  
26 free to obtain workmen from any source.

27  
28       **APDX. A(j)** It is agreed that overtime is  
29 undesirable and not in the best interests of  
30 the industry or the craftsmen. Therefore,  
31 except in unusual circumstances, overtime  
32 will not be worked. Where unusual circum-  
33 stances demand overtime, such overtime  
34 will be kept at a minimum.

1 APDX. A(k) If the contractor so elects, he  
2 may work shift work at a rate negotiated in  
3 the applicable agreements. If the agree-

5 shift work, the parties shall negotiate such  
6 shift rates at the pre-job conference. The  
7 Employer shall determine the crafts and  
8 number of men to be assigned to each of the

14 addition to the following existing Rider for  
15 Small Boiler and Repair Agreement:

16  
17 This rider covers the emergency repair of  
18 non-utility, completed, shop assembled,  
19 package boilers and shall pertain to all such  
20 work within the geographical jurisdiction of  
21 the Great Lakes Articles of Agreement, The  
22 Missouri Basin Articles of Agreement, and  
23 any other additional territory that may be  
24 approved by the International Brotherhood  
25 of Boilermakers.

26  
27 The Employer agrees to notify the appropriate  
28 Local, within twenty-four (24) hours of  
29 arriving on the job site, of where work is  
30 being performed, the description of work, the  
31 approximate duration, and the manpower  
32 requirements for each job.  
33  
34

1 The Union agrees that the Employer may  
2 bring one (1) foreman and three (3) boiler-  
3 makers to each job. All additional classifica-  
4 tions of qualified boilermakers shall be  
5 referred from the Local where the work is  
6 being performed. If no qualified boilermak-  
7 ers are available, the contractor will be  
8 allowed to bring additional manpower.

10 **APDX. B(b)(4)** This article or other articles  
11 of this Addendum may be modified by  
12 mutual agreement between the Business  
13 Manager and the Employer. All such agree-  
14 ments shall be reduced to written form,  
15 signed by both parties and submitted to the  
16 Chairman of the Employers Committee and  
17 Union Committee for final approval, when  
18 practical to do so, before the commencement  
19 of any work at the job or project.

20  
21 **APDX. B(b)(5)** All other major repair jobs,  
22 including all Federal, State, County, and  
23 City work of any nature shall be performed  
24 at the construction rate of pay set forth in  
25 the Great Lakes Articles of Agreement  
26 between Employers and the Union.  
27 However, where no prevailing wage is  
28 established for this work, the Small Boiler  
29 Repair rate of pay may be used with prior  
30 approval of the Business Manager.

31  
32 **APDX. B(b)(6)** This Great Lakes Articles of  
33 Agreement Addendum shall apply to the  
34 known or established territory, now under the

1 jurisdiction of Lodge 107, Milwaukee,  
2 Wisconsin; Lodge 374, Hammond, Indiana;  
3 Lodge 647, Minneapolis Minnesota; Lodge

14 on the date of the execution of this  
15 Addendum, shall remain members of the  
16 Union in good standing as a condition of  
17 continued employment. All present employ-
