Subj: Fwd: Tent Anchor Information for Lions Club Fish Fry.

Sandy, Below please find Glen Rice's (of All Occasion Tent Rental) pricing for tent anchors in the parking lot at Monroe and Water Streets in Franklin, for our future use for our tent for the two annual Lions Club Fish Fries at the parking lot. Could you please share this information with Travis Underhill and the other members of the Board of Works?

Glen has looked at several options and the spread sheet below is for our present tent using 14 anchors in the blacktop and 14 anchors in the landscaped area which Glen feels is the best and safest way to go on permanent anchors. These prices are for the anchor parts only. Additional costs would be for the concrete used with the blacktop anchors, and labor costs for installation. All Occasion tent Rental does not do the installations. However Mr Rice has advised me that he will be available to assist in placement and installation as needed.

An installation that uses all blacktop anchors would be \$125 X 28 or \$ 3,500 for the materials.

I would be happy to discuss any questions anyone may have prior to Monday's meeting.
thank you
Phil Thorpe

Subj: Anchor Information

Phil,
Here is the information you requested.

The current tent (30x60) requires 28 stakes. If we are able to install 14 of them in the mulch area and 14 in the asphalt, the pricing would be as follows.

<u>Item</u>	<u>Manufacturer</u>	<u>Unit Cost</u>	<u>Quantity</u>	<u>Item Cost</u>		
40" x 6" Auger Stake	TSC	\$10	14	\$140		
SL5000 Concrete Anchor	Anchor Mfg.	\$125	14	\$1750		
				\$1890	Total Parts	

<u>Additional Items:</u>						
Concrete					?	
Labor					?	

I have attached schematics of the anchor listed above and of two others for comparison. I have also attached a schematic of the tent that shows the location of all stakes. I believe this is best case scenario. If you have additional questions, please let me know prior to Thursday, March 28th.

Glenn Rice
