PROCEEDINGS

Vice Chair Damon Talley called the meeting of the Kentucky Infrastructure Authority (KIA) Board to order. He noted that a quorum was present and that the press had been notified regarding the meeting. He asked board members and guests to introduce themselves.

Mr. Rusty Anderson, KIA, made maps available for viewing via the Water Resource Information System (WRIS) which showed an overview of the water and sewer projects that were to be considered at this board meeting.

I. BUSINESS (Board Action Required)

A. 1. APPROVAL OF MINUTES

For: KIA Regular Board Meeting of April 7, 2011

Ms. Linda Bridwell moved to approve the minutes of the April 7, 2011 regular board meeting. Mr. Tom Calkins seconded, and the motion carried unanimously.

B. NEW PROJECTS/ACTION ITEMS

Vice Chair Damon Talley informed the Board that Agenda Item No. 5 regarding the Southern Water and Sewer Project was pulled to be presented at a future date.

1. RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR A FEDERALLY ASSISTED DRINKING WATER REVOLVING FUND (F11-09) LOAN IN THE AMOUNT OF \$230,000 TO THE CITY OF BARLOW, BALLARD COUNTY, KENTUCKY

Mr. Shafiq Amawi, DOW, and Ms. Sandy Williams, KIA, presented the project to the Board. The City of Barlow requested a \$230,000 Drinking Water SRF loan for the New Clearwell Construction and Water Tank Refurbishment project. This project involves the construction of a new clearwell and repair and refurbishment of a 100,000 gallon water storage tank. The current clearwell and tank structures were constructed in 1976. Inspection of the clearwell showed that the lining system has deteriorated and the structure has cracking concrete. After construction of the new clearwell, the old structure will be demolished. The current water tank was found to need interior and exterior refurbishment and repair. The current structure can continue to be used after the repairs are completed. The project did not qualify for Green Project Reserve funding. The project does qualify for additional subsidization in the amount of \$80,500. The unforgiven balance of the loan is \$149,500 to be repaid in 20 years with an interest rate of 1%, and an estimated annual debt service payment of \$8,640. Both DOW and KIA Staff recommended approval of the loan with the standard conditions.

Ms. Linda Bridwell moved to approve the resolution with the standard conditions. Mr. Ron Lovan seconded, and the motion carried unanimously.

- 2. RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR A FEDERALLY ASSISTED WASTEWATER REVOLVING FUND LOAN (A11-12) IN THE AMOUNT OF \$15,187,500 TO THE SANITATION DISTRICT NO. 1, BOONE, CAMPBELL AND KENTON COUNTIES, KENTUCKY**

RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR A FEDERALLY ASSISTED WASTEWATER REVOLVING FUND LOAN (A11-13) IN THE AMOUNT OF \$14,188,155 TO THE SANITATION DISTRICT NO. 1, BOONE, CAMPBELL AND KENTON COUNTIES, KENTUCKY

RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR A FEDERALLY ASSISTED WASTEWATER REVOLVING FUND LOAN (A11-14) IN THE AMOUNT OF \$7,788,000 TO THE SANITATION DISTRICT NO. 1, BOONE, CAMPBELL AND KENTON COUNTIES, KENTUCKY

Mr. Shafiq Amawi, DOW, and Ms. Sandy Williams, KIA, presented the three loan requests to the Board. Sanitation District No. 1 (SD1) requested funds for seven projects that will reduce or eliminate sewer overflows. SD1 has operated under a Consent Decree with the Kentucky Division of Water and US EPA since April 18, 2007. These projects will also aid in compliance with the Consent Decree. The primary impacts of the projects will be a) divert wastewater flows from the Dry Creek Reclamation facility to the Eastern Regional Reclamation facility, b) convey storm water runoff to Banklick Creek rather than entering the combined system, c) eliminate overflows from the Kentucky Aire pump station by connecting to the Frogtown sewer and eventually the Western Regional Reclamation system, and d) remove private source inflows into the system. The projects have been combined into three loan requests based on projected completion dates.

The request for \$15,187,500 (A11-12) includes the Ash Street Force Main project and the Ash Street Pump Station project. The projects are part of a master plan to divert wastewater flows from the Dry Creek Reclamation Facility to the Eastern Regional Reclamation facility. The projects qualify for Green Project Reserve (GPR) funding for \$3,463,000. The breakdown of the GPR to the respective "green" categories is \$1,676,000 for green infrastructure and \$1,787,000 for energy efficiency. The projects do not qualify for additional subsidization. The term of the loan is 20 years with an interest rate of 2%, and an estimated annual debt service payment of \$955,464. Both DOW and KIA staff recommended approval of the loan with the standard conditions.

The request for \$14,188,155 (A11-13) includes the Church Street CSO Reduction Project, the Kentucky Aire Pump Station Elimination project, and the Lakeview Pump Station Improvements project. The projects qualify for GPR funding for \$4,223,330. The breakdown of the GPR to the respective "green" categories is \$1,148,300 for green infrastructure and \$3,075,000 for energy efficiency. The projects do not qualify for additional subsidization. The term of the loan is 20 years with an interest rate of 2%, and an estimated annual debt service payment of \$892,594. Both DOW and KIA staff recommended approval of the loan with the standard conditions.

The request for \$7,778,000 (A11-14) includes the Lakeside Park Public and Private Source I/I and Sewer Rehabilitation project and the Vernon Lane Public and Private Source I/I and Sewer Rehabilitation project. The projects qualify for GPR funding of \$7,530,000. The breakdown of the GPR to the respective "green" categories is \$910,000 for green infrastructure and \$6,620,000 for energy efficiency. The projects do not qualify for additional subsidization. The term of the loan is 20 years with an interest rate of 2%, and an estimated annual debt service payment of \$489,323. Both DOW and KIA staff recommended approval of the loan with the standard conditions.

Corrections were made to the Contacts listing in the Credit Analysis for the three projects that name the engineers involved in the projects.

Mr. Tom Calkins moved to approve the three resolutions for Loans A11-12, A11-13 and A11-14 to the Sanitation District No. 1 with the standard conditions. Mr. Ron Lovan seconded, and the motion carried unanimously.

3. RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR A FEDERALLY ASSISTED WASTEWATER REVOLVING FUND LOAN (A11-11) IN THE AMOUNT OF \$3,937,950 TO THE CITY OF WEST LIBERTY, MORGAN COUNTY, KENTUCKY

Mr. Shafiq Amawi, DOW, and Ms. Kasi White, KIA, presented the loan request to the Board. The City of West Liberty requested a Fund A loan in the amount of \$3,937,950 to complete four (4) sewer projects. These projects consist of the following: 1) construction of approximately 35,000 l.f. of gravity sewer, pressure sewer and force main, along with grinder pumps, road bores, system pump stations and various appurtenances along Liberty Road; 2) construction of approximately 5,000 l.f. of 8" gravity sewer, 1,000 l.f. of 4" transmission main and one duplex pump station and various appurtenances along KY 7 and KY 519; 3) upgrade of pumping and monitoring equipment at the WWTP and in the collection system; and 4) the purchase of camera inspection equipment. This work will result in new sewer service to approximately 405 residences who are using on-site sewer systems. Improvements will also result in more efficient transportation and treatment of sewer flows and a reduction in inflow and infiltration which will reduce sewage overflow events. This project did not qualify for Green Project Reserve (GPR) funding. This project qualified for additional subsidization in the amount of \$1,181,385. The unforgiven balance of the loan is \$2,756,565 to be repaid in 20 years with an interest rate of 1%, and an estimated

annual debt service payment of \$157,926.

RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR A FEDERALLY ASSISTED DRINKING WATER REVOLVING FUND (F11-04) LOAN IN THE AMOUNT OF \$3,050,300 TO THE CITY OF WEST LIBERTY, MORGAN COUNTY, KENTUCKY

Mr. Shafiq Amawi, DOW, and Ms. Kasi White, KIA, presented the loan request to the Board. The City of West Liberty requested a Fund F loan in the amount of \$3,050,300 to complete four (4) water projects. These projects consist of the following: 1) install alternate power supply for the raw water pump station and water treatment plant which currently experience power surges and outages from the single source of power; 2) replace 5,000 feet of 8" water main along Riverside Drive (current line has deteriorated and several breaks and leaks have occurred); 3) construct a new 300,000 gallon ground water storage tank and install approximately 14,000 l.f. of 12" transmission main (the existing transmission main is located along the river in the flood plain and has experienced several breaks) and 4) replace approximately 950 existing water meters with remote read meters to provide for more accurate meter readings and decrease water loss. The new lines and tank will provide a safer and more secure source of treated water, eliminating line breaks, leaks and resulting need for boil water advisories and water rationing. This project qualified for \$500,000 in GPR funding under the category of water efficiency and this project qualified for additional subsidization in the amount of \$1,067,605. The unforgiven balance of the loan is \$1,982,695 to be repaid in 20 years with an interest rate of 1%, and an estimated annual debt service payment of \$114,582.

DOW and KIA staff recommended approval of both loans (A11-11 and F11-04) with the standard conditions and the following special conditions: (1) The City will pass an ordinance increasing water and sewer rates per the following schedule no later than July 1, 2011: a) 5% to be effective on or before July 1, 2011, b) 5% to be effective on or before July 1, 2012, c) 4% to be effective on or before July 2, 2013, and d) 4% to be effective on or before July 1, 2014; and (2) The City will have all debt service and reserve requirements as required by outstanding loan and bond covenants funded to their appropriate levels no later than January 1, 2012.

Ms. Linda Bridwell moved to approve the Fund A resolution (A11-11) to the City of West Liberty with the standard conditions and the special conditions indicated in the staff recommendations. Mayor David Cartmell seconded, and the motion carried unanimously.

Ms. Linda Bridwell moved to approve the Fund F resolution (F11-04) to the City of West Liberty with the standard conditions and the special conditions indicated in the staff recommendations. Mr. Tom Calkins seconded, and the motion carried unanimously.

4. **RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR A FEDERALLY ASSISTED DRINKING**

WATER REVOLVING FUND (F11-08) LOAN IN THE AMOUNT OF \$4,000,000 TO THE CITY OF BARBOURVILLE f/b/o BARBOURVILLE UTILITY COMMISSION, KNOX COUNTY, KENTUCKY

Mr. Shafiq Amawi, DOW, and Ms. Sandy Williams, KIA, presented the loan request to the Board. The City of Barbourville for the benefit of the Barbourville Utility Commission requested a \$4,000,000 Drinking Water SRF loan for the Barbourville Raw Waterline Replacement and Upgrades project. The Utility's existing raw water supply is in need of rehab to provide additional capacity to the water treatment to meet future projected capacity. The project consists of replacing two of the three pumps at the raw water intake pump station with new intake turbine pumps, upgrading part of the piping inside and outside the intake station, upgrades to the electrical service to handle the new pump horsepower, addition of variable speed drives to all three pumps, addition of a new flow meter at the intake pump station and improvements to the ventilation of the existing building. The project also includes adding a new section of 16" raw water line to run in parallel with an existing 12" line and constructing an intermediate water booster pump station along the existing raw water line which spans approximately 22 miles (from intake pump station to WTP). Additional raw water capacity will allow the utility to more adequately serve their existing customers as well as offer service to future customers in Knox County. It will also make it possible to offer wholesale water to surrounding utilities in need of emergency water supplies. The project did not qualify for Green Project Reserve funding. The project qualified for additional subsidization in the amount of \$1,400,000. The unforgiven balance of the loan is \$2,600,000 to be repaid in 20 years with an interest rate of 1%, and an estimated annual debt service payment of \$150,257. DOW and KIA staff recommended approval of the loan with the standard conditions.

Mr. Tom Calkins moved to approve the loan resolution (F11-08) with the standard conditions. Mr. Hank List seconded, and the motion carried unanimously.

5. RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR A FEDERALLY ASSISTED WASTEWATER REVOLVING FUND, PLANNING AND DESIGN LOAN (A1 11-01) IN THE AMOUNT OF \$500,000 TO THE CITY OF PINEVILLE f/b/o PINEVILLE UTILITY COMMISSION, BELL COUNTY, KENTUCKY

Mr. Shafiq Amawi, DOW, and Ms. Kasi White, KIA, presented the loan request to the Board. The City of Pineville requested \$500,000 from the Federally Assisted Wastewater Revolving Fund ("Fund A1") for planning and design work associated with the Virginia Avenue Utility Replacement project. The anticipated project will replace a sixteen inch combined sewer line with approximately 8,100 feet of twelve inch gravity sewer and fifteen inch concrete storm sewer line along Virginia Avenue, Prospect Avenue (now Bill Adams Drive) and associated cross streets in downtown Pineville. The project will also include upgrades of existing McDonald's / Mountain View and Ball Park sanitary sewer lift stations and replacement of pertinent sanitary sewer force mains to eliminate two combined sewer overflow (CSO) locations. It will also reroute a section of sanitary sewer

force main associated with the KFC sanitary sewer lift station to eliminate an odor and flow issue at Virginia Avenue and Pine Street. The existing combined sewer system is subject to wet weather overflows and the city is under Consent Judgment to eliminate its CSO's. The estimated cost of the project including planning and design and construction is estimated in the range of \$6,000,000. The project did not qualify for GPR funding. The project qualified for additional subsidization in the amount of \$150,000. The unforgiven balance of the loan is \$350,000 to be repaid in 5 years with an interest rate of 3%, and an estimated annual debt service payment of \$76,604. DOW and KIA staff recommended approval of the loan with the standard conditions.

Mr. Tom Lovan moved to approve the loan resolution (A1 11-01) with the standard conditions. Ms. Linda Bridwell seconded, and the motion carried unanimously.

6. RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING AND APPROVING THE ISSUANCE OF OBLIGATIONS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY TO REIMBURSE CAPITAL EXPENDITURES MADE BY GOVERNMENTAL AGENCIES PURSUANT TO LOANS MADE BY THE KENTUCKY INFRASTRUCTURE AUTHORITY TO SUCH GOVERNMENTAL AGENCIES

This is a routine resolution allowing KIA to reimburse expenses that are paid out of the Authority's funds with bond proceeds. The projects listed below are covered under this resolution:

APPLICANT	FUND	AMOUNT
City of Pineville f/b/o Pineville Utility Commission	A1	\$ 500,000
Sanitation District No. 1	A	\$15,187,500
Sanitation District No. 1	A	\$14,188,155
Sanitation District No. 1	A	\$ 7,788,000
City of West Liberty	A	\$ 3,937,950
City of West Liberty	F	\$ 3,050,300
City of Barbourville	F	\$ 4,000,000
City of Barlow	F	\$ 230,000

Ms. Linda Bridwell moved to approve the resolution. Mr. Tom Calkins seconded, and the motion carried unanimously.

II. EXECUTIVE DIRECTOR'S REPORT

Mr. John Covington, KIA, reported on the following items to the Board:

- A. Membership terms of board members were discussed. The terms of two at-large members will be expiring June 30, 2011: Mr. Damon Talley and Ms. Linda Bridwell.

- B. Mr. Covington presented to the Board a handout that listed the 2012 Intended Use Plan Highlights, the preliminary Proposed Schedule and the CWSRF and DWSRF Funding Estimates for fiscal years 2011 and 2012.
- C. Mr. Hank List informed the Board of a recent Consent Judgment against the Tennessee Valley Authority (the Tennessee Valley Authority Clean Air Act Settlement). On April 14, 2011, the U.S. Environmental Protection Agency (EPA) announced a settlement with the Tennessee Valley Authority (TVA) to resolve alleged Clean Air Act violations at 11 of its coal-fired plants in Alabama, Kentucky, and Tennessee. The settlement will require TVA to invest an estimated \$3 to \$5 billion on new and upgraded state-of-the-art pollution controls. This settlement also requires TVA to spend \$350 million on environmental mitigation projects to address the impacts of past emissions. TVA will distribute a subset of the \$350 million, a total of \$60 million, to Alabama, Kentucky, North Carolina, and Tennessee for these states to implement projects of their choosing from a list of categories in the consent decree. Kentucky's share is estimated to be \$11.5 million. A list of proposed projects will be presented to the Governor's Office. The Board discussed the selection process for SRF Funding through the Water Management Councils and the ranking criteria of invited projects.

III. STATUS REPORT FOR FUNDS

- A. 2003 Coal/Tobacco Development Grants
- B. IEDF Fund Grants
- C. 2020 Account / Fund B Grants
- D. Funds A, A1, A2, B, B1, C, F, F2

IV. ANNOUNCEMENTS/NOTIFICATIONS

- Next scheduled KIA board meeting:
Tentatively scheduled for
Thursday, June 2, 2011

Interest rates for Fund F were 3.8% and 1.8% from the program's inception in April 2000 to February 2002 at which time they were established at 3.0% and 1.0% where they have remained.

Regulation amendments for Funds A and F were effective 7-7-06. The amendments allowed for more than one "hardship" rate and further defined how the hardship rates could be determined.

A RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY ESTABLISHING FUND A INTEREST RATES FOR THE PERIOD JULY 1, 2011 THROUGH JUNE 30, 2012

WHEREAS, 200 KAR 17:050, as amended, establishes terms and conditions for establishing interest rates for the Clean Water State Revolving Fund (Fund A) and;

WHEREAS, the aforementioned regulations require that rates of interest be established at least annually by the Authority using a recommendation from the Executive Director based on market conditions, availability of funds and funding demand;

NOW, THEREFORE, the Kentucky Infrastructure Authority hereby resolves as follows:

The interest rates for all Kentucky Infrastructure Authority Fund A loans approved by the Authority during the period July 1, 2011, through June 30, 2012, shall be as follows:

Three rates of interest will be offered for Fund A, one for standard borrowers and two for nonstandard borrowers. The standard rate shall be 3% and the nonstandard rates shall be 2% and 1%, as defined in the 2012 Clean Water State Revolving Fund Intended Use Plan.

The Resolution is effective upon its adoption this 7th day of July, 2011.

Fund B regulation amendments were effective 7-29-09. The amendments changed the way interest rates are set for the Fund B program. Rates are to be set at least annually, a change from quarterly, and are set based on prevailing market conditions, availability of funds, and demand for financial assistance. Fund B rates from August 22, 1989 through September 30, 2009 were set quarterly based on the average 20-year General Obligation Bond Index from the previous quarter.

Fund B rates (from August 22, 1989 through September 30, 2009) were set quarterly based on the average 20-year General Obligation Bond Index from the previous quarter. Historically, board action had only been taken to set rates upon presentation of Fund B Applications.

A RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING AN AMENDMENT TO THE CONDITIONAL COMMITMENT FOR A FEDERALLY ASSISTED WASTEWATER REVOLVING FUND A LOAN (A10-04) INCREASING THE AMOUNT TO \$2,400,000 TO THE OLDHAM COUNTY ENVIRONMENTAL AUTHORITY, OLDHAM COUNTY, KENTUCKY

WHEREAS, the Kentucky Infrastructure Authority (the "Authority") has been duly created as a body corporate and politic constituting a public corporation and a governmental agency of the Commonwealth of Kentucky pursuant to Chapter 224A of the Kentucky Revised Statutes (the "Act"); and

WHEREAS, pursuant to the Act, the Authority is duly and legally authorized to make loans to Governmental Agencies for the purpose of providing funds for the construction and acquisition of sanitary sewer facilities, water facilities or other types of infrastructure, and in that regard, to enter into Assistance Agreements with such Governmental Agencies governing the provisions in respect of which such loans are to be made, the amounts thereof and the repayment provisions in respect thereto; and

WHEREAS, the Authority previously approved a Federally Assisted Waste Water Revolving Fund Loan (A10-04) to the Oldham County Environmental Authority on May 6, 2010 in the amount of \$1,500,000 and the Oldham County Environmental Authority has requested to increase loan A10-04 by \$2,400,000; and

WHEREAS, the Authority anticipates entering into an Assistance Agreement for a loan from the Authority's Federally Assisted Wastewater Revolving Loan Program (Fund A) with the Oldham County Environmental Authority, subject to final determination of amount when the factors involving such financing have been determined; and

WHEREAS, the Authority will, in the near future, authorize and issue a series of its Infrastructure Authority Revenue Bonds for the purpose of funding loans to various governmental agencies, such series of Bonds to be known as Kentucky Infrastructure Authority Revenue Bonds with the appropriate Series designation; and

WHEREAS, the Authority wishes to establish terms and conditions on said Fund A loans prior to the issuance of Authority Revenue Bonds and recognizes that additional planning and design of the financed projects are required.

NOW, THEREFORE, THE KENTUCKY INFRASTRUCTURE AUTHORITY, ACTING BY AND THROUGH ITS BOARD OF DIRECTORS AS ITS DULY AUTHORIZED AND EMPOWERED GOVERNING BODY, DOES HEREBY RESOLVE AND ORDER, AS FOLLOWS:

Section 1. All statements of fact set forth in the preambles to this Resolution and Order are incorporated herein by reference, the same as if set forth verbatim. All such statements of fact are hereby declared to be true and accurate in all material respects.

Section 2. The Authority hereby authorizes the Amendment of a conditional Federally Assisted Wastewater Revolving Fund loan increasing the amount to \$2,400,000 of project expense including capitalized interest for the construction period, to the Oldham County Environmental Authority for the Buckner Interceptor Sewer and Mockingbird Valley WWTP Elimination Project. Such amounts are subject to adjustment by further action of the Authority or may be adjusted by action of the Authority staff at the time of the issuance of bonds based on adjustment in project costs of not more than (10%) ten percent of the project cost authorized by this resolution. Upon satisfaction of all conditions of the commitment, execution of an assistance agreement for this loan is authorized.

Section 3. The loan shall be repayable over 20 years at an interest rate of 2.0%. In addition to debt service, a .20% annual administration fee on the unpaid loan balance will be charged. A replacement reserve of \$6,000 will be funded annually. These terms are subject to adjustment upon execution of the loan agreement, upon changes in the project conditions or determination that the project will require authority financing to be done on a taxable basis.

Section 5. This Resolution and Order shall be in full force and effect from and after its adoption at a properly held meeting of the Kentucky Infrastructure Authority this 7th day of July, 2011.

I. PROJECT DESCRIPTION

The Oldham County Environmental Authority is requesting an increase of \$900,000 to the previously approved project (\$1,500,000) for construction of the Buckner Interceptor Sewer & Mockingbird Valley WWTP Elimination projects. The increase is primarily necessitated by 1) a significant increase in the cost of PVC due to increased oil prices, 2) the need for a specialized inspector and flag person required by the railroad company for a jack and bore under a section of railroad property, and 3) \$300,000 to address problems that are currently being encountered with solids that enter the Kentucky State Reformatory (KSR) and to rehab some equipment.

Because the WWTP treats waste sources from a prison system, all wastewater must be passed through a comminuter. The prisoners have a tendency to flush inappropriate items down the toilets. The grinding procedure is required so that illegal materials cannot be re-obtained from some other point within the WWTP by personnel working at the plant. This procedure produces small pieces of material that in mass are clogging the effluent bar screens in the oxidation ditch and further clogging and burning up the return sludge pumps. It has been determined that the higher flows being added to the system with the force main will accelerate this problem. The additional funds will permit the construction of a new combined headworks with an automated self-cleaning screen that will remove the material after the grinding procedure but prior to entering the remaining system. This expenditure was contemplated for a future project but it has become apparent that the problem must be addressed prior to the addition of new flow.

The text of the original loan request is below:

The Oldham County Sewer District is requesting a Fund A base loan in the amount of \$1,500,000 for construction of the Buckner Interceptor Sewer & Mockingbird Valley WWTP Elimination project. The Buckner and Mockingbird wastewater treatment plants (WWTP) are aging facilities that serve residential and commercial areas in their respective regions. Both plants are hydraulically overloaded which resulted in over 250 violations of the Clean Water Act (bypassing, overflows, etc.) from January 2008 to present. This project involves the construction of an interceptor sewer line from the Buckner WWTP to the new regional WWTP at the Kentucky State Reformatory (KSR). The Buckner WWTP is approximately 50% overloaded. This interceptor line will divert a portion of the flow from the Buckner plant to the KSR plant, thereby alleviating the

overloading at the Buckner plant and allowing it to operate within its design capacity and discharge permit.

The second portion of this project is the construction of an interceptor line and lift station from the Mockingbird Valley WWTP to the regional KSR WWTP. The Mockingbird Valley plant will be taken off line and dismantled. This project proposes to construct three pump stations, approximately 21,500 linear feet of six, twelve, and fifteen inch force mains and decommission of the Mockingbird Valley plant. These improvements will then transport wastewater from these two areas to the regional WWTP located at the Kentucky State Reformatory.

B) Rates

The historical and current charges for wastewater utility service are as follows:

Date of Last Rate Increase	Previous 9/1/2010	As of 9/1/2011
Monthly Meter Charge	\$ 13.17	\$ 14.22

% of Rate Increase	23.9%	8.0%
Affordability Index (Rate/MHI)	0.7%	0.7%

VII. DEMOGRAPHICS

In 2000, the population of Oldham County was 46,178 with a Median Household Income (MHI) level of \$63,229. The median household income for the Commonwealth is \$33,672. This project qualifies for a 2% interest rate because it is considered regional as defined in 200 KIA 17:050 because it combines two or more existing facilities or systems. The increase will be offered at the same terms as the original approval.

VIII. FINANCIAL ANALYSIS (See Exhibit 1)

Financial information for the legacy Oldham County Sewer District ("OCSD") was obtained from the audited financial statements for the years ended June 30, 2007 through 2010. Financial information for the Storm Water Management Entity is not included.

HISTORICAL

OCSD was established by the Oldham County Fiscal Court in December 1996 as a county wide sewer district for the purpose of acquiring, constructing, operating and maintaining sanitary sewer systems. OCSD's jurisdictional boundaries included all of Oldham County with the exception of the incorporated cities of LaGrange and

Crestwood. Since OCSD's creation, Pewee Valley has been removed from OCSD's territory. On August 1, 2005, the City of Crestwood merged its sewer assets with the OCSD. On December 1, 2008 the City took back the management of its sewer system and the District transferred related assets back to the City. On August 10, 2010 OCSD and Oldham County Storm Water Management were merged to form the Oldham County Environmental Authority.

On November 15, 2008, Veolia assumed the operations and maintenance under a ten year contract. The monthly fee is guaranteed to cover all costs of operations except for maintenance, repairs and utilities which are trued up annually. The contract contains numerous performance metrics that are required to be reported to the Authority Board.

HISTORICAL

Revenues increased by 6% from \$2,502,282 in 2007 to \$2,628,693 in 2010. A 25% rate increase in mid fiscal 2009 was offset by the loss of Crestwood sewer revenues (\$250,000) and a change in accounting treatment for a transaction with the Kentucky State Reformatory (\$327,000). Operating expenses increased by 37% from \$2,203,118 in 2007 to \$3,018,829 in 2010. During 2009 Authority incurred an additional \$495,000 in expenses for removal of an eighteen month backlog of sludge, catch up maintenance at the plants, and delinquent line repairs.

Interest income has decreased due to both a decrease in cash and investments and decreases in interest rates. Capacity charges have decreased as a result of weak demand for new construction and tap-in bans in some areas due to treatment plants being at or over their designed capacity.

Cash available for debt service declined from \$1,427,565 in 2007 to \$(282,158) in 2010. The debt coverage ratio declined from 1.48 to (0.60) during the same period. During 2009, the District fell out of compliance with loan covenants on a KLC lease agreement. While wastewater rates were increased by 25%, the increase was not sufficient to meet cash flow requirements. The debt was subsequently refinanced through the Oldham County Fiscal Court.

As a condition of borrowing funds from KIA on projects A10-04, A10-05, A10-06 and A10-07 in mid 2010 the Authority agreed to increase rates by June 15, 2010 as follows:

2011	2012	2013	2014	2015
33.96%	17.83%	2.26%	2.13%	2.13%

These increases were not implemented; however a single rate increase of 23.9% was passed on July 17, 2010 to be effective September 1, 2010 and an additional rate increase of approximately 8% was passed in May, 2011 to become effective in early FY2012. Higher than anticipated revenues for 2010, as well as a significant decrease in expenses for 2011 alleviated the need for higher rate increases.

PROJECTED

Projections are based on the following assumptions:

1. Revenues will increase by 2% volume annually. In addition, a minimum of two (2) 5% rate increases will be required to be effective on or before July 1, 2012 and July 1, 2013.
2. Expenses will increase 4% annually
3. Negative cash flow after debt service is projected at \$8,054 for 2011. Debt service costs on KIA loans (interest only) are projected at zero for 2011 and \$58,400 for 2012.
4. A replacement reserve of \$2,000 will be funded annually. Annual replacement reserve funding including previously approved KIA projects (A10-04, A10-05, A10-06 and A10-07) will be \$14,950.
5. Debt service on the proposed loan, four previously approved loans (A10-04, A10-05, A10-06 and A10-07) and the proposed increase for A10-04 is estimated at \$382,152 annually. Total annual debt service will increase from \$523,929 in 2011 to approximately \$1,192,224 in 2015.

Based on the assumptions, the utility can maintain a minimum debt service ratio of 1.05.

REPLACEMENT RESERVE

The annual replacement cost is \$6,000. This amount should be added to the replacement account each December 1 until the balance reaches \$60,000 and maintained for the life of the loan.

XII. RECOMMENDATIONS

KIA staff recommends approval of the increase to the loan with the standard conditions and the following special condition:

The Oldham County Environmental Authority shall pass the necessary resolution and/or ordinance no later than October 1, 2011 that will enact rate increases of at least 5% annually effective on each date designated below:

Effective Date	7/1/2012	7/1/2013
Monthly Meter Charge	\$ 15.15	\$ 15.91

A RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR A FEDERALLY ASSISTED WASTEWATER REVOLVING FUND LOAN (A11-15) OF \$400,000 TO THE OLDHAM COUNTY ENVIRONMENTAL AUTHORITY, OLDHAM COUNTY, KENTUCKY

WHEREAS, the Kentucky Infrastructure Authority (the "Authority") has been duly created as a body corporate and politic constituting a public corporation and a governmental agency of the Commonwealth of Kentucky pursuant to Chapter 224A of the Kentucky Revised Statutes (the "Act"); and

WHEREAS, pursuant to the Act, the Authority is duly and legally authorized to make loans to Governmental Agencies for the purpose of providing funds for the construction and acquisition of sanitary sewer facilities, water facilities or other types of infrastructure, and in that regard, to enter into Assistance Agreements with such Governmental Agencies governing the provisions in respect of which such loans are to be made, the amounts thereof and the repayment provisions in respect thereto; and

WHEREAS, the Authority anticipates entering into an Assistance Agreement for a loan from the Authority's Federally Assisted Wastewater Revolving Loan Program (Fund A) with the Oldham County Environmental Authority, subject to final determination of amount when the factors involving such financing have been determined; and

WHEREAS, the Authority will, in the near future, authorize and issue a series of its Infrastructure Authority Revenue Bonds for the purpose of funding loans to various governmental agencies, such series of Bonds to be known as Kentucky Infrastructure Authority Revenue Bonds with the appropriate Series designation; and

WHEREAS, the Authority wishes to establish terms and conditions on said Fund A loans prior to the issuance of Authority Revenue Bonds and recognizes that additional planning and design of the financed projects are required.

NOW, THEREFORE, THE KENTUCKY INFRASTRUCTURE AUTHORITY, ACTING BY AND THROUGH ITS BOARD OF DIRECTORS AS ITS DULY AUTHORIZED AND EMPOWERED GOVERNING BODY, DOES HEREBY RESOLVE AND ORDER, AS FOLLOWS:

Section 1. All statements of fact set forth in the preambles to this Resolution and Order are incorporated herein by reference, the same as if set forth verbatim. All such statements of fact are hereby declared to be true and accurate in all material respects.

Section 2. The Authority hereby authorizes the issuance of a conditional Federally Assisted Wastewater Revolving Fund loan for \$400,000 of project expense including capitalized interest for the construction period, to the Oldham County Environmental

Authority for the Covered Bridge WWTP Decommission Project. Such amounts are subject to adjustment by further action of the Authority or may be adjusted by action of the Authority staff at the time of the issuance of bonds based on adjustment in project costs of not more than (10%) ten percent of the project cost authorized by this resolution. Upon satisfaction of all conditions of the commitment, execution of an assistance agreement for this loan is authorized.

Section 3. The loan shall be repayable over 20 years at an interest rate of 2.0%. In addition to debt service, a 0.2% annual administration fee on the unpaid loan balance will be charged. A replacement reserve of \$2,000 will be funded annually. These terms are subject to adjustment upon execution of the loan agreement, upon changes in the project conditions or determination that the project will require authority financing to be done on a taxable basis.

Section 4. This Resolution and Order shall be in full force and effect from and after its adoption at a properly held meeting of the Kentucky Infrastructure Authority this 7th day of July, 2011.

Dear Mr. Covington:

The Division of Water (DOW) hereby certifies that the Oldham County Environmental Authority is entitled to receive priority for funding for the Covered Bridge WWTP Decommissioning project and is eligible to receive \$400,000 from the Clean Water State Revolving Fund. The following requirements have been addressed as follows:

1. Plans and specifications are expected to be submitted to DOW by August 12, 2011.
2. Construction bids are expected to be opened by September 23, 2011.
3. Project specific environmental information is expected to be submitted to DOW by June 30, 2011.

The binding commitment letter should include the following general conditions to satisfy federal requirements:

1. The Authority to Award (bid) package must be submitted to DOW for approval within 14 days of bid opening. DOW must perform the DBE reviews, conduct a pre-construction and project management conference and approve executed contract documents.
2. Loan Agreement must be executed within six (6) months from bid opening.
3. The city must agree to expend all loan funds within six months of the date of initiation of operation.
4. Documentation of final funding commitments from all parties other than the Kentucky Infrastructure Authority (KIA) as reflected in the credit analysis shall be provided to KIA prior to their loan closing and disbursement of the loan monies. Rejections of any anticipated project funding shall be immediately reported to KIA and may cause this loan to be subject to further consideration.
5. The borrower must complete and submit any missing or incomplete parts of the Application to KIA upon request.
6. The borrower must receive DOW approval of the Plans and Specifications before bidding the project.
7. The borrower must receive DOW approval of the Environmental Assessment before bidding the project.

The SRF application has been completed by staff of the Kentucky Infrastructure Authority (KIA). If you have any questions or concerns regarding missing or additional submission requirements, please contact KIA at (502) 573-0260. Should you have any questions concerning this letter, do not hesitate to contact Alison Simpson, Project Administrator, at (502) 564-8158, extension 4591.

 WASTEWATER REVOLVING LOAN FUND (FUND "A")

 PROJECT REVIEW
 SX21185037**

I. PROJECT DESCRIPTION

The Oldham County Environmental Authority ("OCEA" and formerly Oldham County Sewer District) is requesting a Fund A loan in the amount of \$400,000 for the Covered Bridge WWTP Decommissioning project. This package plant was constructed in the 1970's and has exceeded its useful life. This plant periodically has odor, noise and inflow and infiltration issues which will be eliminated. A pump station and approximately 2,200 linear feet of force main will be constructed to convey waste from the Covered Bridge subdivision to the Ohio River WWTP. Additionally, the Albrecht pump station will be upgraded to handle the increased flow that will result from this project.

The Authority and the Division of Water are in negotiations about the details of an Agreed Order. DOW has indicated that five package plants need to be removed over the next five years. Since 1996 the Authority has built one new regional facility (Ohio River WWTP) and eliminated only three package plants. The Authority has plans to eliminate the five plants that have the highest occurrence of overflows and permit violations. In 2010 KIA approved loans totaling \$3,680,000 to eliminate the Willow Creek, Orchard Grass and Green Valley plants and to divert flow from the Buckner plant to the Kentucky State Reformatory. An additional \$900,000 has since been requested for the Buckner project and is discussed in a separate increase request (A10-04).

VI. CUSTOMER INFORMATION AND RATE STRUCTURE

A) Customers

	Total
Residential	5,933
Commercial	184
Industrial	0
	<u>6,117</u>

* No customers will be added as a result of this project.

B) Rates

The historical and current charges for wastewater utility service are as follows:

	Previous 9/1/2010	As of 9/1/2011
Date of Last Rate Increase		
Monthly Meter Charge	\$ 13.17	\$ 14.22
Rate Per 1,000 Gallons	5.34	5.77
Cost for 4,000 gallons	<u>\$ 34.53</u>	<u>\$ 37.30</u>
% of Rate Increase	23.9%	8.0%
Affordability Index (Rate/MHI)	0.7%	0.7%

VII. DEMOGRAPHICS

In 2000, the population of Oldham County was 46,178 with a Median Household Income (MHI) level of \$63,229. The median household income for the Commonwealth is \$33,672. This project qualifies for a 2% interest rate because it is considered regional as defined in 200 KIA 17:050 because it combines two or more existing facilities or systems.

VIII. 2010 CAPITALIZATION GRANT EQUIVALENCIES

- 1) Green Project Reserve - This project does not qualify for Green Project Reserve (GPR) funding.
- 2) Additional Subsidization – This project does not qualify for additional subsidization.

IX. FINANCIAL ANALYSIS (See Exhibit 1)

Financial information for the legacy Oldham County Sewer District ("OCSD") was obtained from the audited financial statements for the years ended June 30, 2007 through 2010. Financial information for the Storm Water Management Entity is not included.

HISTORICAL

OCSD was established by the Oldham County Fiscal Court in December 1996 as a county wide sewer district for the purpose of acquiring, constructing, operating and maintaining sanitary sewer systems. OCSD's jurisdictional boundaries included all of Oldham County with the exception of the incorporated cities of LaGrange and Crestwood. Since OCSD's creation, Pewee Valley has been removed from OCSD's territory. On August 1, 2005, the City of Crestwood merged its sewer assets with the OCSD. On December 1, 2008 the City took back the management of its sewer system and the District transferred related assets back to the City. On August 10, 2010 OCSD and Oldham County Storm Water Management were merged to form the Oldham County Environmental Authority.

On November 15, 2008, Veolia assumed the operations and maintenance under a ten year contract. The monthly fee is guaranteed to cover all costs of operations except for maintenance, repairs and utilities which are trued up annually. The contract contains numerous performance metrics that are required to be reported to the Authority Board.

HISTORICAL

Revenues increased by 6% from \$2,502,282 in 2007 to \$2,628,693 in 2010. A 25% rate increase in mid fiscal 2009 was offset by the loss of Crestwood sewer revenues (\$250,000) and a change in accounting treatment for a transaction with the Kentucky State Reformatory (\$327,000). Operating expenses increased by 37% from \$2,203,118 in 2007 to \$3,018,829 in 2010. During 2009 Authority incurred an additional \$495,000 in expenses for removal of an eighteen month backlog of sludge, catch up maintenance at the plants, and delinquent line repairs.

Interest income has decreased due to both a decrease in cash and investments and decreases in interest rates. Capacity charges have decreased as a result of weak demand for new construction and tap-in bans in some areas due to treatment plants being at or over their designed capacity.

Cash available for debt service declined from \$1,427,565 in 2007 to \$(282,158) in 2010. The debt coverage ratio declined from 1.48 to (0.60) during the same period. During 2009, the District fell out of compliance with loan covenants on a KLC lease agreement. While wastewater rates were increased by 25%, the increase was not sufficient to meet cash flow requirements. The debt was subsequently refinanced through the Oldham County Fiscal Court.

As a condition of borrowing funds from KIA on projects A10-04, A10-05, A10-06 and A10-07 in mid 2010 the Authority agreed to increase rates by June 15, 2010 as follows:

2011	2012	2013	2014	2015
33.96%	17.83%	2.26%	2.13%	2.13%

These increases were not implemented; however a single rate increase of 23.9% was passed on July 17, 2010 to be effective September 1, 2010 and an additional rate increase of approximately 8% was passed in May, 2011 to become effective in early FY2012. Higher than anticipated revenues for 2010, as well as a significant decrease in expenses for 2011 alleviated the need for higher rate increases.

PROJECTED

Projections are based on the following assumptions:

1. Revenues will increase by 2% volume annually. In addition, a minimum of two (2) 5% rate increases will be required to be effective on or before July 1, 2012 and July 1, 2013.
2. Expenses will increase 4% annually
3. Negative cash flow after debt service is projected at \$8,054 for 2011. Debt service costs on KIA loans (interest only) are projected at zero for 2011 and \$58,400 for 2012.
4. A replacement reserve of \$2,000 will be funded annually. Annual replacement reserve funding including previously approved KIA projects (A10-04, A10-05, A10-06 and A10-07) will be \$14,950.
5. Debt service on the proposed loan, four previously approved loans (A10-04, A10-05, A10-06 and A10-07) and the proposed increase for A10-04 is estimated at \$382,152 annually. Total annual debt service will increase from \$523,929 in 2011 to approximately \$1,192,224 in 2015.

Based on the assumptions, the utility can maintain a minimum debt service ratio of 1.05.

REPLACEMENT RESERVE

The annual replacement cost is \$2,000. This amount should be added to the replacement account each December 1 until the balance reaches \$20,000 and maintained for the life of the loan.

A RESOLUTION AND ORDER OF THE BOARD OF DIRECTORS OF THE KENTUCKY INFRASTRUCTURE AUTHORITY AUTHORIZING ISSUANCE OF A CONDITIONAL COMMITMENT FOR A FEDERALLY ASSISTED DRINKING WATER REVOLVING FUND LOAN (F11-07) OF \$2,500,000 TO THE BREATHITT COUNTY WATER DISTRICT, BREATHITT COUNTY, KENTUCKY

WHEREAS, the Kentucky Infrastructure Authority (the "Authority") has been duly created as a body corporate and politic constituting a public corporation and a governmental agency of the Commonwealth of Kentucky pursuant to Chapter 224A of the Kentucky Revised Statutes (the "Act"); and

WHEREAS, pursuant to the Act, the Authority is duly and legally authorized to make loans to Governmental Agencies for the purpose of providing funds for the construction and acquisition of sanitary sewer facilities, water facilities or other types of infrastructure, and in that regard, to enter into Assistance Agreements with such Governmental Agencies governing the provisions in respect of which such loans are to be made, the amounts thereof and the repayment provisions in respect thereto; and

WHEREAS, the Authority anticipates entering into an Assistance Agreement for a loan from the Authority's Federally Assisted Drinking Water Revolving Loan Program (Fund F) with the Breathitt County Water District, subject to final determination of amount when the factors involving such financing have been determined; and

WHEREAS, the Authority will, in the near future, authorize and issue a series of its Infrastructure Authority Revenue Bonds for the purpose of funding loans to various governmental agencies, such series of Bonds to be known as Kentucky Infrastructure Authority Revenue Bonds with the appropriate Series designation; and

WHEREAS, the Authority wishes to establish terms and conditions on said Fund F loans prior to the issuance of Authority Revenue Bonds and recognizes that additional planning and design of the financed projects are required.

NOW, THEREFORE, THE KENTUCKY INFRASTRUCTURE AUTHORITY, ACTING BY AND THROUGH ITS BOARD OF DIRECTORS AS ITS DULY AUTHORIZED AND EMPOWERED GOVERNING BODY, DOES HEREBY RESOLVE AND ORDER, AS FOLLOWS:

Section 1. All statements of fact set forth in the preambles to this Resolution and Order are incorporated herein by reference, the same as if set forth verbatim. All such statements of fact are hereby declared to be true and accurate in all material respects.

Section 2. The Authority hereby authorizes the issuance of a conditional Federally Assisted Drinking Water Revolving Fund loan for \$2,500,000 of project expense including capitalized interest for the construction period, to the Breathitt County Water District for the KY 1098 South Fork and Canoe Waterline Extension project. Such

amounts are subject to adjustment by further action of the Authority or may be adjusted by action of the Authority staff at the time of the issuance of bonds based on adjustment in project costs of not more than (10%) ten percent of the project cost authorized by this resolution. Upon satisfaction of all conditions of the commitment, execution of an assistance agreement for this loan is authorized.

Section 3. Principal forgiveness of 35% will be deducted from the approved loan amount. The unforgiven principal balance of \$1,625,000 shall be repaid.

Section 4. The loan shall be repayable over 20 years at an interest rate of 1.0%. In addition to debt service, a 0.25% annual administration fee on the unpaid loan balance will be charged. A replacement reserve of \$6,250 will be funded annually. These terms are subject to adjustment upon execution of the loan agreement, upon changes in the project conditions or determination that the project will require authority financing to be done on a taxable basis.

Section 5. This Resolution and Order shall be in full force and effect from and after its adoption at a properly held meeting of the Kentucky Infrastructure Authority this 7th day of July, 2011.

BRIEF DESCRIPTION:

This request is comprised of three primary components. These projects will provide an adequate water supply to a community that currently has contaminated drinking water sources. Selective testing indicates that contaminants include iron, sulfur, manganese, sodium chloride as well as pathogens that usually include fecal coliform bacterial contamination at various levels.

The first project is the installation of approximately 78,330 linear feet of PVC and ductile iron pipe in various sizes to service KY 315 north of 1933 (Turner's Creek) and the remaining side roads off of Canoe Road including Canoe, Spicer Branch, Butter Point, Buzzard Fork, Stamper Fork and Lick Branch. The project will also install a service line via railroad bore to Cecil Clair on HWY 52 and upgrade the HWY 52 and Town Hill pump stations. In addition, approximately 46,247 linear feet of 6", 4" and 2" PVC of new lines will be constructed to serve the area of South Fork from Swift Branch to Open Fork and Press Howard Fork and the Short Fork Road area. Lastly, approximately 25,000 linear feet of 4" and 2" line will be constructed to extend service from KY 1114 to Walter Combs' House at the end of Houston Road. Approximately 340 customers will be added as a result of the projects.

I. PROJECT DESCRIPTION

The Breathitt County Water District is requesting a Fund "F" loan in the amount of \$2,500,000 to extend water service in various areas. The request is comprised of three components. The projects will provide an adequate water supply to areas that currently have contaminated drinking water sources. Selective testing indicates that contaminants include iron, sulfur, manganese, sodium chloride as well as pathogens that usually include fecal coliform bacterial contamination at various levels.

The first project is the installation of approximately 78,330 linear feet of PVC and ductile iron pipe in various sizes to service KY 315 north of 1933 (Turner's Creek) and the remaining side roads off of Canoe Road including Canoe, Spicer Branch, Butter Point, Buzzard Fork, Stamper Fork and Lick Branch. VI. RATE STRUCTURE

The district purchases all water for distribution from the City of Jackson at a rate of \$1.90 per 1,000 gallons. There is a minimum purchase required of 400,000 gallons per month.

A. Customers

Customers	Current	Proposed	Total
Residential	1,100	342	1,442
Commercial	5	0	5
Industrial	0	0	0
	<u>1,105</u>	<u>342</u>	<u>1,447</u>

The Canoe Road project is expected to add 220 customers while the Highway 1,098 project will add 122 customers.

B. Rates

Rates were last increased in October, 2005.

First 2,000 gallons (minimum)	\$ 19.90
Rate Per Additional 1,000 Gallons	<u>9.95</u>
Cost for 4,000 gallons	\$ 39.80
Affordability Index (Rate/MHI)	2.5%

VII. DEMOGRAPHICS

In 2000, the County's population was 13,500 with a Median Household Income (MHI) of \$19,155, which is less than 80% of the MHI for the Commonwealth (\$33,672), thus qualifying the District for a 1% interest rate on the proposed loan.

VIII. 2010 CAPITALIZATION GRANT EQUIVALENCIES

- 1) Green Project Reserve - This project does not qualify for Green Project Reserve (GPR) funding.
- 2) Additional Subsidization – This project qualifies for additional subsidization in the amount of \$875,000.

IX. FINANCIAL ANALYSIS (See Exhibit 1)

Financial information for the utility was obtained audited financial statements for the years ended December 31, 2006 through 2009. Amounts for 2010 are based on preliminary financial statements.

HISTORICAL

The Breathitt County Water District (BCWD) was created in 2003 to provide water service to unserved residences in Breathitt County. The customer base has increased from about 100 in 2006 to approximately 1,100 today. Since its inception the District has extended the water supply to numerous areas throughout the County.

Revenues have increased 461% from \$88,609 in 2006 to \$497,238 in 2010. Operating expenses and purchased water costs have increased 339% from \$105,449 to \$463,023 during the same period. Cash available for debt service has been negative in all years but 2007 due to customer hookups from extension projects being realized a little later after project completion than expected. The debt coverage ratio in 2010 was 0.06. Reserve funds and a portion of operating cash were utilized to fund the required \$572,000 in debt service from the ARRA loan.

The 2010 operating cash balance represents about 1.5 months of operating expenses and purchased water cost. There are minimal restricted reserve funds to support total capital assets of \$23.5 million. Large unexpected expenses could stress the District's finances given these combined factors.

Financing for the District's capital expansion has involved a combination of grants, fiscal court contributions and credit facilities. The District's long term debt is minimal and is comprised of Series 2009 Revenue Bonds and a note to KIA. Total debt to equity is approximately 4%. Days' sales in accounts receivables are 35.9 which reflects an efficient collection process.

PROJECTED

Projections are based on the following assumptions:

- Revenues have been adjusted to include the additional 340 customers that will be added in 2012 as a result of the project.
- Customer growth outside of planned service area expansions will be 2% per year.
- Operating expenses and purchased water costs are projected to increase by 4% annually
- Average water use was calculated at 3,600 gallons per month per customer based on historical usage.
- The replacement reserve is \$6,250 for this project and \$7,250 annually in total (includes KIA loan F2 09-05).
- Debt service on the new KIA loan will be \$93,910 annually beginning in June 2013.

Based on the above assumptions the Breathitt County Water District will meet the required cash flow through the projected years with a debt coverage ratio of 1.09 in 2013. Debt to equity will increase from 4% to 11% upon completion of the project.

REPLACEMENT RESERVE

Based on the information provided in the application the annual replacement cost is \$6,250. This amount should be added to the replacement account each December 1 until the balance reaches \$62,500 and maintained for the life of the system.

**A RESOLUTION OF THE KENTUCKY INFRASTRUCTURE AUTHORITY
AUTHORIZING AND APPROVING THE ISSUANCE OF OBLIGATIONS OF
THE KENTUCKY INFRASTRUCTURE AUTHORITY TO REIMBURSE
CAPITAL EXPENDITURES MADE BY GOVERNMENTAL AGENCIES
PURSUANT TO LOANS MADE BY THE KENTUCKY INFRASTRUCTURE
AUTHORITY TO SUCH GOVERNMENTAL AGENCIES**

WHEREAS, the Board of Directors of the Kentucky Infrastructure Authority (the "Authority") has heretofore approved the undertaking of the projects described in further detail in Exhibit A (collectively, the "Project"); and

WHEREAS, the Authority anticipates making loans to governmental agencies pursuant to the provisions of Chapter 224A of the Kentucky Revised Statutes (the "Act") for the Project and the governmental agencies may be expected to pay and/or incur costs with respect to the Project ("Prior Capital Expenditures") on or after the date of this resolution and prior to the issuance of the obligations (the "Obligations") which will finance the Project.

NOW, THEREFORE BE IT RESOLVED by the Board of Directors of the Kentucky Infrastructure Authority as follows:

Section 1. The Board of Directors hereby approves the use of the Obligations to finance the costs of the Project in the maximum principal amount set forth in Exhibit A plus costs of issuance related thereto and amounts required to fund a debt service reserve, if any, and declares its intent that any Prior Capital Expenditures made by the governmental agencies pursuant to loans made by the Authority will be made in anticipation of the issuance of such Obligations to reimburse said Prior Capital Expenditures. This declaration is made pursuant to Treas. Reg. §1.150-2.

Section 2. The Executive Director and Treasurer of the Authority are hereby authorized and directed to reimburse, not later than eighteen months after the later of (i) the date of the expenditure or (ii) the date the item was placed in service, but in any event not later than three years after the original expenditure, only those Prior Capital Expenditures made with respect to assets having a reasonably expected economic life of at least one year, and in addition, eligible preliminary expenditures paid and incurred prior to commencement of the Project.

Section 3. The Authority finds and determines that, consistent with the Authority's budgetary and financial circumstances, it does not have funds currently available and does not expect to have funds available in the future that may be allocated on a long-term basis, other than the proceeds of the Obligations, to finance the Prior Capital Expenditures.

Section 4. The Authority hereby directs the Executive Director, Secretary, and Treasurer to take the following action at the time the Prior Capital Expenditures are reimbursed from proceeds of the Obligations: (i) evidence the reimbursement on the books and records maintained with respect to the Obligations, and (ii) identify either the actual prior expenditure to be reimbursed or, in the case of reimbursement of a fund or account, the fund or account from which the expenditure was paid.

Section 5. The books, records and proceedings of the Authority with respect to this resolution shall be made reasonably available by the Authority for its inspection by the general public at the Authority's administrative office every business day during normal business hours commencing no later than 30 days after the passage of this resolution. Said books, record and proceedings of the Authority with respect to this resolution will continue to be reasonably available to the general public until the date of issuance of the Obligations.

Section 6. This Resolution shall be in full force and effect from and after its adoption.

Passed and adopted this 7th day of July, 2011.
