AGREEMENT BY AND BETWEEN  
HIGHWAY, HEAVY, AND UTILITY DIVISION – ICA, INC.  
and  
INTERNATIONAL UNION OF OPERATING ENGINEERS  
LOCAL 181

THIS AGREEMENT is made and entered into by and between the Highway, Heavy, and Utility Division – ICA, Inc., acting as negotiating agent on behalf of members of the Division who signed this Agreement or facsimile thereof, party of the first part, known hereinafter as “EMPLOYER,” and the Operating Engineers Local Union 181, party of the second part, known hereinafter as the “OPERATING ENGINEERS LOCAL” or “UNION.”

It is agreed and understood that said negotiating agent, “EMPLOYER,” shall in no event be bound as principal or be held liable as negotiating agent or as principal in any manner for any breach of this contract by any of the parties hereto.

It is further agreed that the liability of the Employers who accept, adopt, and sign this Agreement, or facsimile thereof, shall be several, and not joint, and that the liability of the Operating Engineers Local, herein named, shall be joint.

**1. BARGAINING AGENT.** The Employer and Employers recognize the Union as the sole and exclusive bargaining agent of its Operating Engineers on all work covered by this Agreement.

The Union recognizes the Highway, Heavy, and Utility Division – ICA, Inc., as the sole and exclusive bargaining agent for members of the Division who sign this Agreement, or a facsimile thereof, on all work covered by this Agreement.

**2. NON-DISCRIMINATION.** The Employer will not discriminate in hiring or during employment because of race, religion, color, sex, national origin, ancestry, age, handicap, veteran’s status or a qualified individual with a disability.

The Union will not discriminate in any respect including membership, training opportunities, or referrals because of race, religion, color, sex, national origin, ancestry, age, handicap, veteran’s status or a qualified individual with a disability.

It is also agreed that both the Union and the Employer will fully comply with all federal and state requirements as they pertain to equality and opportunity for employment in the construction industry. In addition to equal employment opportunities, the Employer and Union fully support affirmative action in construction.

**3. EMPLOYEES COVERED.** This Agreement shall have effect on and cover employees performing work in the area covered by Article 4 of this Agreement for the Employer and all job site equipment repairs and maintenance and all other job site work which has been or may be awarded to the International Union of Operating Engineers and, without limiting the foregoing, all classifications of employees listed in Schedule “A” and any addition or additions thereto during the life of this Agreement. Provided, however, that this Agreement does not cover warranty and specialized mechanics who are not employees of the Employer. Such mechanics may perform job site repair or job site maintenance if assisted by an employee covered by this Agreement.

This Agreement shall not cover or apply to Superintendents, Assistant Superintendents, General Foreman, Foreman, Timekeepers, Messenger Boys, Guards, Confidential Employees, and Office Help.

The Foreman and all above are Agents of the Employer and in no way shall be construed to be an Agent of the Union.

No Foreman or Supervisor shall be allowed to operate, repair or maintain any mechanical equipment when such operation takes the job of an employee covered by this Agreement.

**4. AREA COVERED.** This Agreement shall cover and apply to the territorial jurisdiction of Local 181. The territorial jurisdiction of Local 181 in Indiana shall be the following counties:

**5. WORK COVERAGE.** This Agreement shall cover the type of work as outlined in Articles 6, 7, and 9 and all job site equipment repairs and maintenance, and other job site work, which has been or may be awarded, to the International Union of Operating Engineers; provided, however, that this Agreement does not cover job site repair or maintenance performed by warranty and specialized mechanics who are not employees of the Employer.

For purposes of this paragraph, “job site equipment repairs and maintenance” shall include equipment repairs and maintenance performed at a location established for the sole purpose of repairing and maintaining equipment for a specific job in question.

For purposes of this paragraph, “other job site work” shall include work performed at a location within reasonable proximity to the job in question and for the sole purpose of performing part of that job.

**6. HIGHWAY CONSTRUCTION** shall include construction, modifications, snow removal, additions or repairs of roads and streets and construction incidental thereto, including necessary demolition and site clearing; alleys, guard rails, fences, parkways, parking areas, airports, bridle and bicycle paths, athletic areas, highway bridges, grade separations involving highways, sewers, water lines and underground utilities incidental to street and highway improvements.

**EXCLUSIONS.** It is understood that the work coverage in this Article 6, except as relates to airports, shall not be construed to apply in or on government defense projects, nor shall it be construed to apply to industrial or commercial projects, except as relates to airports and/or housing projects.

**7. HEAVY CONSTRUCTION AND RAILROAD CONTRACTING** shall include the construction, or modification, or addition, or repair of railroad construction projects, railroad spurs, railroad bridges, train wrecks, grade separation involving a railroad, pile driving, piers, abutments, retaining walls, viaducts, pedestrian tunnels, subways, track elevation (excluding new elevated railroads), elevated highways, drainage projects, irrigation projects, flood control projects, reclamation projects, reservoirs, dams, exclusive of dams and work incidental thereto on the Ohio River let by the Corps of Engineers, dikes, levees, revetments, channels, channel cut-offs, dredging projects and jetties; including the operation, maintenance, and repair of all land and floating plant, equipment, vehicles, and other facilities used in connection with and serving the aforementioned work and services, not including any such work let as a building contract.

**8. DEFINITIONS.** An industrial project shall mean all work done on the premises of the owner building such industrial plant.

A commercial project shall mean all work done on the premises of the owner building such commercial establishment. Educational facilities shall be included in commercial classifications.

**9. LOCAL PRODUCTION OF MATERIALS,** whether such materials are produced by the contractor himself, for his own use, or for him by contract with another, is construed to be the production of materials with plants established, or reopened or to be established, in the vicinity of the work for the sole purpose of supplying materials to be incorporated into the work on a designated project or projects.

For the purpose of this paragraph Local Production of Materials shall include such concrete plants, asphalt plants, gravel and stone crushing plants, sand producing plants, and sub-base material operations.

**10. ARBITRATION.** It is specifically agreed by and between the parties hereto that there will be no lockouts, strikes, or stoppages of work of any sort as a result of any dispute involving matters which are the proper subject for arbitration hereunder.

All differences of opinion, disputes, and grievances, except those covered by Articles 11 and 12, are subject to this Article 10 and shall be handled and processed as follows: subject to the exclusions last above set out, there shall be no stoppage of work on account of any difference of opinion or dispute which may arise between the Employer and the Union and/or between an Employer and the Union. With respect to such exclusion, if there is a stoppage of work, it shall not be a violation of this Agreement and the employees stopping work shall not cease to be employees, but shall be entitled to no compensation so long as such work stoppage shall continue.

If a difference of opinion or dispute arises between the parties, such difference of opinion or dispute shall be referred to and considered by representatives of the Employer and the Local Union within twenty-four (24) hours, Saturdays, Sundays, and holidays excluded. If this procedure fails of a satisfactory and prompt adjustment of the difference of opinion or dispute, it shall be immediately referred to a Board consisting of two (2) members, one to be appointed by the Employer and one by the Operating Engineers Local involved. If within forty-eight (48) hours, Saturdays, Sundays, and holidays excluded, after such difference of opinion or dispute is so referred to the Board, as so constituted, and they are unable to reach a decision, the Board shall appoint a third member. If the Board, as so constituted, is unable to agree upon a third member within a reasonable time not to exceed seventy-two (72) hours or at a later date by mutual agreement, after such difference of opinion or dispute is submitted, either the Union or the Employer, or both, shall request the Director of the Federal Mediation and Conciliation Service to appoint an impartial third (3<sup>rd</sup>) member. The parties shall jointly request of the third (3<sup>rd</sup>) member when he is appointed that the matter be expedited as rapidly as possible for hearing. The decision of the Board shall be in writing signed by a majority of the Board and delivered to the Employer and the Union and shall be final and binding upon all parties concerned in the dispute. The aforesaid Board shall be permanent, but its individual members may be changed at any time by their respective organizations. The members of the Board may receive such pay for their services as their respective organizations see fit to allow. Nothing herein contained shall prevent an employee from presenting his individual grievance as provided for and guaranteed by the Labor Management Relations Act of 1947.

There shall be no stoppage of work on account of any difference of opinion or dispute which may arise between this and any other unit or units of organized labor, or between units of organized labor, or between any unit or units of organized labor and any other division of the Highway Industry.

**11. PENALTY-WAGES.** If any Employer fails to pay wages, the arbitration procedure herein provided for shall become inoperative and the Union shall be entitled to resort to all legal and economic remedies including the right to strike and picket until such failure to pay has been corrected.

**12. PENALTY-PENSION, HEALTH & WELFARE, TRAINING FUND.** If any Employer, after forty-eight (48) hours written notice of default, fails to pay Pension, Health and Welfare or Apprenticeship & Training contributions, the arbitration procedure herein provided for shall become inoperative and the Union shall have the right to resort to all legal and economic remedies including the right to strike and picket until such failure to pay has been corrected.

Article 11 and 12 shall be inoperative if the amount of wages and/or fringe benefits is bonafidely disputed. In such instance, the Employer shall then pay the wages and/or fringe benefits admitted to be due and the balance shall be settled by the arbitration procedure as provided herein.

**13. UNION SECURITY.** All employees covered by this Agreement shall be required as a condition of employment, to apply for, and to become members of, and to maintain membership in, the Union within eight (8) days following the beginning of their employment or the effective date of this clause, or the signing of this Agreement, whichever is the later, provided, however, if the employee is employed solely in the Local Production of Materials and does no work at the job site, the word “eight (8)” shall, as to such employee, read “thirty-one (31)”. This clause shall be enforceable to the extent permitted by law.

The Union recognizes its obligation and therefore assumes full responsibility to every employee discharged under the provisions of the article last above set out as a result of a written request from the Union to the Individual Employer of the employee.

Any employee discharged under the provisions of Article 13 while actively employed shall, before registering in a Referral Office for dispatch under this Agreement, tender to the Union the full initiation or reinstatement fee and current quarterly dues, and the Union shall issue receipt therefore. Upon presentation of such receipt to a Referral Office as evidence of such tender, the employee shall be permitted to register as if he had never been discharged for such non-payment.

**14. WELFARE FUNDS.** On work covered by this Agreement within the territorial jurisdiction of Local 181, the Employer agrees to pay, during the term of this Agreement, into the welfare fund of the respective local on the following basis:

Contributions to the welfare fund shall not be deemed wages due the employee.

#### **14. Welfare Funds (continued)**

Each Employer, signatory to or bound by this Agreement, agrees that his firm, partnership or corporation shall and does hereby become an "Employer" under the terms of the Agreement and Declaration of Trust forming the International Union of Operating Engineers Local 181 Health and Welfare Trust Fund, the effective date of said Agreement and Declaration of Trust being April 1, 1968. Said Employer further agrees to abide by all provisions, rules and regulations set forth in such Agreement and in the By-laws made by the authority thereof.

Upon written notice to the Employer from the Union at least 60 days prior to April 1, 2010 and April 1, 2011, the Employer agrees to increase its hourly contributions to the aforesaid Health and Welfare Fund in the amount specified by the Board of Trustees of the Health and Welfare Fund. The hourly wage scale then scheduled to go into effect shall be lowered in an amount equal to the increase in the hourly contributions to the Health and Welfare Fund.

**15. PENSIONS.** On work covered by this Agreement the Employer agrees to pay into the pension fund of Local Union 181 on the following mutually exclusive basis.

Effective April 1, 2009, and thereafter during the life of this Agreement and any extension thereof, the Employer shall pay monthly into the Central Pension Fund of the International Union of Operating Engineers and Participating Employers the sum of five dollars (\$5.00) per hour for each hour worked or paid for while working in the territorial jurisdiction of Local 181. Said payments shall be made on the dates, in the manner and form, and in accordance with the rules and regulations as adopted by the Trustees of the Central Pension Fund of the International Union of Operating Engineers and Participating Employers.

Contributions to the Pension Fund shall not be deemed wages due the employee.

All welfare and pension funds, as set out in Articles 14 and 15 shall be administered in accordance with the provisions of applicable law.

It is understood and agreed that the Employer shall be bound to the terms and provisions of the Pension Trust Agreement that governs the Pension Fund described above as if the Trust Agreement was set forth in full herein.

Upon written notice to the Employer from the Union at least 60 days prior to April 1, 2010, and April 1, 2011, the Employer agrees to increase its hourly contributions to the aforesaid Pension Fund in the amount specified by said notice. The hourly wage scale then scheduled to go into effect shall be lowered in an amount equal to the increase in the hourly contribution to the Pension Fund.

Employer contributions shall be paid by the fifteenth (15<sup>th</sup>) of the month following the month of accrual and failure to pay by the thirtieth (30<sup>th</sup>) of said month shall be considered a violation of this Agreement.

An employee covered by this Agreement shall be considered to have been hired and employed in Indiana. For all purposes, the employment of such person shall be governed by the laws of Indiana.

The Union and the Employer recognize that the Union is in a position to aid the Employer in recruiting needed employees who can promote the efficiency and safety of the operation of the Employers. The Employer agrees to notify the Union when new, additional or replacement employees are needed.

## 17. Hiring (continued)

The Union agrees to refer duly qualified applicants upon a non-discriminatory basis when so notified, and when furnishing same, shall do so in accordance with the minority percentages required of the Employer by the various federal agencies. (Inability to do so does not constitute a breach of contract by the Union.) The decision with regard to the hire and tenure of all employees shall be made by the Employer. The Employer shall be the sole judge as to the qualifications of any applicant for employment.

Except as otherwise indicated above, the Employer and the Union agree to the following Hiring Procedure for employees covered by this Agreement.

The Employer shall give the Union twenty-four (24) hours notice of its needs for workmen.

**18. HIRING PROCEDURE.** This hiring procedure agreement is entered into between \_\_\_\_\_ (hereinafter referred to as the Employer) and Local Union 181, International Union of Operating Engineers (hereinafter referred to as the Union) in order to provide the Employer with a means of securing an efficient and competent working force on a non-discriminatory basis, and in order to minimize the evils of casual employment by securing a fair distribution of work among the workers represented by the Union. To these ends the Employer and the Union agree as follows:

- (A) The Employer shall give the Union twenty-four (24) hours notice of its need for workmen, and within such twenty-four (24) hour period shall not hire persons not referred by the Union. If, however, the Union fails to refer workers within such twenty-four (24) hour period after having been notified to do so, the Employer shall have the right to hire persons not referred by the Union.
- (B) In notifying the Union of its needs for workers, the Employer shall specify to the Union (a) the number of workers required, (b) the location of the project, and (c) the nature and type of construction involved, (d) the work to be performed, and (e) such other information as may be necessary to enable the Union to make proper referral of applicants.
- (C) The Employer shall have the right to determine the competency and qualifications of men referred by the Union, and the right to hire or not hire accordingly.
- (D) The selection of applicants for referral to jobs shall be on a non-discriminatory basis and shall not be based on, or in any way affected by Union membership, bylaws, rules, regulations, constitutional provisions or any other aspect or obligation of Union membership, policies, or requirements.
- (E) The Union shall register and refer all applicants for employment on the basis of the priority groups listed below. Each applicant shall be registered in the highest priority group for which he qualifies.

## 18. Hiring Procedure (continued)

**GROUP A** – All applicants who have worked as Operating Engineers for the past four (4) years; have been employed for an aggregate time of at least one (1) year during the last four (4) years by Employers who are parties to Collective Bargaining Agreements with the Union, not containing discriminatory referral provisions; and who have maintained residence for the past year within the geographical area constituting the normal construction labor market (as hereinafter defined).

**GROUP B** – All applicants for employment who have worked as Operating Engineers for the past four (4) years and have been employed for an aggregate time of at least six (6) months during the last four (4) years by Employers who are parties to Collective Bargaining Agreements with the Union, not containing discriminatory referral provisions.

**GROUP C** – All applicants for employment who have worked as Operating Engineers for the past two (2) years and who have maintained residence for the past year within the geographical area constituting the normal construction labor market (hereinafter defined).

**GROUP D** – All applicants for employment who have worked as Operating Engineers for one (1) year.

**GROUP E** – All other applicants for employment.

- (F) The Union shall maintain a separate list for each of the five (5) Groups set forth above, and shall list the applicants within each Group in the order in which they register as available for employment.
- (G) In referring applicants to the Employer, the Union shall first refer applicants in Group A in the order of their places on the list, and then refer applicants in the same manner successively from the lists for Groups B, C, etc. Any applicant who is rejected by the Employer shall be restored to his place on the list for his Group. When a registrant is referred for employment and is actually employed on a job for more than five (5) days, such registrant's name shall be removed from the list. When his employment terminates, he shall be registered at the bottom of the appropriate Group list on which he is entitled to be registered. If a registrant, upon being referred for employment in regular order, refuses to accept the employment, such registrant's name shall be placed at the bottom of the Group list on which he is registered.
- (H) Re-registration for referral shall be accepted by the Union at any time during its customary office hours. New registrations shall be accepted by the Union at least once each week during office hours. Reasonable notice of new registration periods shall be posted by the Union in the union office and in any other place where notices to employees and applicants for employment are customarily posted.

## **18. Hiring Procedure (continued)**

- (I) The Union will use its best efforts to notify an applicant for referral when such applicant is to be referred to a job pursuant to the request of the Employer but assumes no obligation or responsibility for failure to locate such applicant.
- (J) The priorities of referral set forth in Article 5 above shall be followed except that in cases where the Employer requires and calls for employees possessing special skills and abilities, the Union shall pass over any applicants on the register not possessing such special skills and abilities. The Employer shall request only men who are registered out of work in Group A only, and they shall have been a former employee who has worked for the requesting Employer in the past year in the geographical area. All requests shall be in writing. Applicant must have been on the referral register at least five (5) days before employee can be requested by the Employer. If an employee is called back to the same Employer within five (5) working days, such employment shall be considered continuous employment and shall be counted as such. In cases where the Union does not have twenty-four (24) or more hours to fill an order for referral for a few-day job (5 or less days) the Union may pass over applicants on the register in order to promptly fill the order.
- (K) The Union shall require all job applicants who have not previously registered to submit a resume of experience and qualifications.
- (L) In the event any job applicant is aggrieved with respect to the functioning of this Hiring Agreement, he may, within ten (10) days following the occurrence of the event which constitutes the basis for the grievance, file with the person in charge of registration and referral a written statement of the grievance clearly and specifically setting forth the wrong or violation charged. An Appellate Tribunal consisting of an Employer-Representative, a Union-Representative and an impartial Chairman appointed jointly by the Employer and Union, shall consider such grievance and render decisions which shall be binding. The Appellate Tribunal is authorized to issue procedural rules for the conduct of its business, but is not authorized to add to, subtract from, or modify any of the provisions of this Agreement and its decision shall be in accord with the Agreement.
- (M) The Union and the Employer shall post in places, where notices to employees and applicants for employment are customarily posted, all provisions of this hiring hall Agreement.

Failure to produce the ICI SAT card on request by the Employer or their agent may cause the employee to be suspended until the card is presented or until it is verified by the testing agency that the employee’s last test was negative. Replacement of a lost or damaged ICI SAT card shall be at the employee’s expense.

## ADDENDUM

- b. New hires, with an ICI SAT identification card. If an Applicant has a valid employee ICI SAT card, they will present the card for photocopying to the prospective Employer when they present themselves for employment. The Employer shall have the right to further validate the ICI SAT card by contacting the agency responsible for insuring the employee's ICI SAT card is presently valid. The Applicant will be placed on the payroll and put to work pending receipt of the result of the inquiry. Employment shall be probationary and continued employment of the individual shall be contingent upon the validity of the employee's ICI SAT card being verified. The Employer shall have three days to validate the ICI SAT card. If ICI SAT card is invalid, the employee will have no right to continued employment and may be terminated.
- c. New hires, without an ICI SAT card. If the Applicant does not have a valid ICI SAT card, employment shall be probationary and continued employment shall be contingent upon successful passage of the drug and alcohol test.
- d. When tested for any reason, the employee will surrender the ICI SAT card to the testing agent. If the test is negative, the employee's valid ICI SAT card will be sent to the employee. If the test is positive, the ICI SAT card will not be returned.

### **VII. REHABILITATION AND EMPLOYEE ASSISTANCE PROGRAM.**

Employees are encouraged to seek help for a drug or alcohol problem before it deteriorates into a disciplinary matter. If an employee voluntarily notifies supervision that he may have a substance abuse problem, the Employer may assist in locating a suitable SAP and rehabilitation program for treatment. The Employer will inform the employee that medical benefits may be available under the Health and Welfare Program. For Benefit information if outside Kentucky, call 800-626-7024; within Kentucky call 800-242-7076.

If treatment necessitates time away from work, the Employer may provide for the employee an unpaid leave of absence for purposes of participation in an agreed upon treatment program. An employee who successfully completes a rehabilitation program may be reinstated to his former employment status, if work for which he is qualified is available at that time. Employees returning to work after successfully completing the rehabilitation program will be subject to drug tests without prior notice for a period of one year. A positive test will then result in disciplinary action as previously outlined in this program.

### **VIII. COST** – Except as previously noted the costs of the tests associated with the program will be paid for by the Employer. The cost of a rehabilitation program and consultation with a SAP will be the responsibility of the employee.

ADDENDUM
