

A031. Contract Training

HQ Control: xx/xx/xx
HQ Revision: 040

- a. The certificate holder is authorized to make arrangements with the training center(s) or their satellites, another certificate holder operating under the same part as the certificate holder, air agencies, and/or other organization(s) (collectively referred to as training organizations) listed in this operations specification to conduct instruction and/or evaluations for the certificate holder provided the limitations and provisions of this operations specification are met.
- b. The certificate holder shall ensure that all arrangements made with each training organization listed in this operations specification are performed in accordance with the certificate holder's approved training program(s) and the Code of Federal Regulations.
- c. The certificate holder shall ensure that each of the training organization(s) listed in Table 1 below has adequate facilities and equipment, competent personnel, and an organizational structure to support the requested training and/or evaluations specified in the certificate holder's approved training program.
- d. The certificate holder shall ensure that that all instruction and evaluations conducted by each training organization listed in this operations specification are performed in accordance with the certificate holder's operating rules and as approved by the certificate holder's principal operations inspector (POI).
- e. The certificate holder shall have a program or method outlined in its training program that enables it to detect, identify, and implement timely corrective action for all deficiencies detected in the training provided by each training organization listed in Table 1 below.
- f. The certificate holder shall ensure that each person engaged in the instruction and evaluation of its personnel who are employed by each training organization listed in Table 1 below is trained, qualified, and authorized to conduct the appropriate training, testing, and checking in accordance with the certificate holder's operating rules and the training program approved by its POI.
- g. The certificate holder shall ensure that all arrangements made with each training organization listed in Table 1 below are fully compliant with these operations specifications, the certificate holder's approved training program, the Code of Federal Regulations and in no way contrary to them.
- h. The certificate holder shall ensure that its aircraft configuration(s) and POI-approved procedures are effectively supported by the training organization's equipment, instruction, and evaluations. Additionally, the certificate holder shall ensure that differences between its equipment and the training organization's equipment are addressed by conducting appropriate differences training.
- i. The certificate holder shall conduct a standardization review of each organization listed in Table 1 of this operations specification and provide the results of this review to the certificate holder's POI prior to beginning contract training or checking operations. This operations specification paragraph A031 may be issued upon receipt by the certificate holder's POI of a satisfactory standardization review.
- j. The certificate holder shall conduct initial and recurring audits of each training agreement and organization listed in Table 1 of this operations specification. Each audit shall include an evaluation of at least the items listed in subparagraphs b through h above. The first audit is due within 30 days of the commencement

of training or checking operations, and subsequent audits shall be conducted by the certificate holder at least once every 24 calendar months. The date of the most recent audit shall be recorded in Table 1. Each audit with evaluation must be presented to the certificate holder's POI for review and acceptance not later than the last business day of the month following the due month for such audits.

k. The certificate holder shall permit and facilitate access to its aircraft and cockpits by employees of the training organization(s) listed in Table 1 for the purpose of maintaining their line-performance/line-observation currency as contract instructors and/or contract check pilots in accordance with the certificate holder's operating rules.

l. The certificate holder is authorized to conduct training and/or checking under agreement with the training organization(s) listed in Table 1 below:

Table 1 - Part 142 Training Centers, 119 Certificate Holders, or Other Approved Training Providers

<p>Part 142 Training Center/Satellite, Part 119 Certificate Holder, or Other Approved Training Provider Enter the name of the part 142 training center or part 119 certificate holder authorized to conduct portions of this operator's approved training program.</p>	<p>Street Address Enter the street address of the facility where the training and/or checking is authorized to take place. If more than one facility is being authorized, enter each in a separate row.</p>	<p>City Enter the city in which training and/or checking is authorized to take place.</p>	<p>State or Country Enter the state or country in which training and/or checking is authorized to take place.</p>	<p>Postal code Enter the zip or postal code of the facility in which training and/or checking is authorized to take place.</p>	<p>Training Center Certificate Number Enter the part 142 or part 119 certificate number of the organization named in the first column of this table.</p>	<p>Curriculum, Curriculum Segments or Module Title with Regulatory Reference(s) Enter the name of the curriculum, curriculum segment or module authorized to be conducted by the organization named in the first column of this table. This column must list a specific portion of this OpSpec holder's approved training program and the regulatory training and/or checking requirements designed to be met by the contracted portion.</p>	<p>Aircraft M/M/S List each aircraft make, model and series for which contracted training and/or checking are authorized; for example, CL-600-2B19.</p>	<p>Most Recent Audit Date List the date of the most recent audit of the contract training provider by this OpSpec holder in format MM/YYYY Y.</p>
