## ABOUT YOUR INTEREST RATE

- Your rate is variable. This means that your actual rate varies with the market and could be lower or higher than the rate on this form. The variable rate is based upon the [Index] Rate (as published in the [source of index]). For more information on this rate, see reference notes.
- Although your rate will vary, it will never exceed [maximum interest rate] (the maximum allowable [by law] for this loan).
- Your Annual Percentage Rate (APR) is [Rate]. The APR is typically different than the Interest Rate since it considers fees and reflects the cost of your loan as a yearly rate. For more information about the APR, see reference notes.
