Instructions for Preparation of

Parent Company Only Financial Statements for Small Bank Holding Companies

Reporting Form FR Y-9SP

Reissued June 2007

Parent Company Only Financial Statements for Small Bank Holding Companies FR Y-9SP

GENERAL INSTRUCTIONS

Who Must Report

A. Reporting Criteria

All bank holding companies, regardless of size, are required to submit financial statements to the Federal Reserve, unless specifically exempted (see description of exemptions below).

The specific reporting requirements for each bank holding company depend upon the size of the holding company, or other specific factors as determined by the appropriate Federal Reserve Bank. Bank holding companies must file the appropriate forms as described below:

- (1) **Bank Holding Companies With Total Consolidated Assets of Less Than \$500 Million.** Bank holding companies with total consolidated assets of less than \$500 million must file the *Parent Company Only Financial Statements for Small Bank Holding Companies* (FR Y-9SP) on a semiannual basis as of the last calendar day of June and December.¹

1. The Reserve Bank with whom the reporting bank holding company files its reports may require that a bank holding company with total consolidated assets of less than \$500 million submit the FR Y-9C and the FR Y-9LP reports to meet supervisory needs. Reserve Banks will consider such criteria including, but not limited to, whether the holding company (1) is engaged in significant nonbanking activities either directly or through a nonbank subsidiary; (2) conducts significant off-balance-sheet activities, including securitizations or managing or administering assets for third parties, either directly or through a nonbank subsidiary; or (3) has a material amount of debt or equity securities (other than trust preferred securities) outstanding that are registered with the Securities and Exchange Commission.

In addition, any bank holding company that is not subject to the Federal Reserve's Capital Adequacy Guidelines, but nonetheless elects to comply with the guidelines, are required to file a complete FR Y-9C and FR Y-9LP report, and generally would not be permitted to revert back to filing the FR Y-9SP report in any subsequent periods.

For tiered bank holding companies. Except as noted below, when bank holding companies with total consolidated assets of less than \$500 million own or control, or are owned or controlled by, other bank holding companies (i.e., are tiered bank holding companies), the top-tier holding company must file the FR Y-9SP for the top-tier parent company of the bank holding company. In addition, such tiered bank holding companies, must also submit, or have the subsidiary bank holding company submit, a separate FR Y-9SP for each lower-tier bank holding company.

When a bank holding company that has total consolidated assets of less than \$500 million is a subsidiary of a bank holding company with the total consolidated assets of \$500 million or more, the bank holding company with total consolidated assets of less than \$500 million would report on the FR Y-9LP rather than the FR Y-9SP.

The FR Y-9SP consists of a balance sheet, income statement, and memoranda items.

- (2) **Bank Holding Companies that are Employee Stock Ownership Plans.** Bank holding companies that are employee stock ownership plans (ESOPs) as of the last calendar day of the calendar year must file the *Financial Statements for Employee Stock Ownership Plan Bank Holding Companies* (FR Y-9ES) on an annual basis, as of December 31. No other FR Y-9 series form is required. However, bank holding companies that are subsidiaries of ESOP bank holding companies (i.e., a tiered bank holding company) must submit the appropriate FR Y-9 series in accordance with bank holding company reporting requirements.
- (3) **Bank Holding Companies with Total Consolidated Assets of \$500 Million or More.** Bank holding companies with total consolidated assets of

General Instructions

\$500 million or more (the top tier of a multi-tiered holding company, when applicable) must file:

- (a) **the Consolidated Financial Statements for Bank Holding Companies (FR Y-9C)** quarterly, as of the last calendar day of March, June, September, and December.
- (b) **the Parent Company Only Financial Statements for Large Bank Holding Companies (FR Y-9LP)** quarterly, as of the last calendar day of March, June, September, and December.

Each bank holding company that files the FR Y-9C must submit the FR Y-9LP for its parent company.

For tiered bank holding companies. When bank holding companies with total consolidated assets of \$500 million or more, own or control, or are owned or controlled by, other bank holding companies (i.e., are tiered bank holding companies), only the top-tier holding company must file the FR Y-9C for the consolidated bank holding company organization unless the top-tier holding company is exempt from reporting the FR Y-9C. If a top-tier holding company is exempt from reporting the FR Y-9C, then the lower-tier holding company (with total consolidated assets of \$500 million or more) must file the FR Y-9C.

In addition, such tiered bank holding companies, regardless of the size of the subsidiary bank holding company, must also submit, or have the bank holding company subsidiary submit, a separate FR Y-9LP for each lower-tier bank holding company.

The instructions for the FR Y-9C, FR Y-9LP and FR Y-9ES are not included in this booklet, but may be obtained from the Federal Reserve Bank in the district where the bank holding company files its reports, or may be found on the Federal Reserve Board's public website (www.federalreserve.gov/boarddocs/reportforms).

B. Exemptions from Reporting the Bank Holding Company Financial Statements

The following bank holding companies do not have to file bank holding company financial statements:

- (1) a bank holding company that has been granted an exemption under Section 4(d) of the Bank Holding Company Act; or

- (2) "qualified foreign banking organization" as defined by section 211.23(a) of Regulation K (12 CFR 211.23 (a)) that controls a U.S. subsidiary bank.

Bank holding companies that are not required to file under the above criteria may be required to file this report by the Federal Reserve Bank of the district in which they are registered.

C. Shifts in Reporting Status

A top-tier bank holding company that reaches \$500 million or more in total consolidated assets as of June 30 of the preceding year must begin reporting the FR Y-9C and the FR Y-9LP in March of the current year, and any lower-tier bank holding companies must begin reporting the FR Y-9LP in March of the current year. If a top-tier bank holding company reaches \$500 million or more in total consolidated assets due to a business combination, then the bank holding company must begin reporting the FR Y-9C and the FR Y-9LP with the first quarterly report date following the effective date of the business combination, and any lower-tier bank holding companies must begin reporting the FR Y-9LP with the first quarterly report date following the effective date of the business combination. In general, once a bank holding company reaches or exceeds \$500 million in total consolidated assets and begins filing the FR Y-9C and FR Y-9LP, it should file a complete FR Y-9C and FR Y-9LP going forward (and any lower-tier bank holding companies should file a complete FR Y-9LP going forward). If a top-tier bank holding company's total consolidated assets should subsequently fall to less than \$500 million for four consecutive quarters, then the bank holding company may revert to filing the FR Y-9SP (and any lower-tier bank holding companies in those organizations may revert to filing the FR Y-9SP).

Where to Submit the Reports Electronic Submission Option

All bank holding companies must submit their completed reports electronically. Bank holding companies should contact their district Reserve Bank or go to www.reportingandreserves.org for procedures for electronic submission.

When to Submit the Reports

The *Parent Company Only Financial Statements for Small Bank Holding Companies* (FR Y-9SP) are required

General Instructions

to be submitted as of June 30 and December 31. The submission date is 45 calendar days after the as of date unless that day falls on a weekend or holiday (subject to the timely filing provisions). For example, the June 30 report must be received by August 14 and December 31 report by February 14. The term “submission date” is defined as the date by which the Federal Reserve must receive the bank holding company’s FR Y-9SP.

If the submission deadline falls on a weekend or holiday, the report must be received on the first business day after the Saturday, Sunday, or holiday. Earlier submission aids the Federal Reserve in reviewing and processing the reports and is encouraged. No extensions of time for submitting reports are granted.

How to Prepare the Reports

A. Applicability of GAAP, Accrual Basis, and Equity Method

Bank holding companies are required to prepare and file the *Parent Company Only Financial Statements for Small Bank Holding Companies* in accordance with generally accepted accounting principles (GAAP) and these instructions. All reports shall be prepared in a consistent manner.

The bank holding company’s financial records shall be maintained in such a manner and scope so as to ensure that the *Parent Company Only Financial Statements for Small Bank Holding Companies* can be prepared and filed in accordance with these instructions and reflect a fair presentation of the bank holding company’s financial condition and results of operations.

Bank holding companies should retain workpapers and other records used in the preparation of these reports.

Accrual Basis Reporting

All reports must be prepared on an accrual basis. On the accrual basis, income is recognized at the time it is earned, not necessarily when it is received. Expenses are recognized as they are incurred, not necessarily when they are paid.

Equity Method of Accounting for Investments in Bank and Nonbank Subsidiaries and Associated Companies

Each bank holding company in preparing its parent company only financial statements shall account for all

investments in subsidiaries, associated companies, and those corporate joint ventures over which the bank holding company exercises significant influence according to the equity method of accounting, as prescribed by GAAP. The equity method of accounting is described in items 4, 5, and 6 on Schedule SC, Balance Sheet.

B. Report Form Captions, Non-applicable Items and Instructional Detail

No caption on the report forms shall be changed in any way. An amount or a zero should be entered for all items except where the reporting bank holding company cannot report a line item because of the nature of their organization. For example, if the parent company does not own any subsidiary bank holding companies, Schedule SC items 6(a), 6(b), and 6(c) should be left blank. A zero should be entered whenever a parent company can participate in an activity, but does not, on the report date, have any outstanding balances.

Questions and requests for interpretations of matters appearing in any part of these instructions should be addressed to the appropriate Federal Reserve Bank (that is, the Federal Reserve Bank in the district where the bank holding company submits this report).

C. Rounding

All bank holding companies must report all dollar amounts in thousands, with the figures rounded to the nearest thousand. Items less than \$500 will be reported as zero. Rounding could result in details not adding to their stated totals. However, in order to ensure consistent reporting, the rounded detail items should be adjusted so that totals and the sums of their components are identical.

On the Parent Company Only Financial Statements for Small Bank Holding Companies, “Total assets” (Balance Sheet, item 9) and “Total liabilities and equity capital” (Schedule SC, item 17), which must be equal, must be derived from unrounded numbers and then rounded in order to ensure that these two items are equal as reported.

D. Negative Entries

Except for the items listed below, negative entries are generally not appropriate on the FR Y-9SP and should not be reported. Hence, assets with credit balances must be reported in liability items and liabilities with debit

General Instructions

balances should be reported in asset items, as appropriate, and in accordance with these instructions. Items for which negative entries may be made include:

- (1) Schedule SC, items 4(a), 5(a), and 6(a) “Equity investment in bank subsidiary,” “Equity investment in nonbank subsidiary(s),” and “Equity investment in subsidiary bank holding company(s).”
- (2) Schedule SC, items 4(b), 5(b), and 6(b), “Goodwill associated with investment in bank subsidiary,” “Goodwill associated with investment in nonbank subsidiary,” and “Goodwill associated with investment in subsidiary bank holding company.”
- (3) Schedule SC, item 16(c), “Retained earnings.”
- (4) Schedule SC, item 16(d), “Accumulated other comprehensive income.”
- (5) Schedule SC, item 16(e), “Other equity capital components.”

When negative entries do occur in one or more of these items, they shall be recorded with a minus (–) sign rather than in parenthesis.

On the Parent Company Only Income Statement, negative entries may appear as appropriate. Income items with a debit balance and expense items with a credit balance must be reported with a minus (–) sign.

E. Confidentiality

The completed version of this report is available to the public upon request on an individual basis. However, a reporting bank holding company may request confidential treatment for the Parent Company Only Financial Statements for Small Bank Holding Companies (FR Y-9SP) if the bank holding company is of the opinion that disclosure of specific commercial or financial information in the report would likely result in substantial harm to its competitive position, or that disclosure of the submitted information would result in unwarranted invasion of personal privacy.

A request for confidential treatment must be submitted in writing prior to the electronic submission of the report. The request must discuss *in writing* the justification for which confidentiality is requested and must demonstrate the specific nature of the harm that would result from public release of the information; merely stating that

competitive harm would result or that information is personal is not sufficient.

Information, for which confidential treatment is requested, may subsequently be released by the Federal Reserve System if the Board of Governors determines that the disclosure of such information is in the public interest.

F. Verification and Signatures

Verification. All addition and subtraction should be double-checked before reports are submitted. Totals and subtotals in supporting materials should be cross-checked to corresponding items elsewhere in the reports. Before a report is submitted, all amounts should be compared with the corresponding amounts in the previous report. If there are any unusual changes from the previous report, a brief explanation of the changes should be provided to the appropriate Reserve Bank.

Signatures. The *Parent Company Only Financial Statements for Small Bank Holding Companies* must be signed by the Chief Financial Officer of the bank holding company (or by the individual performing this equivalent function).

Bank holding companies must maintain in their files a manually signed and attested printout of the data submitted. The cover page of the Reserve Bank-supplied, holding company’s software, or from the Federal Reserve’s website report form should be used to fulfill the signature and attestation requirement and this page should be attached to the printout placed in the bank holding company’s files.

G. Amended Reports

The Federal Reserve may require the filing of amended Parent Company Only Financial Statements for Small Bank Holding Companies if reports as previously submitted contain significant errors. In addition, a bank holding company should file an amended report when internal or external auditors make audit adjustments that result in a restatement of financial statements previously submitted to the Federal Reserve.

The Federal Reserve also requests that bank holding companies that have restated their prior period financial statements as a result of an acquisition accounted for on a pooling of interest basis submit revised reports for the prior year-ends. In the event that certain of the required

General Instructions

data is not available, bank holding companies should contact the appropriate Reserve Bank for information on submitting revised reports.

H. Organization of the Instruction Book

The instruction book is divided into two sections:

- (1) The General Instructions describing overall reporting requirements.
- (2) The Line Item Instructions for each schedule of the report for the parent company only of the bank holding company.

Additional copies of this instruction book may be obtained from the Federal Reserve Bank in the district where reporting bank holding company submits its FR Y-9SP reports, or may be found on the Federal Reserve Board's public website (www.federalreserve.gov).

Indicate whether the bank holding company has elected, for federal income tax purposes, an “S corporation” status, as defined in Internal Revenue Code Section 1361 as of the report date. Enter “1” for yes; enter “0” for no. In order to be an S corporation, the bank holding company must have a valid election with the Internal Revenue Service and obtain the consent of all of its shareholders. In addition, the bank holding company must meet specific criteria for federal income tax pur-

poses at all times during which the election remains in effect. These specific criteria include, for example, having no more than 75 qualifying shareholders and having only one class of stock outstanding.

Line Item M3 Interest expense paid to special-purpose subsidiaries that issued trust preferred securities (included in item 7 above).

Report the amount of interest expense as of the year-to-date reporting period that has been paid by the parent bank holding company on parent company notes held by special-purpose subsidiaries that have issued “trust preferred securities.” In these transactions, a special-purpose subsidiary (typically, a trust) of the parent company issues preferred securities and lends the proceeds of its issuance to its parent company in exchange for a deeply subordinated intercompany note from the parent company.

NOTE: The amount of interest expense paid to special-purpose subsidiaries that have issued trust preferred securities reported in this item should also be included as part of the total amount reported in Schedule SI, item 7, “Other expenses.” See the instructions for Schedule SI, item 7.

Memorandum item 4 is to be completed by bank holding companies that have elected to account for financial instruments or servicing assets and liabilities at fair value under a fair value option.

Memoranda item 4 is to be completed by bank holding companies that have adopted FASB Statement No. 157, “Fair Value Measurements” (FAS 157), and have elected to report certain assets and liabilities at fair value with changes in fair value recognized in earnings in accordance with U.S. generally accepted accounting principles (GAAP) (i.e., FASB Statement No. 159, “The Fair Value Option for Financial Assets and Financial Liabilities” (FAS 159); FASB Statement No. 155, “Accounting for Certain Hybrid Financial Instruments” (FAS 155); and FASB Statement No. 156, “Accounting for Servicing of Financial Assets” (FAS 156)). This election is generally referred to as the fair value option.

If the bank holding company has elected to apply the fair value option to interest-bearing financial assets and liabilities, it should report the interest income on these financial assets (except any that are in nonaccrual status) and the interest expense on these financial liabilities for the year-to-date in the appropriate interest income and

Schedule SI

interest expense items on Schedule SI, not as part of the reported change in fair value of these assets and liabilities for the year-to-date. The bank holding company should measure the interest income or interest expense on a financial asset or liability to which the fair value option has been applied using either the contractual interest rate on the asset or liability or the effective yield method based on the amount at which the asset or liability was first recognized on the balance sheet. Although the use of the contractual interest rate is an acceptable method under GAAP, when a financial asset or liability has a significant premium or discount upon initial recognition, the measurement of interest income or interest expense under the effective yield method more accurately portrays the economic substance of the transaction. In addition, in some cases, GAAP requires a particular method of interest income recognition when the fair value option is elected. For example, when the fair value option has been applied to a beneficial interest in securitized financial assets within the scope of Emerging Issues Task Force Issue No. 99-20, Recognition of Interest Income and Impairment on Purchased and “Retained Beneficial Interests in Securitized Financial Assets,” interest income should be measured in accordance with the consensus in this Issue. Similarly, when the fair value option has been applied to a purchased impaired loan or debt security

accounted for under AICPA Statement of Position 03-3, “Accounting for Certain Loans or Debt Securities Acquired in a Transfer,” interest income on the loan or debt security should be measured in accordance with this Statement of Position when accrual of income is appropriate. Revaluation adjustments, excluding amounts reported as interest income and interest expense, to the carrying value of all assets and liabilities reported in Schedule SC at fair value under a fair value option (excluding servicing assets and liabilities reported in Schedule SC, item 7, “Other assets,” and Schedule SC, item 13, “Other liabilities,” respectively, and trading assets and trading liabilities reported in Schedule SC, item 7, and Schedule SC, item 13, respectively) resulting from the periodic marking of such assets and liabilities to fair value should be reported as “Other income” in Schedule SI, item 4.

Line Item M4 Net change in fair values of financial instruments accounted for under a fair value option.

Report the net change in fair values of all financial instruments that the bank holding company has elected to account for under the fair value option that is included in item 5, “Total operating income.”

Affiliated depository institutions include those institutions that have a direct or indirect relationship with the reporting parent bank holding company.

Overdrafts should not be reported in this item. Overdrafts with subsidiaries or affiliated companies should be reported under item 14, "Balances due to subsidiaries and related institutions." Overdrafts with unrelated or third party depository institutions should be reported under item 10(b), "Other short-term borrowings."

Line Item 1(b) Balances with unrelated depository institutions.

Report all currency and coin, demand, time and savings balances, and other cash items due from, or held with, unrelated depository institutions.

Line Item 2 Securities.

Report in this item the total value of all debt securities and all equity securities with readily determinable fair values, other than investments in the bank subsidiary(s), nonbank subsidiary(s), associated banks, and associated nonbank company(s), held by the respondent parent bank holding company. Securities designated as "available-for-sale" must be reported at fair value and securities designated as "held-to-maturity" must be reported at amortized cost in accordance with FASB Statement No. 115. The net unrealized holding gains (losses) on available-for-sale securities must be reported in item 16(d), "Accumulated other comprehensive income." The amount reported in item 2 must equal the sum of memoranda items 7(a) and 7(b).

Exclude equity securities held by the parent bank holding company that do not have readily determinable fair values, which are to be reported in item 7 below.

Debt securities include, but are not limited to: U.S. Treasury securities, U.S. Government agency and corporation obligations, commercial paper, securities issued by states and political subdivisions in the U.S. and notes, bonds or debentures issued by private corporations.

Debt securities must include amortization of premium and accretion of discount on securities purchased at other than par or face value (including U.S. Treasury bills).

Equity securities include common stock, perpetual preferred stock, and warrants.

Equity securities owned by a holding company are defined as available-for-sale securities in accordance with FASB Statement No. 115 and must be reported at fair value as of the report date. The fair value of securities should be determined, to the extent possible, by timely reference to the best available source of current market quotations or other data on relative current value. For

Schedule SC

example, securities traded on national, regional, or foreign exchanges or on organized over-the-counter markets should be valued at the most recently available quotation in the most active market. Quotations from brokers or others making markets in securities that are neither widely nor actively traded are acceptable if prudently used. Equity securities for which fair value is not readily determinable may be reported at historical cost.

Line Item 3 Loans and lease financing receivables (exclusive of loans and lease financing receivables due from bank(s) and nonbank subsidiaries).

Line Item 3(a) Loans and leases, net of unearned income.

Loans and lease financing receivables are extensions of credit resulting from either direct negotiation between the bank holding company itself and its borrowing customers or the purchase of loans and participations in loans from others. This includes loans and participations in loans purchased *without recourse* from the respondent bank holding company's bank subsidiary(s) or its nonbank subsidiaries. Do *not* report direct loans or loans purchased with recourse from bank subsidiary(s) or nonbank subsidiary(s) in this item; these loans should be reported in items 4(c) or 5(c) below, as appropriate.

Report the aggregate book value of all loans and leases before deduction of the "Allowance for loan and lease losses," which is to be reported in item 3(b). The amount reported should be reported net of unearned income. Parent bank holding companies may also report these amounts net of any allocated transfer risk reserve.

The amount reported in this item should include the amount reported in memoranda item 5 below that has been lent by the parent bank holding company to executive officers and principal shareholders and their related interests, but should *exclude* amounts reported in memoranda item 5 that have been lent by a nonbank subsidiary(s) to insiders.

Exclude intercompany loans from this item. Loans to the bank subsidiary(s) should be reported in item 4(c) below; loans to the nonbank subsidiary(s) should be reported in item 5(c) below. Also exclude all holdings of commercial paper, which should be reported in item 2 above.

Line Item 3(b) Less: Allowance for loan and lease losses.

Report the allowance for loan and lease losses. The amount reported should reflect an evaluation by the

management of a bank holding company of the collectability of the loan and lease financing receivable portfolios, including any accrued and unpaid interest. The amount of the allowance on the balance sheet should be adequate to absorb anticipated losses.

Line Item 3(c) Loans and leases, net of unearned income and the allowance for loan and lease losses.

Report the amount derived by subtracting item 3(b) from 3(a).

Line Item 4 Investment in bank subsidiary(s).

The investment in the bank subsidiary(s) must be reported under the equity method of accounting on the FR Y-9SP. Under the equity method, the original investment in the bank subsidiary(s) is recorded at cost and is adjusted periodically to recognize the bank holding company's share of the earnings or losses of the bank subsidiary(s) after the date of the acquisition of the bank(s) by the holding company. Dividends paid by the bank(s) and received by the bank holding company reduce the amount of the investment while the bank holding company's share of the undistributed earnings of the bank subsidiary(s) (reported in Schedule SI, item 12(a)) increases the amount of the investment in the bank subsidiary(s) as reported in the FR Y-9SP.

Bank holding companies that own shares in an associated bank or banks (those banks in which the bank holding company controls between 20 and 25 percent) should also report their investment in the equity capital of these banks on the equity basis of accounting.

Line Item 4(a) Equity investment in bank subsidiary(s).

Report the amount of the bank holding company's investment in the book value of the equity capital of the bank subsidiary(s) as of the reporting date. This amount generally should be equivalent to the bank holding company's proportionate interest in the equity capital accounts of the bank subsidiary(s) as reported in the bank's Report of Condition in Schedule RC-Balance Sheet, item 28. **(See Worksheet for clarification. A worksheet has been provided to assist in the preparation of the response to this item.)** The bank holding company, if applicable, should also include investments in the stock of any associated banks (those banks in

Schedule SC

which the bank holding company controls between 20 and 25 percent).

This item also includes any other equity elements including the net unrealized holding gains (losses) on available-for-sale securities that are recorded by the bank subsidiary(s) and associated bank(s) and stock-based employee compensation expense that has been credited to the subsidiary's equity (surplus) as described in FASB Statement No. 123(R), *Shared-Based Payment*.

Line Item 4(b) Goodwill.

Report the amount (book value) of the goodwill associated with the acquisition of the bank subsidiary(s) that has not been "pushed down" to the books of the bank subsidiary(s) for financial reporting purposes. The amount of the goodwill associated with investment in the bank subsidiary(s) should generally be equivalent to the difference between the original cost of the shares of the bank subsidiary(s) and the book value of the bank holding company's proportionate share of the equity capital accounts of the bank subsidiary(s) on the date of acquisition.

For purposes of this item, any goodwill that has not been pushed down to the books of the subsidiary bank(s), and is included in the investment in subsidiary account on the parent's books, should be reported in this item. Any goodwill that has been pushed down to the books of the subsidiary bank(s) should not be reported separately in this item. The amount pushed down would be reported in line item 4(a), "Equity investment in bank subsidiary(s)."

Line Item 4(c) Loans and advances to and receivables due from bank subsidiary(s).

Report the total of all loans to the bank subsidiary(s); notes, bonds, or subordinated debentures issued by the bank subsidiary(s) that are held by the bank holding company; dividends declared by the bank subsidiary(s), but not yet paid; and any other accounts receivable, including tax receivables, from the bank subsidiary(s). The amount reported should include loans and participation in loans purchased with recourse by the bank holding company from the bank subsidiary(s).

Line Item 5 Investment in nonbank subsidiary(s).

The investment in nonbank subsidiary(s) must also be reported under the equity method of accounting on

the FR Y-9SP. Under the equity method, the original investment in the nonbank subsidiary(s) is recorded at cost and is adjusted periodically to recognize the bank holding company's share of the earnings or losses of the nonbank subsidiary(s) after the date of the acquisition of the nonbank subsidiary(s) by the holding company. Dividends paid by the nonbank subsidiary(s) and received by the bank holding company reduce the amount of the investment, while the bank holding company's share of the undistributed earnings of the nonbank subsidiary(s) (reported in Schedule SI, item 12(b)) increase the amount of the investment in the nonbank subsidiary(s) as reported in the FR Y-9SP.

If the reporting bank holding company is a tiered bank holding company, the investment in subsidiary bank holding company(s) should be reported in the appropriate subitems 6(a), 6(b), or 6(c).

Line Item 5(a) Equity investment in nonbank subsidiary(s).

Report the amount of the bank holding company's direct investment in the book value of the equity capital of the directly or indirectly held nonbank subsidiary(s) as of the reporting date. This amount generally should be equivalent to the bank holding company's proportionate interest in the nonbank subsidiary's equity capital accounts as reflected on the financial statements of the nonbank subsidiary as of the report date. The bank holding company, if applicable, should also include investments in the stock of any associated nonbank company(s) (those nonbank company(s) in which the bank holding company controls between 20 and 25 percent, or any nonbank company(s) over which the bank holding company exercises significant influence (such as subsidiaries of a lower-tier bank holding company, referred to as "indirect" subsidiaries)).

This item also includes any other equity elements including the net unrealized holding gains (losses) on available-for-sale securities that are recorded by the nonbank subsidiary(s) and stock-based employee compensation expense that has been credited to the subsidiary's equity (surplus) as described in FASB Statement No. 123(R), *Shared-Based Payment*.

Line Item 5(b) Goodwill (associated with the investment in the nonbank subsidiary(s)).

Report the amount (book value) of the goodwill associated with the acquisition of the nonbank subsidiary(s)

Schedule SC

that has not been “pushed down” to the books of the nonbank subsidiary(s) for financial reporting purposes. The amount of the goodwill should generally be equivalent to the difference between the original cost of the shares of the nonbank subsidiary(s) and the book value of the bank holding company’s proportionate share in the interest in the book value of the equity capital accounts of the nonbank subsidiary(s) on the date of acquisition.

For purposes of this item, any goodwill that has not been pushed down to the books of the nonbank subsidiary(s), and is included in the investment in subsidiary account on the parent’s books, should be reported in this item. Any goodwill that has been pushed down to the books of the nonbank subsidiary(s) should not be reported separately in this item. The amount pushed down would be reported in line item 5(a), “Equity investment in nonbank subsidiary(s).”

Line Item 5(c) Loans and advances to and receivables due from nonbank subsidiary(s).

Line Item 6 Investments in subsidiary bank holding company(s).

These items are to be completed only by companies that have subsidiary bank holding companies.

The investment in subsidiary bank holding companies must be reported under the equity method of accounting on the FR Y-9SP. Dividends declared or paid by the subsidiary bank holding company and received by the reporting parent bank holding company reduce the amount of the investment while the reporting parent bank holding company’s share of the undistributed earnings of the subsidiary bank holding company (reported in Schedule SI,

item 12(c)) increase the amount of the investment in the subsidiary bank holding company as reported in the parent bank holding company’s FR Y-9SP.

In addition, the reporting parent bank holding companies that own shares in an associated lower-tier bank holding company (those lower-tier bank holding companies in which the parent bank holding company controls between 20 and 25 percent) should also report their investment in the equity capital of these companies on the equity basis of accounting.

Line Item 6(a) Equity investment.

Report the amount of the reporting parent bank holding company’s investment in the book value of the equity capital of the subsidiary bank holding company(s) as of the reporting date. This amount generally should be equivalent to the reporting parent bank holding company’s proportionate interest in the equity capital accounts of the subsidiary bank holding company as reported *separately* in the subsidiary bank holding company’s filing of the FR Y-9SP on Schedule SC, item 16(f). The reporting parent bank holding company, if applicable, should also include investments in the stock of any associated bank holding companies (those other bank holding companies in which the reporting parent bank holding company controls between 20 and 25 percent).

This item also includes any other equity elements including the net unrealized holding gains (losses) on available-for-sale securities that are recorded by the subsidiary bank holding company(s) and associated bank holding company(s) and stock-based employee compensation expense that has been credited to the subsidiary’s equity (surplus) as described in FASB Statement No. 123(R), *Shared-Based Payment*.

Line Item 6(b) Goodwill.

Net unrealized holding gains (losses) on available-for-sale securities is the difference between the amortized cost and fair value of the reporting bank holding company's (and the bank holding company's proportionate share of its consolidated subsidiaries') available-for-sale securities, net of tax effects, as of the report date.

Also include in this item the unamortized amount of the unrealized holding gain or loss at the date of transfer of any debt security transferred into the held-to-maturity category from the available-for-sale category. Line Item M2 Bank holding company (parent company only) borrowings not held by financial institution(s) or by insiders (including directors) and their interests.

Report the amount of both short-term and long-term borrowings (parent company only) reported in items 10 and 11 above that are not held by financial institutions or by bank holding company's officers, directors, and shareholders and their related interests. For reporting purposes, a related interest is a company in which an officer, director, or shareholders controls 25 percent or more of its stock. **Do not report borrowings that are held by former shareholders of the bank holding company in this item. Also, exclude limited-life preferred stock reported in item 11 above.**

Line Item M3 Treasury stock (report only if the amount exceeds 5 percent of equity capital).

Report the amount, at cost, of treasury stock held by the bank holding company as of the report date. Treasury stock is stock that the bank holding company has issued and subsequently acquired by purchase or gift, but that has not been retired or resold. The amount of treasury stock need only be reported when the carrying value of

treasury stock held is greater than five percent of "Total equity capital" reported in item 16(f) above.

Line Item M4 Amount of nonvoting equity capital, including related surplus (included in balance sheet items 16(a), 16(b), 16(c), and 16(d)).

Report in this item the fair value of all securities included in Schedule SC, item 2, "Securities," that have been

Schedule SC-M

designated as available-for-sale. The fair value (market value) of securities should be determined, to the extent possible, by timely reference to the best available source of current market quotations or other data on relative current value. For example, securities traded on national, regional, or foreign exchanges, or on organized over-the-counter markets should be valued at the most recently available quotation in the most active market. Quotations from brokers or others making markets in securities that are neither widely nor actively traded are acceptable if prudently used. Unrated debt securities for which no reliable market price data are available may be valued at cost adjusted for amortization of premium or accretion of discount unless credit problems of the obligor or upward movements in the level of interest rates warrant a lower estimate of current value. Equity securities that do not have readily determinable fair values shall be reported at historical cost. (NOTE: The sum of item 7(a) and 7(b) must equal the total amount reported in Schedule SC, item 2).

Line Item M7(b) Amortized cost of securities classified as held-to-maturity in Schedule SC, item 2.

Also report in this item the outstanding principal amount of assets serviced, managed or administered either directly by the bank holding company or through a nonbank subsidiary. For common trust funds and collective

investment funds that held for both managed and non-managed participating accounts, report the proportionate share of the assets of these funds that are held for the participating accounts that are managed.

Disclose in memoranda items 11(a) through 11(h) each component of other assets, and the dollar amount of such

Schedule SC-M

component, that exceeds 25 percent of the amount reported in Schedule SC, item 7. Preprinted captions have been provided for the following categories of “Other assets”:

- M11(a), “Accounts receivable,”
- M11(b), “Income taxes receivable,”
- M11(c), “Premises and fixed assets,”

- M11(e), “Cash surrender value of life insurance policies.”

For other components of “other assets” that exceed the disclosure threshold, list and briefly describe these components in memoranda items 11(f) through 11(h). Line Item M13 Notes payable to special-purpose subsidiaries that issued trust preferred securities (included in Schedule SC, item 14(b)).

Report the outstanding amount of notes payable by the parent bank holding company to special-purpose subsidiaries that have issued “trust preferred securities.” Exclude from this item any portion of the notes payable that does not directly relate to the amount of trust preferred securities issued such as the amount relating to the common stock of the special purpose subsidiary. In these transactions, a special purpose subsidiary (typically, a trust) of the parent company issues preferred securities and lends the proceeds of its issuance to its parent company in exchange for deeply subordinated intercompany note from the parent company.

NOTE: The amount of notes payable to special-purpose subsidiaries that have issued trust preferred securities reported in this item should also be included as part of the total amount reported in Schedule SC, item 14(b), “Balances due to nonbank subsidiaries and related institutions.” See the instructions for Schedule SC, item 14(b).

Line Item M17 To be completed only by the top-tier bank holding company for its consolidated nonbank and thrift subsidiaries.

This item is to be completed only by the financial top-tier parent bank holding company (and single-tier

bank holding companies) that files the FR Y-9SP. Lower-tier bank holding companies that file this report should leave memorandum items 17(a) through 17(f) blank.

If the top-tier parent bank holding company is an ESOP, then the lower-tier parent bank holding company should report in memorandum items 17(a) through 17(f).

The term "subsidiary," is defined by Section 225.2 of Federal Reserve Regulation Y, which generally includes companies 25 percent or more owned or controlled by another company. **However, for purposes of this reporting item, the term "subsidiary" includes only companies in which the bank holding company directly or indirectly owns or controls more than 50 percent of the outstanding voting stock, and these companies would be consolidated using generally accepted accounting principles for financial reporting purposes.**

Nonbank subsidiaries, for purposes of this reporting item, include but are not limited to: securities brokerage and underwriting firms (including Section 20 subsidiaries); federal savings associations, federal savings banks and thrift institutions (including any thrift institution filing the Thrift Financial Report); depository institutions (other than U.S. banks); industrial banks that do not file the commercial bank Reports of Condition and Income with the federal banking agencies; Edge and Agreement corporations and their subsidiaries that are *not* held through a bank subsidiary; industrial loan companies; venture capital corporations; leasing companies; bank premises subsidiaries; mortgage banking companies; consumer finance companies; sales finance companies; acceptance corporations; factoring companies; insurance brokerage and insurance underwriting companies; small business investment companies; data processing and information services companies; nondepository trust companies; management consulting companies; courier service companies; companies that print or sell MICR encoded items; financial and investment advisory companies; credit bureaus; collection agencies; real estate settlement companies.

For purposes of this reporting item, foreign nonbank subsidiaries include those subsidiaries that meet the definition of a nonbank subsidiary provided above that would be consolidated using generally accepted accounting principles for financial reporting purposes, but are not domiciled in the U.S. In addition, Edge and Agreement

Schedule SC-M

corporations and their subsidiaries that are *not* held through a bank subsidiary should be reported as foreign nonbank subsidiaries.

Nonbank subsidiaries exclude all banks (including commercial, savings and industrial banks that file the commercial bank Reports of Condition and Income) and their subsidiaries; Edge and Agreement corporations and their subsidiaries that are held through a bank subsidiary.

All intercompany assets among the nonbanking subsidiaries should be eliminated, but assets with the reporting bank holding company and with subsidiary banks should be included. For example, eliminate the loans made by one nonbank subsidiary to a second nonbank subsidiary, but do not eliminate loans made by one nonbank subsidiary to the parent bank holding company or a subsidiary bank.

Include the combined assets of inactive nonbanking subsidiaries to the extent that the top-tier bank holding company directly or indirectly owns or controls more than 50 percent of the outstanding voting stock, and these companies would be consolidated using generally accepted accounting principles for financial reporting purposes.

Enter “zero” if the reporting top-tier bank holding company does not have any nonbank subsidiary assets to report.

Line Item M17(a) Total combined nonbank assets of nonbank subsidiaries.

Report the dollar amount of the reporting bank holding company’s total combined nonbank assets of nonbank subsidiaries. Nonbank assets include the assets of all foreign and domestic nonbank subsidiaries (as defined below) and their majority-owned direct and indirect subsidiaries.

The top-tier parent bank holding company should report in this item all assets of nonbank subsidiaries, whether held directly or indirectly or held through lower-tier bank holding companies. The lower-tier parent bank holding company in a multi-tier bank holding company who files this report (FR Y-9SP) should leave memorandum items 17(a) through 17(f) blank.

Line Item M17(b) Total combined loans and leases of nonbank subsidiaries.

Report the dollar amount of total combined loans and leases on the books of nonbank subsidiaries of the

reporting bank holding company even if on the report date they are past due and collection is doubtful. Nonbank loans and leases include the loans and leases of all foreign and domestic nonbank subsidiaries (as defined above) and their majority-owned direct and indirect subsidiaries.

Exclude balances due from related institutions on the books of nonbank subsidiaries of the reporting bank holding company (e.g., loans to the parent bank holding company). Report such balances in item 17(a).

Exclude any loans or leases the subsidiaries have sold or charged off. Report the combined book value of all loans and leases before deduction of the allowance for loan and lease losses. The amount should be reported net of unearned income (to the extent possible), and deposits accumulated for the payment of personal loans (hypothecated deposits).

Line Item M17(c) Total aggregate operating revenue of nonbank subsidiaries.

Report the dollar amount of total aggregate operating revenue of nonbank subsidiaries of the reporting bank holding company. Nonbank operating revenue includes the operating revenue of all foreign and domestic nonbank subsidiaries (as defined above) and their majority-owned direct and indirect subsidiaries. Operating revenue is defined as the sum of total interest income and total noninterest income (before deduction of expenses and extraordinary items).

Line Item M17(d) Total combined thrift assets included in M17(a).

Report the dollar amount of combined assets of federal savings associations, federal savings banks and thrift subsidiaries (including any thrift institution filing the Thrift Financial Report) that are included in the amount reported in line item 17(a) above. Report the **number** of nonbank subsidiaries that have been included in the total combined nonbank subsidiary assets reported in item 17(a) above. Enter “zero” if the reporting top-tier bank holding company does not have any nonbank subsidiaries.

Schedule SC-M

Line Item M17(f) Number of thrift subsidiaries included in M17(d).

Report the **number** of federal savings associations, federal savings banks and thrift subsidiaries (including any thrift institution filing the Thrift Financial Report) that are included in the total combined nonbank subsidiary assets reported in line item 17(d) above. Enter “zero” if the reporting top-tier bank holding company does not have any thrift subsidiaries to report.

Information related to the filing of the FR Y-12 report (Memoranda Line Items 18, 19, 20(a), 20(b))

Line items 18 and 19 will be used to determine if the reporting bank holding company must complete the Consolidated Bank Holding Company Report of Equity Investments in Nonfinancial Companies (FR Y-12). In a multi-tiered organization with one or more bank holding companies (BHCs), only the top-tier BHC should complete items 18 and 19 on a consolidated basis. However, if a lower-tier BHC is functioning as the consolidated top-tier reporter for other financial reports (for example, when the top-tier is a non-U.S. BHC, ESOP, or limited partnership), this lower-tier BHC should complete memorandum items 18 and 19 on a consolidated basis.

Items 20(a) and 20(b) are to be completed by all bank holding companies that are not required to file the FR Y-12.

Line Item M18 Does the bank holding company hold, either directly or indirectly through a subsidiary or affiliate, any nonfinancial equity investments within a Small Business Investment Company (SBIC) structure, or under section 4(c)(6) or 4(c)(7) of the Bank Holding Company Act, or pursuant to the merchant banking authority of section 4(k)(4)(H) of the Bank Holding Company Act, or pursuant to the investment authority granted by Regulation K?

Enter a “1” if the answer to this question is yes. Enter a “0” if the response to this question is no.

If the answer to this question is no, your organization does not need to complete the FR Y-12. Skip item 19 and proceed to items 20(a) and 20(b). If the answer to this question is yes, proceed to item 19 below.

For purposes of this question, an *equity investment* refers to common stock, partnership interests, convertible preferred stock, convertible debt, and warrants, options, and other rights that give the holder the right to acquire common stock or instruments convertible into common stock. An equity investment does not include any position or security held in a trading account in accordance with applicable accounting principles and as part of an underwriting, market making or dealing activity.

A *nonfinancial equity investment* means an equity investment made by the BHC or any of its subsidiaries (including all U.S. offices, International Banking Facilities, foreign branches, branches in Puerto Rico and U.S. territories and possessions, and majority-owned bank and nonbank domestic and foreign subsidiaries, including Edge and agreement subsidiaries, domestic nonbanking subsidiaries, and small business investment companies (SBICs)):

- pursuant to the merchant banking authority of section 4(k)(4)(H) of the BHC Act (12 U.S.C. 1843(k)(4)(H)) and subpart J of the Board’s Regulation Y,
- under section 4(c)(6) or 4(c)(7) of the BHC Act (12 U.S.C. 1843(c)(6) and (c)(7)) in a nonfinancial company (as defined below) or in a company that makes investments in nonfinancial companies,
- investments made through a SBIC that is consolidated with the BHC or subsidiary, or in an SBIC that is not consolidated, under section 302(b) of the Small Business Investment Act of 1958,
- in a nonfinancial company under the portfolio investment provisions of the Board’s Regulation K (12 CFR 211.8(c)(3)), or
- in a nonfinancial company under section 24 of the Federal Deposit Insurance Act (12 U.S.C. 1831a).

This question does not apply to equity investments that a BHC or any of its subsidiaries may make under other legal authorities. For example, this question does not apply to nonfinancial investments made by an insurance company subsidiary of a financial holding company under section 4(k)(4)(I) of the BHC Act (12 U.S.C. 1843(k)(4)(I)). Also, this question does not apply to DPC investments.

A *nonfinancial company* is a company that is engaged in any activity that has not been determined to be financial

Schedule SC-M

in nature or incidental to a financial activity under section 4(k) of the BHC Act (12 U.S.C. 1843(k)).

Line Item M19 Do your aggregate nonfinancial equity investments equal or exceed (on an acquisition cost basis) 10 percent of the BHC's total capital as of the report date?

Enter a "1" if the answer to this question is yes. Enter a "0" if the response to this question is no. If the answer to **both** item 18 and item 19 is yes, your organization must complete the FR Y-12. Skip items 20(a) and 20(b), and proceed to item 21 below. If the answer to **either** item 18 or item 19 is no, your organization does not need to complete the FR Y-12. Proceed to items 20(a) and 20(b) below.

See the instructions for item 18 above for the definition of *nonfinancial equity investment*.

Acquisition cost is the amount paid by the BHC for the nonfinancial equity investment when it was acquired.

Total capital is the amount reported in Schedule SC, Balance Sheet, item 16(f).

Items 20(a) and 20(b) are to be completed by all bank holding companies that are not required to file the FR Y-12.

Line Item M20(a) Has the bank holding company sold or otherwise liquidated its holding of any nonfinancial equity investment since the previous reporting period?

Enter a "1" if the answer to this question is yes. Enter a "0" if the response to this question is no. See the instructions for item 18 above for the definition of *nonfinancial equity investment*.

Line item M20(b) Does the bank holding company manage any nonfinancial equity investments for the benefit of others?

Enter a "1" if the answer to this question is yes. Enter a "0" if the response to this question is no.

This item applies to all bank holding companies that do not file the FR Y-12 report that manage nonfinancial equity investments for others by serving as a general partner in a limited partnership or performing a similar function in a private equity fund. These investments are not owned by the bank holding company and are not consolidated in the bank holding company's financial

statements. Exclude investments managed through a bank trust department in a fiduciary capacity. See the instructions for item 18 above for the definition of *nonfinancial equity investment*.

Line Item M21 Net assets of broker-dealer subsidiaries engaged in underwriting or dealing securities pursuant to Section 4(k)(4)(E) of the Bank Holding Company Act as amended by the Gramm-Leach-Bliley Act.

This item is to be completed only by the top-tier financial holding company in a multi-tiered organization (and single-tiered financial holding companies). A financial holding company is a U.S. bank holding company that has submitted a declaration to become a financial holding company with the appropriate Federal Reserve Bank and whose declaration has been determined to be effective as of the reporting period (e.g., June 30 or December 31).

Report the total net assets of all broker-dealer subsidiaries engaged in underwriting or dealing securities pursuant to Section 4(k)(4)(E) of the Bank Holding Company Act as amended by the Gramm-Leach-Bliley Act. The definition of assets generally corresponds to balance sheet item 9. *Include* both domestic and foreign subsidiaries that are owned by the financial holding company. *Exclude* from this item intercompany assets and claims on affiliates that are eliminated when preparing consolidated financial statements for the financial holding company. Also exclude any subsidiaries that are held through a U.S. depository institution.

Line Item M22 Net assets of subsidiaries engaged in insurance or reinsurance underwriting pursuant to Section 4(K)(4)(B) of the Bank Holding Company Act as amended by the Gramm-Leach-Bliley Act.

This item is to be completed only by the top-tier financial holding company in a multi-tiered organization (and single-tiered financial holding companies) and includes only newly authorized insurance underwriting activities permitted under the Gramm-Leach-Bliley Act. A financial holding company is a U.S. bank holding company that has submitted a declaration to become a financial holding company with the appropriate Federal Reserve Bank and whose declaration has been determined to be effective as of the reporting period (e.g., June 30 or December 31). Report the total net assets for

Schedule SC-M

subsidiaries engaged in insurance or reinsurance underwriting pursuant to Section 4(K)(4)(B) of the Bank Holding Company Act as amended by the Gramm—Leach—Bliley Act. The definition of assets generally corresponds to Schedule SC, item 9. *Include* both domestic and foreign subsidiaries that are owned by the financial holding company. *Exclude* from this item:

- (1) intercompany assets and claims on affiliates that are eliminated when preparing consolidated financial statements for the financial holding company,
- (2) subsidiaries that engage solely in underwriting credit-related insurance that was permissible for bank holding companies to engage in prior to the Gramm—Leach—Bliley Act under Section 225.23(b)(11)(I) of Regulation Y, and
- (3) subsidiaries that are principally engaged in insurance agency activities.
