REGION 10 INFORMATION BULLETIN NO: 05-02

SUBJECT: Region X Triennial Review Workshop

PROGRAM AREA: Grants and Program Management

DATE: 1/26/2005

Dear Grantee:

Each year, the Federal Transit Administration (FTA) has held a number of Grants Management Seminars to provide you and other FTA grantees with up-to-date information about federal requirements and industry "best practices."

The success of the program and your feedback have led us to make the following changes this year:

- The seminars are being renamed "Triennial Review Workshops" to reflect an increased emphasis on interaction and information exchange among attendees
- The number of Workshops will grow from five, in 2004, to eleven, in fiscal year 2005 (one in each region and one in Washington, DC)

Our regional workshop is scheduled for:

- February 28 – March 1, 2005

Seattle Crowne Plaza
1113 Sixth Avenue
Seattle, WA 98101
(206) 464-1980 or (800) 521-2762

The Workshops will be conducted by industry experts who will share their knowledge of the Triennial Review Program, the latest federal regulatory changes, and the best practices in FTA Grants Management. You will also be given a comprehensive workbook that will assist you in preparing for your next Triennial Review.

I hope you will take advantage of this wonderful training opportunity. Seating is limited, so please make your reservations as soon as possible by returning the attached reservation form.

I look forward to seeing you at the Workshop. Please contact Maxine Marshall at (504) 282-7949 for assistance in registering.

Sincerely,

Richard F. Krochalis
Regional Administrator

TRIENNIAL REVIEW WORKSHOPS, 2005

OVERVIEW

Public transit systems that receive federal grants must comply with federal regulations in twenty-three areas in order to establish and maintain their grants. The Federal Transit Administration's Triennial Review Workshop provides an opportunity for transit systems to get up-to-date information on these critical requirements.

Congress mandates triennial reviews for transit systems receiving Urbanized Area Formula Program funds, U.S.C. 49, Section 5307. The Triennial Review Workshop provides guidance and reference material in each of the areas subject to review. During the two day program, you will also have opportunity to share experiences and knowledge with transit professionals from other agencies, and gain an understanding of best practices in the industry.

WHO SHOULD ATTEND?

These Workshops are designed for transit professionals responsible for planning or managing transit service or compliance programs, as well as those responsible for developing grant applications and managing federally funded programs. Managers at those agencies who are scheduled for a Triennial Review during Fiscal Year 2005 are especially encouraged to attend this workshop, in order to be sure you are aware of any new requirements that will be included in the review, and to assist you in preparing for your upcoming review.

WORKSHOP LEADERS

The Triennial Review Workshops will be conducted by transit professionals who are reviewers for the Federal Transit Administration's Triennial Review Program. The instructors can provide guidance in each of the twenty-three areas to be reviewed, can answer questions about how to respond to specific questions, can share best industry practices with you, and help refer you to FTA staff or printed guidelines should you require additional information.

FTA Regional Office staff will also attend the Workshop, and will be available to answer questions about your upcoming Triennial Review, or assist you in any area related to your FTA grant program.
