1. Summary of Policy or Program Changes for the Upcoming Year

In this section, briefly describe changes in policies or programs discussed in last year's PHA Plan that are not covered in other sections of this Update.

The original plan was a storm drain at the Eastwood site. Upon study of the site, the architect feels many of the drainage concerns will be corrected largely by new design with the concrete and parking lot work. Replacement of the concrete and parking lots is the capital improvement planned for CFP 2002. There are no significant policy changes anticipated.

1. Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

A. Substantial Deviation from the 5-year Plan:

Bethany Housing Authority plans to replace concrete/parking lot improvents as necessary instead of the originally considered storm sewer for the Eastwood site.

B. Significant Amendment or Modification to the Annual Plan:

To replace concrete parking lots as necessary instead of a storm sewer at Eastwood. The architect feels that the necessary concrete replacement will correct much of the drainage problem.
