Lake Clark National Park and Preserve
March 2012

We would like to hear your thoughts on the following questions. Feel free to attach additional sheets as needed. If you prefer, you can comment online at <http://parkplanning.nps.gov/lac1>. Your responses will be most helpful if you tell us why you liked or disliked an alternative. Please submit your comments by May 8, 2012.

It is possible that you may like some but not all the elements of one alternative concept, or you may feel that there are strengths in various action alternatives and the best management strategy would be to combine them. Maybe you have an entirely different vision that would address Lake Clark National Park and Preserve's planning issues. It would be most helpful to the planning team to understand the reasons for your likes and dislikes. With your comments we can reevaluate the alternatives and modify them as necessary to help us formulate the best possible future direction for the park.

Which ideas in each of the alternatives do you feel should be included in the general management plan?

Which ideas in each of the draft alternatives would you eliminate?

Was anything left out that should be considered in the general management plan?
