Cooperative Agreements to Benefit Homeless Individuals

(Short Title: CABHI)

(Initial Announcement)

Request for Applications (RFA) No. TI-11-008

Catalogue of Federal Domestic Assistance (CFDA) No.: 93.243

Key Dates:

Application Deadline	Applications are due by May 27, 2011.
Intergovernmental Review (E.O. 12372)	Applicants must comply with E.O. 12372 if their State(s) participates. Review process recommendations from the State Single Point of Contact (SPOC) are due no later than 60 days after application deadline.
Public Health System Impact Statement (PHSIS)/Single State Agency Coordination	Applicants must send the PHSIS to appropriate State and local health agencies by application deadline. Comments from Single State Agency are due no later than 60 days after application deadline.

EXECUTIVE SUMMARY

The Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Substance Abuse Treatment (CSAT) and the Center for Mental Health Services (CMHS) are accepting applications for fiscal year (FY) 2011 Cooperative Agreements to Benefit Homeless Individuals (CABHI). The purpose of this program is to support the development and/or expansion of local implementation and community infrastructures that integrate treatment and services for mental and substance use disorders, permanent housing, and other critical services for individuals who are chronically homeless. SAMHSA seeks to increase the number of individuals who are chronically homeless placed in permanent housing that supports recovery through comprehensive treatment and recovery services for behavioral health. SAMHSA also seeks to increase capacity for community-based providers to enroll individuals who are chronically homeless in mainstream programs and obtain reimbursement for behavioral health.

Funding Opportunity Title:	Cooperative Agreements to Benefit Homeless Individuals
Funding Opportunity Number:	TI-11-008
Due Date for Applications:	May 27, 2011
Anticipated Total Available Funding:	\$6,584,450
Estimated Number of Awards:	Up to 14
Estimated Award Amount:	Up to \$500,000 per year
Cost Sharing/Match Required	No
Length of Project Period:	Up to 3 years
Eligible Applicants:	Eligible applicants are domestic public and private nonprofit entities. [See Section III-1 of this RFA for complete eligibility information.]

I. FUNDING OPPORTUNITY DESCRIPTION

The Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Substance Abuse Treatment (CSAT) and the Center for Mental Health Services (CMHS) are accepting applications for fiscal year (FY) 2011 for Cooperative Agreements to Benefit Homeless Individuals (CABHI). The purpose of this program is to support the development and/or expansion of local implementation and community infrastructures that integrate treatment and services for mental and substance use disorders, permanent housing, and other critical services for individuals who are chronically homeless. SAMHSA seeks to increase the number of individuals who are chronically homeless placed in permanent housing that supports recovery through comprehensive treatment and recovery services for behavioral health. SAMHSA also seeks to increase capacity for community-based providers to enroll individuals who are chronically homeless in mainstream programs and obtain reimbursement for behavioral health.

1. PURPOSE

This grant program builds on the success of the previous SAMHSA Services in Supportive Housing (SSH) program and SAMHSA Grants to Benefit Homeless Individuals (GBHI) program. Both SAMHSA SSH and GBHI programs combined housing assistance with intensive individualized support services to individuals who are chronically homeless. The Cooperative Agreements to Benefit Homeless Individuals program supports the development and/or expansion of local implementation and community infrastructures that integrate treatment and services for mental and substance use disorders, permanent housing, and other critical services for individuals who are chronically homeless through Medicaid and other mainstream programs.

The major goal of the Cooperative Agreements to Benefit Homeless Individuals program is to ensure that the most vulnerable individuals who are chronically homeless receive access to sustainable permanent housing, treatment, and recovery supports through mainstream funding sources. To achieve this goal, SAMHSA funds will support three primary types of activities: 1) behavioral health, housing support, and other recovery-oriented services not covered under a State's Medicaid plan; 2) coordination of housing and services for chronically homeless individuals and families at the State and local level which support the implementation and/or enhance the long-term sustainability of integrated community systems that provide permanent housing and supportive services; and 3) efforts to engage and enroll eligible persons who are chronically homeless in Medicaid and other mainstream benefit programs (e.g., SSI/SSDI, TANF, SNAP).

On a single night in January 2009, there were an estimated 643,067 sheltered and unsheltered people who are homeless nationwide. Of those, approximately 111,000 were chronically homeless. SAMHSA supports and has partnered to accomplish one of

the U.S. Department of Housing and Urban Development's (HUD) policy priorities which has been the development of permanent housing programs that provide a combination of housing and supportive services to people who were formerly homeless and with disabilities. This announcement is aligned with both HUD and the U. S. Interagency Council on Homelessness *Opening Doors: Federal Strategic Plan to Prevent and End Homelessness*.

Persons experiencing homelessness have higher rates of substance use and problems with mental health, physical health, legal, and employment issues than those with permanent housing. Although the relationship between housing status and clinical treatment outcomes is a complex one, some studies suggest that associations exist between stable housing, lower utilization of hospital services, and more positive treatment outcomes among certain populations. Permanent housing that is offered following or concurrent with recovery oriented and treatment focused integrated care models can result in improved clinical outcomes.

The linkage between stable permanent housing and behavioral health services is critical for recovery. For many in recovery from substance use disorders, transitional drug-free housing is essential to achieving long-term recovery. Such "recovery housing" can be provided through a variety of models ranging from peer-run, self-supported, drug-free homes to community-based housing that includes a range of supportive services.

SAMHSA has demonstrated that prevention works, treatment is effective, and people recover from mental, substance use, and co-occurring mental and substance use disorders. To continue to improve the delivery and financing of prevention, treatment and recovery support services, SAMHSA has identified eight Strategic Initiatives to focus the Agency's work on people and emerging opportunities. More information is available at the SAMHSA Web site: <http://www.samhsa.gov/About/strategy.aspx>. This program is aligned with all Strategic Initiatives and specifically Trauma and Justice, Military Families, and Recovery Support.

The Cooperative Agreements to Benefit Homeless Individuals program is one of SAMHSA's services programs that supports infrastructure development at the community level. SAMHSA expects that the grantee will start delivering services as soon as possible after the award. Service delivery should begin by the 4th month of the project at the latest.

Cooperative Agreements to Benefit Homeless Individuals are authorized under Section 506 of the Public Health Service Act, as amended, which states that grants may be made to entities that provide integrated primary health, substance abuse, and mental health services to homeless individuals. Pursuant to subsection (c) of Section 506 grantees may not refuse treatment or services to any individuals who present to the grantee with a mental disorder only or a substance use disorder only.

This program is designed to improve and enhance the current SSH and GBHI programs. Similar to SSH and GBHI, this program emphasizes the importance of access to permanent housing and supportive services for individuals who are chronically homeless due to mental and substance use disorders and further strengthens the importance of integrating behavioral and primary care services. The primary goal of this program is to ensure that people who are chronically homeless due to mental and substance use disorders have a supportive, permanent place to live that promotes wellness and sustained recovery from addiction and mental disorders as well as access to integrated behavioral health and primary care services. This announcement addresses Healthy People 2020 Mental Health and Mental Disorders Topic Area HP 2020-MHMD and Substance Abuse Topic Area HP 2020-SA.

Definitions

For the purposes of this RFA, the term “behavioral health” refers to a state of mental/emotional health and/or choices and actions that affect wellness. Behavioral health problems include substance abuse or misuse, alcohol and drug addiction, serious psychological distress, suicide, and mental and substance use disorders. The term is also used to describe the service systems encompassing the promotion of emotional health, the prevention of mental and substance use disorders and related problems, treatments and services for mental and substance use disorders, and recovery support.

“Mental and substance use disorders” are referred to throughout this document. This phrase is meant to be inclusive of mental disorders, substance use disorders, and co-occurring mental and substance use disorders.

“Permanent housing” means community-based housing without a designated length of stay (e.g., no limit on the length of stay). The phrase “permanent housing that supports recovery” refers to housing that is considered permanent (rather than temporary or short-term) and offers tenants a range of supportive services aimed at promoting recovery from mental and/or substance use disorders. There should not be any arbitrary limits for the length of stay for the tenant as long as the tenant complies with the lease requirements (consistent with local landlord-tenant law).

“Chronic homelessness” as characterized under the McKinney-Vento Homeless Assistance Act, as amended by S. 896 of the “Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) Act of 2009 means, with respect to an individual or family, that the individual or family— (i) is homeless and lives or resides in a place not meant for human habitation, a safe haven, or in an emergency shelter; (ii) has been homeless and living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter continuously for at least 1 year or on at least 4 separate occasions in the last 3 years; and (iii) has an adult head of household (or a minor head of household if no adult is present in the household) with a diagnosable substance use

disorder, serious mental illness, developmental disability, post traumatic stress disorder, cognitive impairments resulting from a brain injury, or chronic physical illness or disability, including the co-occurrence of 2 or more of those conditions.” In addition, a person who currently lives or resides in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital or other similar facility, and has resided there for fewer than 90 days shall be considered chronically homeless if such person met all of the requirements described above prior to entering that facility.

The term “Community Consortium” is defined as an association or a combination of community-based programs, health and human service agencies, State and local government agencies for the purpose of engaging in a joint venture and having a cooperative arrangement among the group’s members. For the purposes of this grant, the grantee may join an existing State/local Community Consortium or create a new Community Consortium.

2. EXPECTATIONS

The grantee will serve as the Local Lead Agency (LLA) for the Community Consortium. The LLA will support the development and/or expansion of local implementation and community infrastructures that integrate treatment and services for mental and substance use disorders, permanent housing that supports recovery, and access to and enrollment in Medicaid and mainstream resources for persons who are chronically homeless.

The Community Consortium must be comprised of, at a minimum, the State or local Public Housing Authority; local mental health, substance abuse, and primary care provider organizations; and representation from the local Continuum of Care, State Medicaid Office, and State Mental Health and Substance Abuse Authorities. Additional representation from other relevant mainstream service providers is strongly encouraged. Grant applications must provide specific details about how the grantee will serve as the LLA, what agencies will be part of the Community Consortium, and how the grantee will work on and measure the success of the Community Consortium and the implementation and sustainability of integrated community systems that provide permanent housing and supportive services. In addition, the grantee must include signed Memoranda of Understanding (MOUs) in **Attachment 1** of the application with each member of the Community Consortium as part of the grant application and provide evidence that the organizations that are part of the Community Consortium have a track record of working with each other or are establishing strong partnerships with each other.

The LLA must establish a steering committee to oversee the Community Consortium and the enhancement and further development of the Consortium members’ infrastructure and capacity to achieve the goals identified in this RFA. The steering committee must be comprised of, at a minimum, representatives from service providers, public housing authorities, the local/regional Medicaid agency, the State Mental Health

and Substance Abuse Agency staff, an individual who is homeless or has experienced homelessness and is recovering from mental and/or substance use disorders, and the SAMHSA Government Project Officer.

SAMHSA expects grantees to develop and implement an array of integrated services designed to reduce chronic homelessness among persons with substance use disorders, mental disorders, or co-occurring disorders, and to provide treatment and recovery oriented care for mental and substance use disorders. This service array may involve collaboration across multiple organizations. Grantees must use SAMHSA's services grant funds primarily to support allowable direct services to clients in the population of focus. Services may be provided by the grantee, purchased through contract with other providers, or made available through memoranda of understanding (MOUs) with other providers.

The proposed project is required to include the following:

- Outreach and direct treatment (including screening, assessment, and active treatment) for both mental and substance use disorders. Treatment must be provided in outpatient (including outreach-based services), day treatment or intensive outpatient, or short-term residential programs (90 days or less in duration and at a cost not to exceed 6.5% of total grant funds).
- Permanent housing for individuals who are chronically homeless and engaged in treatment and recovery support services.
- Case management or other strategies to link with and retain clients in housing and other necessary services, including but not limited to primary care services, and to coordinate these services with other services provided to the client.
- Engage and enroll persons who are chronically homeless into Medicaid and other mainstream benefit programs (e.g., SSI/SSDI, TANF, SNAP, etc.).
- An array of integrated services and supports for individuals with substance use disorders, mental disorders, or co-occurring mental and substance use disorders.
- Recovery support services designed to improve access to and retention in services and to continue treatment gains, which may include some or all of the following as appropriate for each client:
 - Vocational, child care, educational and transportation services
 - Independent living skills (e.g., budgeting and financial education)
 - Employment readiness, training, and placement

- Crisis care
- Medications management
- Self-help programs
- Discharge planning
- Psychosocial rehabilitation
- Peer Recovery Support(s)

In addition, the grantee is encouraged to provide the following allowable services:

- Education, screening, and counseling for hepatitis and other sexually transmitted infections;
- Active steps to reduce HIV/AIDS risk behaviors by their clients. Active steps include client screening and assessment, and either direct provision of appropriate services or referral to and close coordination with other providers of appropriate services. For information on homelessness and HIV, and on other HIV/AIDS topics relevant to this program, see the Health Resources and Services Administration Web page: <http://hab.hrsa.gov/publications.htm>.
- Trauma-informed services, including assessment and interventions for emotional, sexual, and physical abuse; and
- Use of an integrated primary/substance abuse/mental health care approach in developing the service delivery plan. This approach involves screening for health issues and delivery of client-centered substance abuse and mental health services in collaboration and consultation with medical care providers. The National Council for Community Behavioral Healthcare Web site describes what integrated primary care is like in practice by linking with descriptions of and resources from existing programs. For more information, visit <http://www.nccbh.org>. The following Web site, <http://www.centerforintegratedhealthsolutions.org> and <http://www.samhsa.gov/healthReform/healthHomes/index.aspx>, describes integrated primary care by linking applicants with existing programs. Special attention is paid to low-income and underserved populations.

SAMHSA services grant funds must be used primarily to support allowable direct services including the following types of activities:

- Substance abuse treatment, mental health services, and co-occurring or integrated behavioral health care, including comprehensive case management,

detoxification, short-term residential treatment (90 days or less in duration and at a cost not to exceed 6.5% of total grant funds), and outpatient treatment services not covered under a State's Medicaid plan.

- Tenant case management and housing support services that help program participants maintain housing and are not covered by a State's Medicaid plan.
- Activities to engage and enroll eligible persons who are chronically homeless onto Medicaid and other mainstream benefit programs (e.g., SSI/SSDI, TANF, SNAP).
- Supportive employment and education.
- Transportation for clients.
- Training in evidence-based practices for service providers, such as motivational interviewing or critical time intervention (See Appendix C for additional information about using EBPs)
- Limited in-reach services, such as, outreach and screening, to identify incarcerated individuals who may be chronically homeless upon release from a jail or detention facility; and to provide those identified with a post-release housing and behavioral health services plan.

SAMHSA grant funds may not be used to fund housing. Therefore, all applicants under this RFA are required to demonstrate the ability to place clients in permanent housing and provide documentation of the source of funding for the housing component, and evidence that the number of units available for the grant matches the number of clients targeted to be served for each year of the grant.

The following documentation must be provided in Attachment 6 of your application or it will not be reviewed and you will not be considered for an award:

- For a HUD funded applicant, a copy of an award letter to verify a current, executed grant agreement from the HUD for permanent housing (Shelter Plus Care, Section 8 Moderate Rehabilitation Program for Single-Room Occupancy [SRO] Dwellings for Homeless Individuals, Supportive Housing Program [SHP] Permanent Housing for Persons with Disabilities or Safe Haven, Housing Opportunities for Persons with AIDS [HOPWA]); OR
- From a non-HUD funded applicant, a letter from a comparable housing program funding source verifying a current, executed grant or contract agreement. The letter must include the following information:

- Brief summary describing the funding source, including any funding requirements and/or restrictions;
- Amount of funding provided per year for the applicant's permanent housing program;
- Type of permanent housing (scattered-site or facility-based) and number of housing units already secured (annually, must be equivalent to the number of individuals to be enrolled in grant project);
- Amount program participants pay toward housing; and
- Information about clients':
 - choice in housing;
 - option in level and type of services received;
 - tenancy rights (e.g., privacy in unit, leasing); and
 - eligibility to be considered for permanent housing despite substantially greater vulnerability (i.e., multiple severe physical and behavioral health disabilities, history of criminal justice involvement, serious mental illness, severe substance use disorder, and co-occurring mental and substance use disorder).

SAMHSA funds may not be used to pay for primary care, emergency medical services for physical conditions, or prescription drugs. Medical care and prescriptions for participants must be provided through other funding sources and/or by other members of the community consortium (e.g., Community Health Centers, Health Care for the Homeless programs, or other medical providers). SAMHSA grantees may not require that program participants engage in services as a condition of housing tenancy. Tenants, however, may be given a choice to live in sober housing as long as the grantee can provide an alternative living unit should the tenant relapse. Grantees are expected to work actively with program participants to engage them in appropriate behavioral health and recovery services.

SAMHSA strongly encourages all grantees to provide a smoke-free workplace and to promote abstinence from all tobacco products (except in regard to accepted tribal traditions and practices).

2.1 Using Evidence-Based Practices

SAMHSA's services grants are intended to fund services or practices that have a demonstrated evidence base and that are appropriate for the population(s) of focus. An

evidence-based practice (EBP) refers to approaches to prevention or treatment that are validated by some form of documented research evidence. In [Section B](#) of your project narrative, you will need to:

- Identify the evidence-based practice(s) you propose to implement for the specific population(s) of focus.
- Identify and discuss the evidence that shows that the practice(s) is (are) effective.
- If you are proposing to use more than one evidence-based practice, provide a justification for doing so and clearly identify which service modality and population of focus each practice will support.
- Discuss the population(s) for which the practice(s) has (have) been shown to be effective and show that it (they) is (are) appropriate for your population(s) of focus.

SAMHSA recognizes that EBPs have not been developed for all populations and/or service settings. See [Appendix C](#) for additional information about using EBPs.

2.2 Data Collection and Performance Measurement

All SAMHSA grantees are required to collect and report certain data so that SAMHSA can meet its obligations under the Government Performance and Results Modernization Act of 2010 (GPRA). You must document your ability to collect and report the required data in “[Section E: Performance Assessment and Data](#)” of your application. Grantees will be required to report performance in several areas relating to the client’s housing status, living condition, mental health, substance use, employment status, access to treatment, retention in treatment, HIV risk, and trauma. This information will be gathered using a SAMHSA standard data reporting tool approved by the Office of Management and Budget. Information will be provided upon issuance of the award regarding the web location and process for using the approved data collection tool. Grantees must collect and report data using the Services Accountability Improvement Systems GPRA tool, which can be found at <http://www.samhsa-gpra.samhsa.gov>, or a facsimile thereof which is under development. Hard copies are available in the application kits available by calling SAMHSA’s Office of Communications at 1-877-SAMHSA7 [TDD: 1-800-487-4889].

GPRA data must be collected at baseline (i.e., the client’s entry into the project), discharge, and 6 months post the baseline. GPRA data must be entered into the GPRA Web system within 7 business days of the forms being completed. In addition, 80% of the participants must be followed up. GPRA data are to be collected and then entered into SAMHSA’s Services Accountability Improvement Systems GPRA tool <http://www.samhsa-gpra.samhsa.gov>. If you have an electronic health record (EHR)

system to collect and manage most or all client-level, clinical information, you should use the EHR to automate GPRA reporting.

Training and technical assistance on data collecting, tracking, and follow-up, as well as data entry, will be provided by SAMHSA.

The collection of these data will enable SAMHSA to report on the National Outcome Measures (NOMs), which have been defined by SAMHSA as key priority areas relating to substance use and mental health prevention, treatment, recovery support, and housing.

In addition to these measures, grantees will be expected to collect and report data in a biannual report on individuals engaged in outreach and individuals supported in efforts to enroll in mainstream benefit programs.

Performance data will be reported to the public, the Office of Management and Budget (OMB) and Congress as part of SAMHSA's budget request.

2.3 Performance Assessment

Grantees must periodically review the performance data they report to SAMHSA (as required above) and assess their progress and use this information to improve management of their grant projects. The assessment should be designed to determine whether the grantee is achieving the goals, objectives and outcomes intended and whether adjustments need to be made to the project. Grantees will be required to report on the progress achieved, barriers encountered, and efforts to overcome these barriers in a performance assessment report to be submitted biannually. The assigned SAMHSA Government Project Officer and Grants Management Specialist will review the performance assessment report and provide feedback on the extent to which progress is consistent with stated goals of the application and requirements of this RFA. At a minimum, the performance assessment should include the required performance measures identified above and may also consider outcome and process questions, such as the following:

Outcome Questions:

- How many individuals were reached through the program and how many were enrolled in Medicaid and other mainstream programs as a result of participation in this program (through the grantee and those assisted through the Community Consortium)?
- What program/contextual factors were associated with increased access to and enrollment in Medicaid and mainstream programs?

- What was the effect of the permanent housing, recovery support, or treatment on key outcome goals?
- Was the permanent housing and recovery support effective in maintaining the project outcomes at 6-month follow-up?
- What program and contextual factors were associated with positive clinical and housing outcomes?

As appropriate, describe how the data, including outcome data, will be analyzed by demographic factors to assure that appropriate populations are being served in a culturally and contextually appropriate manner and that disparities in services and outcomes are minimized.

Process Questions:

- What activities and actions taken by the Steering Committee and the Community Consortium helped improve the clinical and housing outcomes of all Community Consortium members?
- How did the strategies and interventions used by the Steering Committee and the Community Consortium assist in the overall quality improvement of the system of care for individuals who are homeless?
- Who provided (program staff) what services (modality, type, intensity, duration), to whom (individual characteristics), in what context (system, community), and at what cost (facilities, personnel, dollars)?
- Are the targets and indicators linked and used to inform quality improvement activities of the members of the Community Consortium?
- What efforts have been taken to overcome administrative and clinical barriers in enrolling individuals in Medicaid and mainstream programs and how are these efforts informing the implementation and/or enhance the long term sustainability of integrated community systems that provide permanent housing and supportive services?

Grantees must include performance assessment updates in biannual reports and in the final performance assessment report.

SAMHSA intends to implement a cross-site evaluation of the Cooperative Agreements to Benefit Homeless Individuals program in FY 2012. The evaluation will allow grantees and SAMHSA to assess the progress toward meeting program goals. The cross-site evaluation will be designed to comply with OMB expectations regarding independence, scope, and quality of evaluation activities. In addition, it is possible the evaluation design may necessitate changes in the required data elements, instruments, and/or

timing of data collection or reporting. Grantees will be required to comply with any changes in data collection requirements. SAMHSA will work in collaboration with grantees in developing any changes in data collection requirements.

The cross-site evaluation will be conducted through a separate contract; the contractor will manage cross-site data collection and analysis, and development of cross-site evaluation products. Any data collection beyond that required of individual grantees will be supported by the contract. Grantees will be required to participate in the cross-site evaluation through sharing of existing information, participation in telephone calls and/or in-person meetings during a site-visit to plan and implement the evaluation.

Training and technical assistance on the cross-site evaluation will be provided by SAMHSA and/or the contractual evaluation organization at no cost to the grantee.

No more than 10% of the total grant award may be used for data collection, performance measurement, and performance assessment, e.g., activities required in Sections I-[2.2](#) and [2.3](#) above.

2.4 Infrastructure Development (maximum 15% of total grant award)

Although services grant funds must be used primarily for direct services, SAMHSA recognizes that infrastructure changes may be needed to implement the services or improve their effectiveness. The grantee may use no more than 15% of the total services grant award for the following types of infrastructure development, if necessary to support the direct service expansion of the grant project, such as:

- Developing partnerships with other service providers for service delivery.
- Adopting and/or enhancing your computer system, management information system (MIS), electronic health records (EHRs), etc., to document and manage client needs, care process, integration with related support services, and outcomes.
- Activities to enhance the long-term sustainability of integrated, local community systems that provide permanent housing and recovery support services for people who are chronically homeless.
- Training/workforce development to help the grantee or other providers in the community identify mental health issues, substance abuse issues, provide effective housing support services, or determine eligibility for and enrollment in mainstream benefit programs consistent with the purpose of the grant program.

2.5 Grantee Meetings

Grantees must plan to send a minimum of two people (including the Project Director) to at least one grantee meeting in each year of the grant. You must include a detailed budget and narrative for this travel in your budget. At these meetings, grantees will present the results of their projects and Federal staff will provide technical assistance. Each meeting will be 3 days. These meetings are usually held in the Washington, D.C., area and attendance is mandatory.

II. AWARD INFORMATION

Proposed budgets cannot exceed \$500,000 in total costs (direct and indirect) in any year of the proposed project. Annual continuation awards will depend on the availability of funds, grantee progress in meeting project goals and objectives, timely submission of required data and reports, and compliance with all terms and conditions of award.

Available funding for this program is subject to the enactment of a final budget for FY 2011 or an annualized Continuing Resolution (CR) for FY 2011. Funding estimates for this announcement are based on potential funding scenarios that reflect an annualized CR at the FY 2010 funding level but do not reflect final conference action on the 2011 budget. Applicants should be aware that SAMHSA cannot guarantee that sufficient funds will be appropriated to fully fund this program.

Cooperative Agreement

These awards are being made as cooperative agreements because they require substantial post-award Federal programmatic participation in the conduct of the project. Under this cooperative agreement, the roles and responsibilities of grantees and SAMHSA staff are:

Role of Grantee:

- Implement and assess the program in full cooperation with SAMHSA staff members and contractors;
- Establish a steering committee to oversee the Community Consortium and the enhancement and further development of the consortium members' infrastructure and capacity to achieve the goals identified in this RFA. Participate in selecting a chairperson for the steering committee and convene the steering committee, at a minimum, biannually and confer by conference call, as appropriate, to develop strategies to further enhance the project; and

- Ensure that individuals served by the grant project are chronically homeless and are the most vulnerable and have the greatest need, in alignment with the goals of the program.

Role of SAMHSA Staff:

- Participate in the selection of members of a Steering Committee that will further enhance and develop the infrastructure and build capacity of the permanent housing and recovery support program in collaboration with the LLA;
- Assist the grantee to plan for infrastructure development to achieve the goals of the program;
- Help to establish measures of cost effectiveness;
- Assist the grantee to meet quality improvement goals in an efficient manner;
- Provide advice and assistance in developing the performance assessment;
- Foster learning, collaboration and coordination with other SAMHSA-funded and HUD-funded activities. Examples include facilitating communication and connection with Continuums of Care, SAMHSA regional offices, HUD regional offices, Addiction Technology Transfer Centers (ATTCs); and HRSA resources; and
- Provide training, observation of practice, consultative services, peer monitoring, and other services envisioned under this program in collaboration with SAMHSA technical assistance resources.

III. ELIGIBILITY INFORMATION

1. ELIGIBLE APPLICANTS

Eligibility is restricted by statute to domestic community-based public and private nonprofit entities. For example, county governments, city or township governments, federally recognized American Indian/Alaska Native tribes and tribal organizations, urban Indian organizations, public or private universities and colleges, and community- and faith-based organizations may apply. Tribal organization means the recognized body of any AI/AN tribe; any legally established organization of American Indians/Alaska Natives which is controlled, sanctioned, or chartered by such governing body or which is democratically elected by the adult members of the Indian community to be served by such organization and which includes the maximum participation of American Indians/Alaska Natives in all phases of its activities. Consortia of tribal organizations are eligible to apply, but each participating entity must indicate its approval. **States and for-profit agencies are not eligible to apply.**

2. COST SHARING and MATCH REQUIREMENTS

Cost sharing/match are not required in this program.

3. OTHER

3.1 Additional Eligibility Requirements

You must comply with the following three requirements, or your application will be screened out and will not be reviewed:

1. use of the HHS 5161-1 application form;
2. application submission requirements in [Section IV-3](#) of this document; and
3. formatting requirements provided in [Appendix A](#) of this document.

3.2 Evidence of Experience and Credentials

SAMHSA believes that only existing, experienced, and appropriately credentialed organizations with demonstrated infrastructure and expertise will be able to provide required services quickly and effectively. The grantee must meet four additional requirements related to the provision of services.

The four requirements are:

1. A provider organization for direct client substance abuse treatment, mental health, and/or co-occurring disorders, and integrated care services appropriate to the grant must be involved in the proposed project. The provider may be the applicant or another organization committed to the project. More than one provider organization may be involved;
2. Each mental health/substance abuse treatment provider organization must have at least 2 years experience (as of the due date of the application) providing relevant services in the geographic area(s) in which services are to be provided (official documents must establish that the organization has provided relevant services for the last 2 years).
3. Each mental health/substance abuse treatment provider organization must comply with all applicable local (city, county) and State licensing, accreditation, and certification requirements, as of the due date of the application.
4. Eligible entities also must either:
 - a) be qualified to receive Medicaid reimbursements and have an existing reimbursement system in place for services covered under the state Medicaid plan; **OR**

- b) have established links to other behavioral health or primary care organizations with existing reimbursement systems for services covered under the state Medicaid plan.

This will ensure that grantees and other members of the community consortium develop and/or enhance their Medicaid reimbursement systems. These efforts will both support the long-term sustainability of permanent housing programs in the community and will help communities prepare for Medicaid coverage expansion to all low-income adults up to 133% of the Federal Poverty Level in 2014. SAMHSA requires that funded grantees provide proof that they are qualified to receive Medicaid reimbursements and that they have a reimbursement system that has been in place for a minimum of one year prior to the date of application.

[Note: The above requirements apply to all service provider organizations. A license from an individual clinician will not be accepted in lieu of a provider organization's license. Eligible Tribes and tribal organization mental health/substance abuse treatment providers must comply with all applicable Tribal licensing, accreditation, and certification requirements, as of the due date of the application.]

Following application review, if your application's score is within the funding range, the GPO may contact you to request that the following documentation be sent by overnight mail, or to verify that the documentation you submitted is complete:

- a letter of commitment from every mental health/substance abuse treatment provider organization that has agreed to participate in the project that specifies the nature of the participation and the service(s) that will be provided;
- official documentation that all mental health/substance abuse treatment provider organizations participating in the project have been providing relevant services for a minimum of 2 years prior to the date of the application in the area(s) in which the services are to be provided;
- official documentation that all participating mental health/substance abuse treatment provider organizations: 1) comply with all applicable local (city, county) and State requirements for licensing, accreditation, and certification; **OR** 2) official documentation from the appropriate agency of the applicable State, county, or other governmental unit that licensing, accreditation, and certification requirements do not exist.¹

¹ Tribes and tribal organizations are exempt from these requirements.

- for Tribes and tribal organizations only, official documentation that all participating mental health/substance abuse treatment provider organizations: 1) comply with all applicable tribal requirements for licensing, accreditation, and certification; **OR** 2) documentation from the Tribe or other tribal governmental unit that licensing, accreditation, and certification requirements do not exist.
- official documentation that you are qualified to receive Medicaid reimbursements and have an existing reimbursement system in place for services covered under the state Medicaid plan; **OR** official documentation that you have established links to other behavioral health or primary care organizations with existing reimbursement systems for services covered under the State Medicaid plan.

If the GPO does not receive this documentation within the time specified, your application will not be considered for an award.

IV. APPLICATION AND SUBMISSION INFORMATION

1. ADDRESS TO REQUEST APPLICATION PACKAGE

You may request a complete application kit from SAMHSA at 1-877-SAMHSA7 [TDD: 1-800-487-4889].

You also may download the required documents from the SAMHSA Web site at <http://www.samhsa.gov/grants/apply.aspx>.

Additional materials available on this Web site include:

- a grant writing technical assistance manual for potential applicants;
- standard terms and conditions for SAMHSA grants;
- guidelines and policies that relate to SAMHSA grants (e.g., guidelines on cultural competence, consumer and family participation, and evaluation); and
- a list of certifications and assurances referenced in item 21 of the SF 424 v2.

2. CONTENT AND GRANT APPLICATION SUBMISSION

2.1 Application Kit

A complete list of documents included in the application kit is available at <http://www.samhsa.gov/Grants/ApplicationKit.aspx>. This includes:

- HHS 5161-1 (revised August 2007) – Includes the face page (SF 424 v2), budget forms, and checklist. You must use the HHS 5161-1. **Applications that are not submitted on the required application form will be screened out and will not be reviewed.**
- Request for Applications (RFA) – Provides a description of the program, specific information about the availability of funds, and instructions for completing the grant application. This document is the RFA. The RFA will be available on the SAMHSA Web site (<http://www.samhsa.gov/grants/index.aspx>) and a synopsis of the RFA is available on the Federal grants Web site (<http://www.Grants.gov>).

You must use all of the above documents in completing your application.

2.2 Required Application Components

Applications must include the following 11 required application components:

- **Face Page** – SF 424 v2 is the face page. This form is part of the HHS 5161-1. [Note: Applicants must provide a Dun and Bradstreet (DUNS) number to apply for a grant or cooperative agreement from the Federal Government. SAMHSA applicants are required to provide their DUNS number on the face page of the application. Obtaining a DUNS number is easy and there is no charge. To obtain a DUNS number, access the Dun and Bradstreet Web site at <http://www.dunandbradstreet.com> or call 1-866-705-5711. To expedite the process, let Dun and Bradstreet know that you are a public/private nonprofit organization getting ready to submit a Federal grant application. In addition, you must be registered in the Central Contractor Registration (CCR) prior to submitting an application and maintain an active CCR registration during the grant funding period. **REMINDER: CCR registration expires each year and must be updated annually.** Additional information on the Central Contractor Registration (CCR) is available at <http://www.ccr.gov>].
- **Abstract** – Your total abstract must not be longer than 35 lines. It should include the project name, population(s) to be served (demographics and clinical characteristics), strategies/interventions, project goals and measurable objectives, including the unduplicated number (annually and over the entire project period) of people targeted for outreach (Grantee), targeted for grant project enrollment with permanent housing (Grantee), and targeted for assistance with enrollment in mainstream benefit programs (Community Consortium). In the first five lines or less of your abstract, write a summary of your project that can be used, if your project is funded, in publications, reporting to Congress, or press releases.

- **Table of Contents** – Include page numbers for each of the major sections of your application and for each attachment.
- **Budget Form** – Use SF 424A, which is part of the HHS 5161-1. Fill out Sections B, C, and E of the SF 424A. A sample budget and justification is included in [Appendix I](#) of this document.
- **Project Narrative and Supporting Documentation** – The Project Narrative describes your project. It consists of Sections A through E. Sections A-E together may not be longer than 30 pages. (Remember that if your Project Narrative starts on page 5 and ends on page 35, it is 31 pages long, not 30 pages.) More detailed instructions for completing each section of the Project Narrative are provided in [“Section V – Application Review Information”](#) of this document.

The Supporting Documentation provides additional information necessary for the review of your application. This supporting documentation should be provided immediately following your Project Narrative in Sections F through I. There are no page limits for these sections, except for Section H, Biographical Sketches/Job Descriptions. Additional instructions for completing these sections are included in [Section V](#) under “Supporting Documentation.” Supporting documentation should be submitted in black and white (no color).

Attachments 1 through 6– Use only the attachments listed below. If your application includes any attachments not required in this document, they will be disregarded. Do not use more than a total of 30 pages for Attachments 1, 3 and 4 combined. There are no page limitations for Attachments 2, 5, and 6. Do not use attachments to extend or replace any of the sections of the Project Narrative. Reviewers will not consider them if you do. Please label the attachments as: Attachment 1, Attachment 2, etc.

Attachment 1: (1) Identification of at least one experienced, licensed mental health/substance abuse treatment provider organization; (2) a list of all direct service provider organizations that have agreed to participate in the proposed project, including the applicant agency, if it is a treatment or prevention service provider organization; (3) the Statement of Assurance (provided in [Appendix D](#) of this announcement) signed by the authorized representative of the applicant organization identified on the face page of the application, that assures SAMHSA that all listed providers meet the 2-year experience requirement, are appropriately licensed, accredited, and certified, and that if the application is within the funding range for an award, the applicant will send the GPO the required documentation within the specified time; (4) MOUs from members of the Community Consortium.

Attachment 2: Data Collection Instruments/Interview Protocols – if you are using standardized data collection instruments/interview protocols, you do not need to

include these in your application. Instead, provide a Web link to the appropriate instrument/protocol. If the data collection instrument(s) or interview protocol(s) is/are not standardized, you must include a copy in Attachment 2.

Attachment 3: Sample Consent Forms

Attachment 4: Letter to the SSA (if applicable; see [Section IV-4](#) of this document)

Attachment 5: A copy of the State or County Strategic Plan, a State or county needs assessment, or a letter from the State or county indicating that the proposed project addresses a State- or county-identified priority. Tribal applicants must provide similar documentation relating to tribal priorities.

Attachment 6: Documentation of the Availability of Permanent Housing Units

Project/Performance Site Location(s) Form – The purpose of this form is to collect location information on the site(s) where work funded under this grant announcement will be performed. This form will be posted on SAMHSA's Web site with the RFA and provided in the application kit.

Assurances – Non-Construction Programs. You must read the list of assurances provided on the SAMHSA Web site and check the box marked 'I Agree' before signing the face page (SF 424 v2) of the application. You are also required to complete the Assurance of Compliance with SAMHSA Charitable Choice Statutes and Regulations Form SMA 170. This form will be posted on SAMHSA's Web site with the RFA and provided in the application kit.

Certifications – You must read the list of certifications provided on the SAMHSA Web site and check the box marked 'I Agree' before signing the face page (SF 424 v2) of the application.

Disclosure of Lobbying Activities – You must submit Standard Form LLL found in the HHS 5161-1. Federal law prohibits the use of appropriated funds for publicity or propaganda purposes or for the preparation, distribution, or use of the information designed to support or defeat legislation pending before the Congress or State legislatures. This includes "grass roots" lobbying, which consists of appeals to members of the public suggesting that they contact their elected representatives to indicate their support for or opposition to pending legislation or to urge those representatives to vote in a particular way. If no lobbying is to be disclosed, mark N/A on the form. All applicants must sign the form.

Checklist – Use the Checklist found in HHS 5161-1. The Checklist ensures that you have obtained the proper signatures, assurances and certifications. If you are submitting a paper application, the Checklist should be the last page.

2.3 Application Formatting Requirements

Please refer to [Appendix A](#), *Checklist for Formatting Requirements and Screen out Criteria for SAMHSA Grant Applications*, for SAMHSA's basic application formatting requirements. Applications that do not comply with these requirements will be screened out and will not be reviewed.

3. APPLICATION SUBMISSION REQUIREMENTS

Applications are due by **May 27, 2011**. SAMHSA provides two options for submission of grant applications: 1) electronic submission, or 2) paper submission. Hard copy applications are due by **5:00 PM** (Eastern Time). Electronic applications are due by **11:59 PM** (Eastern Time). **Applications may be shipped using only Federal Express (FedEx), United Parcel Service (UPS), or the United States Postal Service (USPS).** You will be notified by postal mail that your application has been received.

Note: If you use the USPS, you must use Express Mail.

SAMHSA will not accept or consider any applications that are hand carried or sent by facsimile.

Submission of Electronic Applications

If you plan to submit electronically through Grants.gov it is very important that you read thoroughly the application information provided in [Appendix B](#), "Guidance for Electronic Submission of Applications."

Submission of Paper Applications

If you are submitting a paper application, you must submit an original application and 2 copies (including attachments). The original and copies must not be bound and nothing should be attached, stapled, folded, or pasted. Do not use staples, paper clips, or fasteners. You may use rubber bands.

Send applications to the address below:

For United States Postal Service:

Crystal Saunders, Director of Grant Review
Office of Financial Resources
Substance Abuse and Mental Health Services Administration
Room 3-1044
1 Choke Cherry Road
Rockville, MD **20857**

Change the zip code to **20850** if you are using FedEx or UPS.

Do not send applications to other agency contacts, as this could delay receipt. Be sure to include “**CABHI Program, TI-11-008**” in item number 12 on the face page (SF 424 v2) of any paper applications. If you require a phone number for delivery, you may use (240) 276-1199.

Your application must be received by the application deadline or it will not be considered for review. Please remember that mail sent to Federal facilities undergoes a security screening prior to delivery. You are responsible for ensuring that you submit your application so that it will arrive by the application due date and time.

If an application is mailed to a location or office (including room number) that is not designated for receipt of the application and, as a result, the designated office does not receive your application by the deadline, your application will be considered late and ineligible for review.

SAMHSA accepts electronic submission of applications through <http://www.Grants.gov>. Please refer to [Appendix B](#) for “Guidance for Electronic Submission of Applications.”

4. INTERGOVERNMENTAL REVIEW (E.O. 12372) REQUIREMENTS

This grant program is covered under Executive Order (EO) 12372, as implemented through Department of Health and Human Services (DHHS) regulation at 45 CFR Part 100. Under this Order, States may design their own processes for reviewing and commenting on proposed Federal assistance under covered programs. See [Appendix E](#) for additional information on these requirements as well as requirements for the Public Health Impact Statement.

5. FUNDING LIMITATIONS/RESTRICTIONS

Cost principles describing allowable and unallowable expenditures for Federal grantees, including SAMHSA grantees, are provided in the following documents, which are available at <http://www.samhsa.gov/grants/management.aspx>:

- Educational Institutions: 2 CFR Part 220 (OMB Circular A-21)
- State, Local and Indian Tribal Governments: 2 CFR Part 225 (OMB Circular A-87)
- Nonprofit Organizations: 2 CFR Part 230 (OMB Circular A-122)
- Hospitals: 45 CFR Part 74, Appendix E

In addition, SAMHSA’s Cooperative Agreements to Benefit Homeless Individuals recipients must comply with the following funding restrictions:

- No more than 15% of the total grant award may be used for developing the infrastructure necessary for expansion of services.
- No more than 10% of the total grant award may be used for data collection, performance measurement and performance assessment, including incentives for participating in the required data collection follow-up.
- No more than 6.5% of the total grant award may be used for short-term residential treatment (90 days or less).

SAMHSA grantees must also comply with SAMHSA's standard funding restrictions, which are included in [Appendix F](#).

V. APPLICATION REVIEW INFORMATION

1. EVALUATION CRITERIA

- The Project Narrative describes what you intend to do with your project and includes the Evaluation Criteria in Sections A-E below. Your application will be reviewed and scored according to the quality of your response to the requirements in Sections A-E.
- In developing the Project Narrative section of your application, use these instructions, which have been tailored to this program. These are to be used instead of the "Program Narrative" instructions found in the HHS 5161-1.
- The Project Narrative (Sections A-E) together may be no longer than 30 pages.
- You must use the five sections/headings listed below in developing your Project Narrative. You must place the required information in the correct section, or it will not be considered. Your application will be scored according to how well you address the requirements for each section of the Project Narrative.
- Reviewers will be looking for evidence of cultural competence in each section of the Project Narrative, and will consider how well you address the cultural competence aspects of the evaluation criteria when scoring your application. SAMHSA's guidelines for cultural competence can be found on the SAMHSA Web site at <http://www.samhsa.gov/grants/apply.aspx> at the bottom of the page under "Resources for Grant Writing."
- The Supporting Documentation you provide in Sections F-I and Attachments 1-6 will be considered by reviewers in assessing your response, along with the material in the Project Narrative.

- The number of points after each heading is the maximum number of points a review committee may assign to that section of your Project Narrative. Although scoring weights are not assigned to individual bullets, each bullet is assessed in deriving the overall Section score.

Section A: Statement of Need (10 points)

With respect to the primary purpose and goals of the grant project:

- Describe and justify your population(s) of focus.
- Describe and justify the geographic area to be served.
- Describe existing service gaps.

Demographic information on the population(s) of focus, e.g., race, ethnicity, age, socioeconomic status, geography must be provided.

- Describe the nature of the problem and document the extent of the need (e.g., current prevalence rates or incidence data) for the population(s) of focus based on data. The statement of need should include a clearly established baseline for the project. Provide sufficient information on how the data were collected so reviewers can assess the reliability and validity of the data. Documentation of need may come from a variety of qualitative and quantitative sources. The quantitative data could come from local epidemiologic data, State data (e.g., from State Needs Assessments, SAMHSA's National Survey on Drug Use and Health), and/or national data (e.g., from the HUD Annual Assessment Report to Congress, the Homelessness Management Information System, Medicaid Enrollment Data, SAMHSA's National Survey on Drug Use and Health or from National Center for Health Statistics/Centers for Disease Control reports).
- Applicants must show that needs are consistent with priorities of the Tribe, tribal organization, State or county that has primary responsibility for the service delivery system. You must include, in **Attachment 5**, a copy of the State or County Strategic Plan, a State or county needs assessment, or a letter from the State or county indicating that the proposed project addresses a State- or county-identified priority. Tribal applicants must provide similar documentation relating to tribal priorities.

Section B: Proposed Evidence-Based Service/Practice (25 points)

- Describe the purpose of the proposed project, including a clear statement of its goals and objectives. These must relate to the performance measures you identify in Section E, Performance Assessment and Data.

- Identify the evidence-based service(s)/practice(s) that you propose to implement and discuss how it addresses the purpose, goals and objectives of your proposed project. Also include the source of your information. (See [Section I-2.1](#), and [Appendix C](#), Using Evidence-Based Practices.)
- Discuss the evidence that shows that this practice is effective with your population(s) of focus.
- Document the evidence that the practice(s) you have chosen is (are) appropriate for the outcomes you want to achieve.
- If the evidence is limited or non-existent for your population(s) of focus, provide other information to support your selection of the intervention(s) for your population(s) of focus.
- Identify and justify any modifications or adaptations you will need to make – or have already made – to the proposed practice(s) to meet the goals of your project and why you believe the changes will improve the outcomes.
- Explain why you chose this evidence-based practice over other evidence-based practices. If this is not an evidence-based practice, explain why you chose this intervention over other interventions.
- Describe how the proposed practice will address the following issues in the population(s) of focus, while retaining fidelity to the chosen practice:
 - Demographics – race, ethnicity, religion, gender, age, geography, and socioeconomic status;
 - Language and literacy;
 - Sexual identity – sexual orientation and gender identity; and
 - Disability.
- Provide a logic model that links local permanent housing units, with need and most vulnerable populations in your community, the services or practice to be implemented, and outcomes. (See [Appendix G](#) for a sample logic model.)

Section C: Proposed Implementation Approach (30 points)

- Describe and provide a rationale for the anticipated impact the proposed project will have on your community.

- Describe how achievement of the goals will produce meaningful and relevant results (e.g., increase access, availability, prevention, outreach, pre-services, treatment, and/or intervention) and support SAMHSA's goals for the program.
- Describe how the proposed service(s) or practice(s) will be implemented.
- Provide a chart or graph depicting a realistic time line for the entire project period showing key activities, milestones, and responsible staff. [Note: The time line should be part of the Project Narrative. It should not be placed in an attachment.]
- Describe how you will screen and assess clients for the presence of co-occurring substance use (abuse and dependence) and mental disorders and use the information obtained from the screening and assessment to develop appropriate treatment approaches for the persons identified as having such co-occurring disorders.
- Describe the unduplicated number of people (annually and over the entire project period) targeted for outreach (Grantee), targeted for grant project enrollment with permanent housing (Grantee), and targeted for assistance with enrollment in mainstream benefit programs (Community Consortium).
- Describe how you will identify, recruit and retain the population(s) of focus. Using your knowledge of the language, beliefs, norms, values and socioeconomic factors of the population(s) of focus, discuss how the proposed approach addresses these issues in outreaching, engaging and delivering programs to this population, e.g., collaborating with community gatekeepers.
- Describe how you will ensure the input of individuals who are homeless or have experienced homelessness and are recovering from mental and substance use disorders in planning, implementing and assessing, your project.
- Describe how the project components will be embedded within the existing service delivery system, and the existing public housing availability and infrastructure, including other SAMHSA-funded projects, other mainstream resources, and the role of the Local Lead Agency.
- Describe how you will serve as the Local Lead Agency (LLA) and how you will work on and measure the success of the Community Consortium and the implementation and sustainability of integrated community systems that provide permanent housing and recovery support services.
- Describe the process for establishing a steering committee to oversee the Community Consortium and the enhancement and further development of its infrastructure and capacity. The steering committee must be comprised of, at a

minimum, representatives from service providers, public housing authorities, the local/regional Medicaid agency, the State Mental Health and Substance Abuse Agency staff, an individual who is homeless or has experienced homelessness and is recovering from mental and/or substance use disorders, and the SAMHSA Government Project Officer.

- Show that the necessary groundwork for the Community Consortium (e.g., planning, consensus development, development of memoranda of agreement, identification of permanent housing resources) has been completed or is near completion so that the project can be implemented and service delivery can begin as soon as possible and no later than 4 months after grant award. The Community Consortium must be comprised of, at a minimum, the State or local Public Housing Authority; local mental health, substance abuse, and primary care provider organizations; and representation from the local Continuum of Care, State Medicaid Office, and State Mental Health and Substance Abuse Authorities. Additional representation from other relevant mainstream service providers is strongly encouraged.
- Identify the organizations that will participate in the Community Consortium. Describe their roles and responsibilities and demonstrate their commitment to the project. Include MOUs from members of the Community Consortium in **Attachment 1**.
- Describe the potential barriers to successful conduct of the proposed project and how you will overcome them.
- Describe your plan to continue the project after the funding period ends. Also, describe how program continuity will be maintained when there is a change in the operational environment (e.g., staff turnover, change in project leadership, changes in stakeholders or political leadership) to ensure stability over time.

Section D: Staff and Organizational Experience (20 points)

- Discuss the capability and experience of the applicant organization and other participating organizations with similar projects and populations. Demonstrate that the applicant organization and other participating organizations have linkages to the population(s) of focus and ties to grassroots/community-based organizations that are rooted in the culture(s) and language(s) of the population(s) of focus.
- Provide a complete list of staff positions for the project, including the Project Director and other key personnel, showing the role of each and their level of effort and qualifications.

- Discuss how key staff has demonstrated experience and are qualified to serve the population(s) of focus and are familiar with their culture(s) and language(s).
- Describe the resources available for the proposed project (e.g., facilities, equipment), and provide evidence that services will be provided in a location that is adequate, accessible, compliant with the Americans with Disabilities Act (ADA), and amenable to the population(s) of focus. If the ADA does not apply to your organization, please explain why.
- Describe the current capacity for the program to support clients in the application process for mainstream benefit programs and other State and local resources.

Section E: Performance Assessment and Data (15 points)

- Document your ability to collect and report on the required performance measures as specified in [Section I-2.2](#) of this RFA. Describe your plan for data collection, management, analysis and reporting. Specify and justify any additional measures or instruments you plan to use for your grant project.
- Describe how data will be used to manage the project and assure continuous quality improvement, including consideration of disparate outcomes for different racial/ethnic groups. Describe how information related to process and outcomes will be routinely communicated to program staff.
- Describe your plan for conducting the performance assessment as specified in [Section I-2.3](#) of this RFA and document your ability to conduct the assessment.
- Provide a per-person or unit cost of the project to be implemented. You can calculate this figure by: 1) taking the total cost of the project over the lifetime of the grant and subtracting 10% for data and performance assessment; 2) dividing this number by the total unduplicated number of persons to be served.
- Program Costs. The following are considered reasonable ranges for several substance abuse treatment modalities:
 - Residential: \$3,000 to \$10,000
 - Outpatient (Non-Methadone): \$1,000 to \$5,000
 - Outpatient (Methadone): \$1,500 to \$8,000
 - Intensive Outpatient: \$1,000 to \$7,500
 - Screening/Brief Intervention/Brief Treatment/Outreach/Pretreatment Services: \$200 to \$1,200

- Drug Court Programs (regardless of client treatment modality): \$3,000 to \$5,000
- Peer Recovery Support Services: \$1,000 to \$2,500

The outreach and pretreatment services cost band applies only to outreach and pretreatment programs that do not offer treatment services but operate with a network of substance abuse treatment facilities. Treatment programs that add outreach and pretreatment services to a treatment modality or modalities are expected to fall within the cost band for that treatment modality.

NOTE: Although the budget for the proposed project is not a scored review criterion, the Review Group will be asked to comment on the appropriateness of the budget after the merits of the application have been considered.

SUPPORTING DOCUMENTATION

Section F: Literature Citations. This section must contain complete citations, including titles and all authors, for any literature you cite in your application.

Section G: Budget Justification, Existing Resources, Other Support. You must provide a narrative justification of the items included in your proposed budget, as well as a description of existing resources and other support you expect to receive for the proposed project. Be sure to show that no more than 15% of the total grant award will be used for infrastructure development, if necessary, and that no more than 10% of the total grant award will be used for data collection, performance measurement and performance assessment. **Specifically identify the items associated with these costs in your budget.** An illustration of a budget and narrative justification is included in [Appendix I](#) of this document.

Section H: Biographical Sketches and Job Descriptions.

- Include a biographical sketch for the Project Director and other key positions. Each sketch should be 2 pages or less. If the person has not been hired, include a position description and/or a letter of commitment with a current biographical sketch from the individual.
- Include job descriptions for key personnel. Job descriptions should be no longer than 1 page each.
- Information on what should be included in biographical sketches and job descriptions can be found on page 22, Item 6, in the Program Narrative section of the HHS 5161-1 instruction page, available on the SAMHSA Web site.

Section I: Confidentiality and SAMHSA Participant Protection/Human Subjects: You must describe procedures relating to Confidentiality, Participant Protection and the Protection of Human Subjects Regulations in Section I of your application. See [Appendix J](#) for guidelines on these requirements.

2. REVIEW AND SELECTION PROCESS

SAMHSA applications are peer-reviewed according to the evaluation criteria listed above.

Decisions to fund a grant are based on:

- the strengths and weaknesses of the application as identified by peer reviewers;
- when the individual award is over \$150,000, approval by the Center for Mental Health Services' and the Center Substance Abuse Treatment's National Advisory Council;
- availability of funds; and
- equitable distribution of awards in terms of geography (including urban, rural and remote settings) and balance among populations of focus and program size.

VI. ADMINISTRATION INFORMATION

1. AWARD NOTICES

You will receive a letter from SAMHSA through postal mail that describes the general results of the review of your application, including the score that your application received.

If you are approved for funding, you will receive an **additional** notice through postal mail, the Notice of Award (NoA), signed by SAMHSA's Grants Management Officer. The Notice of Award is the sole obligating document that allows you to receive Federal funding for work on the grant project.

If you are not funded, you may re-apply if there is another receipt date for the program.

2. ADMINISTRATIVE AND NATIONAL POLICY REQUIREMENTS

- If your application is funded, you must comply with all terms and conditions of the grant award. SAMHSA's standard terms and conditions are available on the SAMHSA Web site at <http://www.samhsa.gov/grants/management.aspx>.

- If your application is funded, you must also comply with the administrative requirements outlined in 45 CFR Part 74 or 45 CFR Part 92, as appropriate. For more information see the SAMHSA Web site (<http://www.samhsa.gov/grants/management.aspx>).
- Depending on the nature of the specific funding opportunity and/or your proposed project as identified during review, SAMHSA may negotiate additional terms and conditions with you prior to grant award. These may include, for example:
 - actions required to be in compliance with confidentiality and participant protection/human subjects requirements;
 - requirements relating to additional data collection and reporting;
 - requirements relating to participation in a cross-site evaluation;
 - requirements to address problems identified in review of the application; or
 - revised budget and narrative justification.
- If your application is funded, you will be held accountable for the information provided in the application relating to performance targets. SAMHSA program officials will consider your progress in meeting goals and objectives, as well as your failures and strategies for overcoming them, when making an annual recommendation to continue the grant and the amount of any continuation award. Failure to meet stated goals and objectives may result in suspension or termination of the grant award, or in reduction or withholding of continuation awards.
- Grant funds cannot be used to supplant current funding of existing activities. “Supplant” is defined as replacing funding of a recipient’s existing program with funds from a Federal grant.
- In an effort to improve access to funding opportunities for applicants, SAMHSA is participating in the U.S. Department of Health and Human Services “Survey on Ensuring Equal Opportunity for Applicants.” This survey is included in the application kit for SAMHSA grants and is posted on the SAMHSA Web site at <http://www.samhsa.gov/grants/downloads/SurveyEnsuringEqualOpp.pdf>. You are encouraged to complete the survey and return it, using the instructions provided on the survey form.

3. REPORTING REQUIREMENTS

In addition to the data reporting requirements listed in [Section I-2.2](#), you must comply with the following reporting requirements:

3.1 Progress and Financial Reports

- You will be required to submit biannual reports and a final report, as well as annual and final financial status reports.
- Because SAMHSA is extremely interested in ensuring that treatment and prevention services can be sustained, your progress reports should explain plans to ensure the sustainability of efforts initiated under this grant.
- If your application is funded, SAMHSA will provide you with guidelines and requirements for these reports at the time of award and at the initial grantee orientation meeting after award. SAMHSA staff will use the information contained in the reports to determine your progress toward meeting its goals.
- You will be required to comply with the requirements of 2CFR Part 170 -The Transparency Act Subaward and Executive Compensation Reporting Requirements. See <http://www.samhsa.gov/grants/subaward.aspx> for information on implementing this requirement.

3.2 Government Performance and Results Modernization Act of 2010 (GPRA)

The Government Performance and Results Modernization Act of 2010 (GPRA) mandates accountability and performance-based management by Federal agencies. To meet the GPRA requirements, SAMHSA must collect performance data (i.e., “GPRA data”) from grantees. The performance requirements for SAMHSA’s Cooperative Agreements to Benefit Homeless Individuals program are described in [Section I-2.2](#) of this document under “Data Collection and Performance Measurement.”

3.3 Publications

If you are funded under this grant program, you are required to notify the Government Project Officer (GPO) and SAMHSA’s Publications Clearance Officer (240-276-2130) of any materials based on the SAMHSA-funded grant project that are accepted for publication.

In addition, SAMHSA requests that grantees:

- Provide the GPO and SAMHSA Publications Clearance Officer with advance copies of publications.
- Include acknowledgment of the SAMHSA grant program as the source of funding for the project.

- Include a disclaimer stating that the views and opinions contained in the publication do not necessarily reflect those of SAMHSA or the U.S. Department of Health and Human Services, and should not be construed as such.

SAMHSA reserves the right to issue a press release about any publication deemed by SAMHSA to contain information of program or policy significance to the substance abuse treatment/substance abuse prevention/mental health services community.

VII. AGENCY CONTACTS

For questions about program issues contact:

Tison Thomas M.S.W.
Center for Substance Abuse Treatment
Substance Abuse and Mental Health Services Administration
1 Choke Cherry Road
Room 5 -1058
Rockville, MD 20857
(240) 276 2896
tison.thomas@samhsa.hhs.gov

For questions on grants management and budget issues contact:

Love Foster-Horton
Office of Financial Resources, Division of Grants Management
Substance Abuse and Mental Health Services Administration
1 Choke Cherry Road
Room 7-1095
Rockville, Maryland 20857
(240) 276-1653
love.foster-horton@samhsa.hhs.gov

Appendix A – Checklist for Formatting Requirements and Screenout Criteria for SAMHSA Grant Applications

*SAMHSA's goal is to review all applications submitted for grant funding. However, this goal must be balanced against SAMHSA's obligation to ensure equitable treatment of applications. For this reason, SAMHSA has established certain formatting requirements for its applications. **If you do not adhere to these requirements, your application will be screened out and returned to you without review.***

- Use the HHS 5161-1 application package.
- Applications must be received by the application due date and time, as detailed in [Section IV-3](#) of this grant announcement.
- Information provided must be sufficient for review.
- Text must be legible. Pages must be typed in black ink, single-spaced, using a font of Times New Roman 12, with all margins (left, right, top, bottom) at least one inch each. (For Project Narratives submitted electronically, see separate requirements in [Appendix B, "Guidance for Electronic Submission of Applications."](#))
- To ensure equity among applications, page limits for the Project Narrative cannot be exceeded.
- Paper must be white paper and 8.5 inches by 11.0 inches in size.

To facilitate review of your application, follow these additional guidelines. Failure to adhere to the following guidelines will not, in itself, result in your application being screened out and returned without review. However, the information provided in your application must be sufficient for review. Following these guidelines will help ensure your application is complete, and will help reviewers to consider your application.

- If you are submitting a paper application, the application components required for SAMHSA applications should be submitted in the following order:
- Face Page (Standard Form 424 v2, which is in HHS 5161-1)
- Abstract
- Table of Contents
- Budget Form (Standard Form 424A, which is in HHS 5161-1)

- Project Narrative and Supporting Documentation
- Attachments
- Project/Performance Site Location(s) Form
- Disclosure of Lobbying Activities (Standard Form LLL, which is in HHS 5161-1)
- Checklist (a form in HHS 5161-1)
- Applications should comply with the following requirements:
 - Provisions relating to confidentiality and participant protection specified in [Appendix J](#) of this announcement.
 - Budgetary limitations as specified in [Sections I, II](#), and [IV-5](#) of this announcement.
 - Documentation of nonprofit status as required in the HHS 5161-1.
- Black ink should be used throughout your application, including charts and graphs. Pages should be typed single-spaced with one column per page. Pages should not have printing on both sides.
- Pages should be numbered consecutively from beginning to end so that information can be located easily during review of the application. The abstract page should be page 1, the table of contents should be page 2, etc. The four pages of Standard form 424 v2 are not to be numbered. Attachments should be labeled and separated from the Project Narrative and budget section, and the pages should be numbered to continue the sequence.
- The page limits for Attachments stated in [Section IV-2.2](#) of this announcement should not be exceeded.
- Send the original application and two copies to the mailing address in [Section IV-3](#) of this document. Please do not use staples, paper clips, and fasteners. Nothing should be attached, stapled, folded, or pasted. You may use rubber bands. Do not use heavy or lightweight paper or any material that cannot be copied using automatic copying machines. Odd-sized and oversized attachments such as posters will not be copied or sent to reviewers. Do not include videotapes, audiotapes, or CD-ROMs.

Appendix B – Guidance for Electronic Submission of Applications

If you would like to submit your application electronically, you may search <http://www.Grants.gov> for the downloadable application package by the funding announcement number (called the opportunity number) or by the Catalogue of Federal Domestic Assistance (CFDA) number. You can find the CFDA number on the first page of the funding announcement.

You must follow the instructions in the User Guide available at the <http://www.Grants.gov> apply site, on the Help page. In addition to the User Guide, you may wish to use the following sources for technical (IT) help:

- By e-mail: support@Grants.gov
- By phone: 1-800-518-4726 (1-800-518-GRANTS). The Grants.gov Contact Center is available 24 hours a day, 7 days a week, excluding Federal holidays.

If this is the first time you have submitted an application through Grants.gov, you must complete three separate registration processes before you can submit your application. Allow at least two weeks (10 business days) for these registration processes, prior to submitting your application. The processes are: 1) DUNS Number registration; 2) Central Contractor Registry (CCR) registration; and 3) Grants.gov registration (Get username and password.). **REMINDER: CCR registration expires each year and must be updated annually.** Be sure the person submitting your application is properly registered with Grants.gov as the Authorized Organization Representative (AOR) for the specific DUNS number cited on the SF 424 (face page). See the Organization Registration User Guide for details at the following Grants.gov link: http://www.grants.gov/applicants/get_registered.jsp.

Please also allow sufficient time for enter your application into Grants.gov. When you submit your application you will receive a notice that your application is being processed and that you will receive two e-mails from Grants.gov. within the next 24-48 hours. One will confirm receipt of the application in Grants.gov and the other will indicate that the application was either successfully validated by the system (with a tracking number) or rejected due to errors. It will also provide instructions that if you do not receive a receipt confirmation **and** a validation confirmation or a rejection e-mail within 48 hours, you must contact Grants.gov directly. Please note that it is incumbent on the applicant to monitor their application to ensure that it is successfully received and validated by Grants.gov. **If your application is not successfully validated by Grants.gov it will not be forwarded to SAMHSA as the receiving institution.**

It is strongly recommended that you prepare your Project Narrative and other attached documents using Microsoft Office 2003 products (e.g., Microsoft Word

2003, Microsoft Excel, etc.). The new Microsoft Vista operating system and Microsoft Word 2007 products are not currently accepted by Grants.gov. If you do not have access to Microsoft Office 2003 products, you may submit PDF files. Directions for creating PDF files can be found on the Grants.gov Web site. Use of file formats other than Microsoft Office or PDF may result in your file being unreadable by our staff.

The Project Narrative must be a separate document in the electronic submission. Formatting requirements for SAMHSA grant applications are described in [Appendix A](#) of this announcement. These requirements also apply to applications submitted electronically, with the following exceptions only for Project Narratives submitted electronically in Microsoft Word. These requirements help ensure the accurate transmission and equitable treatment of applications.

- Text legibility: Use a font of Times New Roman 12, line spacing of single space, and all margins (left, right, top, bottom) of at least one inch each. Adhering to these standards will help to ensure the accurate transmission of your document.
- Amount of space allowed for Project Narrative: The Project Narrative for an electronic submission may not exceed **15,450** words. If the Project Narrative for an electronic submission exceeds the word limit, the application will be screened out and will not be reviewed. To determine the number of words in your Project Narrative document in Microsoft Word, select file/properties/statistics.

Keep the Project Narrative as a separate document. Please consolidate all other materials in your application to ensure the fewest possible number of attachments. Be sure to label each file according to its contents, e.g., “Attachments 1-3”, “Attachments 4-5.”

With the exception of standard forms in the application package, all pages in your application should be numbered consecutively. **Documents containing scanned images must also contain page numbers to continue the sequence.** Failure to comply with these requirements may affect the successful transmission and consideration of your application.

Applicants are strongly encouraged to submit their applications to Grants.gov early enough to resolve any unanticipated difficulties prior to the deadline. After you electronically submit your application, you will receive an automatic acknowledgement from Grants.gov that contains a Grants.gov tracking number. It is important that you retain this number. **Receipt of the tracking number is the only indication that Grants.gov has successfully received and validated your application. If you do not receive a Grants.gov tracking number, you may want to contact the Grants.gov help desk for assistance.**

Appendix C – Using Evidence Practices (EBPs)

SAMHSA recognizes that EBPs have not been developed for all populations and/or service settings. For example, certain interventions for American Indians/Alaska Natives, rural or isolated communities, or recent immigrant communities may not have been formally evaluated and, therefore, have a limited or nonexistent evidence base. In addition, other interventions that have an established evidence base for certain populations or in certain settings may not have been formally evaluated with other subpopulations or within other settings. Applicants proposing to serve a population with an intervention that has not been formally evaluated with that population are required to provide other forms of evidence that the practice(s) they propose is appropriate for the population(s) of focus. Evidence for these practices may include unpublished studies, preliminary evaluation results, clinical (or other professional association) guidelines, findings from focus groups with community members, etc. You may describe your experience either with the population(s) of focus or in managing similar programs. Information in support of your proposed practice needs to be sufficient to demonstrate the appropriateness of your practice to the individuals reviewing your application.

- Document the evidence that the practice(s) you have chosen is appropriate for the outcomes you want to achieve.
- Explain how the practice you have chosen meets SAMHSA's goals for this grant program.
- Describe any modifications/adaptations you will need to make to your proposed practice(s) to meet the goals of your project and why you believe the changes will improve the outcomes. We expect that you will implement your evidence-based service(s)/practice(s) in a way that is as close as possible to the original service(s)/practice(s). However, SAMHSA understands that you may need to make minor changes to the service(s)/practice(s) to meet the needs of your population(s) of focus or your program, or to allow you to use resources more efficiently. You must describe any changes to the proposed service(s)/practice(s) that you believe are necessary for these purposes. You may describe your own experience either with the population(s) of focus or in managing similar programs. However, you will need to convince the people reviewing your application that the changes you propose are justified.
- Explain why you chose this evidence-based practice over other evidence-based practices.
- If applicable, justify the use of multiple evidence-based practices. Discuss in the logic model and related narrative how use of multiple evidence-based practices will be integrated into the program, while maintaining an appropriate level of

fidelity for each practice. Describe how the effectiveness of each evidence-based practice will be quantified in the performance assessment of the project.

- Discuss training needs or plans for training to successfully implement the proposed evidence-based practice(s).

Resources for Evidence-Based Practices:

You will find information on evidence-based practices in SAMHSA's *Guide to Evidence-Based Practices on the Web* at <http://www.samhsa.gov/ebpwebguide>. SAMHSA has developed this Web site to provide a simple and direct connection to Web sites with information about evidence-based interventions to prevent and/or treat mental and substance use disorders. The *Guide* provides a short description and a link to dozens of Web sites with relevant evidence-based practices information – either specific interventions or comprehensive reviews of research findings.

Please note that SAMHSA's *Guide to Evidence-Based Practices* also references another SAMHSA Web site, the National Registry of Evidence-Based Programs and Practices (NREPP). NREPP is a searchable database of interventions for the prevention and treatment of mental and substance use disorders. NREPP is intended to serve as a decision support tool, not as an authoritative list of effective interventions. *Being included in NREPP, or in any other resource listed in the Guide, does not mean an intervention is "recommended" or that it has been demonstrated to achieve positive results in all circumstances.* You must document that the selected practice is appropriate for the specific population(s) of focus and purposes of your project.

In addition to the Web site noted above, you may provide information on research studies to show that the services/practices you plan to implement are evidence-based. This information is usually published in research journals, including those that focus on minority populations. If this type of information is not available, you may provide information from other sources, such as unpublished studies or documents describing formal consensus among recognized experts.

Appendix D – Statement of Assurance

As the authorized representative of [insert name of applicant organization], I assure SAMHSA that all participating service provider organizations listed in this application meet the two-year experience requirement and applicable licensing, accreditation, and certification requirements. If this application is within the funding range for a grant award, we will provide the SAMHSA Government Project Officer (GPO) with the following documents. I understand that if this documentation is not received by the GPO within the specified timeframe, the application will be removed from consideration for an award and the funds will be provided to another applicant meeting these requirements.

- a letter of commitment from every mental health/substance abuse treatment service provider organization listed in **Attachment 1** of the application that specifies the nature of the participation and the service(s) that will be provided;
- official documentation that all mental health/substance abuse treatment provider organizations participating in the project have been providing relevant services for a minimum of 2 years prior to the date of the application in the area(s) in which services are to be provided. Official documents must definitively establish that the organization has provided relevant services for the last 2 years; and
- official documentation that all mental health/substance abuse treatment provider organizations: 1) comply with all local (city, county) and State requirements for licensing, accreditation, and certification; OR 2) official documentation from the appropriate agency of the applicable State, county, other governmental unit that licensing, accreditation, and certification requirements do not exist.² (Official documentation is a copy of each service provider organization's license, accreditation, and certification. Documentation of accreditation will not be accepted in lieu of an organization's license. A statement by, or letter from, the applicant organization or from a provider organization attesting to compliance with licensing, accreditation and certification or that no licensing, accreditation, certification requirements exist does not constitute adequate documentation.)
- for Tribes and tribal organizations only, official documentation that all participating mental health/substance abuse treatment provider organizations: 1) comply with all applicable tribal requirements for licensing, accreditation, and certification; OR 2) documentation from the Tribe or other tribal governmental unit that licensing, accreditation, and certification requirements do not exist.

² Tribes and tribal organizations are exempt from these requirements.

- official documentation that you are qualified to receive Medicaid reimbursements and have an existing reimbursement system in place for services covered under the state Medicaid plan; **OR** official documentation that you have established links to other behavioral health or primary care organizations with existing reimbursement systems for services covered under the state Medicaid plan.

Signature of Authorized Representative

Date

Appendix E – Intergovernmental Review (E.O. 12373) Requirements

This grant program is covered under Executive Order (EO) 12372, as implemented through Department of Health and Human Services (DHHS) regulation at 45 CFR Part 100. Under this Order, States may design their own processes for reviewing and commenting on proposed Federal assistance under covered programs. Certain jurisdictions have elected to participate in the EO process and have established State Single Points of Contact (SPOCs). A current listing of SPOCs is included in the application kit and can be downloaded from the Office of Management and Budget (OMB) Web site at http://www.whitehouse.gov/omb/grants_spoc.

- Check the list to determine whether your State participates in this program. You do not need to do this if you are an American Indian/Alaska Native Tribe or tribal organization.
- If your State participates, contact your SPOC as early as possible to alert him/her to the prospective application(s) and to receive any necessary instructions on the State's review process.
- For proposed projects serving more than one State, you are advised to contact the SPOC of each affiliated State.
- The SPOC should send any State review process recommendations to the following address within 60 days of the application deadline. For United States Postal Service: Crystal Saunders, Director of Grant Review, Office of Financial Resources, Substance Abuse and Mental Health Services Administration, Room 3-1044, 1 Choke Cherry Road, Rockville, MD 20857. ATTN: SPOC – Funding Announcement No. TI-11-008. Change the zip code to 20850 if you are using another delivery service.

In addition, if you are a community-based, non-governmental service provider and you are not transmitting your application through the State, you must submit a Public Health System Impact Statement (PHSIS)³ to the head(s) of appropriate State and local health agencies in the area(s) to be affected no later than the application deadline. The PHSIS

³ Approved by OMB under control no. 0920-0428; Public reporting burden for the Public Health System Reporting Requirement is estimated to average 10 minutes per response, including the time for copying the face page of SF 424 v2 and the abstract and preparing the letter for mailing. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this project is 0920-0428. Send comments regarding this burden to CDC Clearance Officer, 1600 Clifton Road, MS D-24, Atlanta, GA 30333, ATTN: PRA (0920-0428).

is intended to keep State and local health officials informed of proposed health services grant applications submitted by community-based, non-governmental organizations within their jurisdictions. If you are a State or local government or American Indian/Alaska Native Tribe or tribal organization, you are not subject to these requirements.

The PHSIS consists of the following information:

- a copy of the face page of the application (SF 424 v2); and
- a summary of the project, no longer than one page in length, that provides: 1) a description of the population to be served; 2) a summary of the services to be provided; and 3) a description of the coordination planned with appropriate State or local health agencies.

For SAMHSA grants, the appropriate State agencies are the Single State Agencies (SSAs) for substance abuse and mental health. A listing of the SSAs for substance abuse can be found on SAMHSA's Web site at <http://www.samhsa.gov>. A listing of the SSAs for mental health can be found on SAMHSA's Web site at <http://www.samhsa.gov/grants/SSAdirectory-MH.pdf>. If the proposed project falls within the jurisdiction of more than one State, you should notify all representative SSAs.

If applicable, you must include a copy of a letter transmitting the PHSIS to the SSA in **Attachment 4, "Letter to the SSA."** The letter must notify the State that, if it wishes to comment on the proposal, its comments should be sent no later than 60 days after the application deadline to the following address. **For United States Postal Service:** Crystal Saunders, Director of Grant Review, Office of Financial Resources, Substance Abuse and Mental Health Services Administration, Room 3-1044, 1 Choke Cherry Road, Rockville, MD **20857**. ATTN: SSA – Funding Announcement No. TI-11-008. Change the zip code to **20850** if you are using another delivery service.

In addition:

- Applicants may request that the SSA send them a copy of any State comments.
- The applicant must notify the SSA within 30 days of receipt of an award.

Appendix F – Funding Restrictions

SAMHSA grant funds must be used for purposes supported by the program and may not be used to:

- Pay for any lease beyond the project period.
- Provide services to incarcerated populations (defined as those persons in jail, prison, detention facilities, or in custody where they are not free to move about in the community).
- Pay for the purchase or construction of any building or structure to house any part of the program. (Applicants may request up to \$75,000 for renovations and alterations of existing facilities, if necessary and appropriate to the project.)
- Provide residential or outpatient treatment services when the facility has not yet been acquired, sited, approved, and met all requirements for human habitation and services provision. (Expansion or enhancement of existing residential services is permissible.)
- Pay for housing other than short term residential (90 days or less) mental health and/or substance abuse treatment.
- Pay for short-term residential (90 days or less) treatment beyond the 6.5% (\$32,500 for \$500,000/award) maximum of the total available grant funds.
- Provide inpatient treatment or hospital-based detoxification services. Residential services are not considered to be inpatient or hospital-based services.
- Make direct payments to individuals to induce them to enter prevention or treatment services. However, SAMHSA discretionary grant funds may be used for non-clinical support services (e.g., bus tokens, child care) designed to improve access to and retention in prevention and treatment programs.
- Make direct payments to individuals to encourage attendance and/or attainment of prevention or treatment goals. However, SAMHSA discretionary grant funds may be used for non-cash incentives of up to \$20 to encourage attendance and/or attainment of prevention or treatment goals when the incentives are built into the program design and when the incentives are the minimum amount that is deemed necessary to meet program goals. SAMHSA policy allows an individual participant to receive more than one incentive over the course of the program. However, non-cash incentives should be limited to the minimum number of times deemed necessary to achieve program outcomes. A grantee or treatment or prevention provider may also provide up to \$20 cash or equivalent (coupons, bus

tokens, gifts, child care, and vouchers) to individuals as incentives to participate in required data collection follow up. This amount may be paid for participation in each required interview.

- Food is generally unallowable unless it's an integral part of a conference grant or program specific, e.g., children's program, residential.
- Award funds may not be used to distribute any needle or syringe for the purpose of preventing the spread of blood borne pathogens in any location that has been determined by the local public health or local law enforcement authorities to be inappropriate for such distribution.
- Pay for pharmacologies for HIV antiretroviral therapy, sexually transmitted diseases (STD)/sexually transmitted illnesses (STI), TB, and hepatitis B and C, or for psychotropic drugs.

SAMHSA will not accept a "research" indirect cost rate. The grantee must use the "other sponsored program rate" or the lowest rate available.

Appendix G – Sample Logic Model

A logic model is a tool to show how your proposed project links the purpose, goals, objectives, and tasks stated with the activities and expected outcomes or “change” and can help to plan, implement, and assess your project. The model also links the purpose, goals, objectives, and activities back into planning and evaluation. A logic model is a *picture* of your project. It graphically shows the activities and progression of the project. It should also describe the relationships among the resources you put in (inputs), what you do (outputs), and what happens or results (outcomes). Your logic model should form a logical chain of “if-then” relationships that enables you to demonstrate how you will get to your desired outcomes with your available resources. Because your logic model requires you to be specific about your intended outputs and outcomes, it can be a valuable resource in assessing the performance of your project by providing you with specific outputs (objectives) and outcomes (goals) that can be measured.

The graphic on the following page provides an example of a logic model that links the inputs to program components, the program components to outputs, and the outputs to outcomes (goals).

Your logic model should be based on a review of your Statement of Need, in which you state the conditions that gave rise to the project with your target group. A properly targeted logic model will show a logical pathway from inputs to intended outcomes, in which the included outcomes address the needs identified in the Statement of Need.

Examples of **Inputs** (resources) depicted in the sample logic model include people (e.g., staff hours, volunteer hours), funds and other resources (e.g., facilities, equipment, community services).

Examples of **Program Components** (activities) depicted in the sample logic model include outreach; intake/assessment (e.g., client interview); treatment planning/treatment by type (e.g., methadone maintenance, weekly 12-step meetings, detoxification, counseling sessions, relapse prevention, crisis intervention); special training (e.g., vocational skills, social skills, nutrition, child care, literacy, tutoring, safer sex practices); other services (e.g., placement in employment, prenatal care, child care, aftercare); and program support (e.g., fundraising, long-range planning, administration, public relations).

Examples of **Outputs** (objectives) depicted in the logic model include waiting list length, waiting list change, client attendance, and client participation; number of clients, including those admitted, terminated, inprogram, graduated and placed; number of sessions per month and per client/month; funds raised; number of volunteer hours/month; and other resources required.

The **Inputs**, **Program Components** and **Outputs** all lead to the **Outcomes** (goals). Examples of Outputs depicted in the logic model include inprogram (e.g., client satisfaction, client retention); and in or postprogram (e.g., reduced drug use-self reports, urine, hair; employment/school progress; psychological status; vocational skills; safer sexual practices; nutritional practices; child care practices; and reduced delinquency/crime).

[Note: The logic model presented is not a required format and SAMHSA does not expect strict adherence to this format. It is presented only as a sample of how you can present a logic model in your application.]

Sample Logic Model

Resources (Inputs)	→	Program Components (Activities)	→	Outputs (Objectives)	→	Outcomes (Goals)
Examples		Examples		Examples		Examples
People Staff – hours Volunteer – hours Funds Other resources Facilities Equipment Community services		Outreach Intake/Assessment Client Interview Treatment Planning Treatment by type: Methadone maintenance Weekly 12-step meetings Detoxification Counseling sessions Relapse prevention Crisis intervention Special Training Vocational skills Social skills Nutrition Child care Literacy Tutoring Safer sex practices Other Services Placement in employment Prenatal care Child care Aftercare Program Support Fundraising Long-range planning Administration Public Relations		Waiting list length Waiting list change Client attendance Client participation Number of Clients: Admitted Terminated Inprogram Graduated Placed Number of Sessions: Per month Per client/month Funds raised Number of volunteer hours/month Other resources required		<u>Inprogram:</u> Client satisfaction Client retention <u>In or postprogram:</u> Reduced drug use – self reports, urine, hair Employment/school progress Psychological status Vocational skills Social skills Safer sexual practices Nutritional practices Child care practices Reduced delinquency/crime

Appendix I – Sample Budget and Justification (no match required)

THIS IS AN ILLUSTRATION OF A SAMPLE DETAILED BUDGET AND NARRATIVE JUSTIFICATION WITH GUIDANCE FOR COMPLETING SF 424A: SECTION B FOR THE BUDGET PERIOD

A. Personnel: Provide employee(s) (including names for each identified position) of the applicant/recipient organization, including in-kind costs for those positions whose work is tied to the grant project.

FEDERAL REQUEST

Position	Name	Annual Salary/Rate	Level of Effort	Cost
(1) Project Director	John Doe	\$64,890	10%	\$6,489
(2) Grant Coordinator	To be selected	\$46,276	100%	\$46,276
(3) Clinical Director	Jane Doe	In-kind cost	20%	0
			TOTAL	\$52,765

JUSTIFICATION: Describe the role and responsibilities of each position.

- (1) The Project Director will provide daily oversight of the grant and will be considered key staff.
- (2) The Coordinator will coordinate project services and project activities, including training, communication and information dissemination.
- (3) The Clinical Director will provide necessary medical direction and guidance to staff for 540 clients served under this project.

Key staff positions require prior approval by SAMHSA after review of credentials of resume and job description.

FEDERAL REQUEST (enter in Section B column 1 line 6a of form SF424A) **\$52,765**

B. Fringe Benefits: List all components that make up the fringe benefits rate

FEDERAL REQUEST

Component	Rate	Wage	Cost
FICA	7.65%	\$52,765	\$4,037
Workers Compensation	2.5%	\$52,765	\$1,319
Insurance	10.5%	\$52,765	\$5,540
		TOTAL	\$10,896

JUSTIFICATION: Fringe reflects current rate for agency.

FEDERAL REQUEST (enter in Section B column 1 line 6b of form SF424A) **\$10,896**

C. Travel: Explain need for all travel other than that required by this application. Local travel policies prevail.

FEDERAL REQUEST

Purpose of Travel	Location	Item	Rate	Cost
(1) Grantee Conference	Washington, DC	Airfare	\$200/flight x 2 persons	\$400
		Hotel	\$180/night x 2 persons x 2 nights	\$720
		Per Diem (meals and incidentals)	\$46/day x 2 persons x 2 days	\$184
(2) Local travel		Mileage	3,000 miles@.38/mile	\$1,140
			TOTAL	\$2,444

JUSTIFICATION: Describe the purpose of travel and how costs were determined.

(1) Two staff (Project Director and Evaluator) to attend mandatory grantee meeting in Washington, DC.

(2) Local travel is needed to attend local meetings, project activities, and training events. Local travel rate is based on organization's policies/procedures for privately owned vehicle reimbursement rate. If policy does not have a rate use GSA.

FEDERAL REQUEST (enter in Section B column 1 line 6c of form SF424A) **\$2,444**

D. Equipment: an article of tangible, nonexpendable, personal property having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit (federal definition).

FEDERAL REQUEST – (enter in Section B column 1 line 6d of form SF424A) **\$ 0**

E. Supplies: materials costing less than \$5,000 per unit and often having one-time use

FEDERAL REQUEST

Item(s)	Rate	Cost
General office supplies	\$50/mo. x 12 mo.	\$600
Postage	\$37/mo. x 8 mo.	\$296
Laptop Computer	\$900	\$900
Printer	\$300	\$300
Projector	\$900	\$900
Copies	8000 copies x .10/copy	\$800
	TOTAL	\$3,796

JUSTIFICATION: Describe the need and include an adequate justification of how each cost was estimated.

(1) Office supplies, copies and postage are needed for general operation of the project.

(2) The laptop computer and printer are needed for both project work and presentations for Project Director.

(3) The projector is needed for presentations and workshops. All costs were based on retail values at the time the application was written.

FEDERAL REQUEST – (enter in Section B column 1 line 6e of form SF424A) **\$ 3,796**

F. Contract: A contractual arrangement to carry out a portion of the programmatic effort or for the acquisition of routine goods or services under the grant. Such arrangements may be in the form of consortium agreements or contracts. A consultant is an individual retained to provide professional advice or services for a fee. The applicant/grantee must establish written procurement policies and procedures that are consistently applied. All procurement transactions shall be conducted in a manner to provide to the maximum extent practical, open and free competition.

COSTS FOR CONTRACTS MUST BE BROKEN DOWN IN DETAIL AND A NARRATIVE JUSTIFICATION PROVIDED. IF APPLICABLE, NUMBERS OF CLIENTS SHOULD BE INCLUDED IN THE COSTS.

FEDERAL REQUEST

Name	Service	Rate	Other	Cost
(1) State Department of Human Services	Training	\$250/individual x 3 staff	5 days	\$750
(2) Treatment Services	1040 Clients	\$27/client per year		\$28,080

Name	Service	Rate	Other	Cost
(3) John Smith (Case Manager)	Treatment Client Services	1FTE @ \$27,000 + Fringe Benefits of \$6,750 = \$33,750	*Travel at 3,124 @ .50 per mile = \$1,562 *Training course \$175 *Supplies @ \$47.54 x 12 months or \$570 *Telephone @ \$60 x 12 months = \$720 *Indirect costs = \$9,390 (negotiated with contractor)	\$46,167
(4) Jane Smith	Evaluator	\$40 per hour x 225 hours	12 month period	\$9,000
(5) To Be Announced	Marketing Coordinator	Annual salary of \$30,000 x 10% level of effort		\$3,000
			TOTAL	\$86,997

JUSTIFICATION: Explain the need for each contractual agreement and how it relates to the overall project.

- (1) Certified trainers are necessary to carry out the purpose of the Statewide Consumer Network by providing recovery and wellness training, preparing consumer leaders statewide, and educating the public on mental health recovery.
- (2) Treatment services for clients to be served based on organizational history of expenses.

- (3) Case manager is vital to client services related to the program and outcomes.
- (4) Evaluator is provided by an experienced individual (Ph.D. level) with expertise in substance abuse, research and evaluation, is knowledgeable about the population of focus, and will report GPRA data.
- (5) Marketing Coordinator will develop a plan to include public education and outreach efforts to engage clients of the community about grantee activities, and provision of presentations at public meetings and community events to stakeholders, community civic organizations, churches, agencies, family groups and schools.

***Represents separate/distinct requested funds by cost category**

FEDERAL REQUEST – (enter in Section B column 1 line 6f of form SF424A) **\$86,997**

G. Construction: NOT ALLOWED – Leave Section B columns 1& 2 line 6g on SF424A blank.

H. Other: expenses not covered in any of the previous budget categories

FEDERAL REQUEST

Item	Rate	Cost
(1) Rent*	\$15/sq.ft x 700 sq. feet	\$10,500
(2) Telephone	\$100/mo. x 12 mo.	\$1,200
(3) Client Incentives	\$10/client follow up x 278 clients	\$2,780
(4) Brochures	.89/brochure X 1500 brochures	\$1,335
	TOTAL	\$15,815

JUSTIFICATION: Break down costs into cost/unit (e.g. cost/square foot). Explain the use of each item requested.

(1) Office space is included in the indirect cost rate agreement; however, if other rental costs for service site(s) are necessary for the project, they may be requested as a direct charge. The rent is calculated by square footage or FTE and reflects SAMHSA's fair share of the space.

***If rent is requested (direct or indirect), provide the name of the owner(s) of the space/facility. If anyone related to the project owns the building which is less than an arms length arrangement, provide cost of ownership/use allowance calculations. Additionally, the lease and floor plan (including common areas) is required for all projects allocating rent costs.**

(2) The monthly telephone costs reflect the % of effort for the personnel listed in this application for the SAMHSA project only.

(3) The \$10 incentive is provided to encourage attendance to meet program goals for 278 client follow-ups.

(4) Brochures will be used at various community functions (health fairs and exhibits).

FEDERAL REQUEST – (enter in Section B column 1 line 6h of form SF424A) **\$15,815**

Indirect Cost Rate: Indirect costs can be claimed if your organization has a negotiated indirect cost rate agreement. It is applied only to direct costs to the agency as allowed in the agreement. For information on applying for the indirect rate go to: <http://www.samhsa.gov> then click on Grants – Grants Management – Contact Information – Important Offices at SAMHSA and DHHS - HHS Division of Cost Allocation – Regional Offices.

UNDER THIS SECTION REFLECT OTHER NON-FEDERAL SOURCES OF FUNDING BY DOLLAR AMOUNT AND NAME OF FUNDER e.g., Applicant, State, Local, Other, Program Income, etc.

Provide the total proposed Project Period and Federal funding as follows:

Proposed Project Period

a. Start Date:	09/30/2011	b. End Date:	09/29/2016
----------------	-------------------	--------------	-------------------

BUDGET SUMMARY (should include future years and projected total)

Category	Year 1	Year 2*	Year 3*	Year 4*	Year 5*	Total Project Costs
Personnel	\$52,765	\$54,348	\$55,978	\$57,658	\$59,387	\$280,136
Fringe	\$10,896	\$11,223	\$11,559	\$11,906	\$12,263	\$57,847
Travel	\$2,444	\$2,444	\$2,444	\$2,444	\$2,444	\$12,220
Equipment	0	0	0	0	0	0
Supplies	\$3,796	\$3,796	\$3,796	\$3,796	\$3,796	\$18,980
Contractual	\$86,997	\$86,997	\$86,997	\$86,997	\$86,997	\$434,985
Other	\$15,815	\$13,752	\$11,629	\$9,440	\$7,187	\$57,823
Total Direct Charges	\$172,713	\$172,560	\$172,403	\$172,241	\$172,074	\$861,991
Indirect Charges	\$5,093	\$5,246	\$5,403	\$5,565	\$5,732	\$27,039
Total Project Costs	\$177,806	\$177,806	\$177,806	\$177,806	\$177,806	\$889,030

TOTAL PROJECT COSTS: Sum of Total Direct Costs and Indirect Costs

FEDERAL REQUEST (enter in Section B column 1 line 6k of form SF424A) **\$889,030**

***FOR REQUESTED FUTURE YEARS:**

1. Please justify and explain any changes to the budget that differs from the reflected amounts reported in the 01 Year Budget Summary.
2. If a cost of living adjustment (COLA) is included in future years, provide your organization's personnel policy and procedures that state all employees within the organization will receive a COLA.

Appendix J – Confidentiality and SAMHSA Participant Protection/Human Subjects Guidelines

Confidentiality and Participant Protection:

Because of the confidential nature of the work in which many SAMHSA grantees are involved, it is important to have safeguards protecting individuals from risks associated with their participation in SAMHSA projects. All applicants must address the seven elements below. If some are not applicable or relevant to the proposed project, simply state that they are not applicable and indicate why. In addition to addressing these seven elements, read the section that follows entitled Protection of Human Subjects Regulations to determine if the regulations may apply to your project. If so, you are required to describe the process you will follow for obtaining Institutional Review Board (IRB) approval. While we encourage you to keep your responses brief, there are no page limits for this section and no points will be assigned by the Review Committee. Problems with confidentiality, participant protection, and the protection of human subjects identified during peer review of the application must be resolved prior to funding.

1. Protect Clients and Staff from Potential Risks

Identify and describe any foreseeable physical, medical, psychological, social, and legal risks or potential adverse effects as a result of the project itself or any data collection activity.

Describe the procedures you will follow to minimize or protect participants against potential risks, including risks to confidentiality.

Identify plans to provide guidance and assistance in the event there are adverse effects to participants.

Where appropriate, describe alternative treatments and procedures that may be beneficial to the participants. If you choose not to use these other beneficial treatments, provide the reasons for not using them.

2. Fair Selection of Participants

Describe the population(s) of focus for the proposed project. Include age, gender, and racial/ethnic background and note if the population includes homeless youth, foster children, children of substance abusers, pregnant women, or other targeted groups.

Explain the reasons for including groups of pregnant women, children, people with mental disabilities, people in institutions, prisoners, and individuals who are likely to be particularly vulnerable to HIV/AIDS.

Explain the reasons for including or excluding participants.

Explain how you will recruit and select participants. Identify who will select participants.

3. Absence of Coercion

Explain if participation in the project is voluntary or required. Identify possible reasons why participation is required, for example, court orders requiring people to participate in a program.

If you plan to compensate participants, state how participants will be awarded incentives (e.g., money, gifts, etc.). Provide justification that the use of incentives is appropriate, judicious, and conservative and that incentives do not provide an “undue inducement” which removes the voluntary nature of participation. Incentives should be the minimum amount necessary to meet the programmatic and performance assessment goals of the grant. Applicants should determine the minimum amount that is proven effective by consulting with existing local programs and reviewing the relevant literature. In no case may the value of an incentive paid for with SAMHSA discretionary grant funds exceed \$20.

State how volunteer participants will be told that they may receive services intervention even if they do not participate in or complete the data collection component of the project.

4. Data Collection

Identify from whom you will collect data (e.g., from participants themselves, family members, teachers, others). Describe the data collection procedures and specify the sources for obtaining data (e.g., school records, interviews, psychological assessments, questionnaires, observation, or other sources). Where data are to be collected through observational techniques, questionnaires, interviews, or other direct means, describe the data collection setting.

Identify what type of specimens (e.g., urine, blood) will be used, if any. State if the material will be used just for evaluation or if other use(s) will be made. Also, if needed, describe how the material will be monitored to ensure the safety of participants.

Provide in **Attachment 2**, “Data Collection Instruments/Interview Protocols,” copies of all available data collection instruments and interview protocols that you plan to use.

5. Privacy and Confidentiality

Explain how you will ensure privacy and confidentiality. Include who will collect data and how it will be collected.

Describe:

How you will use data collection instruments.

Where data will be stored.

Who will or will not have access to information.

How the identity of participants will be kept private, for example, through the use of a coding system on data records, limiting access to records, or storing identifiers separately from data.

NOTE: If applicable, grantees must agree to maintain the confidentiality of alcohol and drug abuse client records according to the provisions of **Title 42 of the Code of Federal Regulations, Part II.**

6. Adequate Consent Procedures

List what information will be given to people who participate in the project. Include the type and purpose of their participation. Identify the data that will be collected, how the data will be used and how you will keep the data private.

State:

Whether or not their participation is voluntary.

Their right to leave the project at any time without problems.

Possible risks from participation in the project.

Plans to protect clients from these risks.

Explain how you will get consent for youth, the elderly, people with limited reading skills, and people who do not use English as their first language.

NOTE: If the project poses potential physical, medical, psychological, legal, social or other risks, you **must** obtain written informed consent.

Indicate if you will obtain informed consent from participants or assent from minors along with consent from their parents or legal guardians. Describe how the consent will be documented. For example: Will you read the consent forms? Will you ask prospective participants questions to be sure they understand the forms? Will you give them copies of what they sign?

Include, as appropriate, sample consent forms that provide for: (1) informed consent for participation in service intervention; (2) informed consent for participation in the data collection component of the project; and (3) informed consent for the exchange (releasing or requesting) of confidential information. The sample forms must be included in **Attachment 3, "Sample Consent Forms"**, of your application. If needed, give English translations.

NOTE: Never imply that the participant waives or appears to waive any legal rights, may not end involvement with the project, or releases your project or its agents from liability for negligence.

Describe if separate consents will be obtained for different stages or parts of the project. For example, will they be needed for both participant protection in treatment intervention and for the collection and use of data?

Additionally, if other consents (e.g., consents to release information to others or gather information from others) will be used in your project, provide a description of the consents. Will individuals who do not consent to having individually identifiable data collected for evaluation purposes be allowed to participate in the project?

7. Risk/Benefit Discussion

Discuss why the risks are reasonable compared to expected benefits and importance of the knowledge from the project.

Protection of Human Subjects Regulations

SAMHSA expects that most grantees funded under this announcement will not have to comply with the Protection of Human Subjects Regulations (45 CFR 46), which requires Institutional Review Board (IRB) approval. However, in some instances, the applicant's proposed performance assessment design may meet the regulation's criteria for research involving human subjects. For assistance in determining if your proposed performance assessment meets the criteria in 45 CFR 46, Protection of Human Subjects Regulations, refer to the SAMHSA decision tree on the SAMHSA Web site, under "Applying for a New SAMHSA Grant," <http://www.samhsa.gov/grants/apply.aspx>.

In addition to the elements above, applicants whose projects must comply with the Human Subjects Regulations must fully describe the process for obtaining IRB approval. While IRB approval is not required at the time of grant award, these grantees will be required, as a condition of award, to provide documentation that an Assurance of Compliance is on file with the Office for Human Research Protections (OHRP). IRB approval must be received in these cases prior to enrolling participants in the project. General information about Human Subjects Regulations can be obtained through OHRP at <http://www.hhs.gov/ohrp>, or ohrp@osophs.dhhs.gov, or (240) 453-6900. SAMHSA-specific questions should be directed to the program contact listed in [Section VII](#) of this announcement.
