3. EVALUATION OF OFFERS: Offers will be evaluated using past performance and price as evaluation criteria. The Government will review Attachment 1, Cost Breakdown WorkSheet to determine the reasonableness of the proposed price.

Past Performance: The Government will evaluate the Construction projects or contracts submitted in order to evaluate both past performance and experience. Past performance relates to how well a contractor has performed. Experience pertains to the types of work and volume of work previously or currently being performed by the contractor that are comparable to the types of work envisioned by this requirement in terms of size, scope and complexity. The Government may contact references to verify experience and past performance. In conducting the Past Performance evaluation, the Government reserves the right to use both the information provided in the offeror's Past Performance submittal and information obtained from other sources, such as the Past Performance Information Retrieval System (PPIRS) or similar systems, Defense Contract Management Agency (DCMA) and commercial sources. If the Government is aware of contracts that meet the requirements of this solicitation but have not been included in the 3 contracts submitted, it may evaluate those contracts in addition to those submitted. In the event an Offeror has no relevant past experience, Offeror's may submit past performance information for key personnel proposed. If an Offeror, or the proposed employees for the Offeror, do not have a past performance history relating to this solicitation, the Offeror will not be evaluated favorably or unfavorably on this factor. In order to be considered for award, the Offeror's past performance risk rating must be evaluated as "acceptable" or "unknown" risk.

Past performance will be evaluated as either acceptable, or unacceptable based on the following criteria:

ACCEPTABLE – Based on the Offeror's performance record, the Government has a reasonable expectation that the Offeror will successfully perform the required effort.

UNACCEPTABLE – Based on the Offeror's performance record, the Government has no reasonable expectation that the Offeror will be able to successfully perform the required effort

UNKNOWN – In the case of an Offeror with a record of relevant past performance or whom information on past performance is not available or so sparse that no meaningful pas performance rating can be reasonably assigned, the Offeror may not be evaluated favorably or unfavorably on past performance. Therefore, the Offeror shall be determined to have unknown past performance and shall be considered "acceptable."

4. AWARD. Subject to the provisions contained herein, the Government intends to award a single contract resulting from the solicitation, to the Offeror whose response conforms to the Statement of Work, has acceptable past performance and provides the lowest total price for the actual contract line items awarded considering available funding.
