The Cincinnati District with assist from the Eastern Area has completed this brief summary of the Dayton Ohio AMP into Columbus Ohio study, which was conducted to determine if the Postal Service could increase efficiency by consolidating Dayton Ohio's destinating mail processing operations currently being performed at the Dayton Ohio P&DC into the Columbus Ohio P&DC.

The Dayton Ohio Post Office is a facility with approximately 262,472 square feet of space contained in a building owned by the USPS. The AMP study proposes to process the destinating mail for Dayton Ohio (approximately 1,881,891,799 pieces) at the Columbus Ohio P&DC. The Columbus Ohio P&DC is approximately 77 miles (1 hour 45 minutes) from the Dayton Ohio P&DC.

FINANCIAL JUSTIFICATION SUMMARY

The financial results for this relocation are:

Total Annual Savings: \$7,953,763

Total First Year Savings: \$7,550,044

CUSTOMER & SERVICE IMPACTS

If implemented, the consolidation will involve a shift of approximately 1,881,891,799 mail pieces.

The Proposal calls for no change to the AADC or ADC sortation list.

Collection box times will remain as they currently are posted.

Specific service standard changes associated with this Area Mail Processing consolidation are contingent upon the resolution of both (a) the rulemaking in which current market dominant product service standards in 39 CFR Part 121 are being evaluated, and (b) all remaining AMP consolidation proposals that are part of the same network rationalization initiative. A complete file reflecting any new service standards will be published at <u>www.usps.com</u> once all of the related AMP decisions that provide the foundation for new service standards are made. Priority and Express Mail service standards will be based upon the capability of the network.

RETAIL AND BUSINESS MAIL ENTRY UNIT (BMEU) IMPACTS

Function 4 – Function 7 (Retail / BMEU) are not included in this AMP Study. Workhours for these Functions are associated with the following Finance Numbers (Retail) 38-2093 and (BMEU) 38-2093 and will remain intact.

BMEU in Dayton Ohio will remain at their original location at the Dayton Ohio P&DC. The Retail for Dayton Ohio Post Office would not be affected.

Space

Dayton Ohio – The facility will be used to house some Carrier Units. Any remaining floor space will be examined by Eastern Area FSO to determine the disposition.

CFS and PARS

At this point in time Dayton Ohio sends their PARS and CFS Mail to Columbus Ohio for processing. If approved there would be no change to the PARS and CFS process.

Staffing Impacts:

This Destinating Mail AMP study is being completed in conjunction with an Originating Mail AMP Study to move the Dayton Ohio Processing to Columbus Ohio. Additional staffing will be necessary to complete the work in Columbus.

The additional staffing requested for Columbus Ohio P&DC is: 141 Clerks 88 Mailhandlers

The Additional EAS Employees for Columbus Ohio: 1 MDO 10 SDO 3 SMO

The Postal Service ensures that its standard practices comply with the Worked Adjustment and Retraining Notification (WARN) Act.

As a matter of policy, the Postal Service follows the Worker Adjustment and Retraining Notification Act's ("WARN") notification requirements when the number of employees experiencing an employment loss within the meaning of WARN would trigger WARN's requirements. Some or all of the impacted employees described above may not experience an employment loss within the meaning of WARN due to transfers or reassignments.
