1999 MI-1040ES Michigan Estimated Income Tax for Individuals

This form is issued under the authority of the Income Tax Act of 1967 and the Revenue Act of 1941, as amended. See instructions for filing guidelines.

GENERAL INFORMATION

Who must file estimated tax payments

In general, you must make estimated income tax payments throughout the year if you expect to owe more than \$500 when you file your 1999 MI-1040 return. This is after crediting amounts you pay through withholding and all other credits.

If you owe more than \$500 you may not have to make estimate payments if you expect your 1999 withholding to be at least:

- 90 percent of your total 1999 tax (qualified farmers, fishermen and seafarers use 66 2/3 percent), or
- 105 percent of your total 1998 tax if your 1998 AGI is more than \$150,000 (\$75,000 for married, filing separately).

Total 1998 tax is the amount on your 1998 MI-1040, line 25, less the sum of your tax credits on lines 29 and 30.

Estimated tax payments are *not* needed if two-thirds of your gross income is from farming, fishing or seafaring and you meet the qualifications on the next page.

Estimate filing requirements apply whether or not you are a Michigan resident.

Due dates of payments

You may pay in full with the first estimate voucher, due April 15, 1999. You may also pay in equal installments due on or before April 15, 1999, June 15, 1999, September 15, 1999 and January 18, 2000.

Note: You will *not* receive reminder notices; save this formset for all your 1999 payments.

How to use these forms

If you made estimated payments last year, Treasury will send you personalized forms. Use the personalized forms whether you fill them out yourself or get help from a tax preparer. Your name(s) and Social Security number(s) are preprinted on these MI-1040ES vouchers. Personalized forms shorten the processing time of your payment and reduce the chance of an error in your account. **DO NOT USE OTHER TAXPAYERS' VOUCHERS**

OR PHOTOCOPY THEIR FORMS. If you do, your payments could be applied to the wrong account. [REDACTED]

Where to mail your payment

Make your check payable to "State of Michigan." Send your voucher and check to:

**Michigan Department of Treasury
Lansing, MI 48929**

Write your Social Security number(s) and "1999 MI-1040ES" on the front of the check. Return it with the MI-1040ES form for that installment. Do *not* staple your check to the form.

Late payments or underpayment of estimates

If you fail to make required estimate payments, pay late or underpay, Treasury may charge penalty and interest. Penalty is 25 percent of the tax due for failing to file estimated payments, or 10 percent for failing to pay enough with your estimates. Interest is 1 percent above the prime rate and is computed monthly. The rate is adjusted on July 1 and January 1.

Types of income that make estimated tax payments necessary

The most common sources are:

- salary and wages if your employer does not withhold income tax
- self-employment income
- dividends and interest
- income from property you sold (capital gain)
- rental income
- tips
- retirement income
- unemployment benefits.

You may ask your employer to increase your withholding to cover the taxes on other income in lieu of estimated payments.

When your income changes during the year

If you are already paying estimates, amend your estimate payment on the next installment.

If you are not already paying estimates, use the following chart to see which period the tax is due.

If the change occurs:	Pay on or before:
April 1 through May 31	June 15, 1999
June 1 through Aug. 31	Sept. 15, 1999
Sept. 1 through Dec. 31	Jan. 18, 2000

If you do not want to amend your fourth installment voucher, you may file your 1999 income tax return before January 31, 2000 instead. If you decide to do this, you do not have to file the fourth voucher (due January 18, 2000). If you were not paying estimates but a change occurs between September 1 and December 31 that requires you to file estimates, you may file your 1999 MI-1040 return by January 31, 2000 instead of filing an MI-1040ES.

Estimated tax payments for farmers, fishermen or seafarers

If at least two-thirds of your gross income is from farming, fishing or seafaring, you may:

- 1) file your first 1999 voucher on or before January 18, 2000 and pay the entire amount of the estimated tax due, or
- 2) file your 1999 MI-1040 return on or before March 2, 2000 and pay the entire tax with the return.

If you choose either of these, you do not need to pay estimate payments.

Fiscal year filers

Adjust all dates to correspond with your fiscal year. The first installment payment is due on the 15th day of the fourth month after your fiscal year ends. (Example: If your year ends March 30, your first payment is due July 15.)

WORKSHEET INSTRUCTIONS

You will need your 1998 Michigan and federal income tax returns for reference (even if you have not completed them yet).

Estimate your 1999 income. The Michigan income tax return begins with federal adjusted gross income and allows for additions to and subtractions from adjusted gross income. Refer to form MI-1040, Schedule 1 for allowable additions and subtractions. Enter your estimated income subject to tax on line 1.

To determine your exemption allowance for line 2, see your 1998 MI-1040 return. You may include all the exemptions allowed on your federal return (1040 or 1040A, line 6d), plus any Michigan special exemptions allowed on your Michigan return. Enter the amount of your exemption allowance, not the number of exemptions.

Once you have completed lines 1 and 2, finish the worksheet by following the instructions on each line. If you have questions, refer to the corresponding sections in the tax instruction booklets. If you review the worksheet and still do not know if you must file estimates, or if you are not sure how much to pay, call Taxpayer Assistance toll-free at 1-800-487-7000, weekdays between 8 a.m. and 5 p.m. Deaf, hearing or speech impaired persons should call 517-373-9419 (TDD).
