

Statewide Portable Equipment Registration Program

FORM 3-E - Application for Wood Chipping and Grinding Equipment Registration

(Auto-fill format. Press "Tab" or up/down arrows to enter.)

1. Company Name:	
2. Equipment Listing - Provide the Manufacturer, Model, Serial Number, and Company ID Number of the Unit.	
<p style="text-align: center;">Equipment Type</p> <p><input type="checkbox"/> Tub Grinder</p> <p><input type="checkbox"/> Wood Chipper</p> <p><input type="checkbox"/> Horizontal Grinder</p> <p><input type="checkbox"/> Trommel Screen</p> <p><input type="checkbox"/> Shredder</p> <p><input type="checkbox"/> Other:</p> <p>Is the Unit Self-Propelled or on Tracks? Yes <input type="checkbox"/> No <input type="checkbox"/></p>	<p>Manufacturer:</p> <hr/> <p>Model:</p> <hr/> <p>Serial Number:</p> <hr/> <p>Company Unit ID (optional):</p> <hr/>
3. Maximum Throughput Rating: tons/hr or pounds/hr or yards/hr	
4. Indicate Use of Equipment, Include All Possible Operating Scenarios:	
5. Indicate Types of Materials Processed:	
6. Indicate method of particulate emission control:	
<input type="checkbox"/> Water Sprays <input type="checkbox"/> Onsite Water Truck <input type="checkbox"/> Other:	
7. Home District Designation (required):	
<p><i>Please note: This form is used to register chipping, grinding, and shredding equipment units. If you wish to register the engine that powers the unit, please complete Form 2.</i></p>	

(Form 3-E)

1. *Company Name* - Legal name of entity, business, organization, agency or private individual that operates equipment.
2. *Equipment Listing* - List information regarding major components of equipment. Attach extra pages if needed. For each piece, please provide all of the following:
Equipment Description - Indicate the type of equipment. If "other", please describe.
Manufacturer - for example: Simons, Rexnord, or your company name if built in house.
Model - may be a series of numbers or letters or combinations of numbers and letters, for example, 3612
Serial Number - A unique, unit specific number, usually on the equipment nameplate. The serial number is necessary to ensure that each piece of registered equipment can be uniquely identified and matched to its respective registration certificate number.
Company Unit ID (optional) - For your reference. Enter your company unit or equipment number.
3. *Maximum Throughput Rating* - Indicate the maximum rated throughput in cubic yards per hour, pounds per hour, or tons per hour.
4. *Equipment Use Including all Operating Scenarios* - Explain how equipment is used, such as "chipping of green tree waste" or "grinding wood and vegetation in the manufacture of compost", include multiple uses or operating scenarios.
5. *Types of Materials Processed* - List all types of materials processed.
6. *Type and Efficiency of Any Control Equipment Used* - Indicate emission controls that are used (for example: water sprays).
7. *Home District Designation* - Indicate the one air pollution control or air quality management district in which this unit is most commonly operated. This district will be designated as your home district. It is required that a home district be designated.

Revised 3/2008
