1997 FORM 512: GENERAL FILING INFORMATION

• LIABILITY FOR FILING YOUR RETURN...

Every resident or foreign corporation subject to taxation under Oklahoma statutes shall make a return, whether or not it shall have any net income.

NOTE: Small Business Corporations (Subchapter S) must use form 512-S.

• TIME AND PLACE FOR FILING...

The return must be filed on or before the 15th day of the third month following the close of the taxable year, with the Oklahoma Tax Commission, P.O. Box 26800, Oklahoma City, Oklahoma 73126-0800. A valid extension of time in which to file your Federal return automatically extends the due date of your Oklahoma return if no Oklahoma liability is owed. A copy of the Federal extension must be enclosed with your Oklahoma return. If your Federal return is not extended or an Oklahoma liability is owed, an extension of time to file your Oklahoma return may be granted on Form 504.

Any tax liability must be paid with the extension to avoid penalty and interest charges for late payment.

In the case of complete liquidation or the dissolution of a corporation, the return shall be made on or before the 15th day of the fourth month following the month in which the corporation is completely liquidated (or Federal due date).

• CONSOLIDATED RETURNS...

If a Federal Consolidated return is filed, an Oklahoma consolidated return may be required or permitted under certain circumstances.

An election to file a separate return or consolidated return is made with the timely filing of the return. If an affiliated group of corporations elects to file a consolidated Oklahoma income tax return, such election shall be binding and the affiliated group of corporations shall be required to file a consolidated Oklahoma income tax return for all future tax years unless the Oklahoma Tax Commission releases the affiliated group of corporations from such election.

In filing a Consolidated Income Tax Return for Oklahoma, the Oklahoma taxable income for each corporation is computed separately on its own factors and then combined for one total income upon which the tax is computed.

Enclose a copy of the Federal Consolidated return with a balance sheet, income statement and supporting schedules for each member of the consolidated group. Title 68 O.S. Section 2367.

(Continued on page 2)

- BANKS AND CREDIT UNIONS...

State and National Banks and State Credit Unions are subject to an "In Lieu" tax. See Title 68 O.S. Section 2370 and Title 68 O.S. Section 1201 et seq. (Franchise Tax). When reporting income on Schedule A, line(s) 5 and/or 6b, please furnish a detailed schedule of the interest income by source and amount.

- FISCAL YEAR AND SHORT PERIOD RETURNS...

For all fiscal year and short period returns, the beginning and ending dates of the tax year must be shown on the top portion of the return where indicated. Omission of this information may cause a significant delay in the processing of the return and no interest will accrue on any refund pending.

- INCOME COMPUTATION

Beginning with Federal taxable income, proper adjustments are to be made to arrive at Oklahoma taxable income. Some of the adjustments may be to add interest income from obligations of state and political sub-divisions thereof, and to deduct interest from U.S. obligations. Oil and mining production or royalties and gain or loss from disposition of such property shall be allocated according to their situs. General and administrative expenses, such as interest expense, etc., will ordinarily be allocated on the basis of Oklahoma direct expense to total direct expense.

Schedule A is to be used by all corporations domesticated in Oklahoma deriving all of their income within Oklahoma and by corporations having income within and without Oklahoma not of a unitary character.

Schedule B is to be used by corporations conducting a business of a unitary nature. A unitary business is one whose income is derived from the conduct in more than one state of a single business enterprise all the factors of which are essential to the realization of an ultimate gain derived from the enterprise as a whole, and not from its component parts which are too closely connected and necessary to each other to justify division or separate allocation.

Generally the resulting amount is apportioned to Oklahoma based on the 3-factor formula. The basis of the apportionment is the arithmetical average of three factors consisting of property, payroll and sales. NOTE: FACTORS ARE NOT COMPUTED FROM THE CONSOLIDATED TOTALS. Each factor is a ratio of the total within Oklahoma to the total everywhere. To the income apportioned to Oklahoma there is to be added all income separately allocated to Oklahoma with the result being Oklahoma taxable income. Title 68 O.S. Section 2358.

- AGRICULTURAL COMMODITY PROCESSING FACILITY EXCLUSION

Schedule A, line 26, column B or Schedule B line 6.

Owners of agricultural commodity processing facilities may exclude 15% of their investment costs in a new or expanded agricultural commodity processing facility located within Oklahoma. Agricultural commodity processing facility means building, structures, fixtures and improvements used or operated primarily for the processing or production of agricultural commodities to marketable products. The investment is deemed made when the property is placed in service. Under no circumstances shall this exclusion lower your taxable income below zero. In the event the exclusion does exceed taxable income, any unused portion may be carried over for a period not to exceed six years. A schedule must be enclosed showing the type of investment(s), the cost of the investment, and the date placed in service.

- OKLAHOMA NET OPERATING LOSS DEDUCTION...

NOTICE: THE AMOUNT OF ANY NET OPERATING LOSS CLAIMED ON SCHEDULE A, LINE 29 (a) OR SCHEDULE B, LINE 6 (d) MUST ALSO BE ENTERED ON THE FRONT OF FORM 512 IN THE SPACE PROVIDED AT THE TOP OF THE FORM.

The amount of any Federal net operating loss deduction shall be adjusted as follows:

For carryovers and carrybacks to taxable years beginning after December 31, 1980, the amount of any net operating loss deduction allowed for the taxable year shall be an amount equal to the aggregate of the Oklahoma net operating loss carryovers and carrybacks to such year. Oklahoma net operating losses shall be separately determined by reference to Section 172 of the Internal Revenue Code as modified by the Oklahoma Income Tax Act and shall be allowed without regard to the existence of a Federal net operating loss. Effective for all tax years beginning after December 31, 1995, Net Operating Losses may be carried forward for a period of time not to exceed fifteen (15) years. The Net Operating Loss which is not actually utilized shall not reduce the carryover. Title 68 O.S. Supp.1993 Section 2358 (A) (3).

A carryforward detail schedule must be furnished. **A 1997 Net Operating Loss may not be carried back.**

(Continued on page 3)

• OKLAHOMA ACCRUED TAX...

(Line 8, Schedule B)

Oklahoma accrued tax is computed by dividing line 7 (Oklahoma Net Income before Oklahoma Income Tax) by the number 17.6667.

When filing a consolidated return, the accrual of Oklahoma State Income Tax must be made after the combination of the income and loss from all companies included in the combination. The accrued tax cannot be less than zero.

When credits are allowed, the accrual of Oklahoma tax will not be allowed on the amount of Oklahoma taxable income that is covered by the credit. Tax accrual is allowed on the amount of income for which tax is actually paid. The following example shows how the accrual should be calculated. A schedule, such as the example below, should be enclosed and submitted with Form 512.
